

# V-Class

Overseas model shown throughout.

Mercedes-Benz

## As large as life.

The V-Class is thrilling at first glance – and after many thousands of kilometres, too. For families, business people and leisure adventurers as well as shuttle passengers. Thanks to its powerful exterior and the ergonomic, variable interior design, for example. Also, intelligent assistance and safety systems as well as the MBUX multimedia system fulfil the highest requirements<sup>1</sup>. Just like the V-Class's drive system: its efficient, powerful engines and 9G-TRONIC automatic transmission turn every journey into an experience.

<sup>1</sup> Refer to page 28 for disclaimer.

## From size comes space.

Whether for the small joys of everyday life or simply for leisure, the V-Class is ready. With plenty of space and many good ideas for making variable use of the spacious interior. The separately opening rear window is a case in point. Its space-saving opening system and the load compartment shelf with two collapsible crates make loading and unloading child's play (standard on V 300 d, optional on V 250 d). The multiple and varied seat configurations and options of the V-Class also make it more than versatile enough to keep up with the needs of your children or business passengers.

## Revolutionary infotainment: MBUX<sup>1</sup>.

With MBUX, you will enjoy a multimedia system as standard which leaves virtually nothing to be desired<sup>1</sup>. The MBUX system is operated intuitively, and features intelligent voice control, smartphone integration and navigation system<sup>1</sup>.

<sup>1</sup> Refer to page 28 for disclaimer.

The image shows the interior of a vehicle, likely a van or SUV, with a focus on the rear passenger area. Two rows of leather seats are visible, with the front row in the foreground and the rear row in the background. A table is extended from the front row, and a seatbelt is visible on the front seat. The background shows a view of a landscape with trees and a body of water through the vehicle's windows.

## Feel-good ambience for up to eight people.

One, two or three – decide on the number of seats in both rear rows of seats to suit your needs. Two comfortable individual seats and a 3-passenger bench seat are installed as standard in the rear. The spacious body length even has room for two rear 3-passenger bench seats if wished, turning the V-Class into an eight-seater vehicle. And for those special preferences regarding comfort there is unique luxury seats with massage, climate control and reclining functions, which are optional for the V 300 d.

## An exciting presence.

No matter whether you view it from the front, side or rear, from the very first glance it's clear: the V-Class has an excellent command of the Mercedes-Benz design idiom. Its expressive exterior design results from the interplay of striking lines and large, smooth surfaces. This contemporary Mercedes-Benz design idiom brings out the poise and assurance of the V-Class's look in an impressive way.

## A model of safety.

Being on the road with the V-Class is a true pleasure. However, there are many traffic situations where support can be helpful and welcome. That's why there is a broad range of assistance systems available for the V-Class, which can reduce the burden on the driver and provide support in critical situations – on freeways and country roads as well as in city traffic.

## V 250 d.

A variety of functionally and visually attractive equipment increases the sportiness and exclusivity of the V 250 d. The V 250 d boasts an impressive 140kW of power, 440Nm of torque and the 9G-TRONIC transmission. The V250 d is equipped with 18-inch light alloy wheels in a 5-spoke design and sleek but functional anodised roof rails. The dual electric sliding doors offer more flexibility when getting in and out and the separately opening rear window makes loading the vehicle easier.

The MBUX (Mercedes-Benz User Experience) infotainment system with a 10.25" high resolution touchscreen will make the journey more enjoyable. The V 250 d also comes with a full suite of driving assistance technologies including Active Distance DISTRONIC<sup>7</sup>.

## V 300 d AMG AVANTGARDE.

Boasting 174kW of power and 500Nm of torque, the V300 AMG AVANTGARDE provides the best of luxury and sportiness. Typical AMG elements and high-quality features enhance your vehicle's sporty nature and individuality. The radiator grille in diamond-look, the sporty design of the front apron, the AMG light-alloy wheels, the side skirt trims and the AMG spoiler lip all add class to the exterior. The AMG line is further accentuated by black trim elements on the front grille, bumper, side mirror casing, side belt line and roof rails.

## Power sliding door right.

The electrical operation allows the right-hand sliding door to be opened and closed at the touch of a button, without the driver having to get out or the passengers having to touch the sliding door. This means a significant increase in comfort, especially when the sliding door is used frequently. The electrically driven closing mechanism operates quietly and with minimum vibration. The door is opened and closed either from the cockpit by means of a switch on the centre console or by means of a switch on the B-pillar. The sliding door can also be operated via radio remote control.

## Panoramic sliding sunroof.

Optionally available, the high-quality panoramic sliding sunroof with its large glass areas allows a great deal of light into the interior, giving it a bright, welcoming feel-good atmosphere. The sliding roof in the front section can be opened electrically for additional ventilation. A two-piece electric roller blind provides convenient sun protection. The panoramic sliding sunroof measures 1900 mm x 1120 mm and has a glass surface area of more than 2 m<sup>2</sup>.

