

# TRIBECA 2014

**SUBARU**

*Confidence in Motion*

# Trusted for every journey.

Memories are made every day and the Tribeca is built to help make them happen. With seating for up to seven and all their belongings, every passenger can indulge in the comfort of a refined cabin. Every trip comes with the assuring control of the acclaimed combination of Subaru Symmetrical Full-Time All-Wheel Drive and the SUBARU BOXER® engine, providing heightened response, lush power delivery and sublime balance. You'll feel it all working together to help collect all your moments.

# All things luxury, from A to Z.

Picture what you expect in a luxury SUV and the Subaru Tribeca answers the call. A spacious and well-designed cabin with room for up to seven passengers. High-quality materials used throughout. Comfortable, well-structured seats. And top-flight entertainment features to keep everyone happy.

## PREMIUM AUDIO SYSTEM

This 6-CD premium audio system boasts crisp audio reproduction and superb acoustics, as well as an auxiliary input jack, MP3-compatibility, steering wheel-integrated controls and six speakers tuned specifically for the interior. The Tribeca Limited and Premier Packages also come standard with SIRIUS® Satellite Radio<sup>1</sup> and offer a free 3-month trial subscription to this fantastic service.

## HARMAN KARDON® SPEAKERS

The available 10-speaker, 385-watt Harman Kardon® speaker system<sup>2</sup> is designed to take your listening pleasure to new heights. A powerful subwoofer provides rich, full bass, while a 7-channel amplifier ensures crystal clear sound overall.

1 Subscription required. 2 Tribeca Limited Package and Premier Package.

# Logical design, passionate execution.

The Subaru Tribeca is an example of left-brain and right-brain thinking in perfect harmony. The sweeping dashboard surrounds you in comfort and convenience with all the controls placed logically, right where you would expect to find them. All amenities are close at hand as well, so your time behind the wheel will be an absolute pleasure, whether the journey is a scenic one or an everyday commute.

### MULTI-FUNCTION DISPLAY

Located conveniently in the middle of the dash, informative car vitals are displayed on the colour touchscreen. It features readouts for the audio system, clock, fuel economy figures, driving record data, maintenance schedule, outside temperature, and lots more.

### REAR-VISION CAMERA

A clear view of the road ahead is a key safety consideration – and so too is a clear view of the road behind. The standard Rear-Vision Camera projects a full-colour image of what's behind the vehicle onto the centre screen, greatly increasing visibility, safety and ease of parking.

E-PROCESS

# For every diversion, a versatile solution.

Whether your interests veer towards the adventurous (such as whitewater rafting) or the more laid-back (antiquing, for example), the Subaru Tribeca has the versatility to match. With a cavernous passenger cabin and no fewer than 64 different seating configurations, there's always room for a raft, a hidden treasure and the people who also share your interests.

## ONE PERSONALITY. MULTIPLE OPTIONS.

A well-designed cabin has the capacity to be a true multi-tasker. The interior of the Tribeca fits the description with a 40/20/40-split flat-folding second-row seat, a 50/50-split flat-folding third-row seat and 2106 L of storage volume. Also standard: roof rails and a cargo compartment with a 12-volt power outlet and six utility hooks. Plus, the Tribeca offers comfortable seating for up to seven passengers. For everything from a weekend at the cottage to a weeknight soccer practice – the Tribeca fits it all in.

## A PLACE FOR EVERY NEED

Not only does the Tribeca have ample storage space, it also boasts a wealth of compartments, nooks and crannies to carry virtually every possible necessity. The evidence: front-door compartments for drinks and maps. A centre console with space for CDs, a cell phone and a mobile music player. Cup holders for front- and back-seat passengers, driver and front-seat passenger seatback pockets, plus a handy sub-floor tray in the cargo area. If you can't find a place for it here, you probably don't really need it.

## STORAGE ABOVE AND BEYOND

To increase storage capacity even further, the Tribeca comes standard with raised-profile roof rails, black in colour on the base model and silver on Limited and Premier Package versions. Simply add the proper accessory crossbars and roof carriers and you're set for transporting all types of sports equipment, camping gear or other necessities.

