

# THE NEW SPIRIT OF SWIFT

REFINING PERFECTION

NOW WITH THE NEW K-SERIES PETROL ENGINE.

# SWIFT

**YOU'RE THE FUEL!**

# INDIA'S MOST EXCITING CAR. NOW MORE THRILLING WITH THE NEW K-SERIES ENGINE.

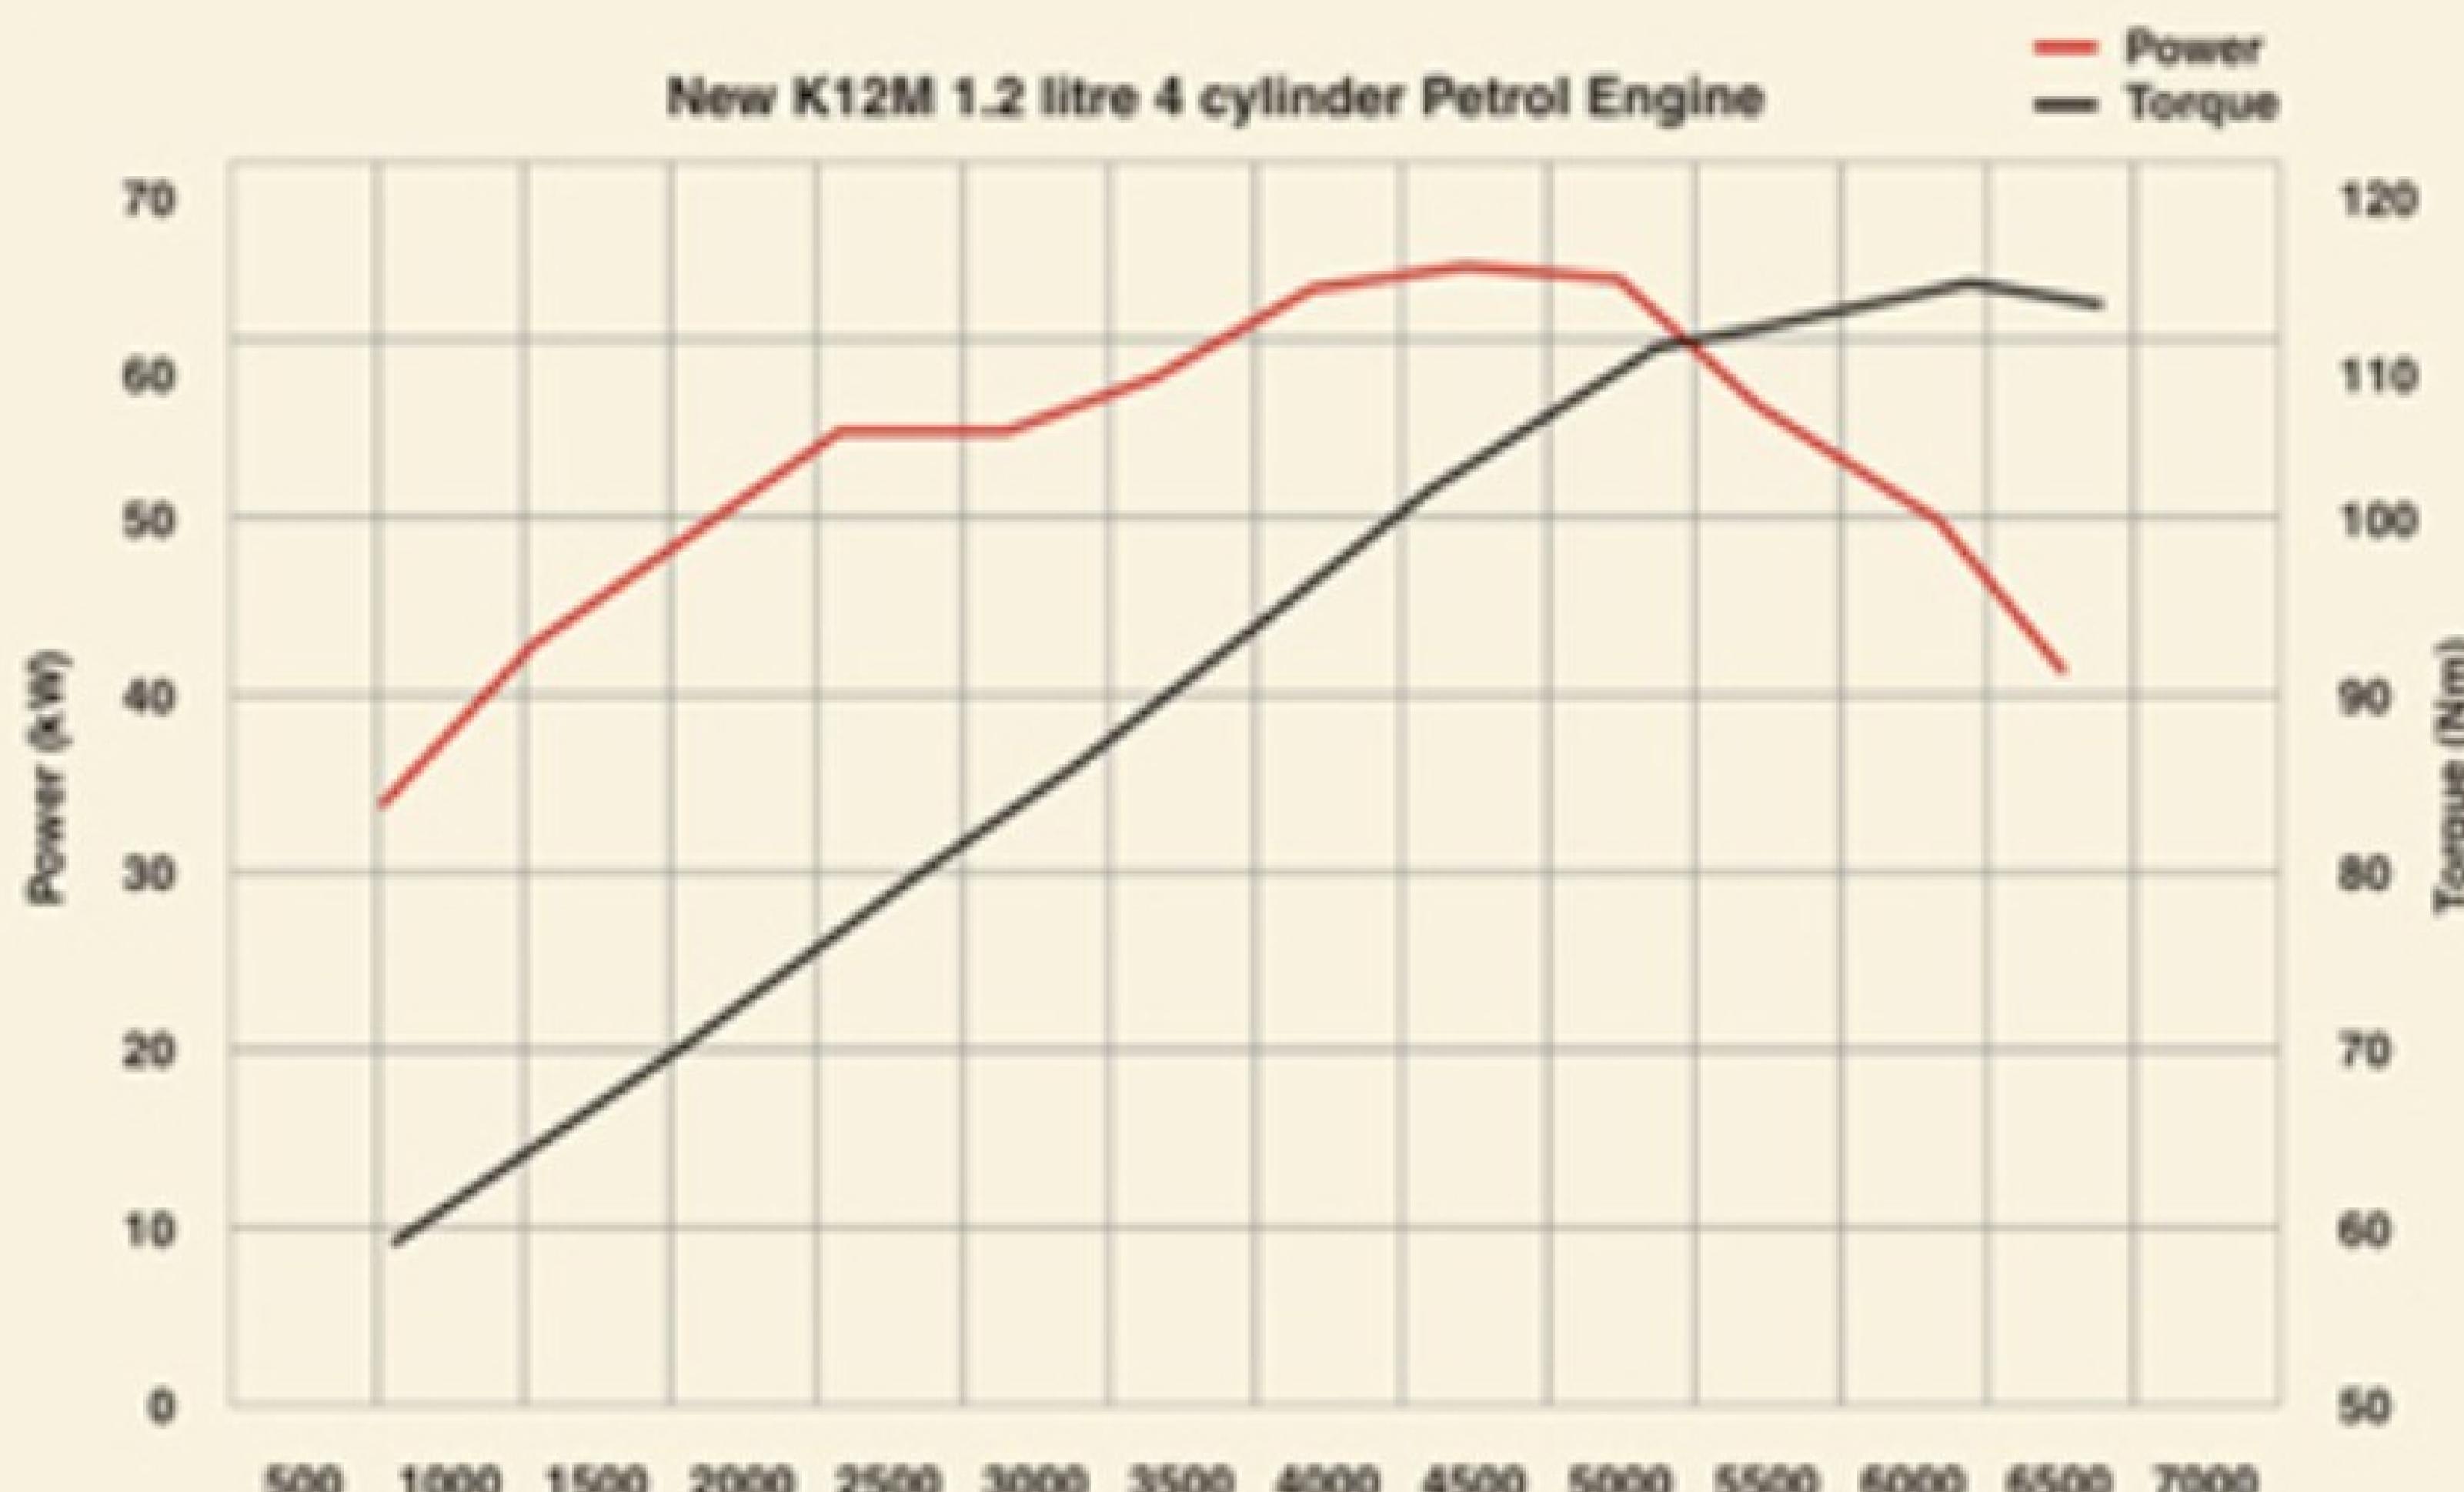

The Swift has always set benchmarks for those who love cars. In style. In technology. In performance. In handling. And in sheer spirit. Now the Swift does it again. With an all new K-Series petrol engine that pushes the performance envelope. Ensuring that the Swift remains a car unlike any other - uniquely exciting, spirited, eminently driveable and always winning hearts.

But what exactly makes the Swift, well, a Swift? Is it the top-of-the-line features? Is it the two great engine choices? Or is it the magical coming together of everything that you could dream of? Find your own answer. Test drive a Swift today.

**THE STUNNING INTERIOR.**

NOTICE THE INTEGRATED AUDIO SYSTEM WITH STEERING MOUNTED AUDIO CONTROLS.

## INTRODUCING THE 1.2L K-SERIES ENGINE.

Leaner. Meaner. Fitter. The Swift with a revolutionary new 1.2L K-Series petrol engine that boosts mileage and performance.

Superbly tuned, finely engineered and perfectly matched to the Swift, this responsive and fuel-efficient engine makes the Swift a real driver's car. Add the Swift's easy handling and light-footed response and you have performance best described as terrific.

