

# SUBARU XV

**SUBARU**

*Confidence in Motion*

Technology

Versatility

# TRUST IT.

## DO IT. TAKE IT TO THE STREETS.

It's for those who relish downtown instead of uptown – yet never skip a chance to get out of town. For those who live in rhythm with the constant action of the city. The Subaru XV is poised to take on your urban adventures—both the planned and spontaneous. Its unique fusion of style, versatility and excitement empowers you to go wherever your lifestyle leads. And inside every Subaru is the exclusive combination of Symmetrical All-Wheel Drive and SUBARU BOXER engine, giving you lively response and sure control to deftly navigate the streets. Experience exhilaration, possibility and security that's distinctly suited for the living city, because you can trust the engineering inside.

# SEE IT. LIVE IT.

READY FOR URBAN ACTION.

Downtown is always up – and you’re always up for anything. Whether chaotic commutes, a weekend getaway or a night on the town, the Subaru XV meets your ever-changing demands with reassuring versatility and sharp style. It’s compact on the outside to traverse through narrow urban corridors, yet roomy and flexible on the inside to fit whomever and whatever you bring.

promotional video.

## In tune with the city. Inside out.

With its bold fender flares and sleek aerodynamic profile, at first glance you know the Subaru XV is a crossover with a modern edge. Sculpted lines and creases on the body help direct airflow for greater fuel efficiency, and the forward-swept windshield brings an aggressive style with improved visibility—combining real-world practicality with ideal-world design.

### 17-inch Aluminium Wheels

The Subaru XV comes with stylish 17-inch aluminium wheels that infuse a performance-inspired stance. Finished in a unique black and machined two-tone scheme, the striking contrast reflects its dual character that's both bold and casual.

### Fender Flares

Make a visual impact like no other—the athletic fender flares set apart the Subaru XV with an unmistakably sporty crossover profile. Combining street-smart ruggedness and nimble versatility, it's ready for the road, rain or shine.

## Intuition. At your fingertips.

You're at the seat of action with the Subaru XV's ergonomic cockpit controls. Information and entertainment is all within reach—the available High-grade Multi-function Display allows you to monitor traction and keep track of how much fuel your car's sipping. While information is at your control, the high seating position and wide-open view give you a greater feeling of command.

### Bluetooth®\*2 Hands-free Calling\*1

With the ceiling-mounted microphone added, the available Bluetooth®\*2 hands-free system automatically connects your compatible mobile phone for convenient, hands-free talking. It also enables you to wirelessly stream audio from the compatible Bluetooth®\*2 music player.

### High-grade Multi-function Display\*1

Go farther with confidence that comes with knowledge. Located conveniently in the instrument panel, the display shows you time, temperature, self-check maintenance alerts, and safety information such as Vehicle Dynamics Control (VDC) monitoring. Advanced environmental performance and efficiency readouts keep you updated and allow you to comprehensively track your fuel efficiency—even enabling you to compare the efficiency between different trips.

\*1 Standard on 1.6i Premium, 2.0i Premium, and 2.0D Premium.

\*2 Bluetooth is a registered trademark of Bluetooth SIG, Inc. America.

# Space for the city centre.

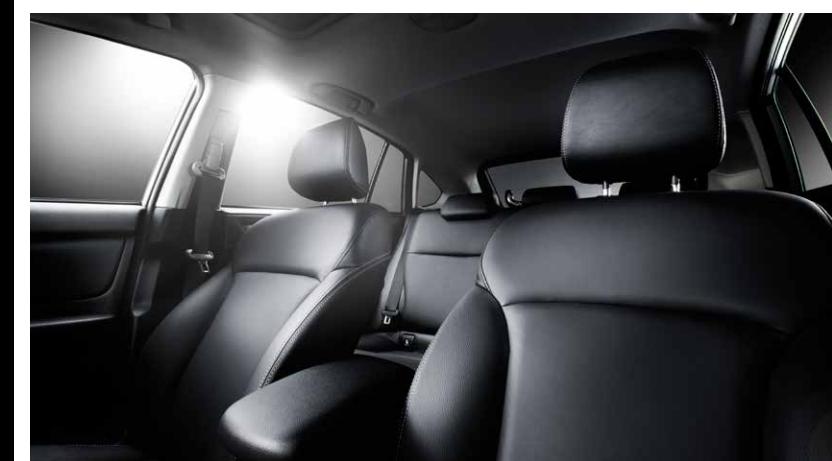

Sit in the Subaru XV and you'll feel as though the world around you got a bit more expansive. It begins with space for both the passenger and driver, boasting more hip, elbow and shoulder room than you'd expect from its size. With an extended wheelbase, rear passengers will find plenty of legroom. All of that comes with greater comfort, from seats accented in a sporty mesh to the refined, soft-touch interior trim. When you're inside the Subaru XV, the crowded city has never felt so accommodating.

## Inspiration Comes In All Sizes

There are big ideas for life's little things, too. Pockets in each door include bottle holders to keep yourself refreshed. The centre console includes cup holders, a tray and a padded armrest that opens to reveal added storage and a 12-V power outlet.

## More Comfort For Everyone

The Subaru XV features many innovations to put you and your passengers at ease. The seats are thoughtfully designed for long-term comfort with supportive, vibration-absorbing cushioning. For a better, more confident view of the road, it has an elevated hip point. And you'll find convenient touches easily at hand, like a smartly sliding centre armrests, and angle-adjustable headrests.

# Entertainment and efficiency. Within reach.

Whether you enjoy stretching your mile or just savouring the journey, the Subaru XV indulges you with a host of advanced features that will entertain you, keep you efficiently on course, and get you there in

contented comfort. And all of them are designed to be intuitive to use and adaptable to your needs.

## 6- or 4-Speaker Premium Audio System

Let your music come alive with the powerful 4-speaker 140-watt system or 6-speaker 180-watt system. Speakers tuned for the Subaru XV's acoustics, resulting in a rich sound that enraptures the senses. The 6-speaker features USB input, Bluetooth®\*1 hands-free calling, and two additional speakers integrated into the instrument panel, which further accentuate the mids and highs for a fuller sound.

