

2012 Forester

Love. It's what makes a Subaru, a Subaru.

Smarter solutions.
Everyday inspirations.

The 2012 Subaru Forester

There's power in finding the perfect balance. And the Forester offers the combination of appealing design, refined handling and astounding versatility that'll empower you for all the adventures you encounter every day.

Forester 2.5X Premium in Satin White Pearl.

Protective

Strong passenger protection and outstanding accident avoidance features have made the Forester an IIHS Top Safety Pick for 5 years in a row (2007–2011).¹

Versatile

You've got a lot on your plate, that's why the Forester is loaded with ingenious features designed to help streamline your daily tasks.

Comfortable

The Forester offers entertainment options, spaciousness and amenities that can make all your passengers totally comfortable in each seat and totally engaged on every journey.

Capable

The Forester offers rugged reliability combined with the legendary traction of Subaru Symmetrical All-Wheel Drive—empowering you to make each day memorable.

¹ Ratings based on Insurance Institute for Highway Safety's (IIHS's) 40-mile-per-hour frontal crash test, 31-mile-per-hour side-impact test, 20-mile-per-hour rear-impact test, and roof-strength test. For more information, contact IIHS or visit their website at www.iihs.org.

Stop. Smell roses. **Repeat.**

Turn what you have to do
into what you love to do.

“... the Subaru Forester strikes the sort of balance between driving fun, ride comfort and outright practicality that make some of its competitors seem downright frustrating in comparison.”

—Cars.com, April 2011

A detailed view of the front interior of a car. The seats are upholstered in light-colored leather with visible stitching. The dashboard and center console are dark with metallic accents. The steering wheel is also visible. The overall aesthetic is clean and modern.

One size that **actually fits all.**

In charge. At ease.

Interior Features

Settle into the driver's seat, and you'll find yourself in a spacious cabin, surrounded by amenities designed for you and your passengers' convenience and comfort. Those in the rear are sure to appreciate the reclining rear seats¹, your front passenger will like having a height-adjustable seat, and everyone will enjoy the sunshine and fresh air flowing in from the optional oversized panoramic moonroof. Add in available dual-zone climate control, and your only problem may be getting your passengers to leave.

¹ Reclining rear seats not available on base 2.5X.

Take your comfort zone
on the road.

Versatility. Security. Agility. In total harmony.

Passenger Protection

Our body structure design, with the Ring-shaped Reinforcement Frame, is engineered to be exceptionally strong for maximum resistance to impact energy, while an array of airbags—all standard—further help prevent injury.

Interior Versatility

Insightful features like the multifunction center console, and the retractable rear tray¹ help keep your stuff neatly under control. While a spacious cargo area and a 60/40 split-folding rear seatback make loading, hauling and handling cargo easy.

¹ Retractable rear tray not available on base 2.5X.

Subaru Symmetrical AWD

With an almost perfectly symmetrical layout, our unique all-wheel drive system offers better balance for stability and a more efficient flow of power to all four wheels for greater grip and control.

Exceptional Control

The balance and stability of the SUBARU BOXER® engine and the grip of Subaru AWD help give you the power to avoid danger. That poise is combined with VDC electronic stability control, which can intervene to help you stay in control.

Rewarding Technology

Available features like dual-zone climate control help keep you comfortable, while iPod® control, HD Radio™ with iTunes® tagging, satellite radio and Bluetooth® hands-free connectivity keep you connected and entertained.

Ground Clearance

It may have the driving manners of a sedan, but the Forester features a rugged, 4-wheel independent suspension with up to 8.9 inches of ground clearance—enough to allow you to indulge your adventurous side.

TRACTION AND STABILITY

Symmetrical All-Wheel Drive	Standard	Standard
Vehicle Dynamics Control (VDC)	Standard VDC electronic stability control utilizes sensors which constantly monitor wheel speeds, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path.	
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed traction control system which senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

Responsible. Reliable. Ready to join the family.

At Subaru, we're committed to building a lasting, rewarding relationship with you and the world we share. We start by building our vehicles to last—it's why 96% of all the vehicles we've built in the last 10 years are still on the road today.¹ We also share your desire for a cleaner, greener world. The Forester, Impreza, Legacy and Outback have all been recognized with Partial Zero Emission Vehicle—PZEV²—status because of their exceptionally low emissions. What's more, in 2004 Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero landfill status—nothing from its manufacturing efforts ever goes into a landfill.

These brochures were printed with vegetable-based inks and produced using a "Green Printing Process" and FSC® standards. The Forest Stewardship Council™ (FSC) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 80 trees preserved for the future; 232 lbs water-borne waste not created; 34,184 gallons wastewater flow saved; 3,782 lbs solid waste not generated; 7,447 lbs net greenhouse gases prevented; 57,001,000 BTUs energy not consumed.

¹ Based on Polk U.S. vehicles in operation registration statistics 2001–2010. ² 2012 Subaru Impreza 2.0 and Forester, Outback, Legacy 2.5 non-turbo models achieving a Partial Zero Emission Vehicle (PZEV) rating by the California Air Resources Board are available in all 50 states. Only those sold and registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont will be eligible for the 15 years/150,000 mile emission warranty. Oregon, Pennsylvania and Washington vehicles are not covered under PZEV emissions control warranty. See your warranty maintenance booklet for additional information.
