

WRX/WRX STI

2017

Confidence in Motion

WRX / WRX STI

HOLD NOTHING BACK.

WRX / WRX STI®

LIVE TO DRIVE. DRIVE TO LIVE.

From the moment you first fire one up, both the WRX and WRX STI all but beg you to let them loose on whatever curvy stretch of asphalt you can find. The rigid, strong chassis gives you the kind of controllability you need to get the most of every bit of ferocious grip coming from the exceptionally balanced Symmetrical AWD drivetrain. The suspension makes it all possible, with stiff anti-roll bars, performance-tuned shock dampening and spring-rates, and available 18" aluminum-alloy wheels with inverted front struts. It's an enviable suspension set-up—4-wheel independent suspension with aluminum front lower control arms, and double wishbone rear suspension. Altogether, this results in minimal body roll, which translates to more confidence, better control, and increased grip under hard cornering. The WRX STI also features the Multi-mode Driver Controlled Centre Differential (DCCD), which allows you to tailor the torque split between the front and rear wheels.

WRX

**FOR SOME,
THE ROAD IS AN OBSTACLE.
FOR OTHERS,
IT'S A PLAYGROUND.**

Exhilarating agility. Breathtaking performance. If it were any more fun, you'd have to charge admission. With handling made exceptionally precise by the control of Subaru Symmetrical Full-Time All-Wheel Drive and surprising versatility, it will make you see the world in a whole new way. The only thing the WRX won't do is let you take your eyes off it or forget the way it makes you feel.

WRX STI®

**UNFILTERED,
UNCENSORED AND
UNADULTERATED.
IN OTHER WORDS,
JUST RIGHT.**

For fans of motorsports worldwide, it takes just three letters to spell thrilling performance: STI. The WRX STI offers sophisticated styling, while its hood scoop and available dramatic, downforce-generating rear spoiler leave no question about what it is or what it's built for. Beneath the surface, it generates performance that's focused, exciting and invigorating.

WRX

YOU SHOULD ALWAYS BE THE CENTRE OF ATTENTION.

The cockpit design of the WRX defines driver-centric. As you grip the thick, leather-wrapped D-shaped steering wheel, and settle into the deeply bolstered seats, you'll immediately feel the vehicle's focus on handling. And you won't have to focus on much else. Thanks to Siri® Voice Recognition,^{1,2} you can make hands-free calls, play music, check emails and search the web. SUBARU STARLINK™ in-vehicle technology gives you easy access to Aha™ radio, and connects via Bluetooth® or a USB port to both Android™ and Apple® smartphones.³ For commercial-free music, news, sports and entertainment, add SiriusXM®⁴ to your WRX for 130+ channels of premium audio content that's available in many remote areas. You can dial up your audio even more with the available 440-watt premium audio system with 9 Harman Kardon®⁵ speakers.

WRX STI

DESIGNED TO LET YOUR INSTINCTS TAKE THE LEAD.

The racer's touch is apparent when you settle into the STI's bolstered, Alcantara[®]⁶-lined performance-design front seats and grip the leather-wrapped flat-bottom sport steering wheel, grab the shift knob and get ready to go. For such a serious performance car, you may be surprised to know the STI has ample cargo space, as well as standard STARLINK™ in-vehicle technology for easy access to Aha™ radio, when connected via Bluetooth® or a USB port to either Android™ or Apple® smartphone.³ And with Siri® Voice Recognition,^{1,2} you can focus on the road while you make hands-free calls, play music, check emails, and search the web. For digital-quality content that's available coast to coast, listen to SiriusXM[®]⁴ for 130+ channels of commercial-free music, news and entertainment.

1 Siri-compatible Apple product (iPhone, iPad, iPod touch, etc.) required. 2 Available on Sport-Tech models. 3 Compatible smartphone and application required. For application to operate, latest version of the application is required. Data provided by smartphone is displayed on the audio system screen. Some provinces prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. 4 Activation and required monthly subscription sold separately. Includes 3-month trial subscription. See your retailer. 5 Harman Kardon is a registered trademark of HARMAN International Industries, Inc. 6 Alcantara is a registered trademark of Alcantara S.p.A.

SUBARU SYMMETRICAL FULL-TIME AWD

**BUILT FOR DRIVERS.
DRIVEN TO BE AMAZING.**

No other car drives like it, because nothing else is built like it. Every Subaru is engineered with a deep commitment to you as a driver. Each has the power to put your mind at ease, and to enhance every aspect of your driving experience.

