Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords "Hey Mercedes", the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say "I feel cold" and MBUX will adjust the temperature for you

Personalisation

- Turn the C-Class into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Touch inputs

- Beside voice control you can operate MBUX via touchscreen on the centre console, as well as touch control buttons on the steering wheel

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹LINGUATRONIC off-board functions are currently only available for three years

[Book a test drive](#)[Find your C-Class](#)[Find a Showroom](#)

DIGITAL LIGHT

High-definition headlamps with innovative features

● Standard – Not available

The innovative DIGITAL LIGHT headlamps work like a projector with more than one million pixels per headlamp and responds with brilliant light to changing traffic, road or weather conditions. Its ULTRA RANGE Highbeam with 650 m makes you feel like driving at daylight.

Model line	DIGITAL LIGHT	DIGITAL LIGHT with projection function

Digital Extras

Stay connected any time, anywhere

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service - Digital Extras help to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

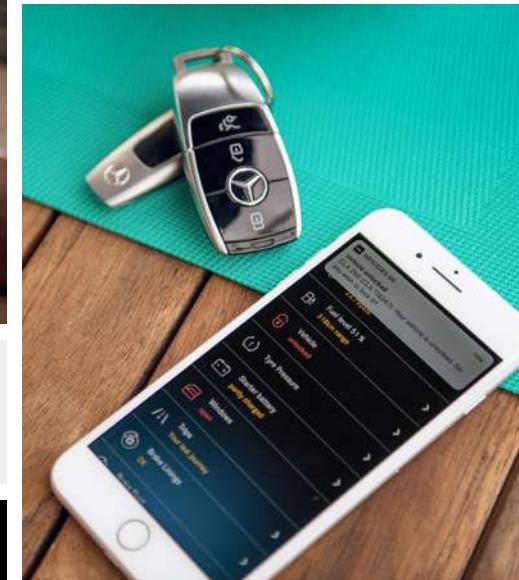

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the
Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

Comfort - connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Plug-in Hybrid Electric Vehicle (PHEV)

The C 300 e and C 300 de

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source. With CO₂ emissions of 13 g/km or less, the Plug-in Hybrid is an environmentally conscious choice of driving.

C 300 e

Petrol – 1,999 cc, 4-cylinder, 204 hp/150 kW
Electric motor – 129 hp/95 kW

Available as: Urban Edition, AMG Line (Saloon only),
AMG Line Premium and AMG Line Premium Plus

Saloon OTR from £50,745¹
Estate OTR from £53,015¹

Technical details – C 300 e

Equivalent All-Electric Range (EAER) ²	Saloon: 70–71 miles Estate: 67–68 miles
Charging time Wallbox (7.4 kW AC) 10–100% ³	3 hrs
Wallbox (11 kW AC) 10–100% ³	2 hrs
DC charging (55 kW DC) 10–80% ⁴	20 mins
Range power consumption, combined ^{2,5}	Saloon: 190–195 wh/100 km Estate: 193–203 wh/100 km
Battery type (usable)	lithium-ion (19.5 kWh)
Capacity on-board charger	11 kW AC/55 kW DC

C 300 de

Petrol – 1,993 cc, 4-cylinder, 197 hp/145 kW
Electric motor – 129 hp/95 kW

Available as: Urban Edition, AMG Line (Saloon only),
AMG Line Premium and AMG Line Premium Plus

Saloon OTR from £52,995¹
Estate OTR from £55,245¹

Technical details – C 300 de

Equivalent All-Electric Range (EAER) ²	Saloon: 71–73 miles Estate: 68–69 miles
Charging time Wallbox (7.4 kW AC) 10–100% ³	3 hrs
Wallbox (11 kW AC) 10–100% ³	2 hrs
DC charging (55 kW DC) 10–80% ⁴	20 mins
Range power consumption, combined ^{2,5}	Saloon: 188–192 wh/100 km Estate: 197–201 wh/100 km
Battery type (usable)	lithium-ion (19.5 kWh)
Capacity on-board charger	11 kW AC/55 kW DC

Standard equipment

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is basically deactivated since wind and tyre noise tend to dominate at higher speeds

Charging cable – Mode 2 cable (5 metres, straight) for domestic socket

Charging cable – Mode 3 cable (5 metres, straight) for wallbox and public charging stations

Charging socket

Charging system – rated at 11 kW AC

Charging system – rated at 55 kW DC

Comfort suspension

Pre-entry climate control⁷

Radar-based recuperation

Remote and Charging Services Plus⁷

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging. ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using a wallbox (three-phase) or standard socket (single-phase). ⁵The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency. ⁶Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 25–80% charge using a wallbox (three-phase) or standard socket (single-phase). ⁷The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers.

