

SUBARU XV

SUBARU

Confidence in Motion

THEY SAY, ONCE A SUBARU OWNER...

...always a Subaru owner. And, when you've driven one you'll understand why. By powering a permanent, symmetrical All-Wheel Drive (AWD) system with its renowned, low-centre of gravity BOXER engines, Subaru is the only manufacturer that has successfully created a range of vehicles that combine the comfort, stability and safety of a prestigious on-road marque, with the traction, control and remarkable off-road agility of a full-blown 4x4. The SUBARU XV is a compact crossover that's at home in the town and country and makes full use of Subaru's unique capabilities.

THE NO SURPRISE PACKAGE

Compact yet deceptively spacious. Powerful but fuel-efficient. The SUBARU XV features the DOHC SUBARU BOXER engine and All-Wheel Drive. Its low centre of gravity combined with a high ground clearance give it excellent off-road ability. Ensuring it can cope with extreme conditions. On any surface. With no nasty surprises.

It's this unique combination of presence, power and poise that makes the SUBARU XV compact crossover such a great performer. On all road surfaces. In all weathers. In the town or countryside.

With an elevated driving position, and one of the highest ground clearances in its class, it affords great driver visibility and stability, which is perfect for rural or semi-rural living. Or serious outdoor activities.

On mud. Grass. Tarmac or gravel. In rain. Sleet. Snow and ice. To school. To work. The shops or the paddock. The SUBARU XV will give you the confidence and the capability to go anywhere. At anytime. In comfort and safety. On your own. Or with the whole family.

THE XV

NOW WITH ADDED FLAIR.

Neither too big, nor too small. Never too flashy. Never too dull. It gets your attention but doesn't steal the spotlight. It's daring and unassuming at the same time. Styled with both form and function in mind, the SUBARU XV is ready to make a bold impression.

1 | EXTENDED WHEEL ARCHES

Make your mark - the athletic extended wheel arches set the SUBARU XV apart with a look that's street-smart, rugged, and ready for anything.

2 | 17-INCH ALUMINIUM WHEELS

The SUBARU XV comes with a set of stylish 17-inch hoops with a look unlike anything else out there. They'll look good around town, in the dirt, or at the local point-to-point.

3 | REAR COMBINATION LAMP

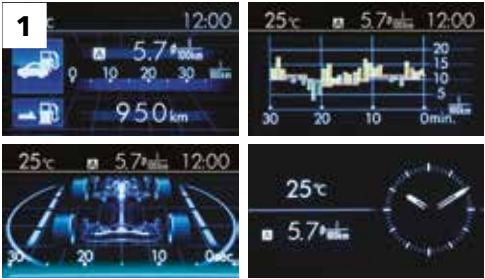

Re-designed for maximum functionality and optimum visibility the rear combination cluster manages to be both stylishly subtle and eye-catching. At the same time.

'SMART'

DOESN'T DO IT JUSTICE.

Though somewhat rugged on the outside, the SUBARU XV has a well-cultivated inner-geek. Like your smartphone, the SUBARU XV is always on standby, ready to crunch numbers, manage playlists, and navigate to destinations at your command.

1 MULTIFUNCTION DISPLAY

Need information? This display shows you time, temperature, self-check maintenance alerts, and safety information such as Vehicle Dynamics Control monitoring. Track your fuel consumption so you can be kinder to mother nature on your epic road trips.

2 TOUCHSCREEN CONTROL

The touchscreen is a simple and intuitive way to select your music, just as you would on your smartphone. Simply connect your smartphone through Bluetooth®*1 or the USB port, and you can choose your music using the touchscreen.

3 VOICE RECOGNITION*2

Intuitive Voice Recognition can understand complete sentences and phrases to enter and interact with navigation, hands-free telephone and audio systems for added ease in every drive.

*1 Bluetooth is a registered trademark of Bluetooth SIG, Inc. America.
*2 Voice Recognition is compatible with select languages only and cannot accept all languages.

4 SUBARU STARLINK^{*1}

The SUBARU STARLINK system grants safe access to internet and DAB radio, apps and more via an available capacitive touchscreen, multifunction steering switch or voice commands.

5 6-SPEAKER PREMIUM AUDIO

Let your music come alive with the powerful speakers tuned for the SUBARU XV's acoustics, resulting in a rich sound that enraptures the senses. The audio system features USB input, Bluetooth^{®*2} hands-free calling, and two additional speakers integrated into the instrument panel, which further accentuate the mids and highs for a fuller sound.

6 BLUETOOTH^{®*1*2}

With the ceiling-mounted microphone added, the available Bluetooth^{®*2} hands-free system automatically connects your compatible mobile phone for convenient, hands-free talking. It also enables you to wirelessly stream audio from the compatible Bluetooth^{®*2} music player and read your emails and SMS messages.

7 ILLUMINATED METER

An illumination on the speedometer helps improve visibility. Plus the LCD centre display is linked to the SUBARU STARLINK infotainment system and shows helpful information like digital speed meter and even a driving time.

8 REAR VISION CAMERA SYSTEM

Enjoy the ability to manoeuvre the SUBARU XV in tight city spaces with ease using the Rear Vision Camera System. When the driver shifts into reverse, the camera displays a live colour image on SUBARU XV's in-dash display, along with guidelines to assist in parking manoeuvres.

9 NAVIGATION SYSTEM^{*3}

To help you find your way through the urban maze, the SUBARU XV's navigation system provides fast and accurate guidance. As well as providing user programmed A to B directions, it also reacts to live traffic updates and reroutes around jams or hold ups as necessary. The high-quality display pinpoints your location whilst providing information like maintenance data or SMS texts from your mobile phone via Bluetooth^{®*2}. It will even automatically find the nearest petrol stations if you are low on fuel. Settings are changed via the convenient touchscreen or the advanced Voice Recognition system, that lets you operate the system even in different languages.

