

# MERCURY COMET '62

**Now . . . when you think of buying a car . . . think of your Mercury dealer . . . who has the cars with the extra values that make the difference!**

For 1962, your Mercury dealer introduces a full line of cars in two sizes: Mercury Comet, the compact Mercury that's smartly ahead of the compact crowd, and the Mercury Monterey, the biggest, most luxurious Mercury . . . designed for the big-car man.

In compacts or big cars, you will find all the fine and traditional Mercury values at your Mercury dealer's . . . more car for your money, more roominess and comfort, more quality, luxury and performance . . . all those extra values that have made the Mercury name stand for better cars over the years. Whatever size suits you best—compact or big car—you'll find the new 1962 line-up offers you the best-looking buys that come in each size! Your Mercury dealer will be happy to arrange a demonstration for you.

THE COMPACT MERCURY COMET

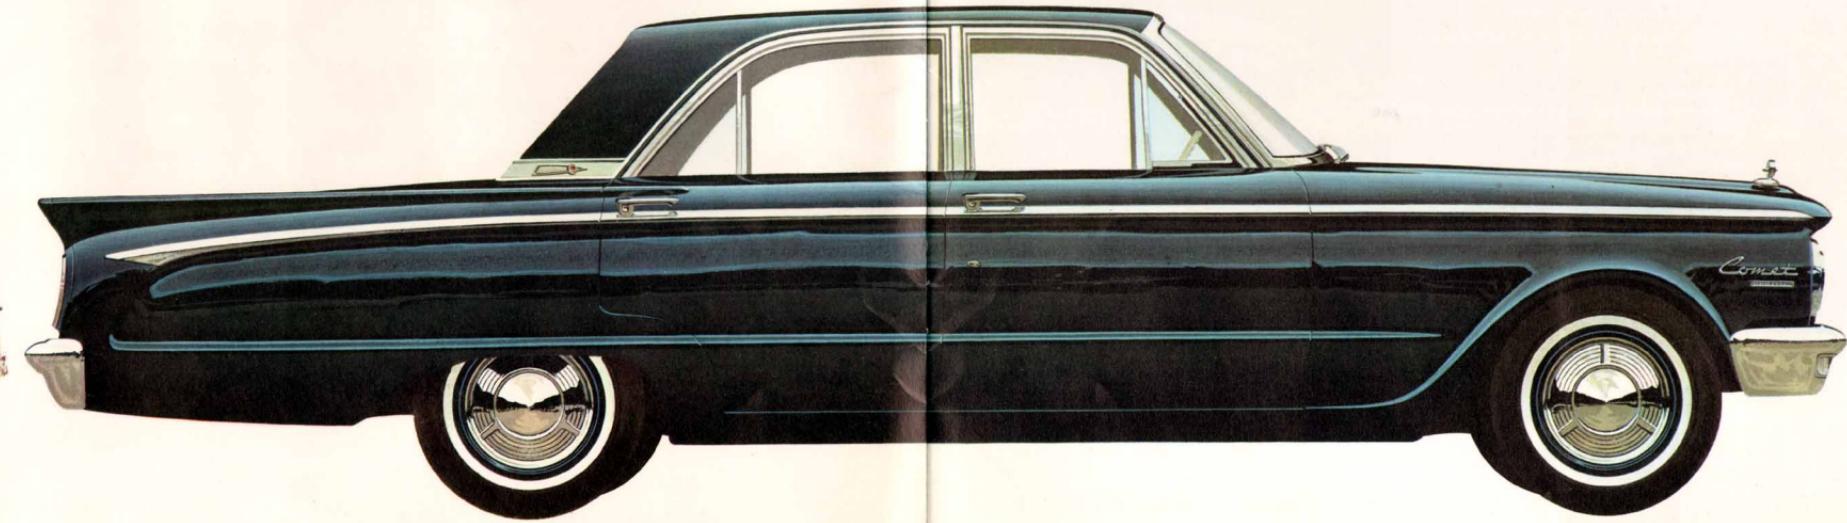

THE BIG, LUXURIOUS MERCURY MONTEREY

# MERCURY COMET

THE COMPACT MERCURY...SMARTLY AHEAD

Mercury Comet Custom 4-door sedan in Presidential Black.

Comet for '62 is literally loaded with extra values that make all the difference in your driving pleasure—extra values other compacts charge for or offer not at all.

—comfort for six... over 29 cu. ft. of trunk space, more than double that of some compacts!

