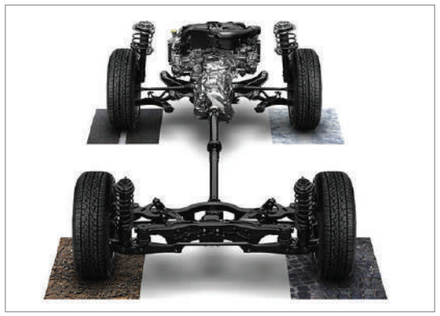
BOLD SAFETY



Symmetrical All-Wheel Drive
Designed to distribute power to all four wheels, all the time. It offers surefooted stability even at high speeds or in bad weather, plus balance and traction on wet roads too.

Subaru Global Platform
Taking superior driving capabilities to a new level, the Subaru Global Platform delivers improved manoeuvrability, reduced vibration and noise, plus the confidence to navigate all roads.

Direct Fuel Injection Boxer Engine
In addition to the lower centre of gravity, the 2.0-litre horizontally-opposed engine now comes equipped with Direct Injection to boost fuel economy, engine output and performance.

All-Around Safety
The increased use of high-tensile steel provides a stronger frame that improves impact energy absorption by 70%. A total of 7 SRS airbags – front, front-side, curtain, and knee – offer a higher level of protection.

BOLD FEATURES

[NEW] Award-Winning Subaru EyeSight Advanced Driver Assist Technology with 6 Functions*
The Subaru EyeSight is our award-winning driver assist technology that gives you an extra pair of eyes on the road.

[NEW] Dual-function X-MODE
Enjoy the Subaru XV's true driving potential with the newly evolved Dual-function X-MODE which utlilizes the high torque and quick response of the engine for improved ability to get out if stuck, further improving driving confidence, especially on uneven surfaces or challenging inclines.

LED Headlamps with Auto-leveliser
These auto-levelling bifunctional LED headlamps combine low and high beams and are steering-responsive, ensuring good visibility around turns at night.

*EyeSight is a driving support system which may not operate optimally under all driving conditions.
