EQS

Sustainability

Sustainable production.

The roof of Factory 56, EQS's production facility, is equipped with 12,000 photovoltaic modules. These have a maximum output of around 5,000 kWp and can thus cover around 30% of the factory's energy needs on an annual average. All in all, the energy requirement of Factory 56 is 25% lower than that of other assembly buildings. The bottom line is that Factory 56 will be a zero-carbon factory – completely CO₂-neutral.

Sustainable materials.

To ensure the responsible mining of cobalt, lithium and other battery raw materials, Mercedes-Benz has already made the IRMA Standard for Responsible Mining a contractual component for all future vehicle projects.

Sustainable mobility.

Locally emission-free driving pleasure, virtually silent with full access to inner city zones. All our EQ vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

Mercedes me Charge - Green charging

An aerial photograph of a vast green landscape, likely a rural area in Germany. A long, straight road runs diagonally across the frame, flanked by rows of white wind turbines. The turbines are spaced out along the road, extending into the distance. The fields are a vibrant green, and the sky is a clear, pale blue. In the far distance, a small car is visible on the road, emphasizing the scale of the wind farm.

To promote the use of electricity from renewable energies, Mercedes-Benz uses guarantees of origin to 'green' the charging process.

This ensures that an equivalent amount of electricity from renewable resources is fed into the grid to compensate for the charging of your EQS.

All new EQSs have three years of Mercedes me Charge as standard and the Green Charging guarantee is included with this.

EQS

Technology

Mercedes me connect

Stay connected any time, anywhere.

Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Retailer or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

Mercedes-EQ specific services

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The Mercedes-EQ specific navigation considers electrical range, topography and charging stations.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Images shown are for illustration purposes only

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or gesture (where fitted) input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand which individual seat the request has come from, and will therefore only respond to their specific request (e.g. adjusting the temperature for just the left rear occupant)

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touch controls on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the new EQS into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

MBUX multimedia system

¹LINGUATRONIC off-board functions are currently only available for three years

EQS

Safety

DIGITAL LIGHT

High-definition headlamps with innovative features

The new innovative DIGITAL LIGHT headlamps works like a projector with more than one million pixels per headlamp and responds with brilliant light to changing traffic, road or weather conditions. Its ULTRA RANGE Highbeam with 650 m makes you feel like driving at daylight.

Standard on all model lines, except AMG Line

Driving Assistance package Plus Cares for what matters.

The new EQS comes with standard ground-breaking innovations in safety, comfort and driving functions, to help you stay safe on the road.

Driving Assistance package (code P20) – designed and priced as a package
Standard on AMG Line

Blind Spot Assist
Active Distance Assist DISTRONIC now responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)
Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication

Driving Assistance package Plus (code P79) – designed and priced as a package
Standard on all model lines, except AMG Line

Active Blind Spot Assist expanded with blind spot monitoring towards the front and side. Additional hazard indication of the blind spot warning system as well as exit warning function
Active Brake Assist with cross-traffic function now with turning manoeuvre function (responding to (among other things) crossing pedestrians when making a turn). Operating range on urban routes expanded to 74 mph (previously 44 mph)
Active Distance Assist DISTRONIC now responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)
Active Emergency Stop Assist: now able to assist in manual mode (previously only in DISTRONIC mode). Optional lane change by one lane (at 49 mph where no obstacles detected)
Active Evasive Steering Assist: now responds to cyclists and ends of tailbacks in addition to pedestrians. Operating range on urban routes expanded to 67 mph (previously 44 mph)
Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication
Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC
Congestion emergency braking function
Emergency corridor function
Exit warning function when hand moves towards the door handles

Extended automatic restart on motorways
Hazard display via ambient lighting
Increased availability and cornering performance on carriageways with Active Steering Assist , more stern warnings to put hands on the steering wheel with new capacitive steering wheel
PRE-SAFE® PLUS and Impulse Side with body-raising function: when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill
Route-based speed adjustment with end of traffic jam function and Active Stop-and-Go Assist adaption of speed before curves, roundabouts and junctions with end of traffic jam function

EQS

Mercedes-EQ

Benefits of driving Mercedes-EQ

MERCEDES-EQ

The EQS is the first all-electric luxury saloon from Mercedes-EQ. With it, Mercedes-EQ is redefining this vehicle segment. The EQS is also the first model to be based on the modular architecture for luxury and executive-class electric vehicles.