Get everyone there.  
**Even if it's nowhere.**

# Stay connected.

## Subaru Symmetrical Full-Time All-Wheel Drive

Symmetry gives you balance. Balance gives you control. This is why Subaru has spent nearly 40 years developing and perfecting the Subaru Symmetrical Full-Time AWD system. Enhanced by the SUBARU BOXER® engine for an almost perfectly symmetrical layout, it maximizes power delivery with exceptional traction and generates balance and stability for better control in all conditions. More control inspires more confidence behind the wheel and a more gratifying driving experience overall.

### DYNAMIC PERFORMANCE

Exceptional traction, courtesy of Subaru Symmetrical Full-Time AWD, makes acceleration feel immediate and exhilarating. Combined with its symmetrical drivetrain layout, the Tribeca is able to deliver responsive handling, stability in the corners and a unique feeling of control at all times.

### CONSTANT CONTACT

The more your tires are engaged with the road, the more control you have. This is why power is routed to all four wheels while the vehicle is in motion, so the AWD system doesn't have to react to potential hazards like puddles, bumps or potholes in the road. Instead, the system is able to keep the tires connected to the road as closely as possible at all times.

### AGILITY IN AN EMERGENCY

In poor weather, or in the precious seconds it takes to react to a sudden situation, the Subaru Symmetrical Full-Time AWD system – which is almost perfectly balanced side-to-side – provides the stability, agility and traction that help you steer away from danger.

# Stay balanced.

## SUBARU BOXER® Engine

Few other SUVs drive with the surefooted confidence or the supreme refinement of the Subaru Tribeca, so it's little surprise that this result has been achieved by an innovative design that gives it a clear edge over the competition. The horizontally opposed configuration of the SUBARU BOXER® engine places the pistons 180 degrees apart for a lower, flatter profile than other engine types. This gives the engine, and therefore the overall vehicle, a lower centre of gravity and better sense of balance. Furthermore, the pistons' opposing movements inherently counteract each other, naturally helping to reduce vibration and boost driving comfort.

## Powerful force, smooth performance.

### WHAT'S INSIDE:

The horizontally opposed design of the SUBARU BOXER® engine fires with a powerful punch-counterpunch action.

### WHAT IT DOES:

It's naturally balanced for exceptional smoothness, inherently rigid for greater strength and has a lower profile for better handling.

### INCREASED STABILITY

Because the engine block has a flatter profile and sits lower in the chassis, the vehicle is more balanced and resistant to side-to-side motion than other engine configurations.

### SMOOTH POWER

At any rpm level, the engine delivers immediate, responsive power that comes on smooth. This occurs because the pistons lay flat and work against each other to reduce vibration, making the ride as easy and comfortable as it is exciting.

### LONG-LASTING PERFORMANCE

The engine's flat design is inherently rigid and self-balancing, generating less vibration than "V" type or in-line engines for exceptional durability and reliable performance.

## 3.6 LITRE DOHC SUBARU BOXER®

MAX OUTPUT: 256 hp @ 6000 rpm

MAX TORQUE: 247 lb-ft @ 4400 rpm

FUEL ECONOMY: 9.4 L/100 km hwy

The largest engine in the Subaru fleet, the 3.6-litre DOHC 6-cylinder SUBARU BOXER® offers an intoxicating blend of performance and efficiency. Benefiting from the highly advanced Dual Active Valve Control System, this mighty powerplant delivers excellent low- and mid-range torque, smooth acceleration throughout the rev range, robust fuel efficiency and surprisingly low emissions.

# Control equals confidence.

## WHAT'S INSIDE:

The transmission is expressly designed and engineered to work with its own version of Subaru Symmetrical Full-Time AWD.

## WHAT IT DOES:

Smooth power delivery, optimum fuel efficiency and an unmatched level of control simply heighten the level of driving pleasure.

## 5-SPEED AUTOMATIC TRANSMISSION + VARIABLE TORQUE DISTRIBUTION AWD

The 5-speed automatic transmission with Manual Mode employs advanced electronics and adaptive shifting logic to deliver smooth, quick and fuel-efficient performance – even when cornering or driving up and down hills. Two fully automatic shift modes (Normal for better fuel economy and Sport for better performance) and a manual shift mode allow the driver to choose between greater response and optimum fuel efficiency. The transmission also utilizes a Variable Torque Distribution AWD system that maintains a 45/55 front/rear torque split during normal driving conditions and automatically adjusts up to a 50/50 split under hard acceleration or when conditions warrant. This system is able to work in conjunction with the standard Vehicle Dynamics Control (VDC) to ensure power is distributed to all four wheels in a controlled fashion, creating superior levels of traction.