Extra value in big-car ride. Extra wheelbase inches give Comet a road-leveling ride. Refined suspension contributes to the steady ride. Handling, parking are wonderfully easy.

Extra value in economical operation. Choose one of two thrifty engines (Mercury Comet "6" or Mercury Comet 170 "6") to help you save on gas. You change oil only every 6,000 miles, get better tire mileage, save on licenses and insurance. New extended-life anti-rust, anti-freeze coolant lasts 2 years or 30,000 miles, whichever comes first. And beautiful Super-Enamel finish stays lustrous longer.

Extra value in built-in quality. Unit-built to keep quiet, stay sturdy and durable. Has factory-applied undercoating, rustproofed vital underbody parts, aluminized 22" muffler, more complete insulation than ever before for a quieter, soundproofed ride. And with all this—Mercury Comet is still priced with or below most other compacts!

Extra value in low cost of ownership. The '62 Mercury Comet is one of the least expensive compact cars you can own. Costs less to buy and less to operate. And Comet owners have enjoyed higher resale value at trade-in time, too.

Extra value in matchless fine-car styling. Long, clean and crisp with discreet chrome to accent lines smartly.

Extra value in full appointments. Many luxury and convenience items that others don't have—or charge extra for, are standard equipment on this compact.

Extra value in family-size design. Longer wheelbase, up to 7.5" longer than other compacts... means more room

# STYLE

Again in '62...the only compact car with extra value in fine-car styling

Mercury Comet, the only compact in the crowd with fine-car styling and rich appointments to match. Every line and inch of the '62 Mercury Comet's beautiful proportions is in graceful good taste. And sparkling appointments lend a "just right" flair to Mercury Comet's flashing good looks. You find fine-car styling features on every '62 Mercury Comet, that others either don't have or charge extra for. Here are the extra values that make the difference:

- Full-depth wraparound bumpers front and rear for beauty and protection
- Full-length bright-metal body moldings
- Bright-metal full-width windshield and back window moldings
- Bright-metal drip moldings
- Sparkling new full-width front grille
- Distinctive new rear grille and taillight treatment
- Gunsight ring fender ornaments
- Dual headlights surrounded by bright-metal moldings
- Super-Enamel finish stays lustrous longer.

Inside, all Comet's have the corner on style, comfort and convenience, too. Step in the nearest '62 Comet and check these important interior styling touches:

- Bright-metal instrument cluster and controls, easy to read, to reach
- Handsome white-and-chrome door hardware
- White vinyl headlining
- Foam-padded front seat
- Front seat armrests
- Delightful-to-look-at upholstery
- Dual sun visors.

Mercury Comet Custom 2-door sedan in Sultana White.

A Mercury Comet Custom sedan offers the ultimate in fine-car compact styling. In addition to the fine-car features on all Comets, the Custom series offers:

- Exterior Comet Custom Features ■ Stainless steel side window moldings and stainless steel center pillar appliques for the hardtop look
- Special "Custom" nameplate marking on front fender
- Interior Comet Custom Features ■ White de luxe steering wheel with bright-finish horn ring
- Cigarette lighter, rear armrests and ash tray/s, door-operated courtesy light—all as standard equipment
- Pleated Jewelsheen cloth seat inserts with fine-textured crush-grain vinyl bolsters or all-vinyl upholstery
- All-vinyl door panels with center section pleated to match seat inserts
- Contoured front seat
- Wall-to-wall carpeting.

Mercury Comet Custom 4-door sedan in Ocean Turquoise.

## MERCURY COMET CUSTOM SERIES

# ROOM

Mercury Comet sedans and wagons are family-sized compacts with "room-for-six" seating comfort

Comet has room to stretch out in. And station wagon fans will appreciate these facts on space—just some of the extra values that make the difference.

- 76.2 cubic feet of cargo space
- Flat loading surface almost 9 feet long, tailgate down
- Inside cargo area is 33.1" high, 57.3" wide
- Roll-down rear window simplifies loading; no liftgate
- Permanent roof luggage carrier, optional equipment
- Spare tire mounted out of the way at right rear
- Unit-built construction

Comet wagons do away with old-fashioned liftgate, make loading and unloading easier with roll-down rear window (power-operated window is optional). See the free-and-clear access all around.

◀ Fully appointed Custom wagons are smartly styled with contour front seat, white steering wheel with bright horn ring, lockable glove box, courtesy lights, pleated all-vinyl upholstery, all seats foam-padded.