### THE POWER OF PETROL.

- **RESPONSIVE AND POWERFUL** - Advanced 1.2 litre, 16-valve K-Series engine.
- **GREAT PERFORMER** - With 85 ps @ 6000 rpm and 113 Nm @ 4500 rpm, the new engine has improved compression ratios and delivers better initial and passing acceleration in city driving conditions for zippier overtaking.
- **HIGHLY FUEL-EFFICIENT** - The 16-valve lightweight DOHC engine reduces friction and improves durability and fuel economy to be best-in-class at 17.94 kmpl\*\*
- **MORE COMFORTABLE DRIVES** - A more silent engine with reduced vibrations. Lower NVH (noise, vibrations and harshness) provide an enhanced drive feel with lesser driver fatigue.
- **LOWER EMISSION LEVELS** - BS IV compliant, the Swift is greener and eco-friendly.
- **LOW MAINTENANCE COST** - The new K-Series engine means longer oil change intervals and improved spark plug life.

MORE MILEAGE.

17.94  
km/l

MORE THRILLS.

# INDIA'S MOST ADVANCED DIESEL TECHNOLOGY

## DIESEL ROCKS

The Swift has another way to captivate you. Diesel. Underneath that sculpted body lies advanced diesel technology that's unlike anything you have ever experienced before.

With unimaginable levels of power, refinement, responsiveness and fuel-efficiency. At the heart of this new technology is the DDiS engine, manufactured at our state-of-the-art plant at Manesar, Haryana.

**21**  
km/l

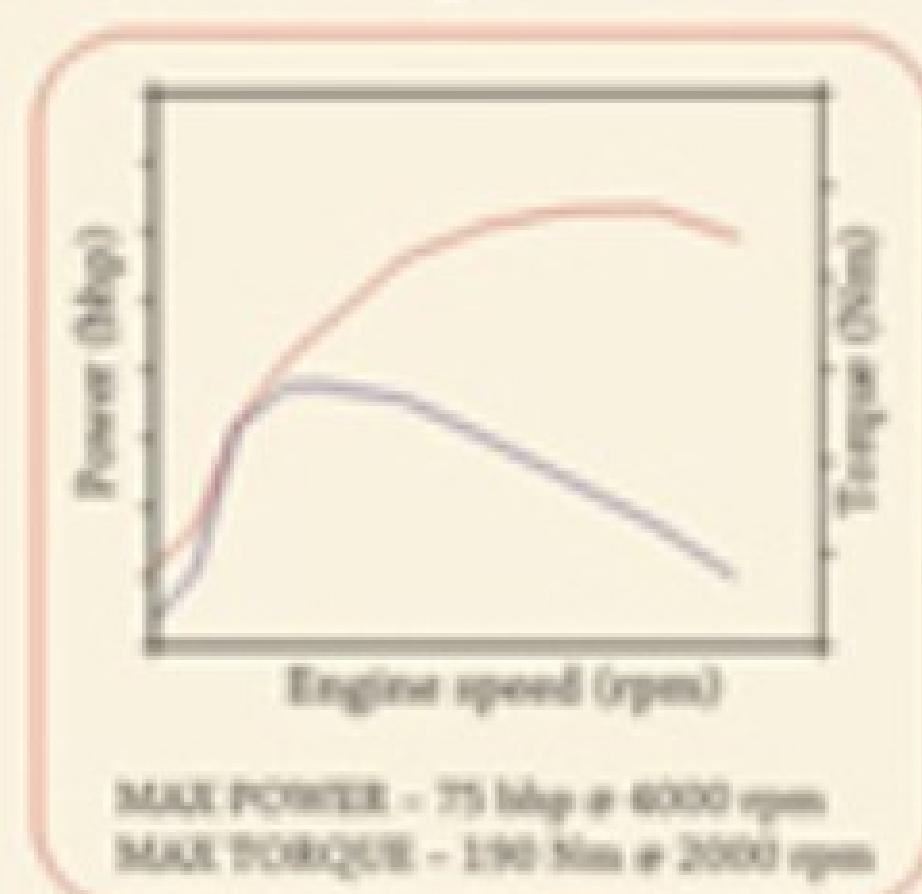

\*As certified by Test Agency under Rule 115 of CMVR 1989.

## DDiS - THE BEST DIESEL ENGINE IN THE WORLD<sup>+</sup>

The Swift's DDiS engine is one of a kind. An international star. No other diesel engine<sup>#</sup> delivers so much performance, fuel-efficiency, driving pleasure and durability. Or such low noise and vibration levels.