Information Provided by:  
**DEALER**  
E-PROCESS

## Safety first and foremost.

### ACTIVE SAFETY, TO AVOID A COLLISION

Many of the same features that make the Tribeca a pleasure to drive also help to keep its occupants safe. The stable, responsive handling of Subaru Symmetrical Full-Time AWD. The SUBARU BOXER® engine's low centre of gravity. Vehicle Dynamics Control, surefooted suspension, anti-lock brakes and quick steering – all provide the driver the capabilities to potentially avoid an accident.

### PASSIVE SAFETY, TO LESSEN THE CHANCE OF INJURY

Sometimes an accident is unavoidable. For this reason, the Tribeca is designed with occupant protection as a top priority. Its body structure is intelligently strengthened in critical areas to help minimize the impact energies that reach the cabin. Front airbags<sup>1</sup>, front-side and side-curtain airbags<sup>1</sup>, active front-seat head restraints and 3-point seatbelts further contribute to the cause of passive safety. This is a core value of the Subaru philosophy: Peace of mind is crucial to fully experience true driving enjoyment.

Information Provided by:  
**DEALER**  
E-PROCESS

#### WHAT'S INSIDE:

Advanced safety features and superb handling abilities, all work together to provide maximum protection and confidence in every drive.

#### WHAT IT DOES:

When the unthinkable happens, Tribeca is ready to protect in case of an accident, but does its best to avoid one altogether.

### BRAKING SYSTEM

The standard 4-channel Anti-lock Braking System (ABS) is equipped with Electronic Brake-force Distribution (EBD) to automatically adjust front/rear braking pressure when vehicle load changes. Electronic Brake Assist also provides greater braking force in panic situations.

### RING-SHAPED REINFORCEMENT FRAME

The advanced Ring-shaped Reinforcement Frame creates a uniform, interconnected safety cell comprised of the roof, door beams, side pillars and floor. This cell helps to divert impact energy away from the passenger cabin in the event of a collision. The Tribeca also features crumple zones (front and rear) engineered to dissipate impact energy gradually, while the front is also designed to allow the engine to slide under the passenger compartment in a severe front-end collision.

### VEHICLE DYNAMICS CONTROL SYSTEM

Standard on every Tribeca, the Vehicle Dynamics Control system monitors and analyzes if the vehicle is following the driver's intended course via an array of sensors. If the vehicle approaches the limits of stability, the AWD torque distribution, engine output and brakes at each wheel are adjusted automatically to assist in keeping the vehicle on course.

### SEATBELTS, AIRBAGS AND HEAD RESTRAINTS

The Tribeca comes standard with front, front-side and side-curtain airbags with rollover sensors (first and second rows)<sup>1</sup>. Also part of the picture are height-adjustable front seatbelts with pretensioners to hold passengers firmly in place and load limiters that ease peak forces to the chest area. Rear passengers are also secured with head restraints and 3-point seatbelts in all seating positions. Last but not least, whiplash-reducing active front-seat head restraints automatically move in a rear-end collision to better support the passenger's head and minimize injury.

<sup>1</sup> The Supplemental Restraint System (SRS) (airbags) affords the driver and front passenger additional protection in moderate to severe frontal and side-impact collisions, and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.

## Tribeca

- 256-hp 3.6-litre 6-cylinder SUBARU BOXER® engine
- Subaru Symmetrical Full-Time All-Wheel Drive
- 5-speed automatic transmission
- 18-inch 5-dual spoke aluminum-alloy wheels
- Fog lights
- Leather-wrapped 3-spoke steering wheel
- Premium cloth upholstery
- Heated, 8-way power adjustable driver's seat. 4-way power adjustable front-passenger's seat.
- Dual-zone automatic climate control system
- 6-speaker 6-CD audio system
- 40/20/40-split flat-folding 2nd-row seats
- 50/50-split flat-folding 3rd-row seatbacks
- Rear-Vision Camera

