

WRX / WRX STI

SUBARU

Confidence in Motion

ALWAYS *DEMAND MORE.*

Do more of what you love to do, and make no apologies for it. The WRX was built to help you extract maximum excitement and adventure from every moment. No matter if it's during the journey or at the destination, you'll always be ready to live life to the fullest. With invigorating excitement on the road and support for all your adventures away from it, the WRX is ready to bring more of what you crave in life, daily.

THE POWER TO ESCAPE LIMITS.

THE CONTROL TO SHAPE POSSIBILITY.

Exhilarating agility. Breathtaking performance. If it were any more fun, you'd have to charge admission. With handling made exceptionally precise by the control of Symmetrical All-Wheel Drive and surprising versatility, it will make you see the world in a whole new way. The only thing the WRX won't do is let you take your eyes off it or forget the way it makes you feel.

AN ATHLETE'S SOUL.
A CHAMPION'S HEART.

WRX STI

POWER
DEFINES IT.
YOU CONTROL IT.

Under the aluminium bonnet of the WRX STI sits the source of its breathtaking performance. A 2.5-litre turbocharged SUBARU BOXER engine generating 221 kW and 407 Nm of torque provides electrifying acceleration.

But it's performance that you can modify with SI-DRIVE, which allows you to select three different levels of response—from smooth and efficient, to totally unhinged.

The engine also benefits from the Dual Active Valve Control System (Dual AVCS), which helps produce a flat torque curve across a wide rev range. And you harness that performance with a quick-shifting, natural-feeling 6-speed transmission.

DIAL IT IN.
DIAL IT UP.
TAKE CONTROL, AND
TAKE IT TO THE LIMIT.

From the moment you first fire it up, the WRX STI all but begs you let it loose on whatever curvy stretch of asphalt you can find. Its frame has been made more rigid for unbelievable controllability, and to make the most of every bit of ferocious grip coming from its exceptionally balanced Symmetrical All-Wheel Drive powertrain.

Its track-tuned suspension is more responsive than ever with more rigid pillow ball bushings, an increased spring rate, stiffer front and rear stabiliser bars and additional rear subframe supports. This torsional rigidity and stability has reduced body roll and has helped increase lateral acceleration. It also features the Multi-mode Driver's Control Centre Differential (DCCD), which allows you to tailor the torque split between the front and rear wheels.

YOU SHOULD ALWAYS BE THE CENTRE OF ATTENTION.

The cockpit design of the WRX redefines driver-centric. It surrounds you with controls that fall perfectly in your hands, and key information that is immediately accessible. As you take the thick, leather-wrapped steering wheel with a racing-inspired D-shaped design, you'll immediately feel the vehicle's focus on handling. Take a corner, and the deep bolsters of the sport-design front seats will keep you in the perfect spot to find the apex every time. The gauges and customisable displays precisely offer the information you want and need, whether you're cruising through town or indulging the WRX on a canyon road.

WRX

WRX STI

DESIGNED TO LET YOUR INSTINCTS TAKE THE LEAD.

In high-performance driving, every flick of your wrist or dart of your eye counts. The interior of the WRX STI is designed to heighten your driving experience by putting the controls and information you need where you expect to find them. The D-shaped steering wheel offers linear response and convenient controls for vehicle systems. Crisp electroluminescent gauges deliver information with hardly a glance, whilst the multifunction display can be modified to offer a wide variety of vehicle data, including a digital boost gauge.

INFORMED, ENTERTAINED, AND CONNECTED.

Going on the road doesn't mean you'll have to leave it all behind. Stay grounded, yet undistracted with technology that's intuitive and easy to use. The WRX and WRX STI keep you connected, on course with infotainment, navigation, and audio systems that you can either control with the touch of your fingertips or the sound of your voice. And with smartphone and iPhone*¹ connectivity, you're never free of your peers or playlists.

