S-CLASS INNOVATIONS

MBUX AUGMENTED REALITY FOR NAVIGATION

MBUX Augmented Reality seamlessly merges the digital with the physical, delivering real-time navigation graphics and traffic info directly onto live images for swift, secure, and stress-free travel.

AIRMATIC AIR SUSPENSION

AIRMATIC suspension effortlessly transitions between comfort and dynamism. Whether you seek exceptional ride comfort or a sporty performance, this air suspension system has you covered. Plus, automatic level control adapts to any load for a perfectly balanced ride.

DRIVING ASSISTANCE PACKAGE

Thanks to the modern, intelligently networked sensor systems, you can enjoy the many advantages of semi-automated driving. Numerous assistance systems can support you according to the situation, warn you if there is a risk of collision and intervene if necessary.
