THE NEW FORESTER GT EDITION

We've gone beyond extraordinary with the Forester GT Edition. Designed by renowned Masahiko Kobayashi, former Chief Designer at Subaru Corporation, with over 25 years of experience. The brainchild behind Levorg, WRX, WRX STI, first-generation XV and more. Now, get ready to come face to face with this new GT Edition - rugged yet refined, sophisticated with a sporty edge. Start defying convention with the Forester GT Edition.

01 Front Bumper Lip Extension
Added for a sleeker look.

02 Rear Bumper Lip Extension
Offers added protection to the bumper area while giving it a rugged accent.

03 Side Skirts
Lends a more robust feel.

04 Special Leather Seat Upholstery
Inspired by the cabins of high-performance grand tourers from Europe.

05 Bespoke Alloy Wheels
Exclusively manufactured to complete the bold look of the Forester GT Edition.

06 Roof Spoiler
Improves aerodynamics and handling due to more effective downforce.

07 Superview Around Recognition Three-sixty System
Makes manoeuvring and parking in tight spaces easier with the four cameras, strategically positioned for a clearer view.

08 Panasonic New-generation Display Audio
8-inch Display Audio System with Apple CarPlay and Android Auto connectivity.

CONFIDENT TO THE CORE

Subaru Global Platform
Taking superior driving capabilities to a new level, the Subaru Global Platform delivers improved manoeuvrability, reduced vibration and noise, plus the confidence to navigate all roads.

Direct Fuel Injection Boxer Engine
In addition to the lower centre of gravity, the 2.0-litre horizontally-opposed engine now comes equipped with Direct Injection to boost fuel economy, engine output and performance.

Symmetrical All-Wheel Drive
Designed to distribute power to all wheels for better steering response. It offers surefooted stability even at high speeds or in bad weather, plus balance and traction on wet roads too.

EyeSight Driver Assist Technology
The Subaru EyeSight is our award-winning driver assist technology that gives you an extra pair of eyes on the road.

1. **Pre-Collision Braking & Throttle Management**
Warns you with a buzzer and a flashing indicator on the dash. It brakes to reduce impact and possible collisions. Pre-Collision Throttle Management helps avoid frontal collisions.

2. **Lane Sway & Departure Warning**
Helps you stay alert with a buzzer and a flashing indicator. When you drift to the edge of your lane, it warns you about inadvertently leaving the lane.

3. **Adaptive Cruise Control & Lead Vehicle Start Alert**
Adjusts your speed automatically to keep a set distance from the lead vehicle. Lead Vehicle Start Alert prompts you when traffic starts moving again.

ELEVATED PRACTICALITY

Spacious Boot
Everything you need goes into the large, 520 litres of boot space.
- Increased cabin space for more comfort
- Widened cargo door for easy loading
- Foldable seats for increased cargo space

Luxurious Cabin
Stretch out in maximum comfort with the roomy and well-equipped interior.

High Ground Clearance
A high ground clearance lets you drive through uneven and rough terrains with ease.
- A high 220mm of ground clearance
- Drives easily through rough and uneven terrains
- Prevents undercarriage damage
