

SUZUKI SIERRA 13

NEW SIERRA LOOKS LIKE FUN.

Any car can get you from A to B, but where's the fun in that?

For around the same price as a sensible little sedan, the Suzuki Sierra can put you on the road to adventure.

And let you enjoy every minute of it.

Nipping around town.

Squeezing in and out of tight parking spots.

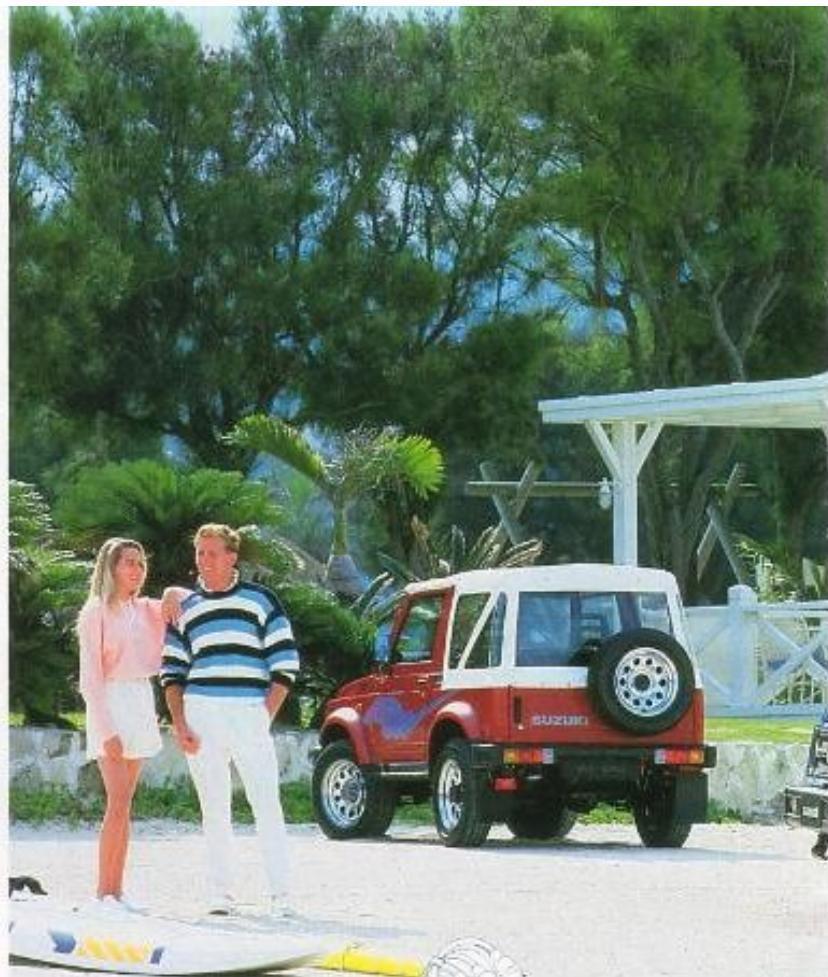

Heading down the highway, with the sun on your face and the wind in your hair.

Getting off the beaten track.

Life's never dull in a Suzuki Sierra.

Especially with the new look models now showing at your Suzuki dealer.

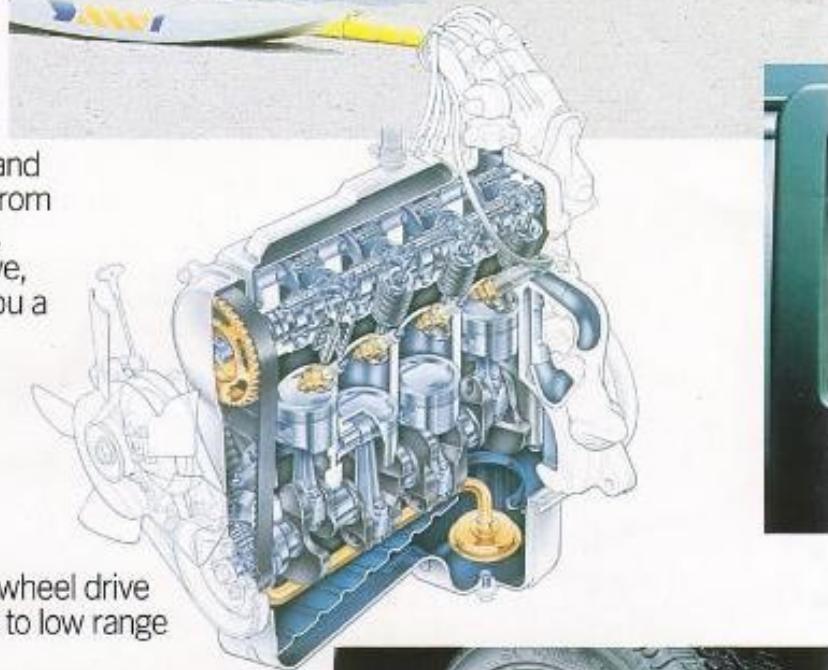

Things are looking better all the time.

TORQUE ABOUT POWER.

The secret of Sierra's remarkable power to weight ratio is a compact 1.3 litre engine with aluminium cylinder block and hollow crankshaft and camshaft. It delivers exciting power and torque from low to high speeds, and surprising fuel economy.

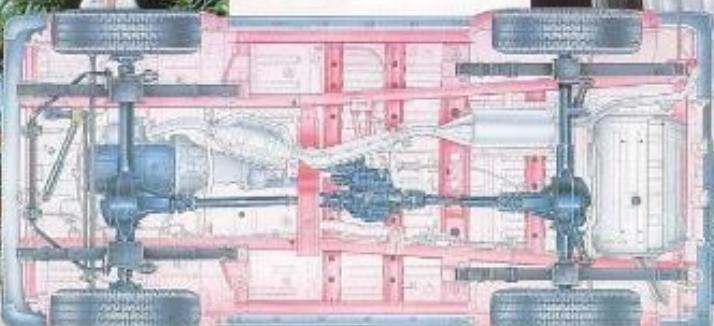

A five-speed transmission including overdrive, and the advantage of free-wheeling hubs, give you a quieter ride and even greater economy on the open road.

ROUGHING IT.

Then when the going gets rough, slip into 4 wheel drive and away you go. Or for really rough terrain, shift to low range 4 wheel drive.

Abundant ground clearance and generous approach and departure angles ensure confident driving wherever you choose to go.

Chrome wheels, roof racks.

THE INSIDE STORY.

The dashboard layout gives you all the information you need at a glance.

Large bucket seats give the sort of comfort and support you really need for long trips or harsh off road adventures.

The JX models feature full reclining seats and new retractable seat belts.

And options like integrated air conditioning and more sophisticated sound systems can make driving more fun than ever.

CHOOSING YOUR SIERRA IS HALF THE FUN.

The hardest decision may well be which Sierra to select.

The fun loving, sun loving soft top, now in black as well as white.

Or the very practical hard top.

Whichever way you go, you'll turn a lot of heads.

AWAY YOU GO.

The rest of the story is up to you. Around town, or away from it all. At work or at play. On the road or off it. Life is never boring in a Suzuki Sierra. Have fun.