^{*1} Driver is always responsible for safe and attentive driving. Please refrain from operating the touchscreen whilst driving. Subject to phone compatibility/connectivity.
^{*2} Bluetooth is a registered trademark of Bluetooth SIG, Inc. America.
^{*3} Standard on 2.0i SE Premium and 2.0D SE Premium.

COMFORTABLE

CONVENIENT. CONNECTED.

Your space, your world. Cosy, connected and convenient. It's your very own rolling clubhouse.

1 MORE COMFORT FOR EVERYONE

The SUBARU XV features many innovations to put you and your passengers at ease. The seats are thoughtfully designed for long-term comfort with supportive, vibration-absorbing cushioning. For a better, more confident view of the road, it has an elevated hip point. And you'll find convenient touches easily at hand, like a smartly sliding centre armrest, and angle-adjustable headrests.

2 ENTERTAINMENT THAT MAKES AN INSTANT CONNECTION

Play your soundtrack, all the time. Plug in your iPod*¹ or other portable music player to the standard AUX or optional 2 USB input jacks and listen to your favourite MP3 or WMA*² tunes through the robust SUBARU XV audio system. In addition, voice commands enable you to search your music and access other commands.

3 INSPIRATION COMES IN ALL SIZES

There are big ideas for life's little things, too. Pockets in each door include bottle holders to keep yourself refreshed. The centre console includes cup holders, a tray and a padded armrest that opens to reveal added storage and a 12V power outlet.

*1 Apple, iPhone and iPod are registered trademarks of Apple Inc.
*2 WMA: WMA is a trademark of Microsoft Corporation in the United States and/or other countries.

LOCK AND LOAD

The SUBARU XV craves challenges and embraces adversity. With a cargo area that is increased by folding the 60/40 split rear seats down individually or together, the SUBARU XV has the capability to help you bring what you need. Fully loaded with passengers, or packed with all your gear, the SUBARU XV is ready to roll.

VERSATILE CAPACITY

The SUBARU XV can carry five passengers and pack five carry-on suitcases at the same time. The 60/40 split rear seats mean the SUBARU XV has the versatility to hold a rear occupant and a bike at the same time. With 1,270 litres of cargo volume*, a nearly square rear gate and flat-folding rear seats, it'll take on your latest urban or outdoor excursion with ease.

*Measured by VDA (V214). Without sunroof.

THE KEY TO TRACTION AND CONTROL.

When you drive the SUBARU XV, there's little that can stop you from having a good time. That's because the SUBARU XV gives you the high ground clearance of an SUV, the low centre of gravity and balance of a sports sedan, and Symmetrical AWD. Matched to the SUBARU BOXER engine for a near-perfect symmetrical layout, it delivers gratifying power with exceptional traction, providing balance and stability for total control in ever-shifting road conditions. The result is a vehicle that gives you peace of mind and confidence like no other - this is the essence of the Subaru driving experience. And why we say Subaru is 'Confidence in Motion'.

LINEARTRONIC + ACTIVE TORQUE SPLIT AWD

The SUBARU XV achieves exciting levels of response and efficiency with Lineartronic Continuously Variable Transmission. This compact and lightweight transmission dramatically improves fuel efficiency by keeping the engine in its optimal rev range, and preserving momentum that's often lost during a gearshift. Working in unison with Lineartronic, Active Torque Split AWD sends 60 percent of its torque to the front wheels, and 40 percent to the rear wheels under normal conditions. When conditions are more demanding, the system reacts in real-time by adjusting the front and rear wheel torque distribution as well as the transmission. This further increases the stability of the AWD system to deliver a safe and agile driving experience.

6-SPEED MANUAL TRANSMISSION + VISCOUS

Geared for exciting response and control, the 6-speed manual transmission enables you to define your own driving style. Featuring Hill Start Assist to help you avoid rolling when starting on a hill. The gearbox is paired with an AWD system utilising a viscous limited-slip centre differential (LSD). Whenever the balance of traction changes, the LSD instantaneously redistributes the torque to the front and rear wheels as needed.

AUTO START STOP*

Achieve higher efficiency without compromise. This system minimises wasted fuel when standing still by turning off the engine during idling. When traffic starts to move, let off the brake pedal and the engine re-engages in 0.35 seconds. The transition's so quick and seamless that you'll hardly notice it working - even in stop-and-go traffic.