1, VOICE RECOGNITION*² AND SIRI EYES FREE*¹ *³

Your WRX or WRX STI has more hands-free options than ever before, thanks to intuitive Voice Recognition*² and Siri Eyes Free*¹*³ integration. Use Siri to link your compatible Apple*¹ product to your WRX or WRX STI, allowing you to make hands-free calls, play music, check emails and search the web. Even without Siri, you can still have hands-free interaction with navigation, telephone, and audio systems for added ease in every drive.

2, MULTIFUNCTION DISPLAY

Positioned to be clearly visible with minimal distraction as you drive, this display shows you a variety of information that puts you in touch with your vehicle. It can even show digital boost gauges that lets you keep tabs on your turbocharger.

3, SPORT GAUGES WITH LCD DISPLAY

The vital driving information you need is only a glance away with these crisp, easy-to-read gauges. Fire up your WRX or WRX STI and the needles perform a full sweep to get you ready for the drive. A 3.5-inch LCD display located in the centre of the array can be customised to put the information you desire right in your direct field of view.

*¹ Apple, iPhone, and iPod are registered trademarks of Apple Inc.
*² Voice Recognition is compatible with select languages only and cannot accept all languages.
*³ Siri-compatible Apple product (iPhone, iPad, iPod touch, etc.) required.

SUBARU CORE TECHNOLOGY

2.5-LITRE DOHC TURBO SUBARU BOXER ENGINE

MAX OUTPUT: 221 kW (300 PS) / 6,000 rpm
MAX TORQUE: 407 Nm (41.5 kgfm) / 4,000 rpm
FUEL CONSUMPTION: 10.4 lit./100 km*1
CO₂ EMISSIONS: 242 g/km*1

Few motors have the same reputation for pure excitement on any road as the 2.5-litre turbo of the WRX STI. It flawlessly fuses raw power with total poise as its turbo spools almost instantaneously and unleashes power for intense acceleration. Proven over the years, its performance has been made only more thrilling in the WRX STI.

2.0-LITRE DIRECT INJECTION TURBO SUBARU BOXER ENGINE

MAX OUTPUT: 197 kW (268 PS) / 5,600 rpm
MAX TORQUE: 350 Nm (35.7 kgfm) / 2,400 - 5,200 rpm
FUEL CONSUMPTION: 8.6 lit./100 km*1 (Sport Lineartronic),
9.2 lit./100 km*1 (6MT)
CO₂ EMISSIONS: 199 g/km*1 (Sport Lineartronic),
213 g/km*1 (6MT)

Advanced direct injection technology makes it more efficient. And peak torque comes on more quickly for responsiveness that is easily accessible in any driving environment. What's more, a long, flat torque curve means the thrilling power of the WRX stays with you longer.

MULTI-MODE DCCD

The Driver's Control Centre Differential (DCCD) allows you to dial in the centre differential locking of the WRX STI and thereby shape its handling. It adjusts both an electromagnetic multi-plate transfer clutch and mechanical locking of a Limited Slip Differential (LSD) to apportion the torque to the front and rear wheels. Auto Mode finds the ideal power distribution for changing conditions, whilst Auto [+] keeps more power up front for increased traction. Auto [-] puts more power to the rear for tighter cornering, and the six-step Manual Mode lets you lock in your preferred handling characteristics.

SI-DRIVE for WRX STI shown.

SI-DRIVE

Subaru Intelligent Drive (SI-DRIVE) lets you adapt the driving character of the WRX*2 or the WRX STI to your needs or desires. Whilst in Intelligent Mode [I], acceleration is smooth with an eye toward optimal efficiency. Select Sport Mode [S] for linear response, and versatile command of every condition. To extract the maximum response from the turbocharged engine, switch to Sport Sharp Mode [S#]. It gives you the most direct throttle response and precise rev control across the entire rpm range.

SYMMETRICAL ALL-WHEEL DRIVE

Providing a driving experience that's safe and also enjoyable is the top priority of Subaru engineers. That's why almost every Subaru vehicle comes equipped with Symmetrical All-Wheel Drive as a standard feature. For the utmost confidence and control, there's simply no substitute. Every day on the road presents unexpected conditions and unexpected events, and Symmetrical All-Wheel Drive helps drivers cope with these challenges by distributing torque to all four wheels, providing traction where front- or rear-wheel-drive cars falter. Whenever you're driving a Subaru equipped with Symmetrical All-Wheel Drive, rest assured you'll have peace of mind and confidence wherever you go.