Custom station wagons (2-door shown in Black Cherry) feature stainless steel for side window moldings, side pillar trim and chrome molding above back window.

Mercury Comet Custom 4-door station wagon in Carnival Red.

# MERCURY COMET S-22

Spirit and spunk mark Mercury Comet S-22 as the slickest personal compact car on the road. Everything about this sprightly beauty is de luxe—from the beaming, 4-taillight, 2-backup-light arrangement to the handsome, eye-catching interior. Individually adjustable bucket-type front seats invite you to sit and relax—enjoy the surroundings. As in all '62 Mercury Comets, the S-22 boasts extensive body insulation for a lower sound level and greater passenger comfort, and glass fiber hood insulation. These, plus the Comet combination of ride and economy, make Mercury Comet S-22 the "smartest" buy among personal compacts in '62.

**FEATURES:** Foam-contoured bucket seats up front (adjust individually) • Convenient vinyl-clad steel console between front bucket seats • Full-width, foam-padded back seat • Rich, durable crush-grain vinyl covering on seats and door panels • Deep, loop-yarn carpeting • Red rims and de luxe wheel covers • Back-up lights • Distinctive rear pole pillar ornament • De luxe armrests, front and rear • Choice of thirteen exterior, five interior colors • Tasteful ornamentation • De luxe 4-spoke steering wheel and horn ring • De luxe door and quarter trim panels • Extensive insulation—protects against sound and weather • Factory-applied undercoating • Plus—cigarette lighter, automatic front-door courtesy light switches, bright-metal window frames.

Mercury Comet S-22 has all-vinyl pleated upholstery in four monochromatic colors and a two-tone beige. The contoured bucket-type front seats are deep-foam padded; there is a convenient personal storage console between them, as well as a dash-mounted, lockable glove box. Back seats are foam-padded. Door trim panels are handsomely styled with tapered, vinyl-covered armrests.

Mercury Comet S-22 in Pacific Blue Metallic.

MERCURY COMET SERIES

# RIDE

Extra wheelbase length (up to 7.5 inches longer than other compacts) gives all Mercury Comets a smoother, fine-car ride

You ride in style in Comet, the long-wheelbase compact with a sure and steady big-car ride. And you will enjoy the easy steering, excellent traction and safe braking action which result from carefully balanced weight distribution on front and rear wheels. Here are some features and extra values which make Comet one of the most comfortable compacts on the road:

- Extra wheelbase inches—114" for sedans, up to 7.5" longer than others • Ball-joint independent front suspension with deep-coil springs • New, smoother-riding two-ply tires • More and better insulation to reduce road noise • Extra-comfort front seat padded generously with foam rubber • Front-mounted engine for road-hugging stability • Soft-action, 50-inch rear leaf springs • 28 rubber bushings and bearings to absorb vibration in front suspension.

Comet sedans interiors bear a look of quality and good taste—with these standard appointments on every Comet sedan adding up to the extra value that makes the difference:

- Seat inserts of Bethany cloth • Coordinated upholstery colors for a look of luxury • Long-wearing, easy-to-clean white vinyl headlinings • Foam-padded front seat • Attractive bright-metal instrument panel with convenient controls • Handsome white-and-chrome door hardware • Dual sun visors, front armrests, ash tray/s.

Mercury Comet 4-door sedan in Scotch Green.

Even the lower-priced Mercury Comets, these 2-door and 4-door sedans, are loaded with value-adding features:

- Stainless steel windshield and back window moldings • Deep-guard wraparound bumpers that offer real protection for body sheet-metal • Distinctive Quadri-Lite taillights positioned for easy visibility
- Dual sun visors • Touch-Super-Enameled finish that stays new looking longer • Gunmetal fender ornaments • Bright-metal drip moldings • Full-length stainless steel body moldings • Rear grille with bright-metal trim.

Mercury Comet 2-door sedan in Light Aqua.

## MERCURY COMET SERIES

# VALUE

Mercury Comet Sedans and Station Wagons are strong and durable...built to last...with the extra-value features that make the difference

Throughout the '62 Comet, you'll find unmistakable quality and extra value . . . features which add to the life and beauty of a Comet . . . make it more attractive or convenient for you . . . and save you money from the time you buy until the time you trade.

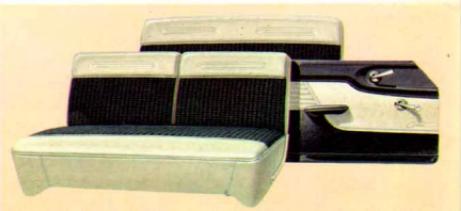

- Luxurious upholstery, handsome vinyl headlinings
- Dual sun visors and front armrests
- Beautiful chrome knobs and controls, chrome-and-white door hardware
- Unit-built construction.