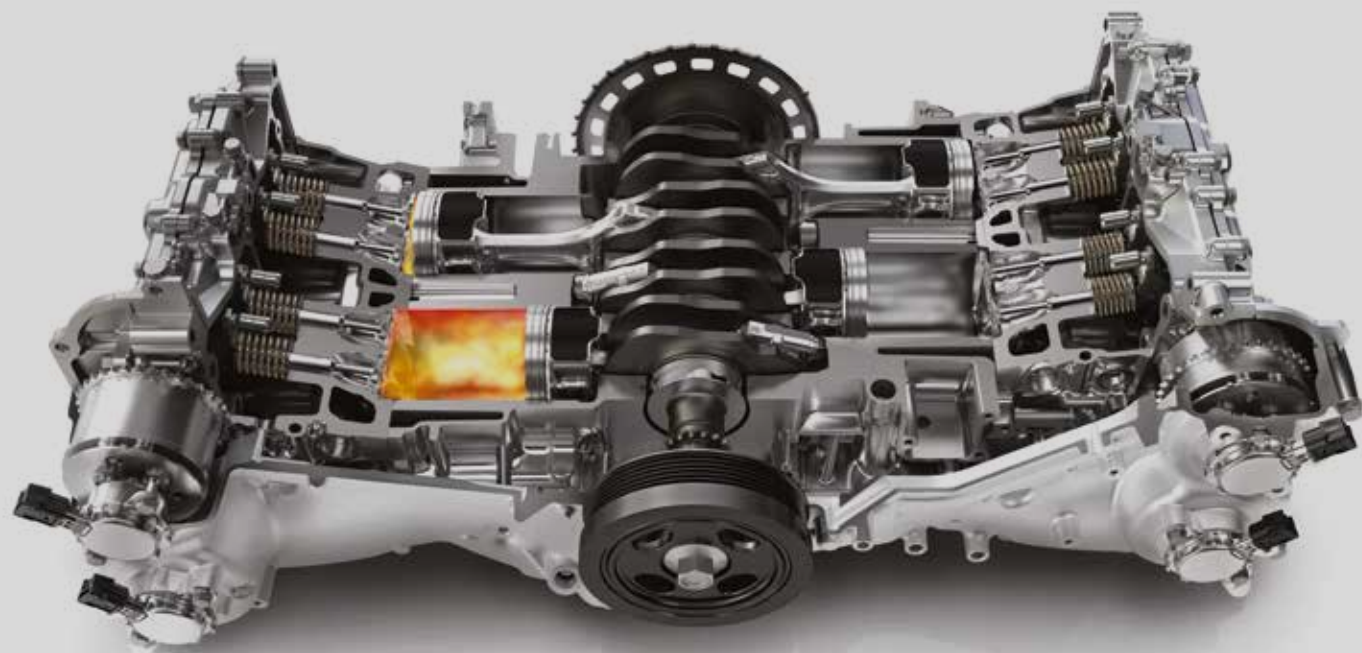

FRONT SUSPENSION

Blending sporty handling with a comfortable ride, the SUBARU XV's suspension is fine-tuned for everyday enjoyment. In the front, the rigid struts enhance responsiveness and give the steering an accurate and connected feel. A thicker front stabiliser bar ensures flatter cornering and better control for a more confident and linear feel.

REAR SUSPENSION

The refined rear suspension will provoke your passion for driving. The taut double wishbone rear suspension handles rough roads and sharp corners with poise and precision, giving you the rotation and response you want for an exciting ride. Pillow ball bushings optimise tyre contact for better traction and a more intimate connection to the road.

* Standard on petrol models.

IT'S ALL ABOUT POWER AND POISE.

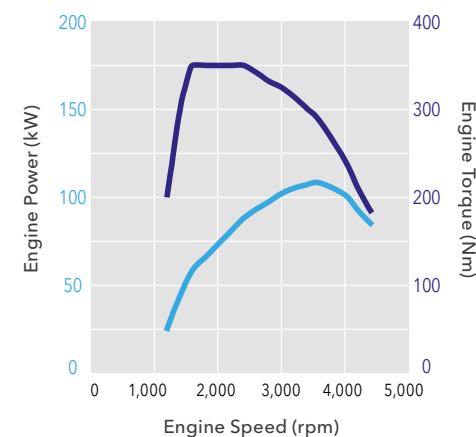

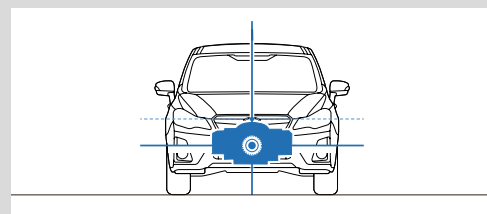

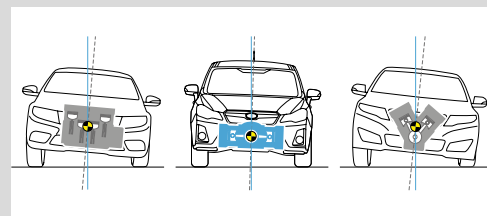

Few cars deliver the thrilling eagerness and spontaneity of the SUBARU XV. It's achieved with the horizontally opposed SUBARU BOXER engine, which places the pistons 180 degrees apart for a lower, flatter profile compared to other engine types. This gives the powerplant - and by extension the whole car - a lower centre of gravity and more balanced weight distribution. In addition, the pistons' opposing movements counteract each other, which naturally reduces vibration.

LONG-LASTING PERFORMANCE

The engine's flat design is inherently rigid and self-balancing, generating less vibration than V-type or 4-cylinder in-line in the same class for durability and reliable performance.

INCREASED STABILITY

Because the engine block has a flatter profile and sits lower in the chassis, the overall vehicle is more stably balanced and resistant to side-to-side motion than other designs.

2.0-LITRE DOHC SUBARU BOXER DIESEL

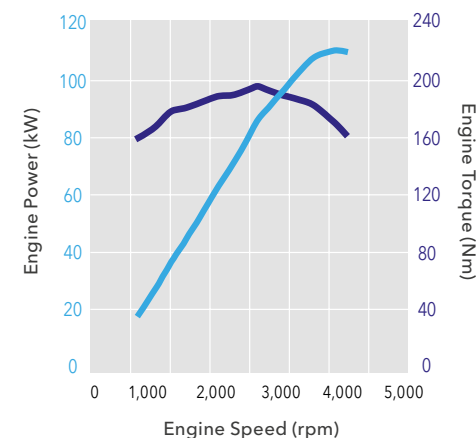

MAX OUTPUT: 147 PS/3,600 rpm

MAX TORQUE: 350 Nm/1,600-2,800 rpm

FUEL CONSUMPTION COMBINED: 5.4 lit./100 km* = 52.3 mpg*

CO₂ EMISSIONS COMBINED: 141 g/km*

Economy meets enjoyment in the fuel-efficient yet engaging 2.0-litre diesel engine. Whilst meeting the stringent standards of the EURO emissions regulations, the turbocharged powerplant delivers all of its prodigious 350 Nm of peak torque from just 1,600 rpm for brisk and refreshing performance at any speed. Horizontally-opposed pistons provide a smoothness and low levels of vibration that are exceptional for a diesel engine. Coupled with a free-flowing intake and slick six-speed manual, the SUBARU XV provides civility and responsiveness for both the surface streets and expressways.