Lower running costs

Did you know that electric cars could cost up to a third less than a diesel or petrol car to run, as well as being cheaper to maintain? We've partnered with Go Ultra Low, a joint Government and car industry campaign, to give you unbiased advice on making the switch to an electric car. Use Go Ultra Low's cost saving calculator to see how much you can save.

[➤ Discover more](#)

No road fund licence

Mercedes-EQ vehicles have no local emissions – this means you pay no road tax.

Cleaner vehicle discount

Mercedes-EQ battery electric vehicles are congestion charge and ultra low emission zone charge exempt in London and other cities.

Business benefits

With 100% first-year capital allowances¹ and 1% BIK tax, electric cars offer significant benefits to businesses and employees.

Performance

Instant torque provides a whole new dimension to driving performance.

Refinement

Acoustically optimised glass and a near-silent powertrain means that driving Mercedes-EQ provides a sensory experience of luxurious refinement.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

[➤ Click here for more information](#)

¹100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

Vehement power immediately from standstill: An electric motor at the rear axle converts electrical into mechanical energy, and delivers impressive forward thrust. The intelligent operating strategy of the powertrain components supplies the power always wherever it is needed at the moment – efficiently and nearly silently.

EQS 450+
Battery electric vehicle, 333 hp/245 kW
Electric range 407–453 miles – WLTP

OTR from £99,995¹

Standard equipment
AIRMATIC air suspension
Charging system – AC charging system rated at 11 kW AC
Charging system – DC charging system rated at 110 kW DC
Charging socket
Charging cable for wallbox and public charging stations, Type 2 (Mode 3) – 5 m
Charging cable for domestic plug socket, Type G (Mode 2) – 5 m
Pre-entry climate control
Radar-based recuperation

Technical details	
Electric range ²	407–453 miles
Charging time	
Public Rapid charger (200 kW DC) 10–80% ³	31 mins
Wallbox (11 kW AC) 10–100% ⁴	10 hrs
Home wallbox (7.4 kW AC) 10–100% ³	15 hrs 30 mins
Range power consumption, combined ^{2,3}	193–170 Wh/km
Battery type (capacity)	lithium-ion (107.8 kWh)
Capacity on-board charger	11 kW AC; 200 kW DC

Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£715.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 110 kW. ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁵If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord)

Mercedes me Charge

One registration, one contract, one billing.

Mercedes *me*

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centers, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse membership which reduces the electricity price when charging.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

Charging with IONITY

IONITY unlimited – free rapid charging for one year at all IONITY stations.

Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

No fees

Mercedes me Charge is standard for three years with EQS.

bp pulse home charger

Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a bp pulse home charger. Simply charge your EQS overnight – the 7 kW bp pulse home charger delivers a full charge in 15 hours and 30 minutes.¹

bp pulse home charger 7 kW: £525* incl. VAT & installation

Key benefits of the 7 kW bp pulse home charger:

Robust and weatherproof, for indoor or outdoor use, and comes with a three year warranty

The cost for a fully-installed charge point at your home includes the £350 OZEV (EVHS) grant²

As a Mercedes-Benz driver, when you install a bp pulse home charger you will automatically receive three months FREE membership to bp pulse, the UK's largest public charging network with over 7,000 charge points

¹At least 80% of the seat upholstery is pure leather, while up to 20% may consist of man-made leather ²Leather packages include leather seats, contrast stitching on dashboard and on door panel beltlines Please note that, owing to limitations of on-screen representation, paint colours may differ from those shown

Become the AMG expert

Unleash a new level of performance.

Step into the world of performance and experience the AMG brand at Mercedes-Benz World – from the powerful sound of the engines to the smell of the leather to the unmistakable design of our vehicles.