## Navigation System\*2

To help you find your way through the urban maze, Subaru XV's navigation system provides fast and accurate guidance that's made even more useful with real-time traffic data. The high-quality display pinpoints your location whilst providing information like maintenance data or SMS texts from your mobile phone via Bluetooth®\*1. Change settings with the convenient touchscreen, or take advantage of the advanced voice recognition system that lets you operate the system in seven different languages.

## Entertainment That Makes An Instant Connection.

Get more from your music. Plug in your iPod®\*3 or other portable music player to the standard AUX or optional USB input jack and listen to your favourite MP3 or WMA\*4 tunes through the robust Subaru XV audio system. In addition, voice commands enable you to search your music and access other commands.

## Enhanced Rear Vision. Easier Parking.

Enjoy the ability to manoeuvre the Subaru XV in tight city spaces with ease using the Rear Vision Camera System, standard on 1.6i Premium, 2.0i Premium, and 2.0D Premium. When the driver shifts into reverse, the camera displays a live colour image on Subaru XV's in-dash display, along with guidelines to assist in parking manoeuvres.

\*1 Bluetooth is a registered trademark of Bluetooth SIG, Inc. America.

\*2 Optional. Navigation system: Map data is stored on SD cards.

Updates can be easily purchased from your local showroom or downloaded from the Internet.

\*3 Apple, iPhone and iPod are registered trademarks of Apple Inc.

\*4 WMA: WMA is a trademark of Microsoft Corporation in the United States and/or other countries.

## In sync with life in action.

### What's inside:

Passenger and cargo space come together in harmony with plentiful storage space and flexibility that defies convention.

### What it does:

With versatility limited only by your imagination, you know that the Subaru XV is more than capable of keeping pace with your demanding lifestyle.

Everything about the Subaru XV's design—even the compact engineering of its rear suspension—goes into making it a crossover you'll love to live with. With a wide luggage area, it handles cargo for your weekend hauls with ease. What's more, 60/40 split rear seats easily fold individually or together to give you even more space. Well-suited for an active life, its design makes getting in and out easy.

### Versatile Capacity

The Subaru XV can carry five passengers and pack five carry-on suitcases at the same time. 60/40 split rear seats mean the Subaru XV has the versatility to hold a rear occupant and a bike at the same time. With 1,270 litres of cargo volume\*, a nearly square rear gate and flat-folding rear seats, it'll take on your latest urban or outdoor excursion with ease.

\* Measured by VDA (V214). Without sunroof.

# DRIVE IT. KNOW IT.

FEEL IT IN THE CURVES.

Fun at every turn. The Subaru XV's got a one-of-a-kind combination of engine and Symmetrical AWD that captivates the senses unlike any other. In town or on the open road—from the streets to the switchbacks—the Subaru XV's balance, poise and power give you control to get the most driving joy out of every setting.

# Always controls the corners. At all four corners.

## Symmetrical All-Wheel Drive

The satisfaction of the drive comes from symmetry and balance. That is why Subaru has been developing and perfecting the Symmetrical AWD system since 1972. Matched with the SUBARU BOXER engine for a near-perfect symmetrical layout, it delivers gratifying power with exceptional traction, providing balance and stability for total control in ever-shifting road conditions.

## Dynamic Performance

Excellent road adhesion gives acceleration an immediate and exhilarating feel. Symmetry enhances the Subaru XV's handling to be more stable and responsive during cornering, imparting a unique feeling of control in any situation.

## Constant Contact

The more your tyres are engaging the road, the greater control, security and connection you have. Power is routed to all four wheels all the time, maximising handling and traction.

## Agility In An Emergency

In bad weather, or in the precious seconds it takes to react to a sudden situation, the symmetrical drivetrain with almost total side-to-side balance provides the stability, agility and traction that help you step around danger.

<http://bit.ly/16KJoyp>

Scan the code and  
watch video to find  
out more about  
Symmetrical AWD.

