A romantic couple is seen from behind, sitting on a paved ledge. The man, wearing a green t-shirt and sunglasses, has his arm around the woman. The woman is wearing a blue dress and a large yellow backpack. To their left is the front corner of a white Subaru, showing the grille and headlight. They are looking out over a calm lake that reflects the surrounding green mountains and snow-capped peaks under a cloudy sky.

2016 Subaru Life

Love. It's what makes a Subaru, a Subaru.

Live by the moment. Love by the mile.

There's no telling where life will take you, but it's reassuring to know your Subaru can help get you there. Since 95% of all the vehicles we've sold in the last 10 years are still on the road today¹, you can be confident it's built for the long haul, and with Subaru Symmetrical All-Wheel Drive, you know it's up for the challenge. Plus you'll have the peace of mind that our award-winning safety provides. So go ahead. Live the life you love. It's why we hear again and again, "I love my Subaru."

Love. It's what makes a Subaru, a Subaru.

The Subaru Love Promise

We believe in making the world a better place. That's why we created the Subaru Love Promise. It's a pledge to do right by the communities in which we all live and work. We've signed it, and throughout the country, our retailers are doing the same.

In fact, over the past 20 years, we've donated more than \$50 million to causes we all care about, and our employees have logged more than 28,000 volunteer hours. It's all part of our promise, and we can't wait to do more.

Our Passions

Together with organizations like the National Park Foundation, United By Blue and others, we are working to preserve the outdoors we love.

In an effort to eliminate hunger and boost hope, we support Meals on Wheels America, local food banks nationwide and several other community organizations.

Believing that we should all have a chance to lead a healthy, happy life, we've had year-over-year partnerships with Make-A-Wish®, Special Olympics, Alzheimer's Association and Dining Out for Life.

It's our goal to make the pursuit of knowledge available to as many minds as possible. That's why we support Adopt a Classroom, the American Association for the Advancement of Science and many local scholarship and learning programs.

To help keep all animals safe and healthy, we've partnered with the American Society for the Prevention of Cruelty to Animals® (ASPCA), Pilots N Paws and the Pet Philanthropy Circle.

We try not to waste a thing.
Even waste.

In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status, and all Subaru vehicles are built in zero-landfill plants, where 100% of manufacturing waste is either recycled or turned into electricity. Plus every Subaru plant continues to use green suppliers and reduce manufacturing wastes and CO₂ emissions. Subaru is also headquartered in a zero-landfill office in Cherry Hill, N.J.

2016 Subaru Life | Environment

In 2003, Subaru of Indiana Automotive, Inc. became the first automotive assembly plant to be designated as a Backyard Wildlife Habitat by the National Wildlife Federation. SIA's 800+ acres serve as a home for a wide variety of animals.

We've spent decades building relationships with those who believe in building a cleaner and greener world as much as we do. That's why we support organizations like Leave No Trace Center for Outdoor Ethics, United By Blue and Greensgrow Farms.

subaru.com/environment

Who we are
is what we leave behind.

America's Best Idea Needs Our Help

As a dedicated partner of the National Park Foundation (NPF), Subaru has provided critical support to more than 90 national parks. Subaru is continuing our commitment to national parks by supporting Find Your Park, a public awareness and education campaign celebrating the centennial anniversary of the National Park Service (NPS) in 2016.

Subaru, together with the NPS and the National Parks Conservation Association (NPCA), will leverage their environmental expertise to work toward the goal of making three pilot parks—Yosemite, Denali and Grand Teton—zero-landfill.

Come on out. Happiness loves company.

Subaru owners are a unique bunch of people who tend to have one thing in common—they live life to the fullest. Being part of the Subaru family introduces you to all sorts of opportunities to get out there with others who share common interests and passions. Here are just a few of the events we've got planned.

For some of our
future events, visit
subaru.com/events

See you there!

- Subaru WinterFest
- Northwest Flower & Garden Show
- Philadelphia Flower Show
- Subaru Cherry Blossom Festival
- Subaru and United By Blue River Cleanups
- Dining Out for Life
- Pilots N Paws Animal Rescue

- Rally America National Championship Series
- Global RallyCross Championship
- Subaru Loves Pets Adoption Drives
- Subaru Sea Otter Classic
- Down & Dirty Obstacle Race presented by Subaru
- Subiefest
- Wicked Big Meet

Passionate people do passionate things.

Subaru owners are known for living life to the fullest. Now you have a unique way to let others know what you enjoy most with your own Badge of Ownership to display on your Subaru vehicle.

Personalize your Badge of Ownership with one or more lifestyle icons that reflect your interests or hobbies—our gift to you!

Learn more or order yours FREE at badgeofownership.com.