MB.CHARGE Public¹ One registration, one contract, one billing

MB.CHARGE Public¹ provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

MB.CHARGE Public – Private customer

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes-Benz app
- RFID card
- Vehicle Head unit

Green charging

All charging using MB.CHARGE Public,¹ will be retrospectively 'greened' by Mercedes-Benz.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes-Benz app and in MBUX multimedia system.

No fees

Enjoy free access to MB.CHARGE Public's convenient, reliable, and user-friendly charging network.

MB.CHARGE Public – Business customer

Key features

- All MB.CHARGE Public Private customer features²
- Charging fleet portal

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

²Excluding MB.CHARGE Public Private customer tariffs

[Book a test drive](#)

[Find your C-Class](#)

[Find a Showroom](#)

MB.CHARGE Public¹ Private customer tariffs²

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the MB.CHARGE Public for private customers^{1,2} fixed-priced tariffs S, M and L.² Owners of a new Plug-in Hybrid model will be entitled to the MB.CHARGE Public¹ tariff M free of charge for the duration of 12 months.^{2*}

Tariff L²

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all MB.CHARGE Public¹ features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
(AC: £0.45/kWh, after 300 mins
+ £0.06/min; DC: £0.62/kWh)³
- IONITY rapid-charging
stations discounted (£0.53/kWh)

£10.90/month

Tariff M²

Recommended for 'regular drivers'

Owners of a new Plug-in Hybrid model are entitled to the tariff M free of charge for 12 months, benefitting from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency. This tariff is recommended for regular drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Fixed prices per kWh
(AC: £0.52/kWh, after 300 mins
+ £0.06/min; DC: £0.69/kWh)³
- IONITY rapid-charging
stations discounted (£0.60/kWh)

Free of charge for the duration of 12 months.^{2*}

Thereafter:

£4.90/month

Tariff S²

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the MB.CHARGE Public¹ features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All MB.CHARGE Public¹ features
- Flexible prices per kWh

£0/month

¹The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

²This offer is exclusively for consumers. The distinction between consumer and business is determined by the type of vehicle linkage (private profile or company profile)

³Tariff rate excludes

the BP Pulse charging network

Price information is not guaranteed and is subject to change.

Please be aware that this tariff will automatically renew after the 1 year promotion period - for definitive pricing information or should you not wish to continue with the tariff, your cancellation rights and current pricing can be found <https://eu.charge.mercedes-benz.com/web/en/mb-gb/tariffs>

*The Tariff (L and M) and IONITY promotions for MB.CHARGE end on 30.11.2025. Customers must register by this date to qualify

Next generation of home EV charging with Ohme

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing an Ohme charger.

Home charging with Ohme: from £925* incl. VAT and standard installation

Key benefits of Ohme:

Ohme specialise in providing future-proof electric vehicle charging solutions, in particular smart, affordable and easy-to-use charging products.

Save money: If you have a time-of-use tariff or a variable tariff, you'll pay less for your electricity at certain times of the day. Ohme uses your tariff information to charge your vehicle when the price is low to maximise your savings.

Ohme is the only EV charging provider to integrate with all energy tariffs, including Intelligent Octopus and OVO Charge Anytime – the next generation, smart EV charging tariffs.

Easy installation process.

Choice of tethered or untethered units.

Award-winning customer service – check Trustpilot for more information.

A 3-year warranty is included.

Connect your charger to the Ohme smartphone app to unlock smarter and cheaper charging at home. Easy-to-use, the Ohme app will give you full control to get more from your EV.

Ohme's chargers are compliant with the UK New Smart Charger Regulations for complete peace of mind.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.¹ To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent – they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change.

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found [here](#)

Home charging with Pod

Simple, convenient, fast charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Pod Point home charger.

Home charging with Pod: from £925* incl. VAT and standard installation¹

Key benefits of Pod:

Pod is one of the leading provider of EV charging in the UK with over 250,000 home chargepoints installed.

Choice of tethered or untethered units; £925 for a 7kW universal, and £975 for 7kW tethered.

The standard installation package includes up 15m of external cabling.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

The Pod public network consists of over 9,200 charging bays across the UK.

Utilise charge scheduling in conjunction with an off-peak EV tariff to reduce your charging costs by up to 70% compared with the current Energy Price Cap.²

5 year warranty as standard, free of charge.