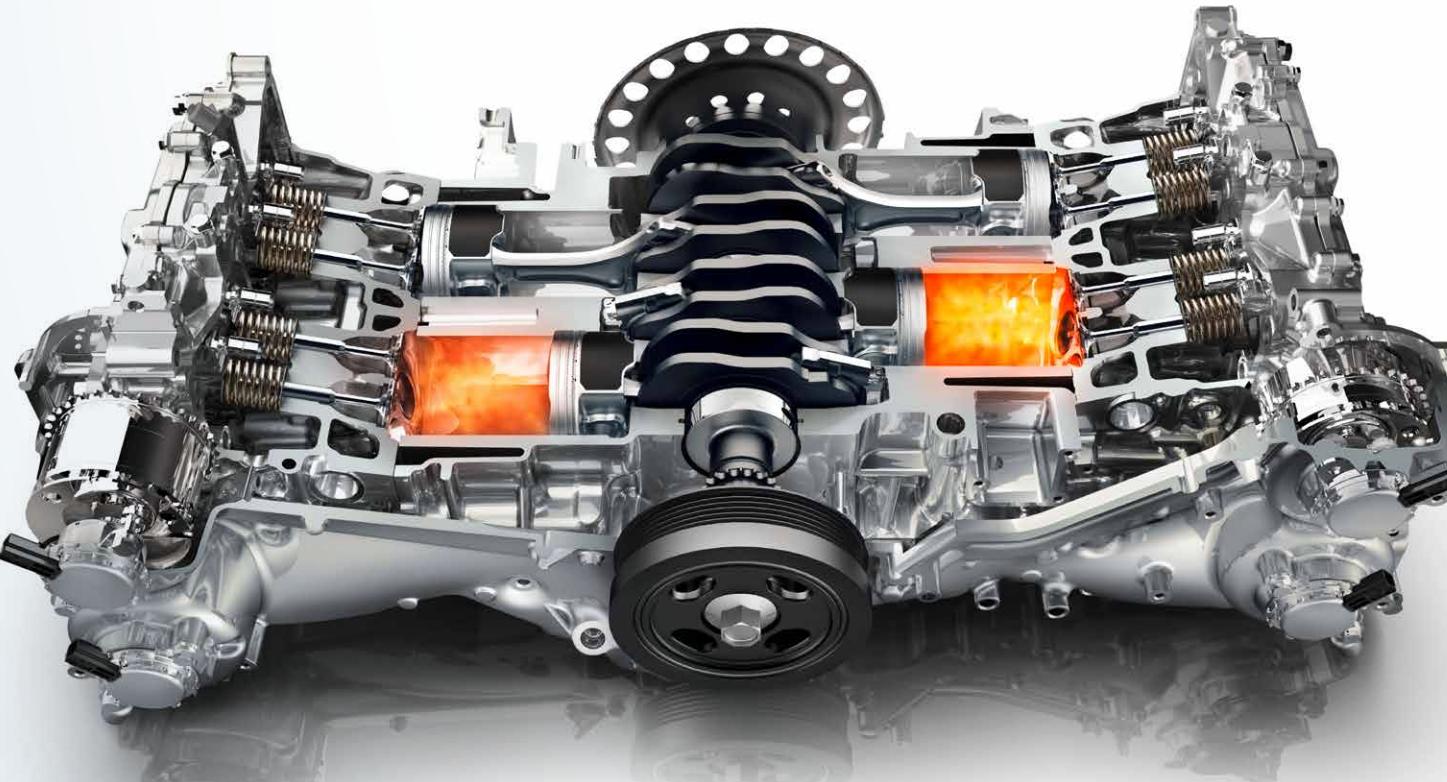

# Power brings out its playful side.

## SUBARU BOXER Engine

Few cars deliver the thrilling eagerness and spontaneity of the Subaru XV. It's achieved with the horizontally-opposed SUBARU BOXER engine, which places the pistons 180 degrees apart for a lower, flatter profile compared to other engine types. This gives the powerplant—and by extension the whole car—a lower centre of gravity and more balanced weight distribution. In addition, the pistons' opposing movements counteract each other, which naturally reduces vibration.

### Spirited Response

Whilst the SUBARU BOXER engine has always provided exceptional balance and a smooth response, we've made the experience of driving a Subaru even more inspiring. Our engineers scrutinised the effectiveness of every valve, port and piston, creating an engine that's lighter with better fuel economy. And it not only achieves new heights of efficiency, but also has more low-end torque, giving an immediate and stimulating response every time you hit the gas pedal.

<http://bit.ly/14JOtpg>

Scan the code and watch video to find out more about Boxer Engine.

### Increased Stability

Because the engine block has a flatter profile and sits lower in the chassis, the overall vehicle is more stably balanced and resistant to side-to-side motion than other designs.

### Smooth and Exciting

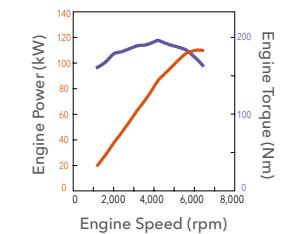

At any rpm, the engine delivers immediate, responsive power that's both smooth and satisfying. Without compromising comfort or civility, it transforms even a daily errand into a dynamic adventure.

### Long-lasting Performance

The engine's flat design is inherently rigid and self-balancing, generating less vibration than "V-type" or "in-line" engines for more durability and more reliable performance.

## 2.0-LITRE DOHC SUBARU BOXER

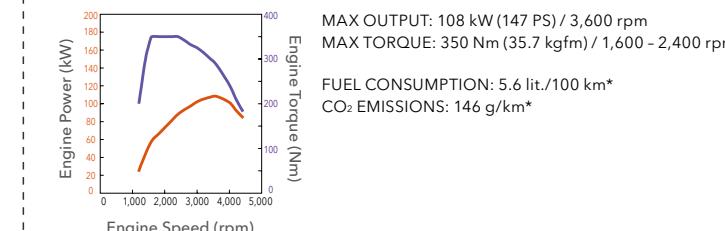

The power to stir excitement comes from the rich and immediate response of Subaru's 2.0-litre DOHC petrol engine. Improved Active Valve Control System (AVCS) and an optimised intake provide a generous amount of low-end torque, ensuring you have the acceleration you need around town. That performance comes responsibly, too—cylinder-mounted injectors and lightweight pistons and connecting rods mean it's as frugal with fuel as it is clean-burning. In addition, due to its vibration-cancelling SUBARU BOXER layout, power and efficiency comes with refinement that's made for urban living.

MAX OUTPUT: 110 kW (150 PS) / 6,200 rpm  
MAX TORQUE: 196 Nm (20.0 kgfm) / 4,200 rpm  
FUEL CONSUMPTION: 6.6 lit./100 km\* (Lineartronic),  
6.9 lit./100 km\* (6MT)  
CO<sub>2</sub> EMISSIONS: 153 g/km\* (Lineartronic),  
160 g/km\* (6MT)

## 2.0-LITRE DOHC SUBARU BOXER DIESEL

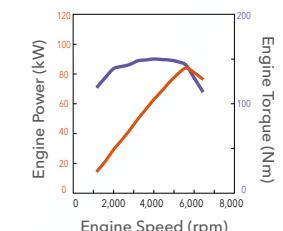

Economy meets enjoyment in the fuel-efficient yet engaging 2.0-litre diesel engine. Whilst meeting the stringent standards of the EURO5 emissions regulations, the turbocharged powerplant delivers all of its prodigious 350-Nm of peak torque from just 1,600 rpm for brisk and refreshing performance at any speed. Horizontally-opposed pistons provide a smoothness and low levels of vibration that are exceptional for a diesel engine. Coupled with a free-flowing intake and slick six-speed manual, the Subaru XV provides civility and responsiveness for both the surface streets and expressways.

MAX OUTPUT: 108 kW (147 PS) / 3,600 rpm  
MAX TORQUE: 350 Nm (35.7 kgfm) / 1,600 - 2,400 rpm  
FUEL CONSUMPTION: 5.6 lit./100 km\*  
CO<sub>2</sub> EMISSIONS: 146 g/km\*

## 1.6-LITRE DOHC SUBARU BOXER

Efficiency is exemplified in the cutting-edge technology of Subaru's 1.6-litre, double-overhead camshaft (DOHC) engine. The long stroke of the engine means an even, economical burn of fuel, ensuring the Subaru XV performs optimally at any rpm. This petrol engine is efficient and the clean SUBARU BOXER engine to date. What's more, power comes early and smooth, aided by the inherent balance of the SUBARU BOXER configuration, and the Subaru XV eagerly revs throughout its rpm range.