The engineering insights that make a vehicle a Subaru make it reassuring, more versatile and more exciting. That's why, among other advanced performance technologies, the WRX and WRX STI are built with our unique Subaru Symmetrical Full-Time All-Wheel Drive system at their core. As its balanced, low-centre-of-gravity drivetrain bites the pavement with all four wheels, acceleration intensifies, your confidence expands, and every corner ignites a new passion for driving.

WRX / WRX STI®

WRX / WRX STI PERFORMANCE TECHNOLOGY DEVELOPMENT

2.0-LITRE DIRECT INJECTION TURBO SUBARU BOXER® ENGINE

WRX

MAX OUTPUT:
268 hp @ 5600 rpm

MAX TORQUE:
258 lb·ft @ 2000-5200 rpm

The engine of the WRX gives you more of everything. More efficiency—advanced direct injection technology extracts power from every last drop of fuel, giving the WRX surprisingly good fuel economy. More power—peak torque comes on more quickly for responsiveness that is easily accessible in any driving environment. More enjoyment—with the WRX, you can enjoy high-performance without the costs of high fuel consumption.

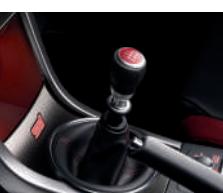

6-SPEED MANUAL TRANSMISSION

WRX

STI

Subaru WRX

Subaru WRX STI

With its short-throw, smooth and direct action, and leather-wrapped shift knob, shifting the 6-speed manual transmission lets you savour every sweep of the glowing red tachometer needle. And the 6-speed manual transmission equipped with DCCD in the WRX STI features close-ratio gearing, ratcheting up its performance potential even further.

2.5-LITRE DOHC TURBO SUBARU BOXER® ENGINE

STI

MAX OUTPUT:
305 hp @ 6000 rpm

MAX TORQUE:
290 lb·ft @ 4000 rpm

Few motors have the same reputation for pure excitement on any road as the 2.5-litre turbo of the WRX STI. It flawlessly fuses raw power with total poise as its turbo spools almost instantaneously and unleashes power for intense acceleration. Proven over the years, its performance has been made only more thrilling.

SPORT LINEARTRONIC™ TRANSMISSION

WRX

Sport Lineartronic™

Paddle Shifters

The efficiency-enhancing Sport Lineartronic™ Transmission keeps the engine in the perfect rev range to minimize fuel consumption. Paddle shifters provide a manual mode with 6 steps when SI-DRIVE is placed in Intelligent or Sport Mode, and 8 when you put it in Sport Sharp. It's also paired with Variable Torque Distribution (VTD) AWD, which distributes the engine's torque to all four wheels, while focusing on the rear wheels for a sporty feel.

WRX : Available on WRX

STI : Available on WRX STI

ACTIVE TORQUE VECTORING

WRX STI

This technology helps make handling more precise, while allowing you to push your vehicle closer to the limit. As you enter a corner and lateral g-forces take hold, the system applies braking force to the inside front wheel to help you keep your intended line. This means your WRX or WRX STI responds to your steering inputs more immediately and more engagingly.

SPORT-TUNED CHASSIS

WRX STI

Years of heated competition, extensive testing and advances in materials and engineering have been channeled into the chassis designs for the WRX and WRX STI. Exceptional stability and lightning-quick response were central to this development, as high-tensile steel was employed throughout the frame to increase its torsional rigidity and better control the vehicle's weight. What's more, the suspension was performance-tuned with large stabilizers, stiff spring-rates, and pillow ball bushings, all optimized for high-speed handling. This expertly balances stiffness and compliance to create immediate response and an unprecedented connection between driver, car and the road.

WRX / WRX STI CUSTOMIZABLE DRIVING ENVIRONMENT

SI-DRIVE

WRX STI

Manual Transmission

Sport Lineartronic™

Subaru Intelligent Drive (SI-DRIVE) lets you adapt the driving character of the WRX¹ or the WRX STI to your needs or desires. While in Intelligent Mode [I], acceleration is smooth with an eye toward optimal efficiency. Select Sport Mode [S] for linear response and versatile command of every condition. To extract the maximum response from the turbocharged engine, switch to Sport Sharp Mode [S#]. It gives you the most direct throttle response and precise rev control across the entire rpm range.

SPORT GAUGES WITH LCD DISPLAY

WRX STI

The vital driving information you need is only a glance away with these crisp, easy-to-read gauges. Fire up your WRX or WRX STI and the needles perform a full sweep to get you ready for the drive. A 3.5-inch LCD display located in the centre of the array can be customized to put the information you desire right in your direct field of view.