## Ambient lighting, cockpit.

Standard on the V 300 d model, the ambient lighting in the cockpit welcomes the driver and front passenger with pleasant, indirect light. Depending on the desired lighting mood, the three colour shades “neutral”, “solar” and “polar” create a stylish feel-good atmosphere. The brightness can also be adjusted in five levels.

## Mercedes-Benz User Experience MBUX<sup>1</sup>.

With MBUX (Mercedes-Benz User Experience) you receive a multimedia system as standard which leaves virtually nothing to be desired<sup>1</sup>. The 10.25" touch screen as pictured is standard on the V 250 and V 300 models.

<sup>1</sup> Refer to page 28 for disclaimer.

## Luxury seat.

Relax, recover, feel good: the luxury seat indulges the rear passenger with exceptional comfort. Thanks to individually adjustable massage, seat climatisation and reclining functions, hardly any comfort wishes remain unfulfilled. This feature is only available optionally with the V 300 d.

## Nappa leather in silk beige.

Seat upholstery in particularly supple silk beige nappa leather meets the highest expectations with regard to look and feel. Optional on the V 300 d, the high-quality effect is enhanced by, among other things, the beige topstitching. The upholstery also indulges the occupants with a high level of seating comfort and a pleasant, soft feel. Nappa leather is a high-grade smooth leather that shows its natural grain.

## Electrically adjustable front seats.

Thanks to the power seat adjustment, the individual setup of the comfort front seats can be adjusted at the touch of a button – and thanks to the memory function also very easily restored. This practical function stores the settings of the comfort seats and the height of the comfort headrest for up to 3 people.

## Table package.

The Table package contains many functional extras to make your stay in the vehicle rear more pleasant. Passengers can use the folding, movable table for eating a snack, working or playing a game. Cup holders located in the side walls hold drinks securely in place. The additional practical stowage options in the nets on the backrests of the driver and front passenger seats and on the backrests of the individual seats in the rear make the interior even more functional. And mobile devices can be connected up and charged through the 12 V socket.

## LED Intelligent Light System.

The right lighting for practically any driving situation: the adaptive LED headlamps are automatically swivelled vertically and horizontally depending on the driving situation, and have variable light output. This means that they can improve your visibility. The system includes Highbeam Assist and the active cornering light function. This feature is standard on the V 300 d and optional on the V 250 d.

## Parking Package with reversing camera.

No matter whether the parking space is parallel or at right angles to the road, whether you are driving forwards or reversing: the Parking Package with reversing camera will assist you when driving into or out of a parking space and facilitates manoeuvring in tight spaces. This can save time and nerves as well as help to avoid unnecessary damage while parking.

## 360° camera.

The 360-degree camera significantly improves visibility when parking and manoeuvring. Using 4 close-range cameras, it shows images of the vehicle's immediate surroundings in the media display. Different views are available: the area in front of, to the side of and behind the vehicle, as well as a zoom function that makes hitching up trailers easier. What's more, the entire vehicle can be shown in the display in a virtual bird's-eye view.

## EASY-PACK tailgate.

The EASY-PACK tailgate can be opened and closed electrically at the touch of a button and this makes it easy to load and unload the load compartment. It is activated simply and practically via the button on the vehicle key or release handle on the tailgate.

Dimensions. <sup>(6)</sup>

V 250 d MWB

V 300 d MWB

All figures in mm. The measurements shown are average values. They apply to vehicles with basic equipment and in an unloaded condition. The dimensions shown are mean values. They apply to vehicles in the standard specification and unladen. <sup>1</sup>Vehicle height in conjunction with optional roof railing, additional 48 mm. <sup>2</sup> Internal height. <sup>3</sup> Unloaded. <sup>4</sup> Maximum width of passenger compartment (measured on floor). <sup>5</sup> Clear measurement between the wheel arches. <sup>6</sup> Dimension measured on the vehicle floor.

Technical data.

	V250 d MWB	V300 d MWB
Displacement (cm³)	1,950	1,950
Power / Torque	140kW / 440Nm	174kW / 500Nm
Fuel Consumption [L/100km]		
Urban Conditions <sup>^</sup>	8.3	8.3
Extra Urban Conditions <sup>^</sup>	6.8	6.8
Combined <sup>^</sup>	7.4	7.4
CO2 Emissions [g/km]		
Urban Conditions	218	218
Extra Urban Conditions	177	177
Combined	192	192

<sup>^</sup> The declared fuel consumption figures are indicative only and are determined by testing under standardised laboratory conditions in accordance with ADR 81/02. The fuel consumption figures stated are for the purposes of comparison amongst vehicles tested under the same technical procedures only. Real world energy consumption figures may vary and are influenced by many factors such as, individual driving style, load, traffic, ambient temperature and vehicle condition.