MAX OUTPUT: 84 kW (114 PS) / 5,600 rpm  
MAX TORQUE: 150 Nm (15.3 kgfm) / 4,000 rpm  
FUEL CONSUMPTION: 6.3 lit./100 km\* (Lineartronic),  
6.5 lit./100 km\* (5MT)  
CO<sub>2</sub> EMISSIONS: 146 g/km\* (Lineartronic),  
151 g/km\* (5MT)

\* Fuel consumption and CO<sub>2</sub> emissions: According to EC715/2007-566/2011F.

# Inspires joy in any gear.

## What's inside:

The Subaru XV gives you the choice in transmissions fit for your driving style, each mated to its own variation of Symmetrical AWD.

## What it does:

No matter how you choose to control the engine's performance, you'll always enjoy the solid balance and control of Symmetrical AWD.

### 5- or 6-Speed Manual Transmission + Viscous Centre Differential AWD

Geared for exciting response and control, both the 5- and 6-speed manual transmissions enable you to define your own driving style. They feature hill start assist to help you avoid rolling when starting on a hill. The gearbox is paired with an AWD system utilising a viscous limited-slip centre differential (LSD). Whenever the balance of traction changes, the LSD instantaneously redistributes the torque to the front and rear wheels as needed. And on 1.6-litre models, the Dual-range (Hi/Lo) gearing gives you an added edge in control for extreme situations.

### Subaru Dynamic Chassis Control Concept

With Subaru Dynamic Chassis Control Concept (DC<sup>3</sup>), all the components of the Subaru XV are designed to work in harmony—bringing the crossover closer than ever to handling perfection. It employs high-tensile steel in critical areas to achieve high strength with light weight. The highly rigid body structure delivers accurate and direct steering feel whilst allowing the engine and suspension vibrations/movement to be effectively isolated from the cabin. This brings together everything that makes driving a pleasure: confidence, comfort, sportiness, safety—all in sublime balance.

### Front Suspension

Blending sporty handling with a comfortable ride, the Subaru XV's suspension is fine-tuned for everyday enjoyment. In the front, the rigid struts enhance responsiveness and give the steering an accurate and connected feel. A thicker front stabilizer bar ensures flatter cornering and better control for a more confident and linear feel.

### Auto Start Stop\*

Achieve higher efficiency without compromise. This system minimises wasted fuel when standing still by turning off the engine during idling. When traffic starts to move, let off the brake pedal and the engine reengages in 0.35 seconds. The transition's so quick and seamless that you'll hardly notice it working—even in stop-and-go traffic.

### Rear Suspension

The refined rear suspension will provoke your passion for driving. The taut double wishbone rear suspension handles rough roads and sharp corners with poise and precision, giving you the rotation and response you want for an exciting ride. Pillow ball bushings optimise tyre contact for better traction and a more intimate connection to the road.

\* Standard on 1.6- and 2.0-litre petrol models only.

