

MERCURY GRAND MARQUIS 1999

Optional LS leather seating surfaces shown.

Appointments you'll enjoy keeping.

To make driving extra comfortable, the tilt steering wheel adjusts quickly and effortlessly to your ideal driving position.

An exterior keypad allows you to lock and unlock doors by entering your own personal code (standard on LS, available on GS). Or use the Remote Keyless Entry system's key fob that not only locks and unlocks doors, but turns on interior lights and opens the trunk from a distance. It even includes a panic button.

A 6-disc CD changer is available for your Grand Marquis LS. Now you can enjoy rich, clear sound, wherever you go.

Power lumbar support makes sure your ride is comfortable. Driver's side lumbar support comes standard on LS. Passenger's side is available with LS Premium Package. What's more, Grand Marquis comes with an 8-way power driver's seat with power recliner which is operated through controls conveniently located at your side.

For the ultimate in comfort, equip your Grand Marquis LS with available soft, supple, leather seating surfaces. It'll take your car to the next level of comfort.

Here's the kind of power you're looking for. Grand Marquis comes equipped with a smooth, quiet V-8 engine. And it's the only vehicle in its class with a standard V-8!

What makes this car such a joy to drive? It's due in large part to the PrecisionTrac™ suspension system. With the Watt's linkage rear suspension, you'll find the ride and handling very impressive indeed.

Speed-sensitive power steering helps you maneuver — especially in tight spaces.

Available Traction Control (requires ABS) helps you maintain directional stability and steering control through rain and snow at all speeds by detecting and controlling wheel spin.

Optional ABS provides straighter stops and greater steering control during emergency stopping on most slippery road surfaces.

Among comparable basic large cars tested, Grand Marquis is the only large car with a double five star crash test rating — the government's highest possible rating.*

For LS models, an available universal programmable garage door opener located on the visor can control up to three garage doors or turn on house lights with additional equipment.

A dealer installed cargo net helps keep your trunk organized and prevents groceries and packages from sliding around.