Built-in earthing protection removes the needs for expensive earth rods.

OZEV Grant:

You may be entitled to claim an OZEV grant towards the cost of your home charger.³ To check your eligibility, simply contact your local Mercedes-Benz Agent.

Questions?

Need help with home charging solutions? Simply contact your nearest Mercedes-Benz Agent – they'll be happy to submit an enquiry to your preferred charging partner on your behalf.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

^{*}Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹Full terms and conditions of home charging with Pod can be found [here](#)

²Based on an off-peak tariff of 8p/kWh compared with the energy price cap until 31 March 2025 of 24.86p/kWh

³The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Full details and eligibility criteria for the OZEV EVHS Grant can be found [here](#)

Become the AMG expert

Unleash a new level of performance.

Step into the world of performance and experience the AMG brand at Mercedes-Benz World – from the powerful sound of the engines to the smell of the leather to the unmistakable design of our vehicles.

Mercedes-Benz World invites all Mercedes-AMG customers to a complimentary adrenaline-packed driving experience. Feel the sensational AMG driving performance, develop your driving skills and even try your hand at power-sliding on the Wet Skid Circle. With expert one-to-one guidance from a Driving Specialist in the passenger seat, experience every inch of our Handling Circuits, Dynamic Straight and low friction surfaces.

[Click here for more information](#)

TERMS AND CONDITIONS

The following customers only are eligible: The first purchaser/registered keeper of a newly registered Mercedes AMG. The complimentary training must be booked and taken within 12 months of email receipt. The training is available Monday - Friday only (excluding bank holidays) and subject to availability. Upgrades are available for an additional cost, details upon request. Transferable to individuals who reside at the same postal address only. Mercedes-Benz UK Limited reserves the right to amend or withdraw this training experience. Attendees must hold a full UK driving licence. Attendees will be required to sign the Mercedes-Benz World Driving Risk Acknowledgement prior to undertaking the training experience.

The training experience is also subject to the Mercedes-Benz World Terms and Conditions, as applicable. Retailer demonstrator vehicles are not eligible.

¹The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. ³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 85 for the relevant rate for the second and subsequent years. ⁴The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

Trailer coupling with ESP® trailer stabilisation

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Trailer coupling with ESP® trailer stabilisation (code 550)

AMG Line Premium Plus and all Mercedes-AMG variants.

Estate only.

Total incl. VAT £750.00

Optional equipment may change the CO₂ value, please check your desired specification on the online configurator

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your C-Class.

Velour floor mats CLASSIC, set, 4-piece, All-Terrain - Estate only

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. The mats are precision-tailored to your Mercedes-Benz. Can be clip-fastened to the floor of the vehicle to prevent slipping. Elegant, high-quality tufted velour mat with embroidered ALL-TERRAIN label. (A20668007029J74)

Reversible mat, precision fit - Estate only

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. This mat is hard-wearing, made from 100% polyester and boasts dual use as it is double-sided. The rubberised and non-slip side minimises slipping of goods. The soft velour side protects the luggage-compartment floor against moisture and dirt. And if anything should go wrong, it is easy to clean with warm water.

(Estate: A2066804902; Estate Hybrid: A2066803404)

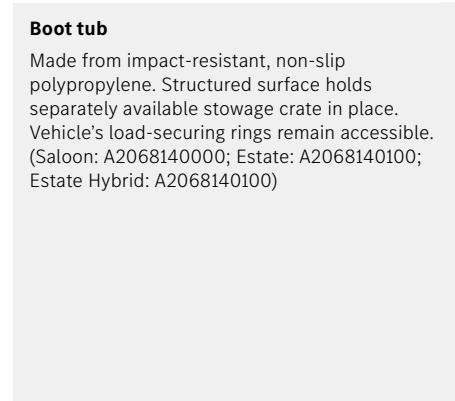

Mud flaps

The mud flaps protect the sides, rear and underbody of your vehicle from scratches and damage from loose chippings. They also protect following traffic from being struck by stones, water spray or mud. And they help minimise spray too. The mud flaps are precision-tailored to the contours of the vehicle. (front: A2068900800; rear: A2068900900)

Boot tub

Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available stowage crate in place. Vehicle's load-securing rings remain accessible. (Saloon: A2068140000; Estate: A2068140100; Estate Hybrid: A2068140100)

[Discover Accessories](#)[Book a test drive](#)[Find your C-Class](#)[Find a Showroom](#)

Basic carrier bars

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport accessories. With integral tool for quick, easy fitting. Asymmetrical aerodynamic profile enhances ride comfort by significantly reducing wind noise. Crash-tested. Lockable.