Comet station wagon interiors are handsome, easy to care for and designed to take the kind of usage a versatile station wagon gets. Here are more advantages:

Nylon-rayon Bethany cloth upholstery and seat inserts • Interiors color-coordinated throughout • Fine-textured, long-wearing vinyl seat bolsters • Molded plastic cowl trim panels under instrument panel • Patterned white-vinyl headlinings.

Mercury Comet 2-door station wagon in Desert Frost.

Comet 2-door and 4-door station wagons are designed to work hard—look good and last longer. They're as practical as they are handsome. Look at some of the reasons:

- Load space almost 9 feet long with tailgate down
- Low-to-ground, easy-loading cargo deck height
- Big cargo capacity of 76.2 cubic feet, 33.1" high and 57.3" wide
- Roll-down rear window (power optional)
- Permanent roof luggage carrier optional
- Unit-built construction
- Conveniently mounted spare tire at right rear.

Mercury Comet 4-door station wagon in Jamaica Yellow.

# EXTRA-VALUE FEATURES

Mercury Comet offers more conveniences and luxury features as standard

For '62, Mercury Comet offers numerous extra-value features to make your driving more enjoyable . . . more economical. For example, you'll find these self-service features in Mercury Comet:

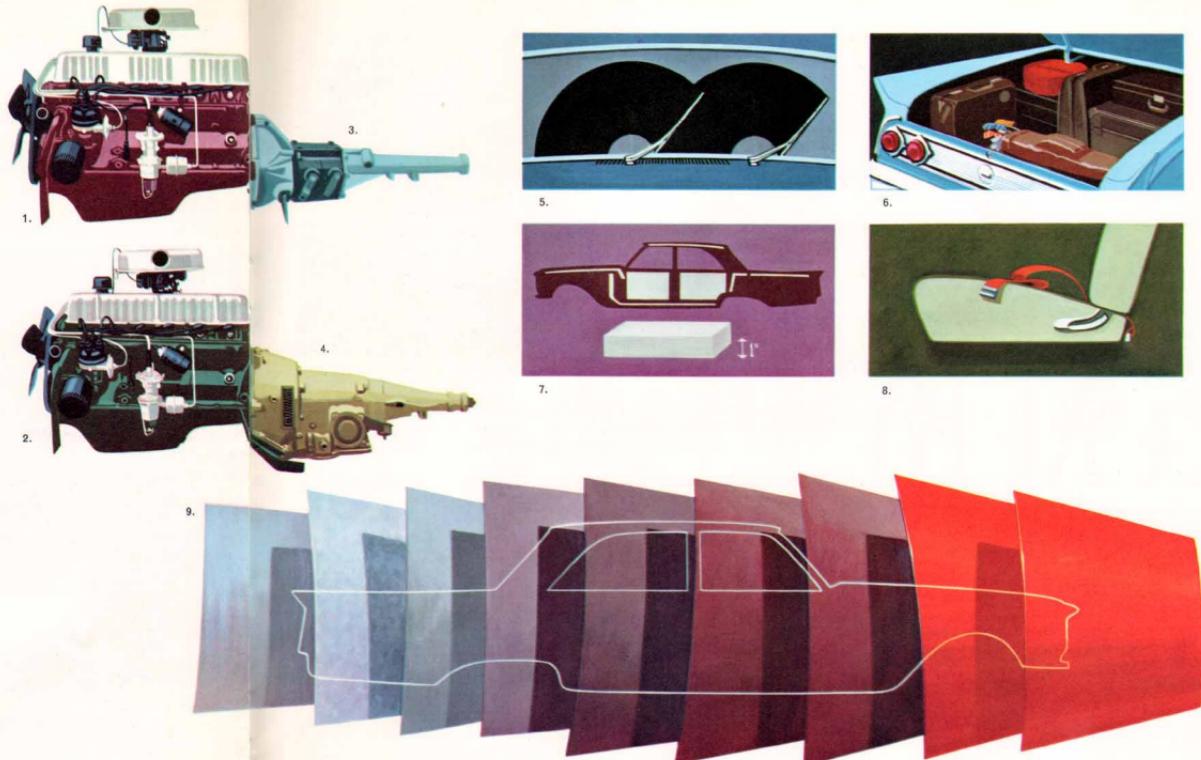

- Oil and filter change now extended to 6,000 miles, 50% more than previous 4,000-mile cycle • New extended-life anti-rust, anti-freeze coolant . . . change only every 2 years or 30,000 miles • Vacuum-throttle valve control for automatic transmission—improves shift quality and eliminates throttle valve adjustment • Galvanized major underbody parts, aluminized muffler, Super-Enamel finish, all-over rust protection
- Rubber boot-type seals to protect ball joints . . . keep dirt and water out, seal grease in
- Rubber splash shield for generator . . . keeps dirt, dust and road splash out, adds to generator service life.