2016 Subaru Life | Badge of Ownership

Challenge met.
Victory claimed.

Subaru Rally and RallyCross Racing

There is no more punishing—and exciting—way to prove our engineering than rally and rallycross racing. We have conquered challenging terrain from snow to gravel to tarmac and sometimes air on our way to winning ten Rally America National Championships since 2001. It's an accomplishment we're proud of, and one we look forward to claiming again and again.

For the latest rally news,
visit subaru.com/rally

Enthusiasm is contagious.

The love for a Subaru goes way beyond a wave to a fellow owner on the road. All over the world and all over the internet, loyal enthusiasts—united by their passion for life and for Subaru—gather for rallies, events, or just to talk about their favorite subjects.

More miles, more milestones.

One thing you'll notice about Subaru owners is how long they hang on to them. Terry Prine remembers the day he brought his new 2003 Subaru Forester home, and all the great moments he's had with it by his side. Memories like passing the 100,000 mark on the odometer. Terry loves his Forester so much that he even plans on handing it down to his son Miles (that's really his name).

A memory in every mile.

000475

Going on tour with my band in '03, the Forester was my bus. I was able to load in all of my buddies and gear and still had room to pick things up on the way. An amazing time.

038000

Packing up the family and taking our first road trip. I tried never to take the same road twice, and the kids loved it. They especially enjoyed seeing all the different landscapes through the big windows and giant moonroof.

102000

The joy of having two healthy kids is only surpassed by having our third. With a growing family, I know that they're always safe in my Subaru, and that one day, my son Miles will get the Forester to make his own memories.

135500

In search of California's state fish, the golden trout, the kids and I car-camped with friends near Mono Pass and day-hiked into this incredible string of lakes known as Little Lakes Valley. We caught 25 fish within 3 hours. Rainbows, brookies and yes, the elusive golden trout! The kids were in heaven.

152000

Kids keep growing and the Forester keeps going! I'm about a year from giving it to Miles and can't wait to see where he'll take it.

For more on EyeSight®,
visit Subaru.com/eyesight

An extra set of eyes
every time you drive.

"Subaru vehicles equipped with optional EyeSight receive the highest possible rating for front crash prevention from IIHS."

—Insurance Institute for Highway Safety (IIHS)

The most important thing a Subaru can do is protect the people in it. We're always looking for better ways to do it, and now the 2016 Outback, Legacy, Forester, Impreza, Crosstrek and WRX are all available with our innovative driver assist technology, Subaru EyeSight®. Like a second pair of eyes for the road ahead, EyeSight® warns you when there's potential danger and can even apply brakes to help you avoid it. It's added comfort and peace of mind you can count on in your daily drive.

Safety from all sides.

At Subaru, we put a lot of effort into protecting what's inside. In every vehicle, you'll find advanced airbag technology³ and the sturdy Ring-shaped Reinforcement Frame to help protect all aboard. Plus, in nearly all models, there's the control of standard Subaru Symmetrical All-Wheel Drive and available features like Rear Cross-Traffic Alert⁴ to help in parking situations and Blind-Spot Detection with Lane Change Assist⁴ to help alert you to approaching vehicles. Now the 2016 Outback, Legacy, Forester, Crosstrek and Impreza also offer all-new SUBARU STARLINK™ Safety and Security connected services to help get you emergency assistance when you need it 24/7, 365 days a year⁵.

"Subaru is the only manufacturer with IIHS Top Safety Picks for all models for the last six years (2010–2015)."

—Insurance Institute for Highway Safety (IIHS)

A silver Subaru Outback is shown from a rear three-quarter view, driving on a two-lane asphalt road that curves through a scenic, mountainous landscape. The road has yellow double lines. The surrounding terrain is covered in green and brown vegetation, with mountains in the background under a clear blue sky. The car is casting a shadow on the road.

Do a lot on very little.

MPG + AWD

Capable and fuel-efficient, Subaru vehicles are proof that you can have fun and get great MPG, too. Just look at the 2016 Outback, the most fuel-efficient vehicle in its class⁶, plus most models achieve 30 MPG or more⁷, particularly the 2016 Impreza that earns an impressive 37 highway MPG⁸. With standard Subaru Symmetrical All-Wheel Drive on most models, you can go just about anywhere you care to in rain, snow and even rocky terrain. Now more than ever, Subaru vehicles help you do more with less impact on your wallet.

Subaru Symmetrical All-Wheel Drive

A confident drive is the signature of every Subaru vehicle, especially when it's equipped with Subaru Symmetrical All-Wheel Drive. This unique system offers better balance for stability and a more efficient flow of power than other AWD systems, providing greater grip and giving you better traction and control.

All-weather Conditions

Traction and stability keep you connected to the road in most conditions.