COLOUR MULTIFUNCTION DISPLAY

WRX STI

Positioned to be clearly visible with minimal distraction as you drive, this display shows you a variety of information that puts you in touch with your vehicle. It can even show a digital boost gauge that lets you keep tabs on your turbocharger.

MULTI-MODE DCCD

STI

The Driver Controlled Centre Differential (DCCD) allows you to dial in the centre differential locking of the WRX STI by choosing how torque is distributed to the front and rear wheels, thereby shaping its handling. Auto Mode finds the ideal power distribution for changing conditions, while Auto [+] keeps more power up front for increased traction. Auto [-] puts more power to the rear for tighter cornering, and the six-step Manual Mode lets you lock in your preferred handling characteristics.

MULTI-MODE VDC

WRX STI

Multi-mode Vehicle Dynamics Control (VDC) helps protect you from a detected loss of control while offering three distinct modes for flexible performance. Normal Mode fully engages the system. Change to Traction Mode to raise the threshold for intervention, thereby allowing you to maximize your control and the torque delivered to the wheels. You can even select Off Mode to deactivate Vehicle Dynamics Control.

ADVANCED BRAKING

WRX STI

Both the WRX and WRX STI feature technologies that improve braking and your safety. Brake Assist helps you fully engage the brakes in an emergency, while the Brake Override feature can help you avoid unintended acceleration if both the brake and gas pedal are pressed at the same time by overriding the gas pedal input.

AIRBAGS

WRX STI

The WRX and WRX STI offer front SRS² airbags, front-side and curtain SRS² airbags, and a knee airbag,² which helps protect the driver's lower extremities.

BREMBO[®] BRAKES

STI

The ultimate name in high-performance braking, Brembo[®]³ produces uncompromisingly powerful brakes that can take the punishment of hard driving. Large calipers and vented discs will give you an extra level of precision and control as you take your WRX STI to the limit.

1 Available only with Sport LineartronicTM Transmission on WRX models. 2 SRS: Supplemental Restraint System. Effective when used in conjunction with seatbelts. 3 Brembo is a registered trademark of Brembo S.p.A.

2017 WRX / WRX STI | Trim Levels

WRX

- 268-hp turbocharged 2.0-litre DIT 4-cylinder SUBARU BOXER® engine
- Subaru Symmetrical Full-Time All-Wheel Drive
- 6-speed manual transmission or optional Sport Lineartronic™ Transmission with paddle shifters
- Sport-tuned suspension
- 10-spoke 17 x 8.0-inch dark gunmetal aluminum-alloy wheels
- Aluminum pedals
- D-shaped leather-wrapped steering wheel
- Colour multifunction display
- 6.2-inch Infotainment System: AM/FM/CD/MP3/WMA audio system with high-resolution touchscreen display, STARLINK™ smartphone integration (including Aha™ radio),³ 6 speakers, USB port/iPod⁴ control, auxiliary audio input, steering wheel-integrated controls, Bluetooth⁵ mobile phone connectivity with voice activation and Bluetooth⁶ streaming audio, and SiriusXM® Satellite Radio⁶
- Shark fin body-colour antenna
- Automatic climate control
- Cloth upholstery
- Heated seats
- Rearview Camera

WRX Sport

Includes WRX key features and adds:

- 8-way power adjustable driver's seat
- Trunk lip spoiler
- Power tilting and sliding glass sunroof
- LED headlights
- Fog lights
- Auto-on/off headlights
- Welcome lighting
- Body-colour side mirrors with integrated turn signals
- Subaru Rear/Side Vehicle Detection (SRVD)

WRX Sport-tech

Includes WRX Sport key features and adds:

- 18 x 8.5-inch dark gunmetal, Enkei cast aluminum-alloy wheels. Multi-spoke design.
- 7-inch Infotainment System with Navigation: AM/FM/CD/MP3/WMA audio system with high-resolution capacitive touchscreen display with GPS navigation system, STARLINK™ smartphone integration (including Aha™ radio),³ Siri® Voice Recognition,⁷ dual USB port/iPod⁴ control, auxiliary audio input, SMS text messaging capability, Bluetooth⁵ mobile phone connectivity with voice activation and Bluetooth⁶ streaming audio, and SiriusXM® Satellite Radio⁶ with Advanced Audio Features, SiriusXM® Traffic⁶ and Travel Link⁸ (Optional Services)
- 9-speaker, 440-watt Harman Kardon[®] audio system
- Leather-trimmed upholstery
- Proximity Key with Push-button Start
- SUBARU Map Update Program

WRX STI

Subaru Warranties

Every Subaru vehicle is designed and built to offer our customers the highest possible level of quality and reliability. We are proud of our vehicles and proud to stand behind them with a comprehensive warranty. For 2017 model year vehicles, the warranty on all Subaru vehicles consists of the following:

New Vehicle Limited Warranty (36 month/60,000 km) – Covers basic and major components for 36 months or 60,000 km.