## Tribeca Limited Package

- 256-hp 3.6-litre 6-cylinder SUBARU BOXER® engine
- Subaru Symmetrical Full-Time All-Wheel Drive
- 5-speed automatic transmission
- Fog lights
- Heated, 8-way power adjustable driver's seat. 4-way power adjustable front-passenger's seat.
- Dual-zone automatic climate control system
- Rear-Vision Camera
- ▲ 2-position driver's seat memory
- ▲ Xenon HID headlights with manual leveling
- ▲ Leather-trimmed upholstery
- ▲ 385-watt 10-speaker Harman Kardon® 6-CD audio system with amplifier, subwoofer, SIRIUS® Satellite Radio¹ and 3.5-mm auxiliary jack
- ▲ blueconnect® Bluetooth® hands-free phone connectivity
- ▲ 18-inch 7-spoke aluminum-alloy wheels
- ▲ Silver-finish roof rails

## Tribeca Premier Package

- 256-hp 3.6-litre 6-cylinder SUBARU BOXER® engine
- Subaru Symmetrical Full-Time All-Wheel Drive
- 5-speed automatic transmission
- 18-inch 7-spoke aluminum-alloy wheels
- Xenon HID headlights with manual leveling
- Fog lights
- Silver-finish roof rails
- Leather-trimmed upholstery
- Power tilting and sliding glass sunroof
- Heated, 8-way power adjustable driver's seat. 4-way power adjustable front-passenger's seat.
- 385-watt 10-speaker Harman Kardon® 6-CD audio system with amplifier, subwoofer, SIRIUS® Satellite Radio¹ and 3.5-mm auxiliary jack
- blueconnect® Bluetooth® hands-free phone connectivity
- Rear-Vision Camera
- ▲ Touch-screen GPS navigation system

▲ Additions or differences from trim level above.

ENGINE AND DRIVETRAIN		Tribeca, Tribeca Limited Package, Tribeca Premier Package
Engine	3.6-liter DOHC aluminum-alloy 24-valve horizontally opposed 6-cylinder SUBARU BOXER® engine with Dual Active Valve Control System.	
Power   Torque	256 hp @ 6000 rpm   247 lb-ft @ 4400 rpm	
Transmission	5-speed Electronic Direct Control Automatic Transmission with Manual Mode (5EAT) and blipping control	

TRACTION AND STABILITY	
Symmetrical Full-Time All-Wheel Drive	Standard
Vehicle Dynamics Control (VDC)	VDC electronic stability control utilizes sensors which constantly monitor wheel speeds, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path.
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed traction control system which senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

FUEL	
Fuel Economy City/Highway	13.1/9.4 L/100 km
Fuel capacity	64 litres

WHEELS AND TIRES	
Wheels	<b>Tribeca:</b> 18 x 8-inch aluminum alloy, 5-double spoke design <b>Tribeca Limited Package</b> and <b>Tribeca Premier Package:</b> 18 x 8-inch aluminum-alloy, 7-spoke design
Tires	255/55 R18 104H all-season

#### POWER-ADJUSTABLE FRONT SEATS

The power-adjustable front seats – 8-way for the driver, 4-way for the front passenger – ensure maximum comfort at all times. The Limited and Premier Packages bring added convenience: a 2-position memory feature on the driver's seat.

#### HEATED FRONT SEATS

Individually adjustable heated front seats are just what the doctor ordered for relieving the mid-winter chills.

#### AUTOMATIC DUAL-ZONE CLIMATE CONTROL

The driver and front-seat passenger can both select the perfect personalized temperature setting with the automatic dual-zone climate control system.

#### POWER-ADJUSTABLE DOOR MIRRORS

Generous door mirrors are aerodynamically sculpted for reduced wind noise, heated to defog or melt away frost, power-adjustable to create superior visibility, and foldable to better fit narrow parking spaces.

#### HID HEADLIGHTS<sup>4</sup>

For greater illumination at night, Xenon High Intensity Discharge (HID) headlights are just the ticket, casting a brighter and whiter beam.

#### ELECTROLUMINESCENT GAUGES

The sporty gauge set features red needles that make a full sweep on start-up and electroluminescent lighting for easier legibility.

#### FOG LIGHTS

For those times when foggy weather threatens visibility, standard multi-reflector halogen fog lights answer back with a wide, flat beam for reduced glare and increased safety.

## Subaru Warranties

Every Subaru vehicle is designed and built to offer our customers the highest possible level of quality and reliability. We are proud of our vehicles and proud to stand behind them with a comprehensive warranty. For 2013 model year vehicles, the warranty on all Subaru vehicles consists of the following:

**New Vehicle Limited Warranty (36 month/60,000 km)** – Covers basic and major components for 36 months or 60,000 km.

**Major Component Limited Warranty (60 month/100,000 km)** – Extends coverage of major components (more than just powertrain) up to 60 months or 100,000 km.