Accident Avoidance

Being more responsive to the unexpected takes natural agility.

Spirited Handling

Dynamic steering and intuitive control comes from a near-perfect side-to-side symmetry.

SUBARU BOXER® Engine

The SUBARU BOXER® engine is remarkably different because it generates more than power. The pistons are laid flat in a horizontally opposed design, providing powerful yet smooth acceleration—and better yet, a lower center of gravity for increased handling stability.

Horizontally Opposed Design

Smoother Operation

Durable Construction

Increased Reliability

Lower Center of Gravity

Greater Handling Agility

This brochure was printed with vegetable-based inks and produced using a "Green Printing Process." The Forest Stewardship Council® (FSC®) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 42 trees preserved for the future; 19,294 gallons of wastewater flow saved; 1,292 lbs solid waste not generated; 3,557 lbs net greenhouse gases prevented; 18,000,000 BTUs energy not consumed. Calculations provided by Environmental Paper Network. FSC® is not responsible for any calculations on saving resources by choosing this paper.

1. Based on IIHS Automotive: Polk U.S. Total Registrations MY2005-2014. 2. EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash. 3. The Supplemental Restraint System (SRS) (airbags) affords the driver and the front and rear outboard passengers additional protection in moderate to severe frontal and side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat. 4. Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 5. Activation and required subscription sold separately. Includes one year trial subscription. See your retailer for details. 6. Based on EPA estimated highway fuel economy for 2015 model vehicles within the IIHS Automotive: Polk Non-Luxury Midsize CUV segment. 7. Based on EPA estimated highway fuel economy for 2016 Legacy, Outback and Forester 2.5i models, and Impreza, Crosstrek and BRZ models. 8. EPA estimated fuel economy for 2016 Subaru Impreza CVT at up to 37 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 9. EPA estimated fuel economy for 2016 Subaru Outback 2.5i CVT models at 33 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 10. Based on IIHS Automotive: Polk U.S. Total Registrations MY2004-October 2014. 11. 2016 Subaru Impreza and Crosstrek 2.0L and Forester, Outback and Legacy 2.5L models achieving a Partial Zero Emission Vehicle (PZEV) rating by the California Air Resources Board are available in all 50 states. Only those registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont will be eligible for the 15 years/150,000 mile emission warranty. Delaware, Oregon, Pennsylvania and Washington vehicles are not covered by the PZEV emissions control warranty. See your warranty maintenance booklet for additional information. 12. Availability varies by trim level. See your retailer. 13. Compatible smartphone and free applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Your wireless carrier's rates may apply. 14. EPA estimated fuel economy for 2016 Forester 2.5i CVT at 32 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 15. Based on IIHS Automotive: Polk U.S. Vehicles in Operation vs. New Vehicle Registrations in the Non-Luxury Compact CUV segment for MY2004-2014 as of September 2014. 16. Based on IIHS Automotive/ Polk U.S. total new light vehicle registrations in the model years 2004 through 2014 (through October 2014) in the