Mercedes-Benz World invites all Mercedes-AMG customers to a complimentary adrenaline-packed driving experience. Feel the sensational AMG driving performance, develop your driving skills and even try your hand at power-sliding on the Wet Skid Circle. With expert one-to-one guidance from a Driving Specialist in the passenger seat, experience every inch of our Handling Circuits, Dynamic Straight and low friction surfaces.

› [Click here for more information](#)

TERMS AND CONDITIONS

The following customers only are eligible: The first purchaser/registered keeper of a newly registered Mercedes-AMG. The complimentary Training must be booked and taken within 12 months of delivery of your Mercedes-AMG; the Training is offered on specific days only and subject to availability. Upgrades are available for an additional cost, details upon request. Transferable to individuals who reside at the same postal address only. Mercedes-Benz Cars UK Limited reserves the right to amend or withdraw this Training experience. Attendees must hold a full UK driving licence. Attendees will be required to sign the Mercedes-Benz World Driving Risk Acknowledgement prior to undertaking the Training experience. The Training experience is also subject to the Mercedes-Benz World Terms and Conditions, as applicable. Invitation is emailed to the customer post-delivery, permission via the customer contact preferences must be given to enable Mercedes-Benz World to contact. Retailer demonstrator vehicles are not eligible.

Mercedes-AMG prices

Model line	Powertrain	CO ₂ WLTP ^{1,*}	Basic RRP excl. VAT (£)	Total RRP incl. VAT (£)	Road Fund Licence (£) ² WLTP	Rec. OTR price (£) ³ WLTP	P11D value (£)	BiK tax rate 2021/22 (%) ²
Mercedes-AMG EQS 53 4MATIC+ Night Edition	Battery electric vehicle, 658 hp/490 kW Electric range 336–358 miles – WLTP ¹	0	128,500.00	154,200.00	0.00	154,995.00	154,940.00	1
Mercedes-AMG EQS 53 4MATIC+ Touring	Battery electric vehicle, 658 hp/490 kW Electric range 336–358 miles – WLTP ¹	0	128,500.00	154,200.00	0.00	154,995.00	154,940.00	1

¹The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 70 for the relevant rate for the second and subsequent years ³The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£715.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

Rear Luxury Lounge package

Optimum seating comfort in the rear: control your ideal seating position and enjoy a range of massage programmes achieved with the multi-contour seats – all of which is controlled by the MBUX tablet in the rear armrest. Transform the rear passenger compartment into a connected lounge that includes electrically adjustable backrests and seat climate control.

Rear Luxury Lounge package (code PAT & P43) – designed and priced as a package.
Available for Exclusive Luxury only **Total incl. VAT £3,995.00**

Consisting of:	
Adaptive interior lighting	Electrically adjustable rear seats
Additional USB ports	Massage rear seats including neck warmer and luxury head restraints
Climate control for rear seats	MBUX Interior Assistant
COMAND centre rear (tablet)	
Comfort rear armrest with wireless charging ¹	

¹Compatible mobile phone required

Rear Luxury Lounge package

Optimum seating comfort in the rear: control your ideal seating position and enjoy a range of massage programmes achieved with the multi-contour seats – all of which is controlled by the MBUX tablet in the rear armrest. Transform the rear passenger compartment into a connected lounge that includes electrically adjustable backrests and seat climate control.

Rear Luxury Lounge package (code DRL) – designed and priced as a package.
Mercedes-AMG EQS 53 4MATIC+ Touring **Total incl. VAT £2,995.00**

Consisting of:

- Comfort rear armrest with wireless charging or mobile devices in the rear¹
- Electrically adjustable rear seats including sidebags in the rear
- Exclusive Nappa leather comfort seats in black/space grey
- Luxury head restraints in front and rear

- MBUX rear tablet
- Multicontour seats in the rear
- Neck and shoulder heating in the rear
- Seat climate control for rear seats
- Seat heating Plus in the rear

¹Compatible mobile phone required

Hyperscreen package (deliveries from Q2 2022)

Enhance your interior with an impressive design feature. As if cast from a single mould, 3 displays seamlessly blend together beneath a glass panel to create one large MBUX hyperscreen. Brilliant OLED technology enhances your display comfort, while the haptic feedback helps to simplify input on the touchscreen.