(Saloon: A2068900500; Estate: A2068900600)

Semi-automatic trailer coupling

Semi-automatic folding trailer coupling, specifically for Mercedes-Benz vehicles. High corrosion protection.
(Saloon: A2063100800; Estate: A2063100900)

Bicycle rack

Extremely lightweight bicycle rack, designed to allow you to attach a bicycle to the basic carrier bars. Please bear in mind your vehicle's permissible roof load. Bicycle racks are supplied singly. (A0008900293)

Roof box

Mercedes-Benz roof box, impact-resistant, sturdy, durable, recyclable, spray-protected. Opens on both sides. Single lock system with three locking mechanisms on each side. Gas-filled struts for easy opening and closing of lid. Maximum load capacity of 75 kg. Unladen weight 16 kg. (A0008401100)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase) ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using a wallbox (three-phase) or standard socket (single-phase)

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase) ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using a wallbox (three-phase) or standard socket (single-phase)

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Road fund licence rates for tax year 2025/26, effective from 1 April 2025

Band	CO ₂ emissions (g/km)	First year rate (£)	Standard rate (£)	Premium rate (£) ¹
A	0	10.00	195.00	620.00
B	1 to 50	110.00	195.00	620.00
C	51 to 75	130.00	195.00	620.00
D	76 to 90	270.00	195.00	620.00
E	91 to 100	350.00	195.00	620.00
F	101 to 110	390.00	195.00	620.00
G	111 to 130	440.00	195.00	620.00
H	131 to 150	540.00	195.00	620.00
I	151 to 170	1,360.00	195.00	620.00
J	171 to 190	2,190.00	195.00	620.00
K	191 to 225	3,300.00	195.00	620.00
L	226 to 255	4,680.00	195.00	620.00
M	over 255	5,490.00	195.00	620.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

¹Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

Services and insurance

Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your C-Class, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

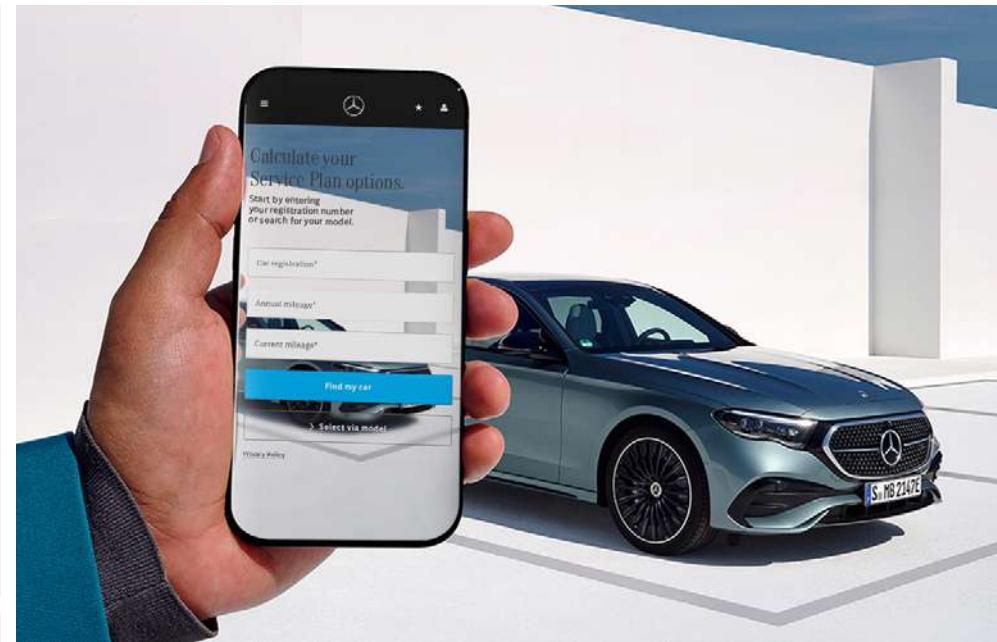

- **ServiceCare** – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- **CompleteCare** – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- **Extended Warranty** – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

[Click here for more information](#)

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover¹. It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects² and up to 30 years warranty against perforation due to corrosion from the inside out.³ What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.³

¹Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

²Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

³Subject to full Terms and Conditions, dependent on date of registration, available upon request

Effective from August 2025 Production. Information correct at time of publication 07.08.2025.
Prices and specifications are subject to change without prior notice.
