1976

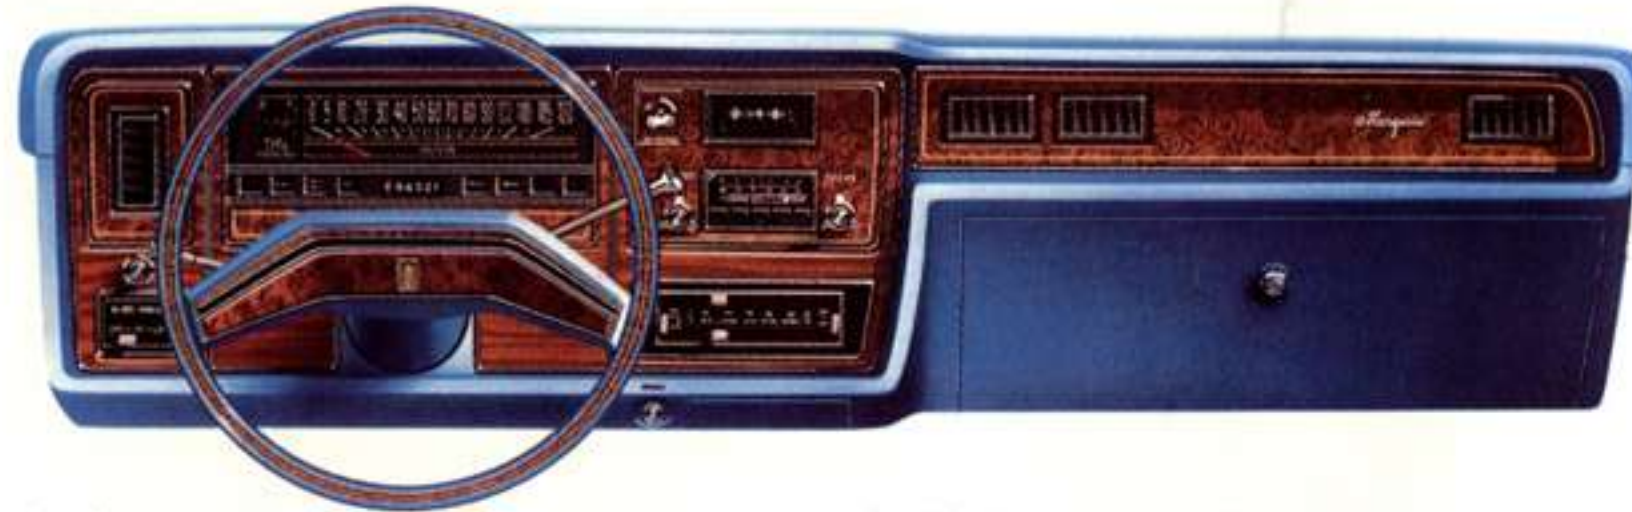

Mercury Grand Marquis

With the ride and luxury that great automobile reputations are built on.

Mercury Marquis. One of the world's finest riding full size luxury cars, thanks to an advanced suspension design that makes the Marquis ride smooth and steady. The ride makes Marquis owners very comfortable, whether they are sitting behind the wheel, or riding in the spacious rear seat, enjoying the comfort of Marquis' deeply cushioned seating. The rich traditions of Marquis design and ride are represented beautifully for 1976 in the Grand Marquis series. Its interior features your choice of leather or leather with velour upholstery on individually adjustable Twin Comfort Lounge Seats, natural wood-tone accents, digital clock, map

reading lamp, assist straps, centre armrests, plush cut-pile carpeting, even a carpeted luggage compartment and courtesy lighting. And its deluxe sound insulation package helps make the Grand Marquis not only one of the smoothest riding luxury cars in the world, but also one of the quietest.

Grand Marquis instrument panel with optional AM-FM radio, Automatic Temperature Control air conditioning, right-hand remote control mirror and interval windshield wipers.

Mercury Grand Marquis. An eloquent expression of personal taste with the ride and luxury that great automobile reputations are built on.

Mercury Grand Marquis 4-Door Pillared Hardtop

The Grand Marquis two-door hardtop shown on the cover has the new specialty tutone paint option in cream and gold; this option is also available in a combination of tan and dark brown metallic paints.

Mercury Marquis Brougham

For 1976, Mercury Marquis Brougham is engineered to ride and handle more smoothly and quietly than ever with a sophisticated suspension system that's specially tuned to steel-belted radial tires. Deep coil springs at all four wheels are isolated from the perimeter frame with tough, shock-absorbing rubber to help soak up road noise and vibrations before they get to you and your passengers.

Standard power steering and power front disc brakes provide ease of handling.

Inside, the Marquis Brougham offers spacious interiors, thick shag carpet, assist straps, courtesy lighting, electric clock, visor vanity mirror, and standard flight bench seating tailored in a new, soft, durable cloth and vinyl.

Mercury Marquis Brougham 2-Door Hardtop (with optional white sidewall tires, Bumper Protection Group.)

And outside, Marquis Brougham features the elegance of a standard vinyl roof, bright fender peak mouldings, fender skirts and the classic touch of Brougham wheel covers.

Standard features on Marquis Brougham: 400-2V V-8 engine • Select-Shift automatic transmission • Solid-state ignition • Impact resistant bumper system • Steel-belted radial tires • Power steering • Power brakes • Power ventilation system • Power windows • Electric rear window defroster • Concealed headlamps • Concealed windshield wipers • Electric clock • Vinyl roof • Automatic seat back release on 2-door models • Fender skirts • Brougham wheel covers • Visor-mounted vanity mirror • Deep cut-pile carpeting • Flight bench seat • Parking brake with automatic release • Deluxe steering wheel • Locking steering column • Left-hand remote control mirror • Ford Motor Company Safety Design Features.

Mercury Marquis

Mercury Marquis for 1976. It could just be all the car you're looking for. If you're looking for economy and luxury in a sleek, full-size package, Marquis has gas-saving steel-belted radial tires, solid-state ignition, and improved fuel economy. But Marquis still retains its traditionally high level of luxury, with standard features like cloth and vinyl bench seating with front centre armrest, woodgrain instrument cluster appliqué, cut-pile carpeting, courtesy lighting and deluxe sound insulation package.

And for 1976, Marquis offers you the smooth, effortless roadability that Marquis has always been famous for.

This year, Mercury Marquis' standard and optional engines have been refined to give you significant

fuel economy improvement as well as better driveability in terms of easier starting, better stop-and-go response and smoother acceleration. In addition, there are optional engines that run on lower-priced regular gasoline that's readily avail-

Motorcraft 

REPLACEMENT PARTS — For continued top performance specify genuine Motorcraft parts and Auto-lite Spark Plugs whenever they need replacement.

FUEL WARNING: Unless you have selected an optional engine that is designed to use regular gasoline (leaded), all Marquis engines require **UNLEADED FUEL ONLY**. The use of leaded fuel in these engines can damage the catalytic converter and affect other emission control components.
