

# SX4

Way of Life!

# Looking for adventure.

Southampton has always been a place where incredible journeys begin – exploration and adventure are in its soul.

Now pioneering developments like Ocean Village are reinventing the city's coast and skyline. Sleek modern architecture rubbing shoulders with a maritime heritage. And new bars, restaurants, art galleries and theatres leading to yet more discoveries.

So what better way to explore this city of exploration than the intrepid new Suzuki SX4? A car that really knows its way around the urban landscape and a car that will get you through it, no matter what.

**Green Fact #01** At Suzuki, we're passionate about the three Rs – reduce, reuse, recycle.

# The right equipment.

With the space of an SUV yet all the features of a family hatchback, the SX4 is perfect for life in the city.

It's tough and well built, but also uniquely compact and easy to park. It has more than enough room for five passengers and whatever goods the city has to offer, plus a high driving position and excellent overall visibility.

The 1.6 litre petrol engine combines dynamic and efficient performance with precise handling. There's also the option of a 4-wheel drive\*\* version. And if you are looking for extra power, then the 2.0 litre DDiS gives you exactly that. Then there's the keyless, effortless ignition system\* and comprehensive safety features like the rigid body structure, on-board safety systems and side and curtain airbags.

Don't be deceived by the apparent practicality though. The SX4 is also great on the eye, with thoroughly modern styling. So it won't look out of place in even the hippest parts of town.

**Green Fact #02** Developments on the new SX4 have reduced its emissions by 10% – all thanks to the ingenuity of Suzuki's engineers.

# An interesting companion.

The SX4 is a tempting alternative to the average hatchback. And the exterior styling simply adds to its unique character – giving the car a real presence on the road.

This includes black body side protection trim, roof rails, front and rear skid plates, green tinted glass, body matched exterior door handles and mirrors, and 16 inch wheels.

So instead of a predictable hatchback, you have a car with a subtly different and attractive personality.

# Looking the part.

Even when it comes to detailing, the SX4 is a little bit different. The grille and badge have been designed to form a highly distinctive front end that's confident and bold. While front fog lamps\* make doubly sure no one will miss you. Add to this slick wrap-around headlamps and eye-catching rear cluster lights, and as well as seeing, you'll be seen.

# Travel in comfort.

When you set off on your expedition you'll notice how much room there is to move around. Certainly more than you're used to in the city.

You'll also be struck by the dynamic, sporty feel to the interior. With features like the platinum and black interior trim with supportive side bolsters. Or the 3-spoke leather-covered steering wheel with illuminated built-in audio controls. Or maybe the subtle silver highlights throughout the dashboard that make the whole driving experience pleasing on the eye.

Pleasing on the ear too. As the CD tuner is MP3 and WMA compatible with a superb 4-speaker, 4-tweeter and centre dash speaker\* surround sound system. And with air conditioning as standard you could be excused for not wanting to leave the car.

\* S24 and S25 models only

**Green Fact #05** We are investing in hybrid and fuel cell technologies to significantly reduce carbon emissions – putting more in to getting less out.

# Everything you need.

Like any adventure, life in the city can be demanding, but not when it comes to the SX4. It has all the added extras you need to take things in your stride.

60/40 folding rear seats, for example, to create a more flexible and bigger storage space. Along with more clever storage ideas throughout the car, including an ingenious under-seat tray and three cup-holders.

Being on the move is effortless too due to the power steering, electric front and rear window controls and electrically adjustable side mirrors. The controls are all intuitively positioned to be within easy reach, with illuminated dials to make sure everything is clear at all times.

And with added touches like the driving range indicator, low fuel warning display and outside temperature reading, you're always prepared for any challenges.

# The home stretch.

Whichever route you decide to take, it's good to know the destination is always within easy reach.

Which is why the SX4 offers dynamic performance all round. There's a choice of engines, including the 1.6 petrol and 2.0 DDiS, with CO<sub>2</sub> emission figures from as low as 139 g/km. Whilst the 1.6 SZ4 model comes with the option of automatic transmission.

Once behind the wheel, you'll notice the pinpoint handling, further enhanced by the option of 4-wheel drive\* - from the world's leading 4x4 manufacturer.

# Expect the unexpected.

The city is full of surprises, good and bad, so it pays to be on your toes. That's why so much focus has gone into the safety and security of the SX4.

There's ABS with EBD as standard which varies the amount of force applied to each brake depending on the situation. The brake assist function then makes it easier to keep control once the brakes are applied.