SPORT-TUNED CHASSIS

Years of heated competition, extensive testing and advances in materials and engineering, have combined to inspire chassis designs for the WRX and WRX STI. Exceptional stability and lightning quick response were central to this development, as high-tensile steel was employed throughout the frame to increase its torsional rigidity and better control the vehicle's weight. What's more, the suspension was tuned to exacting standards with stiffer stabilisers, quicker spring rates, and improvements like stiffer pillow ball bushings. This expertly balances stiffness and compliance to create immediate response and an unprecedented connection between driver, car and the road.

ACTIVE TORQUE VECTORING

This technology helps make handling more precise, whilst allowing you to push your vehicle closer to the limit. As you enter a corner and lateral g-forces take hold, the system can route power to select wheels to help you keep your intended line. This means your WRX or WRX STI responds to your steering input more immediately and more engagingly.

*1 Fuel consumption and CO₂ emissions: according to ECE R101-01.

*2 Available only on Sport Lineartronic model.

THE CONFIDENCE YOU NEED TO SEEK THE EXCITEMENT YOU DESIRE.

As you take the WRX and WRX STI to the edge, you'll have the peace of mind of knowing Subaru has given it exceptional safety characteristics. This includes the protection of a more resilient Ring-shaped Reinforcement Frame and driver's-side knee airbag. With the assistance of Multi-mode Vehicle Dynamics Control featuring Active Torque Vectoring, your vehicle can aid you in avoiding danger before it strikes. And your power to avoid it is enhanced by the one-of-a-kind poise and grip of Symmetrical All-Wheel Drive.

PASSIVE SAFETY

SRS*1 Airbags

The WRX and WRX STI offer front SRS*1 airbags, front-side and curtain SRS*1 airbags, and a knee SRS*1 airbag that helps protect the driver's lower extremities.

Ring-shaped Reinforcement Frame

The Ring-shaped Reinforcement Frame strengthens the passenger cabin from the roof to the doors, pillars, and floor. This design works to divert and dissipate impact energy away from the occupants in a collision. It also contributes to strengthening and lightening the chassis, leading to greater reinforced protection.

Whiplash-reducing Front Seats

The WRX and WRX STI feature whiplash-reducing front seats and energy-absorbing head restraints that can help better protect front occupants from injury during a rear collision.

Cabin-protecting Layout

Every Subaru goes above and beyond common practice when it comes to your safety. In the event of a head-on collision, your WRX or WRX STI's SUBARU BOXER engine and gearbox are designed to avoid rushing into the cabin for your protection.

ACTIVE SAFETY

Advanced Safety Package: Subaru Rear Vehicle Detection (SRVD)*2

Subaru Rear Vehicle Detection (SRVD) uses sensors placed around the vehicle to alert you of vehicles in your rear blind spots for safer lane changes, and can also warn you of potential collision danger, whilst driving in reverse into a street with cross traffic.

Advanced Safety Package: High Beam Assist (HBA)*2

For increased awareness and visibility, the WRX and WRX STI feature High Beam Assist (HBA). HBA can automatically toggle between high and low beams depending on road conditions such as speed and oncoming traffic, enhancing visibility.

Multi-mode Vehicle Dynamics Control System

Multi-mode Vehicle Dynamics Control System helps protect you from a detected loss of control whilst offering three distinct modes for flexible performance. Normal Mode fully engages the system. Change to Traction Mode to raise the threshold for intervention, thereby allowing you to maximise your control and the torque delivered to the wheels. You can even select Off Mode to deactivate Vehicle Dynamics Control.

Brakes

The WRX and WRX STI feature technologies that improve braking, and your safety. Brake Assist helps you fully engage the brakes in an emergency. Brake Override can help you avoid a potential hazard by overriding the gas pedal input if both the brake and gas pedal are pressed at the same time.