2.0-LITRE DOHC SUBARU BOXER

MAX OUTPUT: 150 PS/6,200 rpm

MAX TORQUE: 196 Nm/4,200 rpm

FUEL CONSUMPTION COMBINED: 6.5 lit./100 km* = 43.5 mpg* (Lineartronic), 7.0 lit./100 km* = 40.4 mpg* (6MT)

CO₂ EMISSIONS COMBINED: 151 g/km* (Lineartronic), 160 g/km* (6MT)

The power to stir excitement comes from the rich and immediate response of Subaru's 2.0-litre double overhead camshaft (DOHC) petrol engine. Improved Active Valve Control System (AVCS) and an optimised intake provide a generous amount of low-end torque, ensuring you have the acceleration you need around town. That performance comes responsibly too. Cylinder-mounted injectors and lightweight pistons and connecting rods mean it's as frugal with fuel as it is clean-burning. In addition, due to its vibration-cancelling SUBARU BOXER layout, power and efficiency comes with refinement that's made for urban living.

* Fuel consumption and CO₂ emissions: According to EC715/2007-136/2014W. MPG figures are EU test figures for comparative purposes and may not reflect real driving results.

PREDICTABILITY

IN AN UNPREDICTABLE WORLD

Danger can come from any direction, especially in crowded urban environments. And because of this, every SUBARU XV is built with safety as top priority. Engineered with advanced safety technologies, it helps you stay safe on the streets, and in the case of the unpredictable, it can help protect passengers inside and even pedestrians outside of the vehicle.

The dynamic driving experience that makes the SUBARU XV fun to drive also plays a part for helping you to keep from harm. The combination of Symmetrical AWD stability, SUBARU BOXER engine's low centre of gravity, and Vehicle Dynamics Control intelligence, give you controllability behind the wheel to avoid danger.