<http://bit.ly/11Z1YRr>

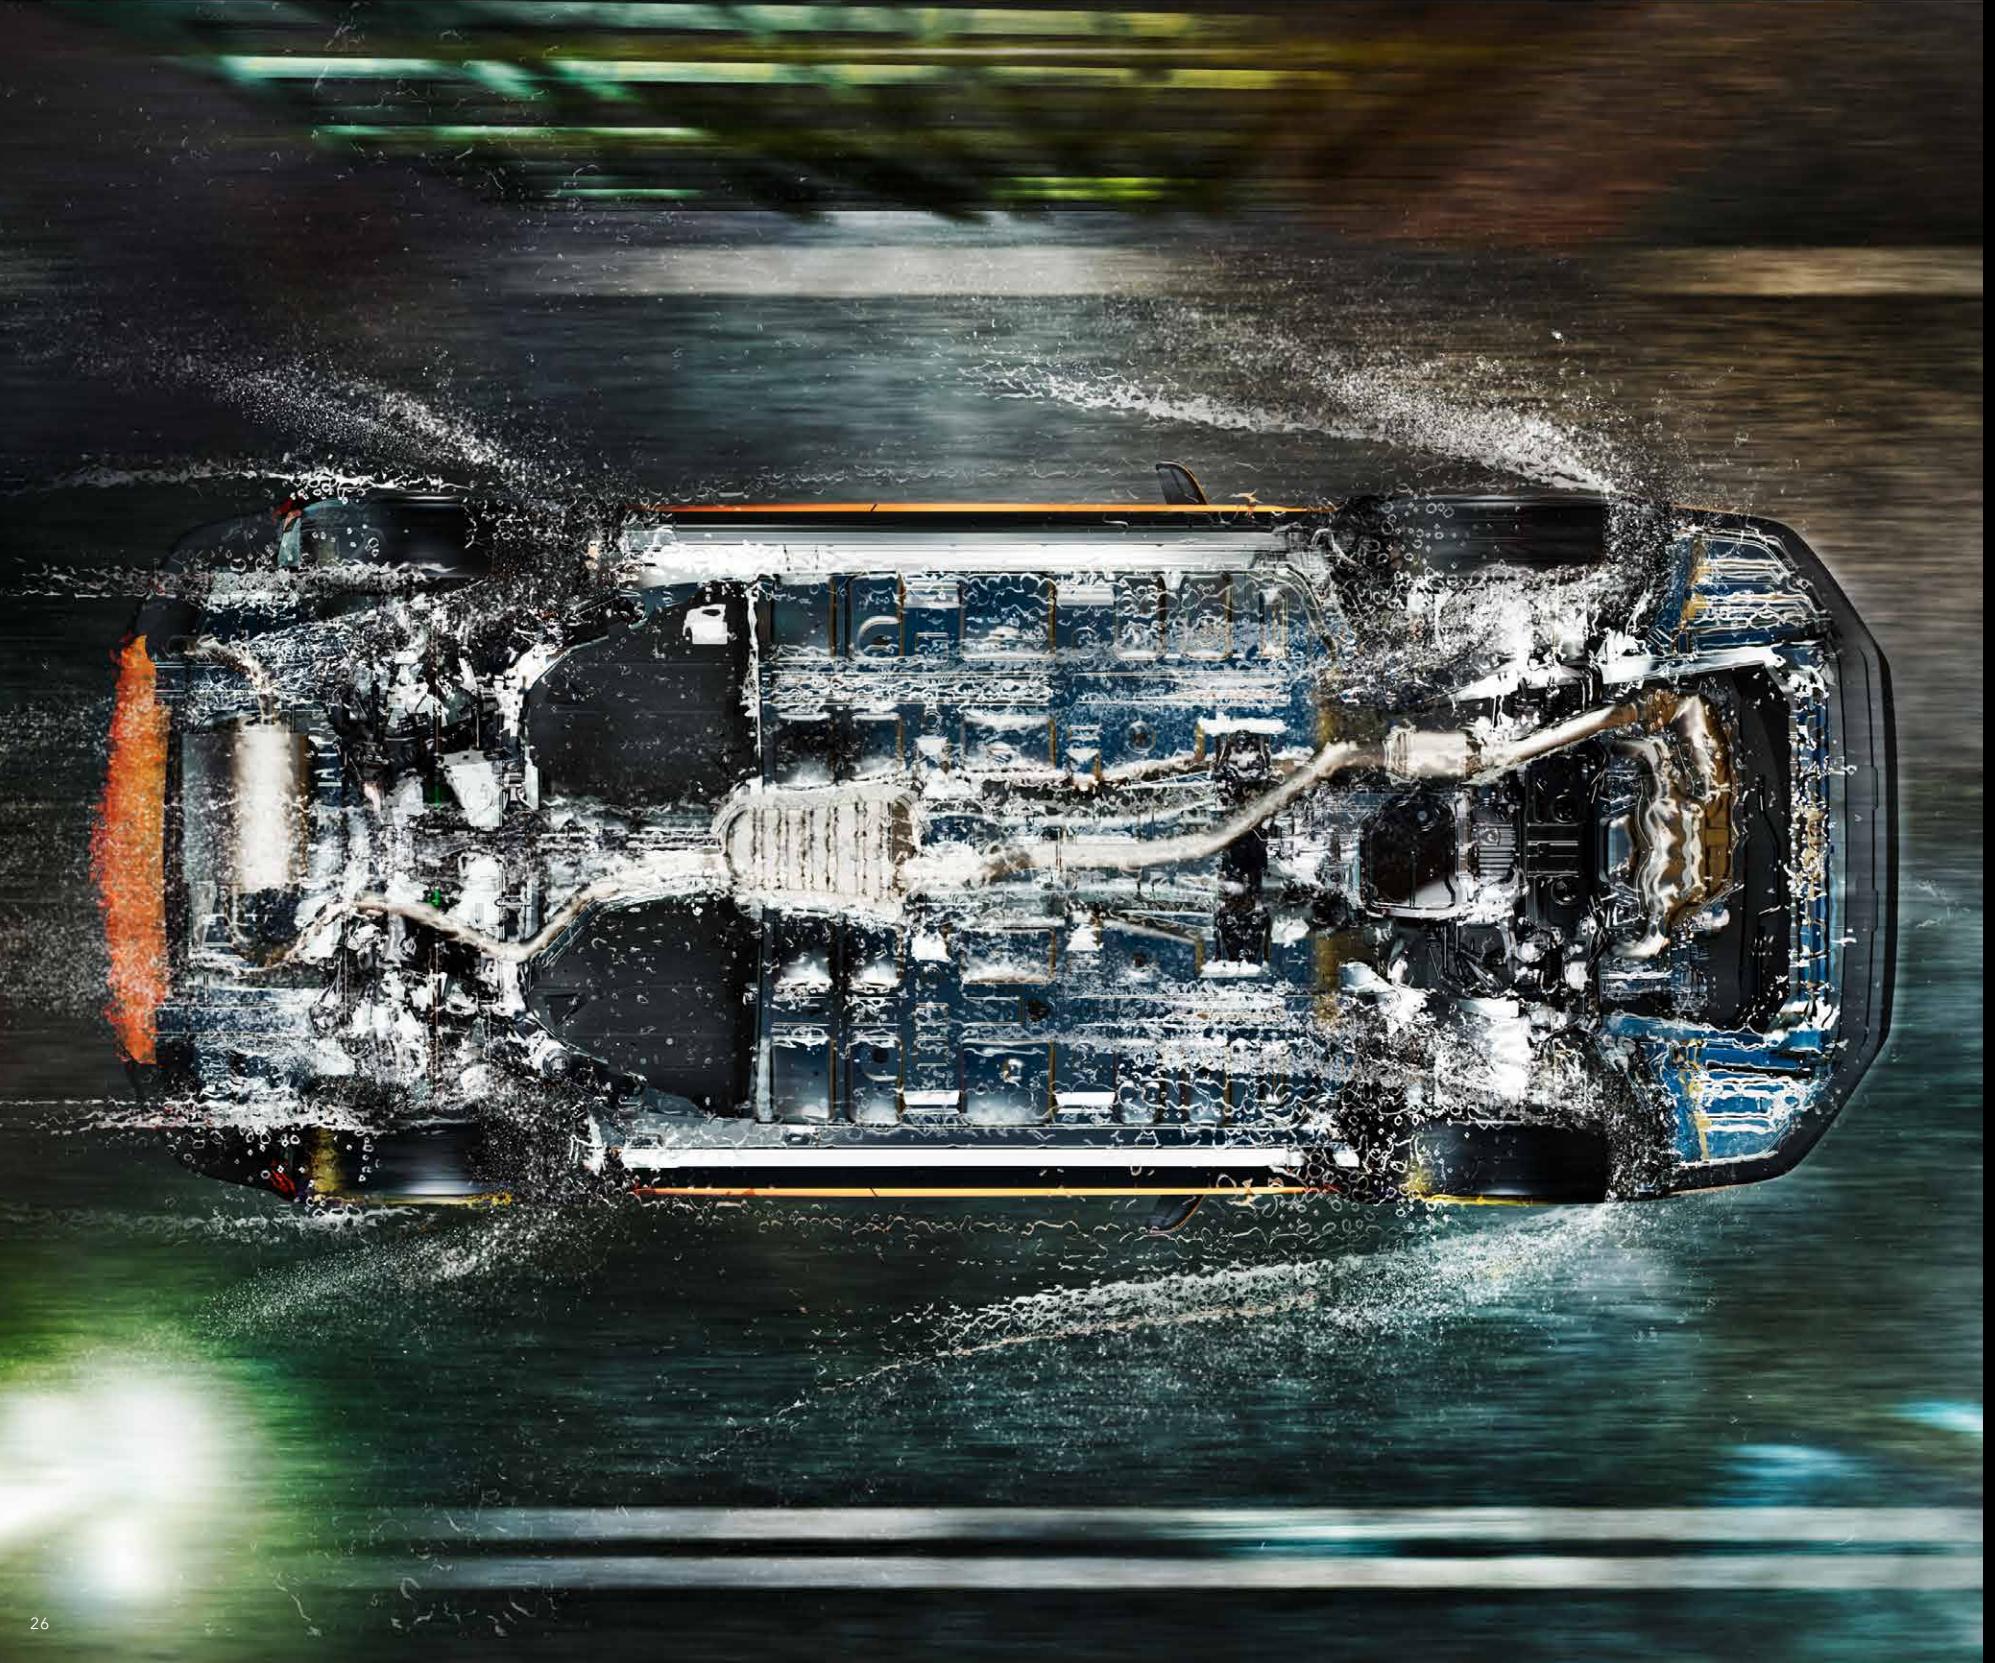

Scan the code and watch video to find out more about CVT Mechanism.

# NEED IT. COUNT ON IT.

NAVIGATE THE UNEXPECTED.

From uneven asphalt to slick streets. From distracted drivers to hurried pedestrians. Urban hazards abound around every corner and at every stoplight. But peace of mind comes from knowing the Subaru XV has what's needed to help keep you out of harm's way—with features that support to protect you in an accident and active technologies that help you avoid one altogether.

# Look within to anticipate what's ahead.

## What's inside:

Subaru XV's AWD, handling and active safety systems give you the power and balance to skirt danger when it crosses your path.

## What it does:

Subaru knows the best way to survive a collision is to never get into one in the first place.

### Active Safety, to avoid a collision.