There are also a total of six airbags – driver and front passenger, side and curtain. And for the smaller passenger you'll find ISOFIX child seat fastenings, child seat tether holds and childproof rear door locks. Add to this side impact protection beams and any adventure is suddenly a lot less daunting.

Plus for extra peace of mind, the SX4 comes with an immobiliser, remote central locking, deadlocks and a visible VIN.

# Add some colour.

Colourful characters can certainly make a place more interesting. Time to make your mark with these colour options.

**Warranty.**  
**It's about trust.**

Every new Suzuki comes with a comprehensive three year or 60,000 mile warranty (whichever comes first) and a twelve year anti-perforation warranty<sup>†</sup>. The warranty is also transferable to other owners too. So they can also have peace of mind.

Good to know, means good to go.

With Suzuki, getting your new car is just the start. Because we'll help you make the most of the journey now and in the future too. Here's a quick heads up of what we can offer.

**Roadside recovery.**  
**We'll be right there.**

We're always around if you need breakdown assistance too – from the flat tyre, to the unforeseen accident. New cars come with a one year Suzuki Assistance plan provided by the AA Suzuki Assistance team. The cover includes 24 hour Roadside and Homestart cover – with European assistance too.

**Talk to us.**

Our Customer Services Team could talk all day about your Suzuki. From the product range to services for drivers, they can fill you in on everything. So if you've got a question, just get in touch on 0845 850 8800 or at Suzuki GB PLC, Steinbeck Crescent, Snelshall West, Milton Keynes, Bucks MK4 4AE.

**Finance.**  
**Easy on the eye. Easy to buy.**

We put as much thought into keeping things easy on your pockets as we do into making cars that are easy on the eye. That's why we have developed a number of affordable finance packages.

1. Finance packages from one to five years. We know you love choices, that's why we let you choose the period that works best for you.\*
2. Fixed interest rates<sup>^</sup> which ensure your payments won't change during the loan period, so you'll know where you are at.
3. Fixed payments, allowing you to budget ahead and avoid any surprises.
4. Or fancy driving away a new car every two or three years? Suzuki Finance Driveplan, our Personal Contract Purchase product, gives you this benefit.\*\*
5. And you'll be in good company. Suzuki Finance is part of Black Horse Group which is part of Lloyds Banking Group.

Drop in to your local dealer, pull up a chair and crunch some figures. The coffee might not be blended to perfection, but you can be sure there will be a finance offer to suit your palate.

Finance is available to persons aged 18 years or over, subject to status. Indemnities may be required. Suzuki Finance, St William House, Tresillian Terrace, Cardiff CF10 5BH.

# The way we've travelled.

Suzuki have come a long way over the years. What's our secret? We would say two things: listening and not standing still.

To us, manufacturing is more an art than a science. An intuitive way of capturing what people need, then creating the breakthrough products to satisfy that need.

Take the world today. We realise it's even more challenging to move around. So we're focused on providing the transport people need, not what we think they want. Our inspiration always comes from people first.

This belief is in our DNA. In 1955 Suzuki made the first affordable Japanese small car. It was also great to drive and used technology that wouldn't be widely seen for another 50 years. We also introduced the first four-wheel all-terrain vehicle – again to answer a need. And the world's highest performance Sports bikes.

Every car, outboard engine, motorcycle or quad bike is an example of our philosophy. This thinking extends into the environment too. Leading to the Swift Plug-in Hybrid – our charge-at-home, and the SX4 fuel cell car.

Just another example of how Suzuki's products are built for the way you live today. Because that's our way. The Suzuki 'Way of Life'.

# Are you still here?

And so we reach journey's end. Where Henry V once set sail to conquer France and the Queen Mary II now cruises off to the Caribbean.

The perfect place to conclude our adventures in the SX4, the car designed and built for urban discovery.

Here are some of the other areas we've visited on our travels:

**London, Butler's Wharf.** The perfect multifunctional living space, where warehouses have been transformed into contemporary apartments alongside stunning new office blocks, shops, bars and restaurants.

**Glasgow, Clyde Waterfront.** An area rich in history that has been regenerated in recent years, transforming it into a vibrant living, working and cultural environment.

**Liverpool, Albert Dock.** A vibrant mix of residential, business and social life all in one place. Its status as the city's number one tourist attraction ensures that there is always a buzz about the place with an eclectic mix of cafes, restaurants, bars and museums.
