# More fun, more extras, more Swift

We've taken the already impressive Suzuki Swift and added to it in every way. With the limited edition Swift Plus you get even more value, more style, and more fun with a package of exclusive factory extras including an integrated spoiler and stunning 16 inch alloy wheels.

With more additions than an algebra book, the Swift Plus makes a unique statement in style and performance. Eye-catching tinted windows, an integrated spoiler, and 16 inch alloy wheels give the Swift a sporty attitude and augment its agile handling. Additional design features including colour-matched exterior features and unique badging add a touch of finesse and set this Swift apart from the crowd.

Impressive interior upgrades include a luxurious leather steering wheel and a high-quality 6-speaker entertainment system. This features USB and Bluetooth hands-free so you can enjoy your favourite tunes or use your phone safely. When you add an air conditioning system complete with pollen and dust filters, you'll find the cabin of the Swift Plus is so comfortable, you'll never want to leave.

On the road you'll discover the Swift Plus has

even more positives. A zesty 1.4 litre, 16 valve VVT engine gives you plenty of pep while being frugal on fuel. And for a car that loves the open road so much, cruise control makes a welcome addition. When you're travelling long distances, just set your desired speed and cruise to your destination in comfort and safety.

Should you need to stop in a hurry, it's reassuring to know ABS with Electronic Brake Force Distribution, and Suzuki's Electronic Stability Programme

are on your side. These electronic systems combined with 7 airbags and a strategically strengthened TECT body design, have led to the Swift Plus being awarded the maximum ANCAP safety rating of 5 stars.

Of course fun is built into every Swift, but with all these valuable extras and upgrades, the limited edition Plus is on another level altogether.

## PLUS

### INFO DISPLAY

Speed, tachometer, fuel consumption, temperature and driving range are clustered together for easy viewing.

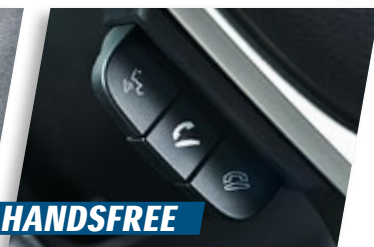

### AUDIO CONTROL

Fine-tune your music with the touch of a button, built in to the steering wheel for convenient, safe operation on the move.

### CRUISE CONTROL

Keep a comfortable, safe and consistent pace on long trips and open roads. Just set your chosen speed and cruise.

### HANDSFREE

Bluetooth® connectivity allows you to make and answer calls while you're travelling, without moving your hands from the wheel or your eyes from the road.

#### 5 STAR SAFETY

Protection comes from front and side airbags for the driver and front passenger, a knee airbag for the driver, and left and right side curtain airbags. Electronic Stability Programme (ESP) supplements the inherent stability by automatically adjusting the engine and brakes if the wheels lose traction.

#### ABS WITH EBD

In an emergency, ABS and EBD prevent the tyres from locking up and adds stability to evasive manoeuvres. Front ventilated disc brakes deliver superior braking force with precise response.

#### EXTERIOR STYLE

Swift Plus is distinguished with the inclusion of a body-coloured factory upper spoiler and tinted windows.

## IT ALL ADDS UP TO A LOT OF FUN

The Swift is NZ's no.1 for fun with an impressive list of features. Packed with extras the Swift Plus takes it up a notch and gives you more of everything that makes the Swift such a fun drive. But it's an extremely limited edition so don't mess about. See your Suzuki dealer today.

### SWIFT PLUS MAIN FEATURES