Paint colours.

# Mercedes-Benz quality - in every area.

## Servicing and repairs.

The Mercedes-Benz V-Class service intervals are up to max. 25,000km/1 year, whichever comes first.

Further, to help reduce harmful nitrogen oxides in emissions, AdBlue technology is used in the V-Class diesel engine. When this is running low, a complimentary top up is offered at your closest authorised Mercedes-Benz Vans retailer.<sup>‡</sup>

All Mercedes-Benz authorised workshops are staffed and equipped for excellence and will assist in keeping your V-Class operating as intended.

Our Mercedes-Benz technicians complete training every year to ensure they are up-to-date with current technology. Mercedes-Benz Genuine Parts undergo rigorous material and functional testing and are engineered to fit your vehicle perfectly and remain available for 15 years after the end of series production. All Mercedes-Benz Genuine Parts have a 2 year parts warranty.\*

<sup>‡</sup> Complimentary AdBlue refills are available for Vito, Valente, V-Class and Sprinter (907 and 910) only between services at authorised Mercedes-Benz Vans retailers during the manufacturer's warranty period, or whilst under a Mercedes-Benz ServiceCare Pre-Paid Plan.

\* Terms, conditions and exclusions apply.

## Your V-Class is covered.

**Warranty.**  
Our comprehensive Mercedes-Benz Vans Warranty means peace of mind for 5 years from the date of first registration of the Vehicle or 250,000km (whichever occurs first).\*

You're covered for parts and labour charges incurred whilst rectifying a manufacturing defect relating to materials or workmanship.

**Roadside Assist.**  
In the unlikely event of needing assistance, all you have to do is call. Mercedes-Benz Vans Road Care is designed to provide you with assistance in case of a breakdown anywhere in Australia – 24 hours a day, 365 days a year. Standard cover comes at no extra cost on your V-Class during the manufacturer's warranty period and is designed to provide real peace of mind motoring.^

For further information please see the Vans RoadCare brochure for terms and conditions or visit [www.mercedes-benz.com.au/vans](http://www.mercedes-benz.com.au/vans)

\* Warranty is applicable to new Mercedes-Benz V-Class vehicles. Warranty start time may differ for demonstrator vehicles. 12V battery warranty is 3 years/250,000km whichever occurs first. Excludes customers with specific warranty arrangements with Mercedes-Benz. For full terms, conditions and exclusions please refer to the warranty statement here <https://www.mercedes-benz.com.au/vans/en/ownership/service-and-maintenance/warranty>.

^ Road Care is offered by Mercedes-Benz Australia/Pacific Pty Ltd ABN 23 004 411 410 but provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance. Terms, condition and exclusions apply. For further information visit your authorised retailer.

## Vans ServiceCare.

**ServiceCare.**  
Mercedes-Benz ServiceCare makes your vehicle maintenance simple and flexible by providing competitive capped price servicing and repair choices to suit your specific van or ute requirements.#

With ServiceCare your vehicle maintenance costs are transparent and will assist your expenditure planning whether you own one van or operate a large fleet.

Better still, with ServiceCare you can rest assured that your vehicle is serviced and repaired according to factory schedules, with Mercedes-Benz trained technicians and Genuine Parts.

**Capped Price Brakes.**  
Rest assured knowing that you can now receive a capped price Mercedes-Benz Genuine brake pad and disc replacement at participating Retailers. All Mercedes-Benz Genuine Parts come with a 2 year unlimited kilometre parts warranty. Find your local Mercedes-Benz retailer here to find out more:\*\*

# Available on selected vehicles at participating retailers. Capped Price Servicing entitles you to receive scheduled servicing which falls due in accordance with the relevant maintenance booklet within the term of your new vehicle warranty up to a maximum of 5 services at a price which is equal to or less than the Manufacturer's Recommended List Price (MRLP). Ultimate price charged for each scheduled service will be at the discretion of the relevant retailer. Terms, conditions and exclusions apply.

\*\* Available on selected vehicles for the life of the vehicle and includes basic specification brakes for the relevant model at a price which is equal to or less than the Manufacturer's Recommended List Price. Participating retailer only. Ultimate price charged for each brake will be at the discretion of the relevant retailer. Terms, conditions and exclusions apply.

# Book your service anytime, anywhere.

Mercedes-Benz Vans Online Service Booking.

Online service booking is a quick and simple way to book your next service appointment. Within the booking platform you can choose your preferred date and time, and have the opportunity to request a service loan car if available.

