

MARUTI  SUZUKI
Way of Life!

Ciaz
Make way for the future

MAKE WAY FOR THE FUTURE.

With its bold stance, confident demeanour and elegant style, the Ciaz is more than just a sedan. It's an attitude that defies norms. A revolution in luxury and innovation, its design exudes opulence and its aerodynamic styling adds to its stunning looks. Ciaz is the perfect amalgamation of incredible style, sophistication and cutting-edge technology.

At the heart of the Ciaz is a power-packed engine that delivers robust performance with great fuel-efficiency. The DDiS 200 diesel engine in Ciaz is equipped with the new Smart Hybrid Technology and the petrol variant is powered by the New Generation K14B VVT engine.

No wonder when you're behind the wheel of Ciaz, the only thing ahead is an open road.

STYLE THAT MAKES LIGHTS TURN GREEN.

Ciaz blends the elegance of its curves with the boldness of its stance. While its exceptionally classy design elements like Projector Headlamps add a touch of sophistication, its lean yet expansive body creates a distinct impression.

NOTHING GETS IN THE WAY OF INDULGENCE.

Infusing a spacious and relaxing feel, the ergonomically designed cabin and seats of Ciaz provide unmatched comfort in both the front and rear. With ample legroom, headroom and shoulder room, the seats indulge both the driver and the passengers with an experience of exceptional comfort and relaxation.

STEP INSIDE FOR SOPHISTICATED FEATURES.

The Ciaz is equipped with highly advanced features like Camera and Sensors Assisted Reverse Parking, Keyless Push Start System and Smart Key. Along with that, intelligently designed features like Rear AC Vents, Personal Reading Lamps and Rear Sunshade ensure that every single detail of the passenger's comfort is thoughtfully addressed.

EFFORTLESS ENTERTAINMENT.

When you're driving the Ciaz, keeping yourself entertained requires little effort. Thanks to the SmartPlay Infotainment System in the Ciaz. A range of features like WVGA TFT display with touchscreen, Bluetooth Connectivity*, Voice Command, Navigation System, Smartphone Connectivity# (via Mirror Link and Apple Carplay®), Media Connectivity and Reverse Parking Display, add a new dimension to infotainment on the move. That's how, the Ciaz ensures that the only moment that isn't entertaining enough is the one when you're stepping out.

UTILITY SPACES INSPIRED BY ONE ESSENTIAL FACTOR. YOU.

OVERHEAD CONSOLE WITH SUNGLASS HOLDER

The Ciaz comes with a stylish Overhead Console with Sunglass Holder.

BOOT SPACE

The Ciaz provides luggage capacity of 510 litres. Electromagnetic latch and boot light enhance ease of use.

CONCEALED CONSOLE BOX WITH ILLUMINATION

The console box provides storage with anti-skidding mat, 12V accessory, USB & AUX sockets and twin cupholders.

DOOR BOTTLE HOLDERS

Front door pockets can hold a 1,000ml PET bottle and an A4 size document. While the rear door pockets can hold a 1,000ml PET bottle and an A5 size document.

FRONT ARMREST UTILITY BOX

Front centre armrest incorporates a Utility Box with pen & visiting card holder.

SEAT BACK POCKETS

A pocket in the back of the front seats is handy for newspapers and magazines.

DYNAMIC PERFORMANCE MEETS CLASS LEADING EFFICIENCY.

DDiS 200 DIESEL ENGINE

The new Ciaz Smart Hybrid has a 1.3 (l) diesel engine with Variable Geometry Turbocharger (VGT) that generates optimum power and excellent torque. This is paired with an Integrated Starter Generator (ISG), to help improve fuel efficiency by supplementing the engine's power and to enable acceleration and all-round performance.

K14B VVT PETROL ENGINE

The new generation K14B VVT engine delivers both dynamic performance and fuel-efficiency. It incorporates new Cylinder Head and Piston Design for better efficiency and the VVT system which optimises intake valve timing for better performance. The fuel-efficiency is further enhanced by paying special attention to reduce friction in engine components. This also contributes to smooth running and reduced engine noise.

SMART HYBRID TECHNOLOGY

Introducing the revolutionary Smart Hybrid Technology by Maruti Suzuki. The DDiS 200 diesel engine is equipped with an Integrated Starter Generator (ISG), whose motor function improves fuel efficiency by supplementing the engine's power. Capable of high generation output, the ISG is capable of recovering energy from the car's deceleration. The energy is stored in a high capacity battery. The ISG's motor function is used to restart the engine silently. This assists in the engine's auto stop and start function and aids the engine during acceleration, thus reducing fuel consumption even further.

SALIENT FEATURES

- Idle Stop Start –
The engine stops automatically when the car is idle and it silently starts when the clutch is pressed. This helps in increasing fuel efficiency of the car.
- Torque Assist Function –
The regeneration of the energy assists the torque function of the car. This helps the engine in providing optimal acceleration and performance.
- Brake Energy Regeneration –
Braking charges the special high capacity battery which in return assists the engine's idle stop start function and helps the engine during acceleration.
- Gear Shift Indicator –
It prompts the driver to effectively change gears. This helps ensure a smoother ride and better fuel efficiency.

DRIVING PLEASURE THAT ALWAYS FINDS AN OPEN ROAD.

Whether it's the manual transmission or the automatic variant of the Ciaz, each has been designed to offer unparalleled ease of driving. Optimised gear ratios and smooth shift mechanisms not only enhance driving dynamics but also ensure fuel-efficiency. That's why, even if you have the option of being driven, you'll find it impossible to keep your hands off the steering wheel.

4-speed Automatic Transmission

5-speed Manual Transmission

EVERYWHERE YOU GO, SAFETY GOES ALONG.

The body of Ciaz is built on Suzuki's Total Effective Control Technology (TECT) concept to offer fortress-like protection to those inside the car. The benefits of structural analysis with CAE technologies are complemented by effective use of High Tensile Strength Steel to make the body stronger and safer. Plus features like Dual Airbags, Seatbelts with Pretensioners and Force Limiters, ABS with EBD, Seat Belt Reminder Buzzer, Rear Parking Sensors and Camera, Fog Lamps and Rear Defogger further add to the safety of the passengers.