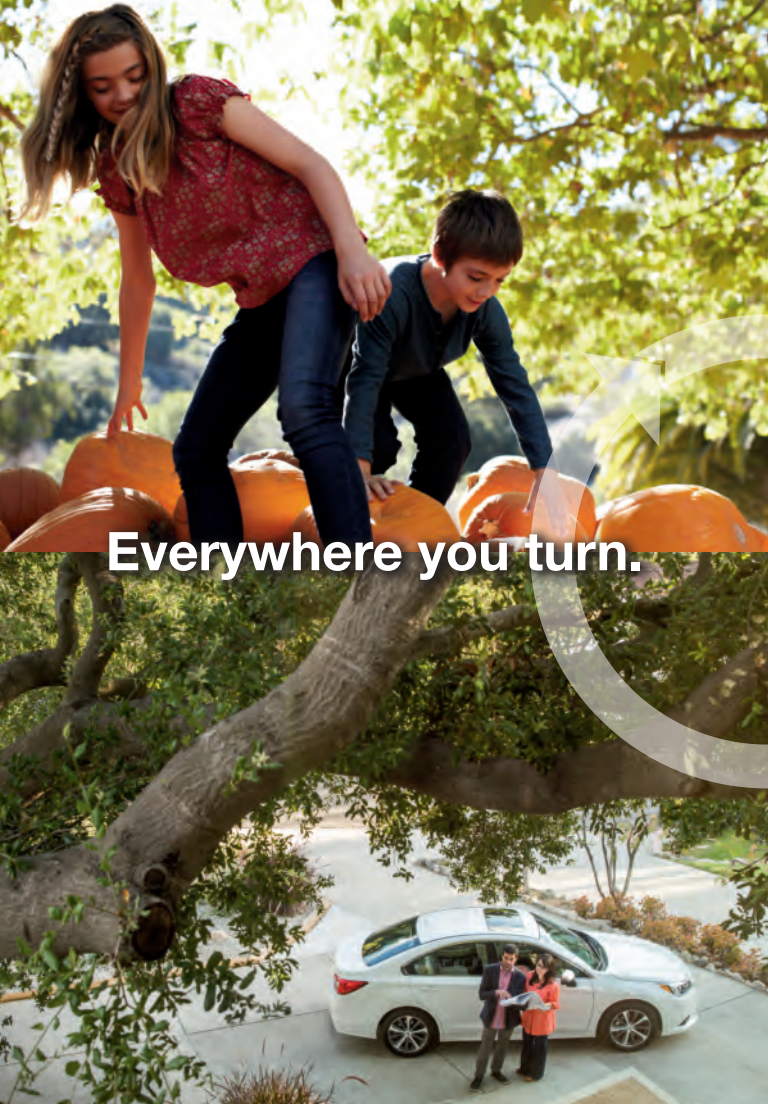

non-luxury traditional midsize sedan segment for models which have been on the U.S. market for the entire ten-year time period. 17. EPA estimated fuel economy for 2016 Subaru Legacy 2.5i at 36 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 18. STARLINK can read incoming texts out loud when the vehicle is traveling at speeds over 5 miles per hour, and can display incoming texts on screen when the vehicle is traveling at speeds lower than 5 miles per hour. 7.0" system required. 19. EPA estimated fuel economy for 2016 Subaru Crosstrek CVT at 34 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information.

Everywhere you turn.

Confidence is at our core.

2016 BRZ

Absent of fluff, with a direct connection to the road, the BRZ delivers fun at any speed. Engineering this level of driving engagement was anything but easy. It required starting with the right technology—namely, the low-slung SUBARU BOXER® engine—and using it to help create a vehicle with a supremely low center of gravity and the perfect power-to-weight ratio. The end result is no less than the ideal sports car driving experience. Creating elegant simplicity is anything but simple.

2016 WRX STI

Built to thrill, the WRX STI delivers an addictive driving euphoria and lures you with a rare dose of unfiltered driving excitement. Despite its track-day looks and competitive soul, the STI has versatility with room to spare. There's an impressive list of features, including Subaru Symmetrical AWD with Driver Controlled Center Differential (DCCD), a 305-horsepower turbocharged SUBARU BOXER® engine and Brembo® brakes. But the whole is far more than the sum of its parts—this is the best-handling, best-performing STI ever.

WRX STI Limited in WR Blue Pearl.

2016 WRX

Introducing the 2016 WRX. With its 268-hp 2.0-liter direct-injection twin-scroll turbocharged SUBARU BOXER® engine and Symmetrical All-Wheel Drive, it's no surprise the WRX has plenty of street cred. It's got track cred, too, courtesy of its ultra-stiff chassis, quick 14.5:1 steering ratio, and performance-tuned suspension. And all this performance is backed up with robust safety measures, including a standard Rear-Vision Camera, and available Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert^{4,12}, making it not only the best-performing, but also the safest, WRX yet.

2016 Forester

The Forester is all about potential. To do what you enjoy with those closest to you and to be there for those that need you. It's efficient, achieving 32 highway MPG¹⁴; versatile, with standard Subaru Symmetrical All-Wheel Drive; and durable, having been named the longest-lasting compact crossover in America¹⁵. Plus as an IIHS Top Safety Pick for nine years running (2007–2015), the 2016 Forester is safe, too. There's also the all-new SUBARU STARLINK™ Safety and Security connected services that can promptly send first responders when an airbag deploys, help police locate your vehicle if it's stolen, and more^{5,12}. STARLINK™ in-vehicle technology is there as well with instant access to music, maps, news and text messages through the touchscreen or voice commands¹².

Do what you love, and do it often.

"If you're seeking out a compact SUV, it's hard to beat what the Forester is peddling."

—AutoTrader.com, 2015 Forester Review

2016 Outback

Wherever you'll find adventure, an Outback won't be far away. And that's because every Outback has a rare combination of capability, safety, efficiency, and durability that's hard to find. Subaru Symmetrical All-Wheel Drive with X-MODE® green lights your wildest adventures. Standard retractable roof crossbars and a 108.1 cubic-foot interior means you'll arrive fully geared up. There's added peace of mind with its 2015 Top Safety Pick+ rating when equipped with EyeSight® Driver Assist Technology^{2,12}. You'll go farther as well due to its 33 highway MPG⁹, and thanks to its proven longevity¹⁰, you can do it again, and again, and again.