1 VISIBILITY

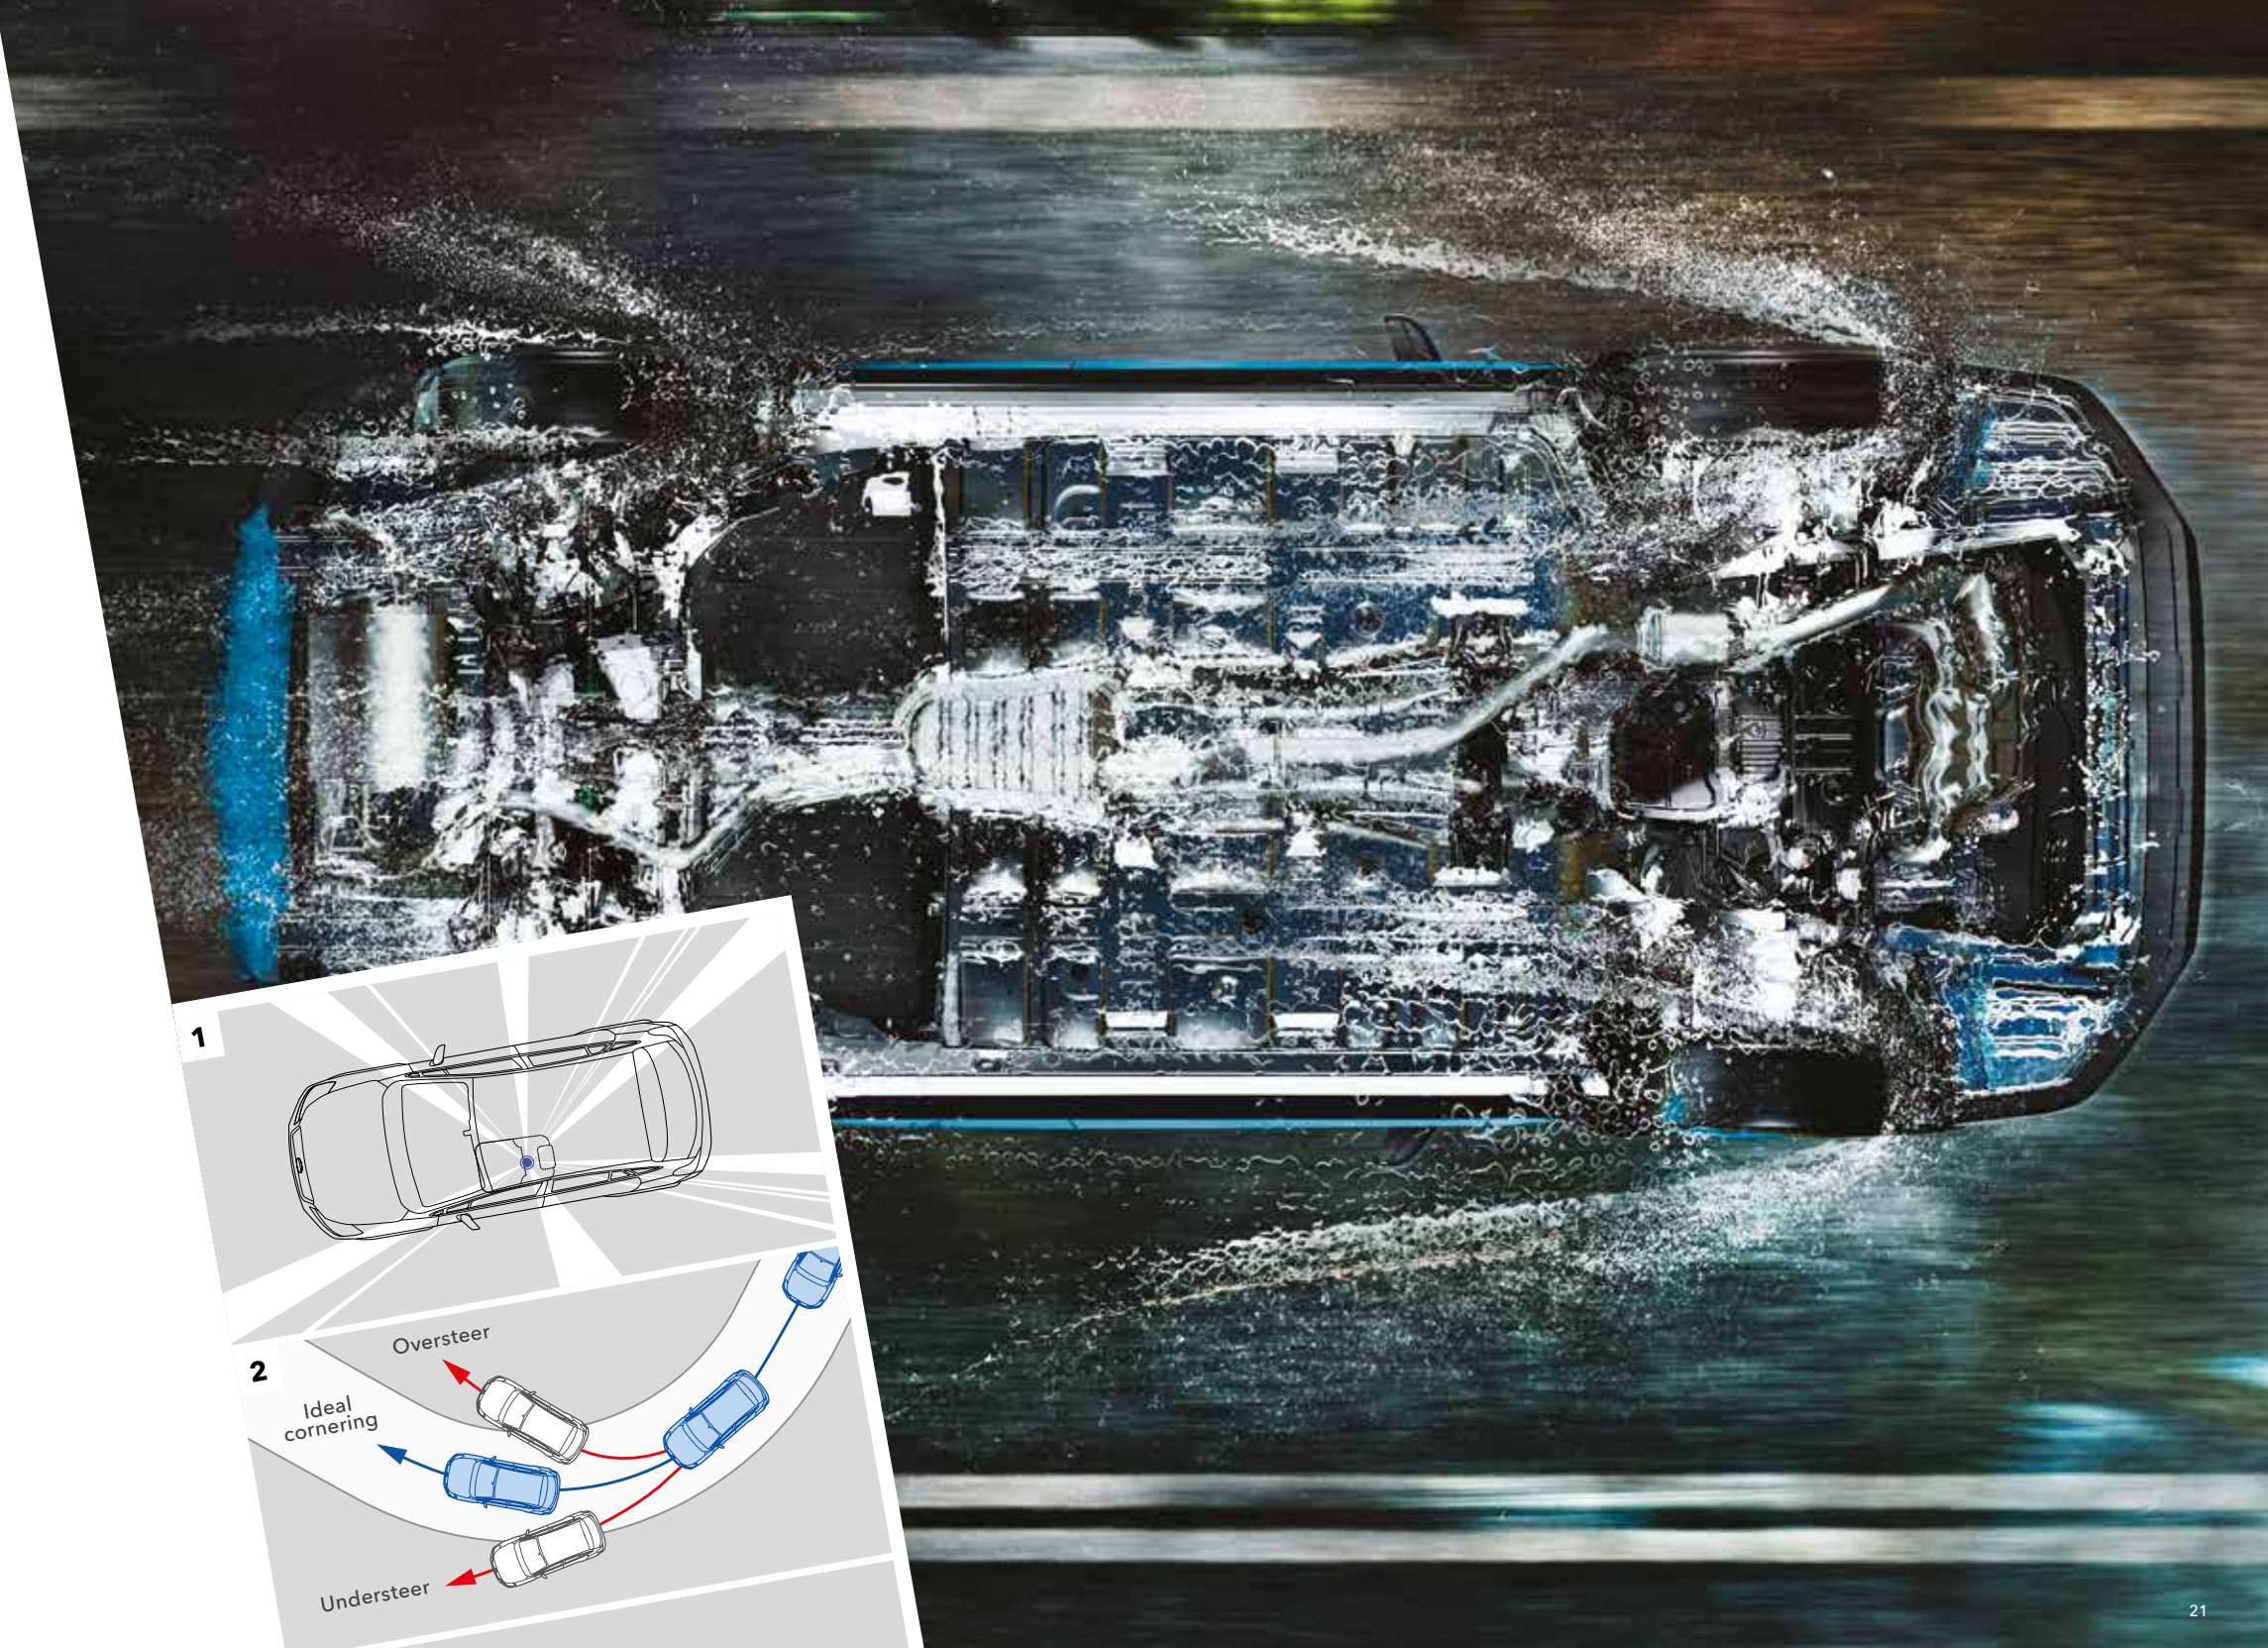

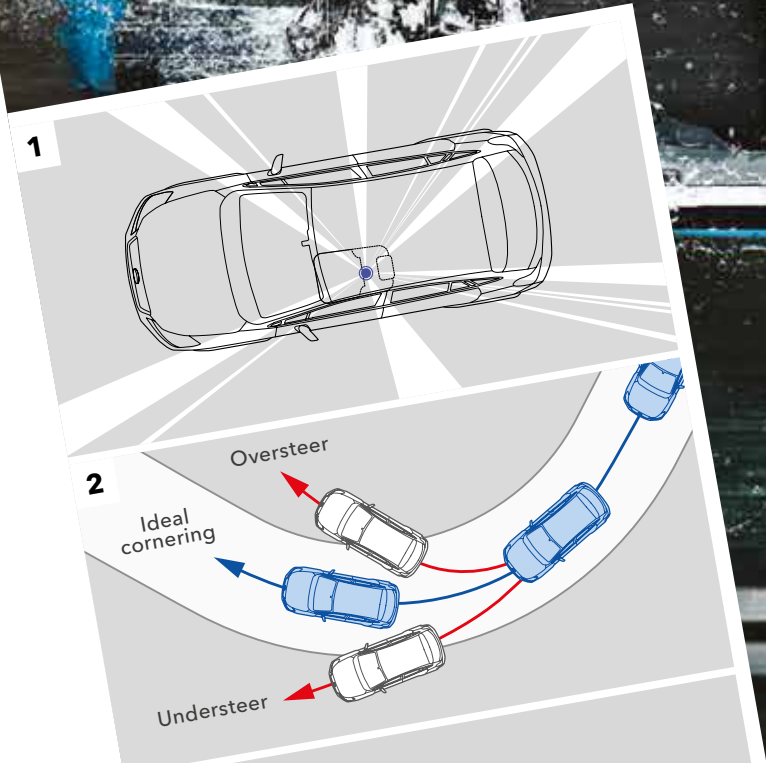

To avoid danger, you have to see it coming – and the Subaru is designed for the driver to have maximum awareness of the surroundings. The high vantage point of the SUBARU XV and dynamic cabin-forward design with its triangular window partition minimise blind spots with improved visibility. What's more, the available Rear Vision Camera System gives you an even clearer view of what's behind.

2 VEHICLE DYNAMICS CONTROL SYSTEM

Vehicle Dynamics Control System monitors and analyses if the vehicle is following the driver's intended course via an array of sensors. If the vehicle approaches the limits of stability while cornering or avoiding an obstacle, the AWD torque distribution, engine output and brakes at each wheel are adjusted to assist in keeping the vehicle on course.

BRAKING SYSTEM

With powerful disc brakes at every wheel, the SUBARU XV has braking response that's placed it in a class of its own. The standard 4-channel Antilock Braking System (ABS) prevents brake lock under hard braking and is matched with Electronic Brake-force Distribution, which reapportions the front/rear braking pressure when the vehicle is loaded. In addition, the SUBARU XV ensures maximum braking during an emergency with brake assist, which delivers higher levels of braking force when the brake pedal is applied fully or rapidly; and with brake override, which enables you to brake to a stop even if the accelerator pedal is pushed down at the same time.