Major Component Limited Warranty (60 month/100,000 km) – Extends coverage of major components (more than just powertrain) up to 60 months or 100,000 km.

Surface Corrosion Limited Warranty (36 month/60,000 km) – Covers surface corrosion to visible painted body panels for 36 months or 60,000 km.

Anti-Perforation Limited Warranty (60 month/unlimited km) – Covers perforation due to corrosion to body sheet metal panels for 60 months, regardless of kilometres.

Emission Control System Limited Warranty – Covers some emissions components for 36 months or 60,000 km and the major parts of the emission control system for 96 months or 130,000 km.

Parts and Accessories Limited Warranty – Covers Subaru parts and accessories installed by the retailer prior to retail delivery of the vehicle for 36 months or 60,000 km, and Subaru parts and accessories installed by the retailer after the retail delivery of the vehicle for 12 months or 20,000 km from the date of the installation.

The above information is an overview of warranty coverage and is not a warranty statement. If you wish to see more details regarding Subaru warranties, please refer to your Subaru warranty booklet, contact your local retailer or visit our Web site at subaru.ca.

Subaru 360 C.A.R.E. Program (36 months/unlimited km)

Access to dedicated Subaru 360 C.A.R.E. (Customer Assistance for Roadside Emergencies) Roadside Assistance Services, which includes access to 1,000 CAA and AAA offices throughout Canada and the United States. In addition to towing, coverage also includes Fuel Delivery, Battery Boost, Flat Tire Service, Lock-Out Service, Trip Accident & Mechanical Breakdown Assistance Service, Winching and Extrication Service, Personalized Trip Planning and Routing, Theft and Hit-and-Run Reward, and Arrest Bond Certificate.

The above information is an overview of services. If you wish to see more details regarding Subaru 360 C.A.R.E., please visit our Web site at subaru.ca.

Subaru Protection Plan

As a Subaru owner, you have expectations for a pleasurable, trouble-free ownership experience – now and into the future. Once your 36-month/60,000-km New Vehicle Limited Warranty period ends,¹ our Subaru Protection Plan (SPP) – the only vehicle service contract endorsed by Subaru Canada for Subaru vehicles – can prolong your hassle-free ownership experience with three levels of extended service contract coverage tailored to your needs: Powertrain Protection; Major Protection; or Complete Protection (best level of coverage to complement the 60-month/100,000-km Major Component Limited Warranty). SPP offers comprehensive mechanical and electrical coverage and a number of additional features and benefits, such as Roadside Assistance and Alternate Transportation, for up to 7 years or 160,000 kilometres from your vehicle's in-service date. Whether your vehicle is purchased or leased, SPP protects you and your investment. Be sure to ask your retailer for details or visit subaru.ca.

¹ If you already own a Subaru vehicle and it is still within the 36-month/60,000-km New Vehicle Limited Warranty period, you are still eligible for SPP.

Subaru vehicles are uniquely designed to get out there more and to leave less behind. We build our vehicles for maximum longevity because more time spent on the road equals less time spent in junkyards and landfills. Fully 98% of our vehicles sold in Canada over the last 10 years are still on the road today.¹ You'll also find very little waste created in the production of a Subaru—many of our vehicles are built in the Subaru of Indiana Automotive, Inc., (SIA) factory, which was the first manufacturing facility in the U.S. to achieve zero-landfill status. Other Subaru facilities around the world now achieve similar goals in helping to preserve the environment. Respect for our surroundings is yet another way that Subaru vehicles help to build driver confidence for the road ahead.

1 Based on IHS Automotive: Polk Canadian vehicles in operation and new registrations MY 2006–2015 as of June 30, 2015. Actual longevity of any car will vary based upon operating conditions.

www.subaru.ca

The Supplemental Restraint System (SRS airbags) affords the driver and passenger additional protection in some collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment. The combination of SRS and seatbelts provides the best protection in a serious accident. All illustrations, specifications, features and photographs contained in this brochure are based on product information available at the time of its printing, and may not be completely accurate following its publication.