**Surface Corrosion Limited Warranty (36 month/60,000 km)** – Covers surface corrosion to visible painted body panels for 36 months or 60,000 km.

**Anti-Perforation Limited Warranty (60 month/unlimited km)** – Covers perforation due to corrosion to body sheet metal panels for 60 months, regardless of kilometres.

**Emission Control System Limited Warranty** – Covers the majority of emissions components for 36 months or 60,000 km and the major parts of the emission control system for 96 months or 130,000 km.

**Parts and Accessories Limited Warranty** – Covers Subaru parts and accessories installed by the dealer prior to retail delivery of the vehicle for 36 months or 60,000 km, and Subaru parts and accessories installed by the dealer after the retail delivery of the vehicle for 12 months or 20,000 km from the date of the installation.

The above information is an overview of warranty coverage and is not a warranty statement. If you wish to see more details regarding Subaru warranties, please refer to your Subaru warranty booklet, contact your local dealer or visit our website at [subaru.ca](http://subaru.ca).

## Subaru C.A.R.E. (Customer Assistance for Roadside Emergencies)

The Subaru C.A.R.E. program (which is backed by the Canadian Automobile Association [CAA]) is offered free of charge for the first three years from date of purchase on every new Subaru vehicle or as part of a Subaru Protection Plan. As a Subaru C.A.R.E. member, you can count on fast, courteous emergency roadside assistance 24 hours a day, 365 days a year. You will receive a membership card and have access to a dedicated toll-free telephone number (in English or French), allowing you to take advantage of over 20,000 roadside assistance contractors and 1,000 CAA and American Automobile Association (AAA) offices throughout Canada and the United States. Ask your dealer for details or visit [subaru.ca](http://subaru.ca).

Subaru Canada, Inc., is proud to be the first vehicle manufacturer to have a direct relationship with CAA, giving our customers the benefit of CAA's unparalleled level of experience and service.

## Subaru Protection Plan

As a Subaru owner, you have expectations for a pleasurable, trouble-free ownership experience – now and into the future. Once your 36-month/60,000-km New Vehicle Limited Warranty period ends,\* our Subaru Protection Plan (SPP) – the only vehicle service contract endorsed by Subaru Canada for Subaru vehicles – can prolong your hassle-free ownership experience with three levels of extended service contract coverage tailored to your needs: Powertrain Protection; Major Protection; or Complete Protection (best level of coverage to complement the 60-month/100,000-km Major Component Limited Warranty). SPP offers comprehensive mechanical and electrical coverage and a number of additional features and benefits, such as Roadside Assistance and Alternate Transportation, for up to 7 years or 160,000 kilometres from your vehicle's in-service date. Whether your vehicle is purchased or leased, SPP protects you and your investment. Be sure to ask your dealer for details or visit [subaru.ca](http://subaru.ca).

\*If you already own a Subaru vehicle and it is still within the 36-month/60,000-km New Vehicle Limited Warranty period, you are still eligible for SPP.

Subaru vehicles are uniquely designed to get out there more—and to leave it out there less. We build our vehicles for maximum longevity because more time spent on the road equals less time spent in junkyards and landfills. Fully 95.4% of our vehicles sold in Canada over the last 10 years are still on the road today.<sup>1</sup> You'll also find very little waste created in the production of a Subaru—many of our vehicles are built in the Subaru of Indiana Automotive, Inc., (SIA) factory, which was the first manufacturing facility in the U.S. to achieve zero-landfill status. Other Subaru facilities around the world now achieve similar goals in helping to preserve the environment. Respect for our surroundings is yet another way that Subaru vehicles help to build driver confidence for the road ahead.

<sup>1</sup> Based on R. L. Polk Canada, Inc. Canadian Vehicle In Operation data as of July 2, 2011, for model years 2002-2011. Actual longevity of any car will vary based upon operating conditions.

*Confidence in Motion*

[www.subaru.ca](http://www.subaru.ca)

The Supplemental Restraint System (SRS airbags) affords the driver and passenger additional protection in some collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment. The combination of SRS and seatbelts provides the best protection in a serious accident.