1 RING-SHAPED REINFORCEMENT FRAMES

The Ring-Shaped Reinforcement Frames strengthen the passenger cabin from the roof to the doors, pillars and floor. This helps divert and dissipate impact energy away from the occupants in a collision. The frames for the SUBARU XV feature high-tensile steel designs that are strong and rigid yet light in weight.

2 CABIN-PROTECTING LAYOUT

Every Subaru goes above and beyond common practice when it comes to your safety. In the event of a head-on collision, your SUBARU XV's SUBARU BOXER engine and gearbox are designed to avoid moving into the cabin for your protection.

3 SEATS, SEATBELTS AND SRS*¹ AIRBAGS

Height-adjustable front seatbelts feature pretensioners that hold passengers firmly in place.

And the SUBARU XV features whiplash-reducing front seats and energy-absorbing head restraints that can help better protect front occupants from injury during a rear collision. Even the rear seats have been optimised for protection, with the seating position set back to reduce the effects of a side impact. Front, front-side, curtain and knee SRS*¹ airbags are standard on all models. Also, tether and ISO-FIX anchors - which don't compromise luggage room - facilitate easy installation of compatible child safety seats.

5-STAR EURO NCAP RATING

The SUBARU XV sets the standard for passenger protection. Meticulously engineered and scrutinised, it's why the SUBARU XV leads with a 5-star Euro NCAP rating*² - the highest possible for a motor vehicle.

When an accident is unavoidable, the SUBARU XV does its best to minimise injuries to you and your passengers. Technology has been infused into the design to help keep you safe. From a cabin-protecting layout that enables an engine to go under the frame in case of a frontal collision to the energy-absorbing bonnet that helps protect pedestrians, you'll find peace of mind knowing that your Subaru is ready to protect you when it has to.

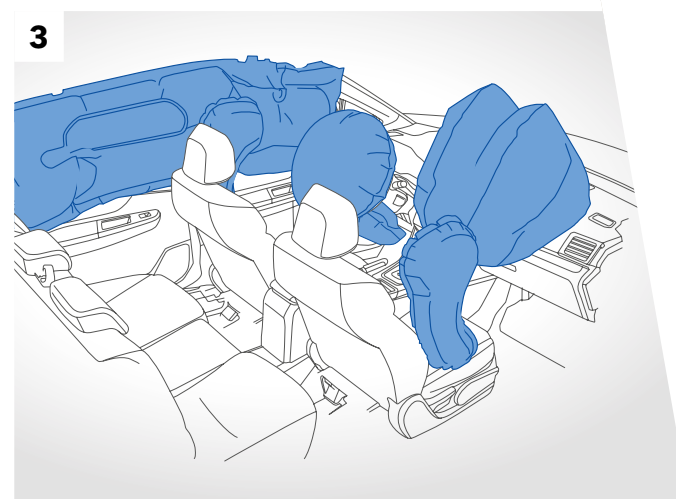

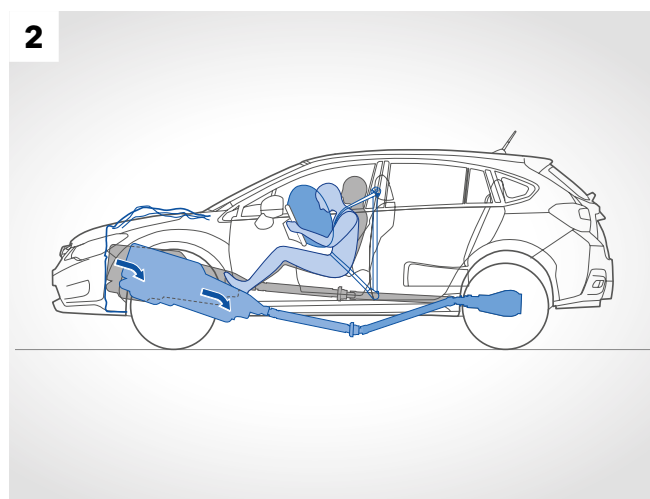

PEDESTRIAN PROTECTION

Made for the urban landscape, the SUBARU XV provides a high level of pedestrian protection. Shock-absorbing space between the bonnet and engine helps reduce pedestrian injury if an accident were to happen, as does an energy-absorbing front bumper and a specially designed area around the windshield wipers.

*1 SRS: Supplemental Restraint System. Must be used in conjunction with seatbelts.

*2 European specification SUBARU XV tested.

XV MODEL FEATURES

2.0i SE, 2.0D SE (6MT/LINEARTRONIC)

Auto on/off headlamps
HID headlamps with auto leveliser
Pop-up type headlamp washers
Front fog lamps
Rear fog lamp
Power-folding door mirrors with built-in LED turn signal
UV protection glass: Windshield, front and rear side windows
Privacy glass for rear doors, rear quarters and rear window
LED rear combination lamp
Variable intermittent windshield wipers (Designed blade)
Intermittent rear window wiper
17-inch aluminium alloy wheels
Wheel arch cladding
Roofrails
Roof end spoiler
Roof antenna
Leather wrapped steering wheel and gearshift knob
6-way manual adjustable driver's seat
Front seat heaters
60/40 split folding rear seats
Power windows*1
Remote Control Key System
Map lamps
Luggage space lamp
Vanity mirrors with lids (for driver and front passenger)
Centre tray
Centre console box
2 front cup holders (in the centre console)
Door pockets with bottle holders (on all side doors)
Interior fuel lid lock release
Two 12-volt power outlets
(in the instrument panel and centre console box)
Cargo hooks
Luggage hooks
Retractable cargo cover
Box sub-trunk (under cargo storage)
Tyre repair kit
Dual-zone automatic air-conditioning system with anti-dust filter
Heater ducts for rear passengers