- The DDiS engine - **International Engine of the Year<sup>+</sup>** in Europe
- **More pulling power** with Turbocharger and Intercooler combination (normally only fitted on big diesel engines for extra power and efficiency, a first in an engine of this size)
- **Smoothen running, low noise and cleaner exhaust** thanks to a unique 5-step multi injection technology

- **Highly fuel-efficient** engine, thanks to a Double Over Head Camshaft (DOHC)
- 190 Nm of torque and 75 bhp for a **superior drive with fewer gear shifts**
- **Incredibly compact and light** 1.3 litre engine is highly fuel-efficient
- **Minimum noise and vibrations**
- Has a Chain Drive Timing System that makes the engine **maintenance-free** compared to other diesel engines<sup>#</sup>
- One of the cleanest, most **environment-friendly** engines available today

## TECHNOLOGY IN ITS HEART

### TURBOCHARGER AND INTERCOOLER COMBINATION

- Efficient combustion
- Higher torque
- Cleaner emissions

### 5-STEP MULTI INJECTION COMMON RAIL SYSTEM @1400 BAR

- Better fuel combustion
- Optimised NVH

### DOUBLE OVER HEAD CAMSHAFT (DOHC)

- Precise & quick valve operation

### CHAIN DRIVE TIMING SYSTEM WITH AUTO TENSIONER

- Maintenance-free for the entire engine life
- Precise valve timing

### 16-VALVE CYLINDER HEAD

- Improves breathing
- Better fuel combustion
- Cleaner emissions

### COOLED EGR SYSTEM

- Cooled exhaust gas recirculation
- Cleaner emissions

### ALUMINIUM BED PLATE

- Reduced engine vibration
- Minimum noise

### GREEN OIL FILTER

- Environmentally friendly
- Easy to maintain

# DDiS

# EXTRA TOUCHES

## EXTERIORS

### BUMPERS IN THE FRONT AND REAR

A subtle change that pleases the eye, the new front and rear bumpers add extra visual spice

**GRILL DESIGN**  
The front grill gets an ultra contemporary designer look

**REAR COMBINATION LAMPS**  
Sports a new hi-tech design

**WHEEL STATEMENT\***  
Gleaming new alloy wheels, finished with an all-new wheel cap

**ORVM<sup>+</sup>**  
Now on the left hand side of the LXi and LDi. Internally adjustable. More sleek. More stylish.

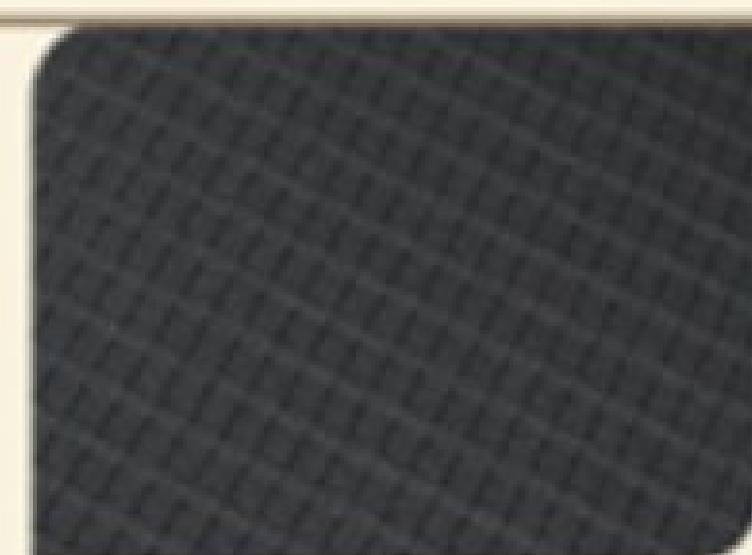

## INTERIORS

**SMOOTH, SLEEK INTEGRATED AUDIO SYSTEM WITH STEERING MOUNTED ILLUMINATED CONTROLS\***  
Best-in-class feature found only in the Swift

**REAR SEAT HEAD RESTS<sup>++</sup>**  
Lean back and relax in the back

**SEATS WITH NEW FABRIC DESIGN**  
Brand new upholstery in the LXi & VDi enhances the feeling of luxury

**DIGITAL CLOCK<sup>++</sup>**  
Enhanced convenience

**DAZZLING DIAL<sup>++</sup>**  
The speedometer becomes even more stylish with all-new chrome instrument cluster and white illumination

**TIIT STEERING\***  
Drive easily after adjusting the steering wheel to your individual posture

**DOUBLE HORN**  
Increased safety

**KEY WITH INTEGRATED REMOTE CONTROL\***

## STYLE LOADED WITH TECHNOLOGY

The engine, suspension, luxury features and transmission – in fact every part of the Swift's beautiful body – is a sophisticated example of advanced automobile technology. So let's tell you all about the science behind the incredible driving experience of the Swift.