Many of the same features that make the Subaru XV a thrill to drive also help keep you out of harm's way. The stable, responsive handling of its Symmetrical AWD is enhanced by the low centre of gravity of its SUBARU BOXER engine. Combined with the standard Vehicle Dynamics Control System, surefooted suspension, antilock brakes and responsive steering, you're always in control.

<http://bit.ly/15cqm4l>

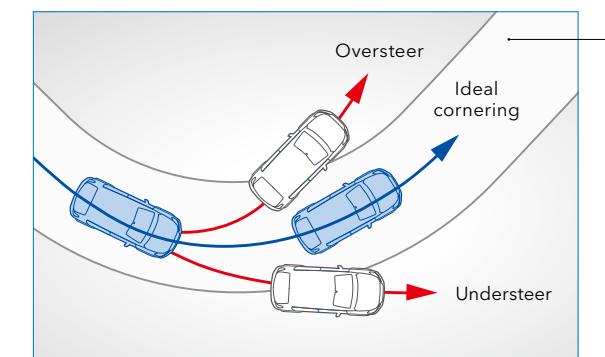

Scan the code and watch video to find out more about AWD Risk Aversion.

### Braking System

With powerful disc brakes at every wheel, the Subaru XV has braking response that's placed it in a class of its own. The standard 4-channel Antilock Braking System (ABS) prevents brake lock under hard braking and is matched with Electronic Brake-force Distribution, which reapportions the front/rear braking pressure when the vehicle is loaded. In addition, the Subaru XV ensures maximum braking during an emergency with brake assist, which delivers higher levels of braking force when the brake pedal is applied fully or rapidly; and with brake override, which enables you to brake to a stop even if the gas pedal is pushed down at the same time.