Windshield wiper de-icer
Automatic rain-sensing windshield wipers
Heated door mirrors
Front and side defrosters
Heated rear window defogger with timer
SUBARU STARLINK infotainment system
with Premium audio system*2: 1CD and 6 speakers
Voice recognition system
(Command speech and One shot)
Steering wheel mounted audio remote control switches
Bluetooth®*5-compatible hands-free system
Dual USB ports and auxiliary audio input jack
Rear Vision Camera System
Auto start stop (2.0i SE & 2.0i SE Premium only)
Multi-Function Display*6
Tilt-adjustable/telescopic steering wheel
Paddle shift (Lineartronic only)
Cruise control
Vehicle Dynamics Control System
Hill Start Assist
Front SRS*7 airbags
Front side SRS*7 airbags (for driver and front passenger)
Curtain SRS*7 airbags (front and rear, both sides)
Knee SRS*7 airbag
Side-door reinforcement beams (front and rear, both sides)
Steering column support beam
Whiplash reducing front seats
Rear seat headrests for 3 seating positions
Seatbelt indicator (for driver and all passengers)
Front seatbelts with pretensioners and load limiters
Height adjustable seatbelt anchors (for driver and front passenger)
Rear 3-point seatbelts for 3 seating positions
Safety pedal system
4-sensor/4-channel ABS with Electronic Brake-force Distribution
Brake assist system
Brake Override
ISO-FIX adapted child seat anchors (with tether anchors)
Child-proof rear door locking (both sides)
Thatcham Cat 1 alarm system and immobiliser

2.0i SE PREMIUM (6MT/LINEARTRONIC)

2.0D SE PREMIUM (6MT)

Additional Features to 2.0i SE, 2.0D SE (6MT/Lineartronic)

Power sliding, tilt-adjustable glass sunroof
Leather seats
8-way power adjustable driver's seat
Keyless Access and Push Button Start System (touch-sensor type)
SUBARU STARLINK infotainment system with SD card type navigation*2
and audio system: 1-CD and 6 speakers
Siri eyes free*3*4

*1 Driver's side front window has auto up/down function with pinch protection.
*2 7.0-inch VGA colour display.
*3 Siri-compatible Apple product (iPhone, iPad, iPod touch, etc.) required.
*4 Apple, iPod, Siri and iTunes are registered trademarks of Apple Inc.
App Store is a service mark of Apple Inc.
*5 Bluetooth is a registered trademark of Bluetooth SIG, Inc. America.
*6 4.3-inch LCD screen display. It shows: Fuel Economy screen, Eco-evaluation
screen, Driving condition, Clock with Outside temperature and Maintenance.
*7 SRS: Supplemental Restraint System. Must be used in conjunction with seatbelts.

Standard and optional features, model lineup may vary according to market.

STANDARD AND OPTIONAL FEATURES

1

1 HID Headlamps with Auto Leveliser
High-intensity discharge headlamps provide illumination that's more like daylight. The auto leveliser helps to ensure that the headlamps are always pointed at the correct angle for the best visibility.

HID Headlamps and Pop-up Washers
High-intensity discharge headlamps provide brighter, whiter illumination. Jet-spray washers keep them more effective in poor weather.

2 Fog Lamps
Multi-reflector fog lamps emit a wide, flat beam that reflects less glare in fog, for added safety.

3 Roof Spoiler
Seamless, sophisticated and aerodynamic, the roof spoiler of the SUBARU XV is integrated completely into the rear gate, adding to the crossover's sporty character.

4 Keyless Access and Push-Button Start*1
Your key fob grants you complete keyless access. To lock/unlock the front doors or tailgate, simply grip the door handles. To start the engine, push the button.

5 Power Glass Sunroof*1
The large, internally sliding sunroof with manual sunshade delivers a panoramic view and fresh breezes for front and rear passengers.

6 Cruise Control
One-touch control allows the driver to set and maintain a steady cruising speed, convenient for long-distance driving on open motorways.

7 Dual-zone Automatic Air-conditioning System
Manage airflow and temperature of the driver and passenger sides independently with the available dual climate control. A microscopic filter helps keep dust out of the cabin.

*1 Standard on 2.0i SE Premium and 2.0D SE Premium.

SUBARU

Confidence in Motion

5 YEAR
WARRANTY[†]

SYMMETRICAL AWD

16MY SXV013

† The SUBARU XV is covered by a 5 Year/100,000 mile (whichever is sooner) Limited Warranty which comprises a standard 3 Year/60,000 mile (whichever is sooner). Manufacturer's Warranty (bumper to bumper, excluding clutch driven plate) and an Extended Warranty (applies to powertrain only) provided by the importer, Subaru (UK) Ltd, for up to a total of 5 Years or 100,000 miles (whichever occurs first). All vehicle bodywork is covered by a 12 Year Anti-Corrosion Warranty and paintwork is covered by a 3 Year Warranty. Added reassurance is provided by a comprehensive 3 Year Recovery and Assistance Programme valid in the UK only. For general terms and conditions visit www.subaru.co.uk

Technical data and equipment based on the latest information available at the time of printing. Subaru (UK) Ltd reserves the right to make changes at any time, without notice, in colours, materials, design, prices, equipment and specifications and to discontinue models. Customers are advised to consult their Subaru dealer on the precise details of warranties/guarantees and vehicles available for sale. Models specified are strictly subject to availability. Owing to the limitations of printing processes, the colours reproduced may not exactly match product colours. The contents of this brochure are the copyright.