Hyperscreen package (PAG & 445) – designed and priced as a package.
Available on all model lines, except AMG Line Total incl. VAT £7,995.00

Consisting of:

17.7-inch central display and a 12.3-inch passenger display

Augmented navigation head-up display – this head-up display projects visual information into your field of vision without distracting you. For example, large direction arrows float above a junction where you need to make a turn. You immediately know what needs to be done

Fingerprint scanner

OLED high-end screens are right next to each other, with minimal space in between to give the impression that this is one large screen

AMG Performance package

Exclusively designed for the Mercedes-AMG EQS 53 4MATIC+ Night Edition, the AMG Performance package is an attractive optional extra for the power-hungry sports driver looking for the ultimate AMG experience.

AMG Performance package (code DPP) – designed and priced as a package.
Only available on Mercedes-AMG EQS 53 4MATIC+ Night Edition
Total incl. VAT £8,995.00

Consisting of:

- AMG carbon-fibre trim
- AMG Driver's package for a maximum top speed increased to 155mph
- AMG DYNAMIC PLUS PackageBoost for RACE START by briefly increasing maximum power and torque
- AMG high performance ceramic composite braking system
- AMG sound experience performance, in three versions 'Balanced', 'Sport' and 'Powerful'
- AMG TRACK PACE
- Drive sounds
- Yellow calipers

Initial activation of the services is possible within 1 year of first registration or commissioning by the customer, whichever occurs first

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQS.

Velour floor mats CLASSIC, set, 4-piece

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. Available in three colours, black, space grey and macchiato beige, these mats are precision-tailored to your Mercedes-Benz. They can be clip-fastened to the floor of the vehicle to prevent slipping. Elegant, high-quality tufted velour mats with embroidered Mercedes-Benz label.

black: A29768003089J74

space grey: A29768003081D57

macchiato beige: A29768003088U20

Bluetooth® headphones

Bluetooth® headphones with optimum fit and high wear comfort for perfect listening pleasure even over extended periods. Thanks to the 3D sound effect, the headphones offer a spacious sound and the Hybrid Active Noise Cancelling ensures optimum sound reproduction without disruptive ambient noise. Should exterior noise ever need to be heard by the wearer, however, this is possible thanks to transparency mode. The headset function allows the wearer to make and receive make phone calls, with a touch pad that allows simple and intuitive operation. These headphones are the result of intensive development on an automotive level and are worthy of carrying the shining chrome Mercedes-Benz star. (A2238209903)

Coolbox

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. Thanks to its extra thick insulation it can cool up to 5°C, but a max. of 20°C under the outside temperature. It fits perfectly into every Mercedes-Benz vehicle and holds 13 litres. (A0008205409)

¹Figures according to Regulation (EC) No. 595/2009 in the currently applicable version ²Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase) ³If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord) ⁴Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using public rapid charging at 100 kW ⁶Mass of the vehicle in running order with at least 90% full fuel tank, plus the mass of the driver (estimated by law at 75 kg), fuel and fluids, equipped with the standard equipment as specified by the manufacturer as well as, where applicable, the mass of the body, cab, trailer coupling and spare wheel(s) as well as tools. Optional extras, additional equipment and accessories can influence the weight, residual payload, rolling resistance, aerodynamics, etc., and therefore also affect the consumption/CO₂ values

EQS

Mercedes-AMG EQS 53

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle’s CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing page.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate all other diesel (£) ¹	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles	
					Standard rate (£)	Premium rate (£) ²	Standard rate (£)	Premium rate (£) ²	Standard rate (£)	Premium rate (£) ²

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

¹Applies to all Mercedes-Benz diesel models which do not comply with RDE (Real Driving Emissions) Step 2 Certified (Euro 6d)

²Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your EQS, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

› [Click here for more information](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Battery Warranty

The battery comes with a 10-year 155,000-mile warranty.

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover³. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Retailer. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

› [Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Retailers

²Subject to full Terms and Conditions, dependent on date of registration, available upon request

³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

Effective from December 2021 Production. Information correct at time of publication 11.01.2022.
Prices and specifications are subject to change without prior notice.