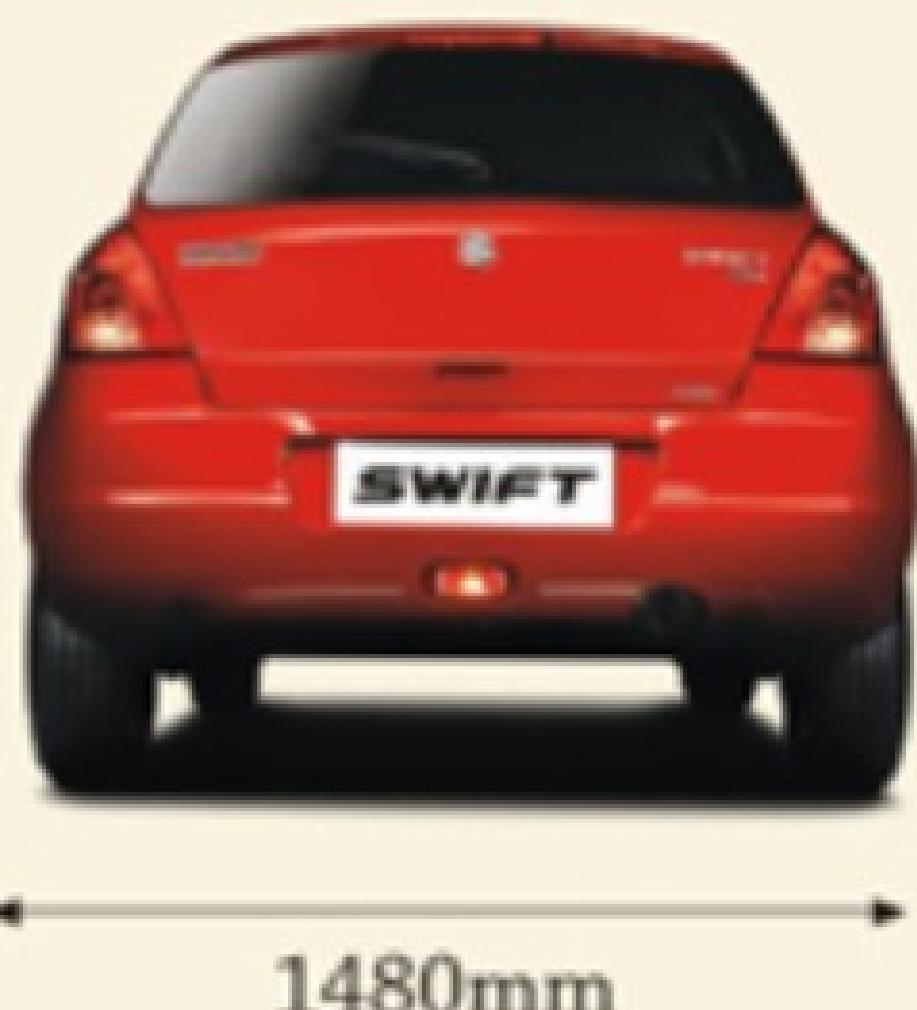

### RALLY BASED SUSPENSION

Proven in rally-winning cars and acknowledged to be one of the world's best forms of vehicle suspension, front

McPherson struts and a rear torsion-beam raise handling and comfort to a new high.

### WIDER BODY ON WIDER TRACKS

Tracks are the distance between the two front or the two rear wheels. Wider tracks allow spacious interiors, more comfort, better handling and stability.

### ADVANCED INTERIORS

In true sports-car style, the Swift's roomy glasshouse cabin wraps around the driver for a more fulfilling driving experience. Sporty touches abound, with a three-spoke tilting steering wheel and a spherical gearshift knob. Advanced ergonomic seats make for unbeatable comfort.

### ADVANCED P-EPS STEERING

Delivers effortless steering, minimum cabin noise and enhanced fuel efficiency. Thanks to the power of electronic steering technology.

### SILK SMOOTH TRANSMISSION

Everyone will enjoy the smooth and easy gear shifts. Car buffs will note that the gear stick has to actually travel shorter distances to shift into any of the five gears.