*1 SRS: Supplemental Restraint System. Effective when used in conjunction with seatbelts.
*2 The driver is always responsible for safe and attentive driving and observance of traffic regulations. Please do not depend solely on the Advanced Safety Package features for safe driving. There are limitations to the recognition features of this system. See Owner's Manual for complete details on system operation and limitations. Please ask your retailer for more details.

LED Headlamps with Auto-leveliser*1

Get maximum illumination the instant you turn these headlamps on, and the auto-leveliser will adjust the headlamps to keep them pointed at the correct angle for optimum visibility.

18-inch Aluminium-alloy Wheels (Gun Metallic)

The durable 18-inch aluminium-alloy wheels adorn the WRX with exclusive style and performance.

Rear Lip Spoiler

Seamless, sophisticated and aerodynamic, the rear lip spoiler of the WRX is integrated completely into the trunk.

Rear Diffuser and Twin Dual Tail Muffler

These enlarged tail mufflers hint at the sporty performance within.

WRX Leather Seats*1

The seat is an integral, yet often overlooked, performance part. It keeps the driver planted and centred around corners, and communicates the vehicle's dynamics to help the driver maintain control. These Leather Seats were designed with all of these traits in mind, designed to deliver confidence, control, and comfort to the driver.

Steering Wheel Mounted Audio Control Switches

With the ceiling-mounted microphone added, the available Bluetooth®*2 hands-free system automatically connects your compatible mobile phone for convenient, hands-free talking. It also enables you to wirelessly stream audio from the compatible Bluetooth®*2 music player and read your e-mails.

Aluminium Pedals

Aluminium pedals are studded with grips for more sporty driving.

Keyless Access with Push-button Start*1

Your key fob gives you easy keyless access. Simply grip the door handles to unlock them, and start the engine with a button. Even without your fob, a 5-digit PIN code can unlock the doors.

18-inch BBS Forged Aluminium-alloy Wheels (High Lustre)*1

For strength and lightness, look no further than the optional 18-inch BBS wheels. With an exclusive look, these wheels give the WRX STI the presence of a modern classic.

18-inch Aluminium-alloy Wheels (Dark Gun Metallic)

Sleek, stiff, and strong, the 18-inch aluminium-alloy wheels give the WRX STI an iconic look, with all the performance to match.

Brembo®*3 Brakes

The ultimate name in high-performance braking, Brembo®*3 produces uncompromisingly powerful brakes that can take the punishment of hard driving. Large calipers and vented discs will give you an extra level of precision and control as you take your WRX STI to the limit.

Rear Large Spoiler*1

Add more style with the aerodynamic optional Rear Large Spoiler for the WRX STI.

WRX STI Leather Seats*1

The seat is an integral, yet often overlooked, performance part. It keeps the driver planted and centred around corners, and communicates the vehicle's dynamics to help the driver maintain control. The WRX STI Leather Seats were designed with all of these traits in mind, designed to deliver confidence, control, and comfort to the driver.

Dimpled Leather-wrapped D-shaped Steering Wheel with Red Stitching

Around every corner, you'll be thankful for the WRX STI Leather-wrapped D-shaped Steering Wheel. With stylish red stitching accents, this D-shaped wheel incorporates a dimpled texture for exhilarating handling and control.

Stainless Side Sill Plates

The WRX STI is decorated with elegant and stylish Stainless Side Sill Plates that are etched with three letters that spell thrilling performance: STI.

Dual-zone Automatic Air-conditioning System

Manage airflow and temperature of the driver and passenger sides independently with the available dual climate control. A microscopic filter helps keep dust out of the cabin.

*3 Brembo is a registered trademark of Brembo S.p.A.

PERSONALISE YOUR RIDE.

Whilst every WRX and WRX STI come generously equipped, Subaru accessories are the perfect way to tailor your Subaru to your life and your style. Whether you want to add convenience, enhance functionality, or personalise your WRX or WRX STI's appearance, Subaru accessories are designed to provide the same fit and quality as your Subaru vehicle. For more details, ask for the accessory brochure, or visit your nearest Subaru dealer.
