

2013 Subaru Life

Love. It's what makes a Subaru, a Subaru.

SUBARU

Confidence in Motion

Live by the moment. Love by the mile.

Life is for exploring. Whether you're hitting your favorite trail, taking a favorite road or tackling your daily adventures, Subaru vehicles are uniquely built to get you out, keep you going, and help you embrace more of life's opportunities. And, because of the way they're engineered for control, you're able to confidently drive where you want, when you want, to do whatever you want. Smart features to help you do more of what you live for. And the reassurance of award-winning safety for peace of mind. It's why we hear again and again, "I love my Subaru."

Love. It's what makes a Subaru, a Subaru.

Passionate people do passionate things.

True commitment shows through. For Subaru owners, it shows in kayak scuffs and snowboard scratches. It can take the form of dog hair that just won't come out, fresh coats of dust, or extra coats of wax. For many, the Subaru Badge of Ownership lets them show their commitment to the life they live and the confidence that has inspired them to fully embrace it. Owners can order badges online for free, stick them on their car, and let everyone know how they experience the world. Which one would you get?

Subaru Badge of Ownership

2013 Subaru Life | Badge of Ownership

More miles, more milestones.

One thing you'll notice about Subaru owners is how long they hang on to them. Terry Prine remembers the day he brought his 2003 Subaru Forester home, and all of the great moments he's had with it by his side. Memories like passing the 100,000 mark on the odometer. With devoted owners like Terry, it only makes sense that 96% of all Subaru cars built in the last ten years are still on the road today¹. Terry loves his Forester so much that he even plans on handing it down to his son Miles (that's really his name).

A memory in every mile.

000475

Going on tour with my band in '03, the Forester was my bus. I could load in all of my buddies and gear and still had room to pick things up on the way. An amazing time.

014500

One of my favorite memories is driving cross-country. I love being able to go wherever and whenever I want, and my Forester has the same attitude.

038000

Packing up the family and taking our first road trip. I tried never to take the same road twice and the kids loved it. They especially enjoyed seeing all the different landscapes through the big windows and giant moonroof.

102000

The joy of having two healthy kids is only surpassed by having our third. With a growing family, I know that they're always safe in my Subaru, and that one day, my son Miles will get the Forester to make his own memories with.

Some things are worth doing.

2013 Subaru Life | Partners

Subaru drivers display their passions on their sleeve, on their car and in the way they live. At Subaru, we support this by giving you the capability to go anywhere your passions may lead. But also by getting out there with people that get involved and make a difference in your world. Because what matters to you most, matters to us.

We protect
what we enjoy.

Partial Zero Emission Vehicle (PZEV)²

We love the outdoors, so we took extra steps to preserve it. Available in every state, every 2013 XV Crosstrek, select Outback and Legacy, and non-turbo Impreza and Forester models are certified Partial Zero Emission Vehicles (PZEV). A stringent rating that means these vehicles can have even lower emissions than some hybrid or alternative fuel vehicles.

We try not to waste a thing.
Even waste.

In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status and be designated a wildlife habitat. And every Subaru plant continues to use green suppliers and reduce manufacturing wastes and CO₂ emissions.

In 2003, Subaru of Indiana Automotive, Inc. became the first automotive assembly plant to be designated as a Backyard Wildlife habitat by the National Wildlife Federation. SIA's 800+ acres serve as a home for a wide variety of animals.

We've spent decades building relationships with those who believe in building a cleaner and greener world as much as we do. That's why we support organizations like Leave No Trace.

20,000,000

7,200,000

550,000

33,000

281

Through our Share the Love sales events, new Subaru owners have helped us donate nearly \$20 million over the last four years to charities such as the American Forests, ASPCA®, Make-A-Wish Foundation®, Meals on Wheels Association of America and Special Olympics. We look forward to continuing the trend in the years to come.

We are dedicated to supporting and improving surrounding communities through the Subaru of America Foundation (SOAF) and corporate contributions. Our combined efforts support youth-based initiatives in the areas of education, teen safe driving, environment, and local community projects. Established in 1984, SOAF has awarded more than \$7.2 million to programs across the United States.

Subaru hunger initiatives provided more than 285,000 pounds of food and fresh produce last year alone, with over 550,000 pounds over the last four years.

Over the past year more than 33,000 teens received training on dangers of impaired and distracted driving through the Subaru partnership with StreetSafe Driving Academy, Alive at 25/New Jersey State Safety Council and Bryn Mawr Rehab Hospital.

Subaru recognizes and rewards the academic achievements of children of Subaru of America, Inc. employees and encourages them to further their higher education. Since 1996, SOAF's Scholarship Program has awarded 281 scholarships to employees' children totaling \$578,000.

Because it's not always what you give, sometimes it's what you hold back, Subaru builds fuel-efficient vehicles in ecologically minded plants. Subaru of Indiana Automotive, Inc. (SIA) was the first manufacturing facility in the U.S. to reach zero-landfill status.

Challenge met.

Subaru Rally and RallyCross Racing

There has been no more punishing—and exciting—way to prove our engineering than rally and rallycross racing. Challenging terrain from snow to gravel to tarmac and sometimes even air, has resulted in six World Rally Championships and seven in Rally America, including the last two in a row. Now there's a new Subaru PUMA RallyCross Team to take on new terrain.

Victory claimed.

Subaru Road Racing

To push performance to the next level, we're always looking for the next challenge. Road racing dials up the control and durability forged in rally with the precision and responsiveness to achieve ultimate speed on the track. Whether it's winning Germany's famed 24 Hours of Nürburgring or at New Jersey Motorsports Park, Subaru racing teams are taking it to the track.