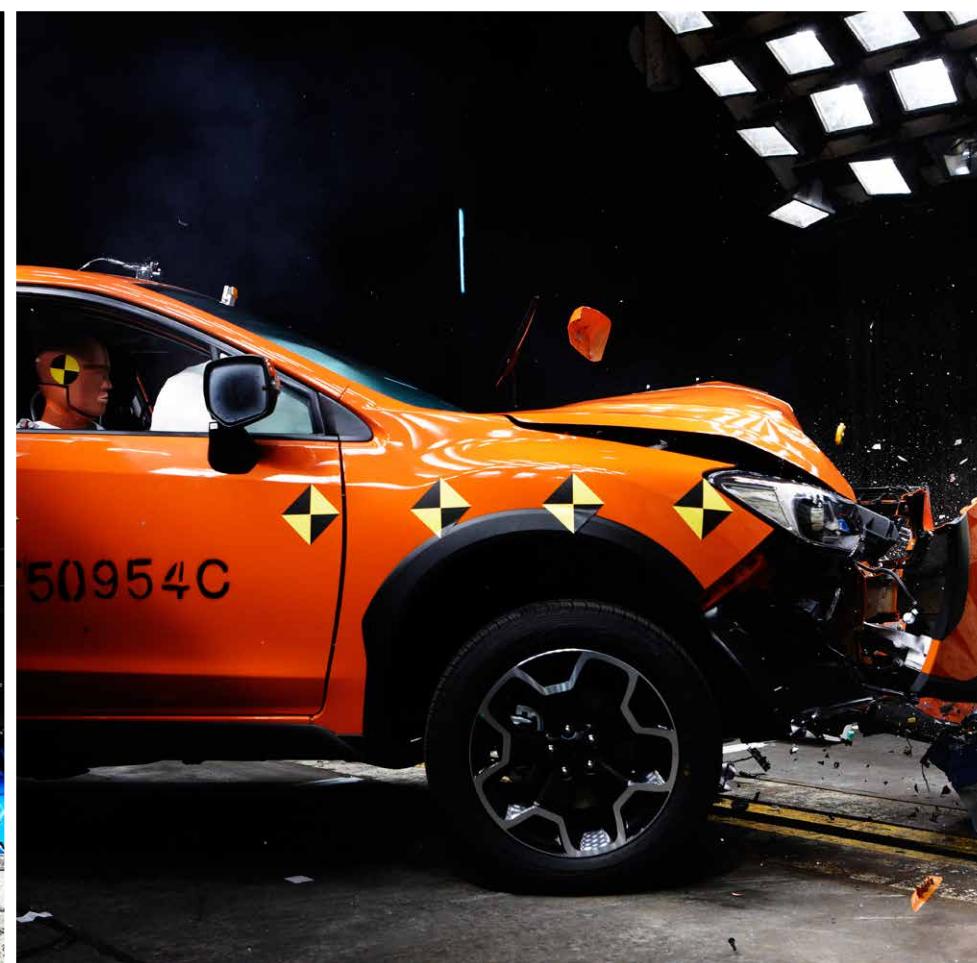

### Visibility

To avoid danger, you have to see it coming—and the Subaru is designed for the driver to have maximum awareness of the surroundings. The high vantage point of the Subaru XV and dynamic cabin-forward design with its triangular window partition minimise blind spots with improved visibility. What's more, the available Rear-vision Camera gives you an even clearer view of what's behind.

### Vehicle Dynamics Control System

Standard on every Subaru XV, the Vehicle Dynamics Control System monitors and analyses whether the car is following your intended course through an array of sensors. If the vehicle approaches the limits of stability whilst cornering or avoiding an obstacle, the AWD torque distribution, engine output and brakes at each wheel adjust to keep the vehicle on course.

# Prepared For What's All Around.

## What's inside:

Smart engineering, exceptionally rigid construction and advanced technologies are ready to keep dangerous impact energy away from the vehicle's occupants, just in case.

## What it does:

Whilst a collision sometimes can be unavoidable, you can have peace of mind knowing you're always surrounded by a vehicle that's proven to help protect.

### Passive Safety, to better survive a collision.

Occupant protection is a high priority in every element of the Subaru XV—from the major features such as seats, to the smaller ones like the pedals. Its energy-absorbing body structure is smartly strengthened with high tensile-strength steel in critical areas, minimising the impact force that can reach the cabin whilst increasing bending stiffness. In addition, an array of advanced interior safety features help protect occupants directly.

Scan the code and watch video to find out more about History of Crash Testing.

<http://bit.ly/11ZJ7nV>

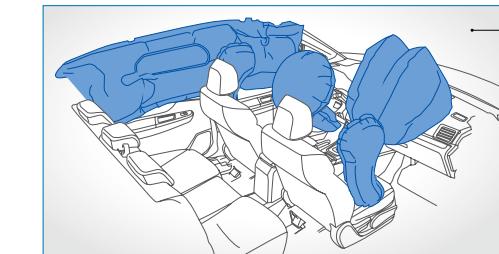

### 5-Star EURO NCAP Rating

The Subaru XV sets the standard for passenger protection. Meticulously engineered and scrutinised, it's why the Subaru XV leads with a 5-star Euro NCAP rating\*<sup>1</sup>—the highest possible for a motor vehicle.

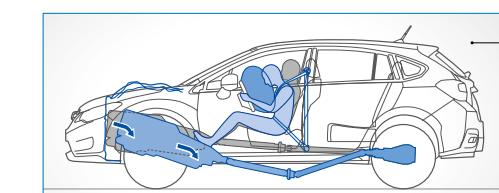

### Pedestrian Protection

Made for the urban landscape, the Subaru XV provides a high level of pedestrian protection. Shock-absorbing space between the bonnet and engine helps reduce pedestrian injury if an accident were to happen, as do an energy-absorbing front bumper and a specially designed area around the windshield wipers.

### Seats, Seatbelts and SRS\*<sup>2</sup> Airbags

Height-adjustable front seatbelts feature pretensioners hold passengers firmly in place. And the Subaru XV features whiplash-reducing front seats and energy-absorbing head restraints that can help better protect front occupants from injury during a rear collision. Even the rear seats have been optimised for protection, with the seating position set back to reduce the effects of a side impact. Front, front-side and curtain SRS\*<sup>2</sup> airbags are standard. Knee SRS\*<sup>2</sup> airbag is also standard, which greatly increase the protection of the lower extremities of front passengers in frontal impacts. Also, tether and ISO-FIX anchors—which don't compromise luggage room—facilitate easy installation of compatible child safety seats.

### Break Away Engine

Every Subaru goes above and beyond common practice when it comes to your safety. In the event of a head-on collision, your Subaru XV's SUBARU BOXER engine and gearbox are designed to absorb the impact and break away from the cabin for your protection.

### Ring-shaped Reinforcement Frames

The Ring-shaped Reinforcement Frames strengthen the passenger cabin from the roof to the doors, pillars and floor. This helps divert and dissipate impact energy away from the occupants in a collision. The frames for the Subaru XV feature high-tensile steel designs that are strong and rigid yet lighter weight.

\*1 European specification Subaru XV tested.

\*2 SRS: Supplemental Restraint System. Effective when used in conjunction with seatbelts.