### AUTOMATIC CLIMATE CONTROL SYSTEM\*

A luxury feature that enhances cabin comfort. On-board computers auto-adjust to the weather outside for comfortable, constant cabin temperature.

### THE SCIENCE OF SAFETY

We believe in over-engineering where your safety is concerned. A highly crash-resistant structure keeps you more secure. As do other efficient

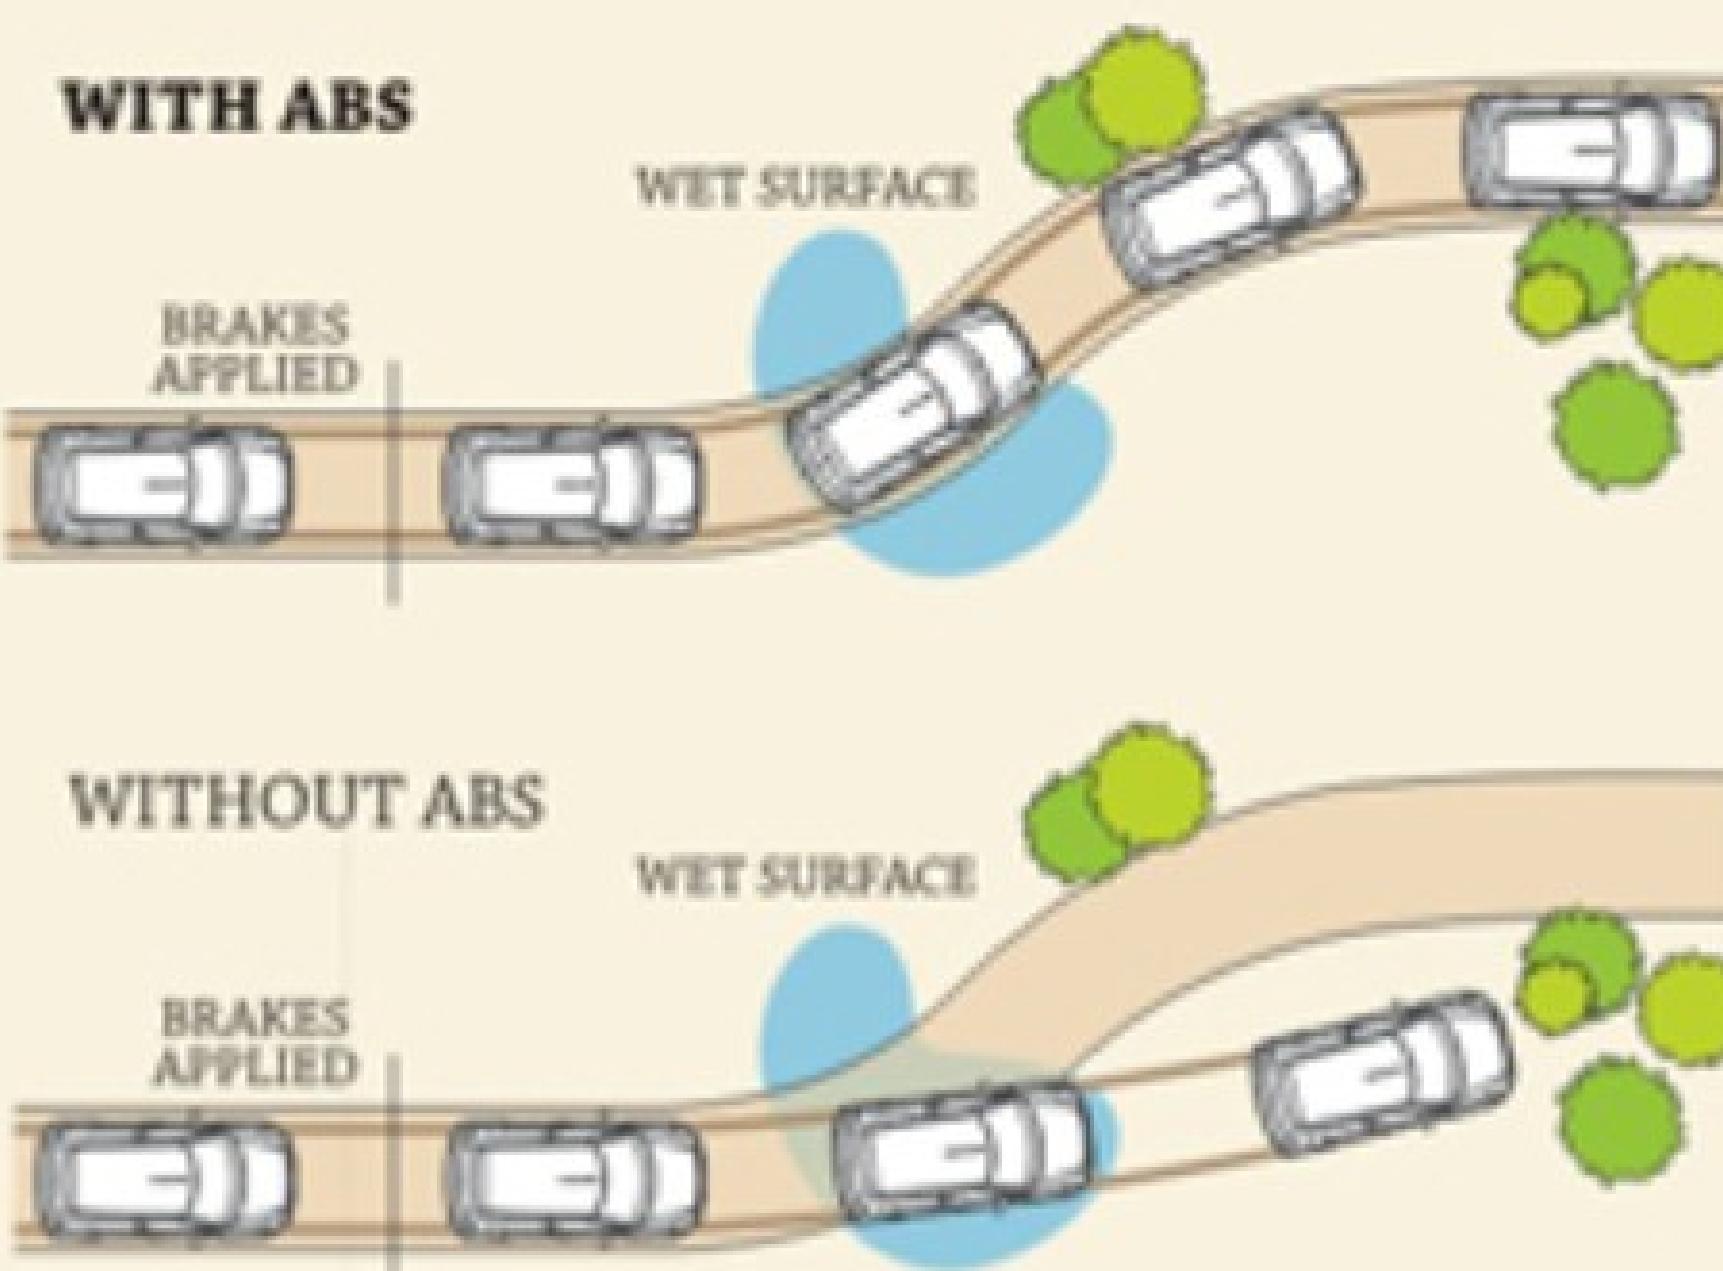

features like a collapsible steering column, seat-belts with safety enhancing pre-tensioners and impact-absorbing exteriors and interiors. In case of a head-on collision, the front seat occupants are cushioned from impact by two large SRS Airbags\* that inflate in a fraction of a second.

In the ZXi model, uncontrolled skids while braking, especially on slippery roads are prevented by Antilock Brakes (ABS) with Electronic Brake-force Distribution (EBD).

#### SPACE VEHICLE

The advanced design approach also allows for better space management - to maximise people and luggage carrying flexibility. Bench-type rear seating allows three to sit comfortably. The boot accommodates plenty, even for those out-of-town weekend trips. There's space for everything and more.

#### iCATS - NO ONE TOUCHES YOUR SWIFT

Swift comes factory fitted with iCATS, the hi-tech anti-theft security system. A digital transponder ensures only your key and nothing else will start it.

## THE NEW 1.2L K-SERIES ENGINE OR THE DDiS ENGINE. CHOOSE THE TECHNOLOGY THAT'S RIGHT FOR YOU.

When you have top-of-the-line features and great performance coupled with two outstanding examples of technology - the new 1.2L K-Series engine and the DDiS engine, it's a hard choice.

But in the end, whatever you choose, the K-Series Petrol engine or the DDiS engine, you can be sure of one thing. The Swift will always be a winner on the road.