Enthusiasm is **contagious.**

The love for a Subaru goes way beyond a wave to a fellow owner on the road. All over the world and all over the internet, loyal enthusiasts—united by their passion for life and for Subaru—gather for rallies, events, or just to talk about their favorite subjects.

Come on out. Happiness loves company.

Subaru owners are a unique bunch of people who tend to have one thing in common—they live life to the fullest. Being part of the Subaru family introduces you to all sorts of opportunities to get out there with others who share common interests and passions. Here are just a few of the events we've got planned.

For future events visit
subaru.com/events

See you there!

- Subaru Master the Mountain
- Northwest Flower & Garden Show
- Philadelphia International Flower Show
- Subaru Cherry Blossom Festival
- East Coast Canoe and Kayak Festival
- Merrell Down and Dirty National Obstacle and Mud Run Series
Presented by Subaru
- Dining Out for Life
- Asian Heritage Street Celebration
- Mount Washington Observatory – Seek The Peak

- Pilots N Paws Animal Rescue
- Matchstick Movie Tour
- Subaru Fall Festival at Greensgrow Farms
- Grand-AM Continental Tire Sports Car Challenge
- Rally America National Championship Series
- Global RallyCross Championship
- Subaru Love A Pet Adoption Drive
- Reno River Festival
- Destination Wine Races Wine Country Half Marathon Series
- Iceman Cometh Challenge Bicycle Race

Do a lot **on very little.**

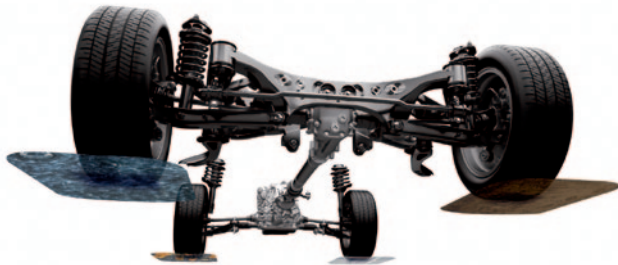

MPG + AWD

Capable and fuel-efficient, Subaru vehicles are proof that you can have fun and great MPG, too. Just look at the 2013 Impreza, the most fuel-efficient AWD car in America,³ and the all-new 2013 XV Crosstrek, the most fuel-efficient AWD crossover in America.⁴ Now more than ever Subaru vehicles help you do more with less impact on your wallet and the environment.

Subaru Symmetrical All-Wheel Drive

A confident drive is the signature of every Subaru vehicle, especially when it's equipped with Subaru Symmetrical All-Wheel Drive. This unique system offers better balance for stability and a more efficient flow of power than other AWD systems, providing greater grip and giving you better traction and control.

All-weather Conditions

Traction and stability helps keep you connected to the road in adverse conditions.

Accident Avoidance

Being more responsive to the unexpected takes natural agility.

Spirited Handling

Dynamic steering and intuitive control comes from a near-perfect side-to-side symmetry.

Subaru Boxer Engine

The SUBARU BOXER® engine is remarkably different because it generates more than power. The pistons are laid flat in a horizontally opposed design, providing powerful yet smooth acceleration. And better yet, its design helps lower the vehicle's center of gravity for increased handling stability.

Horizontally Opposed Design

Smoother Operation

Durable Construction

Increased Reliability

Lower Center of Gravity

Greater Handling Agility

The only manufacturer with IIHS Top
Safety Picks for all models, three years

Now your safe Subaru **is even safer.**

The most important thing a Subaru can do is protect the people in it. We're always looking for better ways to do it, and now the 2013 Outback and Legacy are available with an innovative new driver-assist system that's watching the road with you: EyeSight.^{™12} Like a second pair of eyes for the road ahead, it watches for potential danger, warns you when it spots it, and can even apply brakes to help you avoid it.

Legacy 2.5i Limited in Venetian Red Pearl with optional equipment.

Welcome to **the family.**

2013 Outback

Not all who wander are lost. The Outback has what you need to explore whenever and wherever with confidence. Ample headroom and legroom, over 71 cubic feet of cargo space and new adjustable roof rails with retractable crossbars, are just a few ways the Outback offers up the versatility you seek to take on any adventure. And with its redesigned SUBARU BOXER® engine, and newly refined Lineartronic® Continuously Variable Transmission (CVT) and rugged Subaru Symmetrical All-Wheel Drive, you get great MPG and car-like handling with SUV capabilities. So grab some gear, a few fellow adventurers and go make some stories.

Go where the stories are.

"The best-selling All-Wheel-Drive car in America
for the past five years."^{*}
—*R.L. Polk & Co.*

What you have to do is now fun to do.

"With standard all-wheel drive and plenty of ground clearance, this SUV's gifts are certainly uncommon among crossovers that are relegated to carpool and commuting duties."*

—Edmunds.com, January 2012

*Accolade based on 2012 Forester.

Forester 2.5X Touring in Ice Silver Metallic.

2013 Forester

There's power in finding the perfect balance. And Forester offers the combination of appealing design, astounding versatility and crash-test proven safety that'll empower you for all the adventures you encounter every day. Apart from thoughtful details like grocery bag hooks and the way the rear suspension is designed to maximize rear cargo space, it has unique credentials like the near-perfect Subaru Symmetrical All-Wheel Drive and the SUBARU BOXER® engine to give you the control and power you need. So, if you're ready to turn your to-do list into your love-to-do list, the Forester might just be the right car for you.