# Experience a new level of connectivity with the Mercedes me Adapter\*

With the complimentary Mercedes me Adapter and smartphone app, you can connect your Van or Ute to you and everything that is important to you. Enjoy a world of innovative services designed to make your life and mobility easier.

A world of connectivity awaits. Speak to us today to find out more.

\* Terms, conditions and exclusions apply.

## Appendix

<sup>1</sup> Various safety systems and features included in Mercedes-Benz vehicles are driver assistance aids only and the driver at all times remains solely responsible for maintaining proper control of the vehicle, ensuring safety and monitoring the driving environment and complying with all applicable road rules.

<sup>2</sup> **Warranty:** Warranty is applicable to new Mercedes-Benz Sprinter vehicles for 5 years from the date of first registration or until the vehicle has travelled 250,000 kilometers, (whichever occurs first). Warranty start time may differ for demonstrator vehicles. 12V battery warranty is 3 years/250,000km whichever occurs first. Excludes customers with specific warranty arrangements with Mercedes-Benz. For full terms, conditions and exclusions please refer to the warranty statement here [www.mercedes-benz.com.au/vans/en/ownership/service-and-maintenance/warranty](http://www.mercedes-benz.com.au/vans/en/ownership/service-and-maintenance/warranty).

**Roadside Assist:** Mercedes-Benz Road Care is available for the duration of any Mercedes-Benz New Vehicle Warranty Period whilst the warranty remains valid against your vehicle. Terms, condition and exclusions apply. For further information visit your authorised retailer.

<sup>3</sup> All figures and values shown are indicative and are intended as a guide only. Unless otherwise stated, figures and values are calculated on basic specification vehicles in unladen conditions. Actual figures and values may vary and are influenced by many additional factors such as optional equipment. Weight tolerance of +/- 5% in production. Customers should make additional enquiries based on the specifics of their vehicle to obtain accurate figures and values.

<sup>4</sup> Phone and internet compatibility, connectivity and capabilities differ between devices, markets and vehicles. Check the compatibility of your device and vehicle in Australia at [www.mercedes-benz-mobile.com](http://www.mercedes-benz-mobile.com). Data plan required for internet connection.

<sup>5</sup> Unless stated otherwise, all applications, multimedia, connectivity and software solutions (Applications and Data Content) contained within or associated with the vehicle are licenced to users subject to terms and conditions. In some cases, the Applications and Data Content may be provided by third parties, not Mercedes-Benz Australia/Pacific Pty Ltd (MBAuP) and may be subject to third party terms and conditions. Whilst MBAuP shall use its reasonable endeavours to provide an uninterrupted experience, we cannot guarantee ongoing or uninterrupted supply noting that such services may subject to interruption, change, discontinuance or limitations. Please refer to the relevant terms and conditions for more information including device compatibility, connectivity and capability requirements.

<sup>6</sup> All figures in millimetres. They are indicative figures only based on basic specification vehicles and in unladen condition. Actual figures and values may vary and are influenced by many additional factors such as optional equipment. Customers should make additional enquiries based on the specifics of their vehicle to obtain accurate figures.

<sup>7</sup> Mercedes-Benz Van products manufactured from 1 November 2021 onwards may be missing some or all of the following driver assistance and safety systems/features: Active Brake Assist, Active Distance Assist DISTRONIC and Blind Spot Assist which includes Rear Cross Traffic Alert. Driver assistance and safety systems/features included in Mercedes-Benz vehicles are driver assistance aids only and the driver at all times remains solely responsible for maintaining proper control of the vehicle, ensuring safety and monitoring the driving environment and complying with all applicable laws including but not limited to road rules (eg: adjusting the speed of the vehicle in accordance with the designated speed limits).

**IMPORTANT!** This brochure has been compiled by Mercedes-Benz Vans Australia Pacific Pty Ltd to provide a general indication of the models available in Australia. Some of the features, optional extras and/or colours shown may not be available in Australia or may only be available in a different specification. Additionally, some models, features, optional extras and/or colours may only be available in combination with others. Some equipment depicted either on vehicle illustrations or separately may be non standard or options and may, where applicable, be available at an additional cost. For current information on the availability, design features and prices of all models, features, optional extras and/or colours available in Australia, you should contact your authorised Mercedes-Benz Vans Dealer at [www.mercedes-benz.com.au/dealers](http://www.mercedes-benz.com.au/dealers) or go to [www.mercedes-benz.com.au/vans](http://www.mercedes-benz.com.au/vans)

All of the information contained in this brochure was correct as at February 2022. However, the manufacturer reserves the right to discontinue, make changes to design and specifications to vehicles or optional equipment without notice.
