## SWIFT SE

# Hot in the city

At home in the hustle and bustle of the city, the new Swift SE is perfectly tailored to your busy lifestyle. Packed with premium features, urban upgrades, and smart accessories, it's a more refined, city sophisticated Swift.

To help you navigate the concrete jungle, a Garmin™ touch-screen sat nav system offers 2D and 3D maps and reversing camera. Thanks to Bluetooth hands-free you can cancel your 10am, or decide who's picking the kids up – safely, while you drive. Audio is delivered through the Swift's 6 speaker system – which makes everything sound great, from phone calls to your own personal playlist.

Arms loaded with shopping? No problem. The Swift SE's keyless entry and push-button start saves you fumbling for your keys every time you get in. If you're hot and bothered, dial up the climate control air-conditioning. A tilt and telescopic adjustable steering column adds to your comfort, and on longer journeys cruise control is a real bonus.

Swift SE maintains an air of sophistication and style

with its 16 inch factory 'smoked' alloy wheels, chrome front grille, SE badging and LED daylight running lamps. There's also a unique interior with new suede-finish seat fabric and contrasting stitching, to really set your Swift SE apart.

When it comes to performance, the Swift SE is like a busy barista who's had one espresso too many – its 1.4 litre VVT engine is alive with energy. It also sips fuel frugally with low emissions. Add the security of 4-wheel disc brakes, and it's a recipe for a superb driving experience. Plus of course, the Swift SE is supremely safe. Thanks to 7 airbags, ABS and ESP® it has been awarded the maximum ANCAP safety rating of 5 stars.

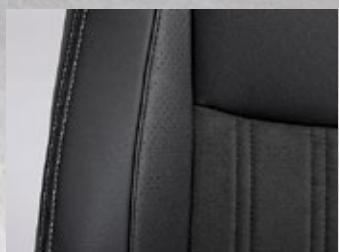

**More refined, more sophisticated, more Swift.**