## Lineup

### SUBARU XV 2.0D/2.0D Premium

**BOXER DIESEL**  
DIMENSIONS: L x W x H: 4,450 x 1,780 x 1,570 mm  
ENGINE: Horizontally-opposed, 4-cylinder, turbocharged, DOHC 16-valve diesel  
CAPACITY: 1,998 cc  
MAX OUTPUT: 108 kW (147 PS) / 3,600 rpm  
MAX TORQUE: 350 Nm (35.7 kgfm) / 1,600 - 2,400 rpm  
TRANSMISSION: 6-speed manual transmission, AWD

2.0D Premium  
Ice Silver Metallic

2.0D  
Desert Khaki

2.0D Premium

2.0D Premium

### SUBARU XV 2.0i/2.0i Premium

DIMENSIONS: L x W x H: 4,450 x 1,780 x 1,570 mm  
ENGINE: Horizontally-opposed, 4-cylinder, DOHC 16-valve petrol  
CAPACITY: 1,995 cc  
MAX OUTPUT: 110 kW (150 PS) / 6,200 rpm  
MAX TORQUE: 196 Nm (20.0 kgfm) / 4,200 rpm  
TRANSMISSION: 6-speed manual transmission or Lineartronic, AWD

2.0i Premium  
Quartz Blue Pearl

## Thoughtfully equipped, inside and out.

### HID Headlamps with Auto Levelizer\*1

Available high-intensity discharge headlamps provide illumination that's more like daylight. The auto-leveler helps to ensure that the headlamps are always pointed at the correct angle for the best visibility.

### Auto On/Off Headlamps\*2

A light sensor turns on the headlamps automatically at dusk, and shuts them off when you remove the key from the ignition.

### Fog Lamps

Multi-reflector fog lamps also serve as daytime running lights, and emit a wide, flat beam that reflects less glare in fog, for added safety.

### Automatic Rain Sensing Windshield Wipers\*2

Available automatic windshield wipers detect rainfall on the glass and adjust their wiping intervals and speed accordingly.

### Tilt-adjustable/Telescopic Steering Wheel

To help set your optimal driving position, the adjustable steering wheel tilts up-down and telescopes in-out.

### Keyless Access and Push Button Start System\*3

Unlock the front doors or tailgate by just gripping the handle, start the engine, and drive off – all without removing the key from your pocket.

### Cruise Control\*2

One-touch control allows the driver to set and maintain a steady cruising speed, convenient for long-distance driving on open motorways.

### Dual-zone Automatic Air-conditioning System\*2

Manage airflow and temperature of the driver and passenger sides independently with the available dual climate control. A microscopic filter helps keep dust out of the cabin.

### Power-folding Door Mirrors\*2

Aerodynamically designed to reduce wind noise, the large mirrors fold in electrically for narrow roads and parking spaces.

### Power Glass Sunroof\*3

The large, internally sliding sunroof with manual sunshade delivers a panoramic view and fresh breezes for front and rear passengers.

### Roof Spoiler

Seamless, sophisticated and aerodynamic, the roof spoiler of the Subaru XV is integrated completely into the rear gate, adding to the crossover's sporty character.

### Retractable Cargo Cover

The cargo cover is retractable or removable, and features a rigid, lightweight aluminium frame.

### 2 Front Cup Holders\*4

Driver and passenger enjoy convenient cup holders to keep beverages secure yet easy to access.

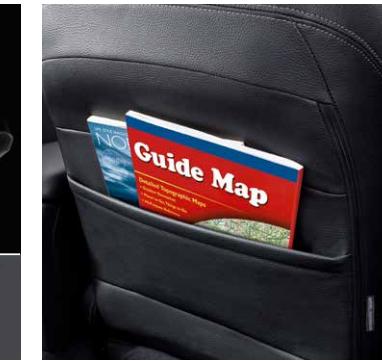

### Front Seat Heaters\*5

Available heated front seats offer two settings, for rapid heating or soothing warmth.

### 8-way Power Adjustable Driver's Seat\*3

Available for driver's seat, this allows you to quickly find a comfortable and confident seating position by 8-way power adjustment.

### Seatback Pocket

Behind the front passenger seat is a convenient pocket that's perfect for maps and magazines.

\*1 Optional on 1.6i Premium, 2.0i, 2.0i Premium and 2.0D Premium. \*2 Standard on 1.6i Premium, 2.0i Premium and 2.0D Premium. \*3 Optional on 1.6i Premium, 2.0i Premium and 2.0D Premium. \*4 1.6i and 1.6i Premium (5MT Dual-range models): 1 cup holder. \*5 Standard on 1.6i Premium, 2.0i Premium, and 2.0D Premium, optional on 1.6i, 2.0i, and 2.0D.

## Accessories

Vehicle is presented with a Hood Deflector, Front Grille (Mesh), Front Resin Under Guard, Door Visor, Side Protector, Side Resin Under Guard, Splash Guard, and Roof Spoiler.

### Personalise your ride.

Whilst every Subaru XV comes generously equipped, Subaru accessories are the perfect way to tailor your Subaru to your life and your style. Whether you want to add convenience, enhance functionality, or personalise your Subaru XV's appearance, Subaru accessories are designed to provide the same fit and quality as your Subaru vehicle. For more details, ask for the accessory brochure or visit your nearest Subaru dealer.

Hood Deflector

Front Resin Under Guard

Aluminium Carrier Base

Cargo Step Panel (Resin)

Cargo Tray

Rubber Mat

Carpet Mat Standard

Dog Guard (K/M)

Sunshade (Rear Side)

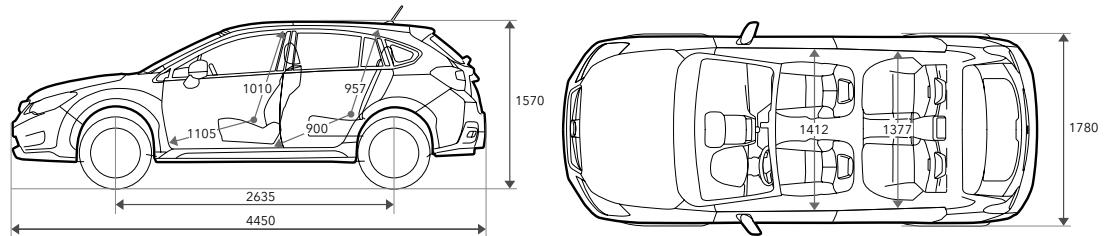

Trailer Hitch (Fixed, Detachable)

Put confidence in motion with engineering you trust.

### Dimensions

SUBARU XV