## These, too, add to Mercury Comet's joy of ownership

1. Mercury Comet "6" Engine—Proved over millions of miles of operation, this is among the most advanced of all automotive engines. Mounted up front for better balance and safer driving, the Mercury Comet "6" employs a new gas-saving carburetor for improved gasoline mileage. All parts are easily accessible for service.

2. Mercury Comet 170 "6" (Optional)—Available on all

models at slight additional cost. Delivers 15% larger displacement plus outstanding economy. Operates on regular-grade gasoline. 3. Standard 3-Speed Manual Transmission—Provides smooth, easy manual shifting. 4. Comet Merc-O-Matic Drive (Optional)—Provides smooth, automatic shifting; synchronized upshifts without noticeable lag or delay. Shift lever is mounted on steering

column. No periodic band adjustments necessary. Transmission fluid never needs changing. 5. Vacuum-Powered Windshield Wipers—Wipers operate in tandem . . . overlap to clear the center area for greater visibility. Two-speed electric windshield wipers available at slight additional cost; constant-speed wipers will not slow down on hills or in traffic. 6. Bigger Trunk—Increased by 1.3 cubic feet to almost 30 cubic feet, more than twice the luggage capacity some compacts offer. Has wider, more convenient trunk opening for easier loading and unloading. Spare tire is mounted flat, out of the way. In

station wagons, spare tire is conveniently located at the right rear; has a decorative cover for improved appearance. 7. Improved Insulation—The '62 Mercury Comet features extra amounts of body insulation for lower sound level and greater passenger comfort: 1" thick glass fiber hood insulation; triple-layer floor insulation below the carpet;  $\frac{1}{2}$ " thick roof panel sound deadener and felt liner; felt liner for luggage compartment door; sprayed-on asphalt and sound deadener on luggage compartment floor plus rubber floor mat; wood fiber sound deadener for instrument panel; wheelhouse insulation; high-density glass fiber dash insulation; under-coating for protection on all rockabilly surfaces. 8. Seat Belt Anchors—Welded to floor for quick, easy installation of front seat belts, should you desire them. There are also locators for rear seat-belt hardware. Seat belts are optional at extra cost. 9. Tough, Durable Super-Enamel Finish—No car at any price boasts a better finish than Mercury Comet's Super-Enamel. It is non-oxidizing; non-chalking. It never needs waxing—just washing and a cleaner for sticky spots—to stay bright and beautiful because the luster is baked in! The secret behind its

durability? Special preparation of the sheetmetal before painting . . . two coats of baked-on primer . . . plus two coats of baked-on Super-Enamel.

PLUS: One-Year or 12,000-Mile Warranty. Every 1962 Mercury Comet part (except tires for which appropriate adjustments are made by their makers) is now warrantied by dealers against defects in material and workmanship for one year or 12,000 miles, whichever comes first. Normal maintenance services and routine replacement of parts such as filters, spark plugs and ignition points are excepted.

The warranties referred to herein are applicable only to products sold in the U.S.A. and in certain neighboring areas.

# LUXURY

Rich, handsome interiors are color-harmonized to exteriors

Mercury Comet Custom 2-door sedan in Sea Blue.

To make ownership of your '62 Mercury Comet more personal, there are fourteen solid and nineteen two-tone color combinations to choose from. All are in gleaming, durable Super-Enamel to keep your car bright and new-looking longer.

Upholstery combinations are available in a wider selection than ever in the '62 Mercury Comet. Nylon-rayon Bethany cloth, with a three-tone effect, is standard for seat inserts on sedans and station wagons. Bolsters are of fine-textured vinyl. Mercury Comet Custom sedans offer pleated Jewelsheen cloth seat inserts with fine-textured crush-grain vinyl bolsters or all-vinyl upholstery. All-vinyl door panels have center section pleated to match seat inserts. Custom station wagon upholstery is all-vinyl.
