## LET'S 'RAID-DE-HIMALAYA'

Maruti Suzuki Raid-de-Himalaya is India's toughest and most demanding motorsport rally. The participants drive through some of the world's highest motorable roads and passes in the Himalayas. Most of the drive is through boulders, snow capped peaks, gushing streams and at times, temperature below  $-20^{\circ}$  Celsius. Simply put, absolutely hostile terrain. On an average, a participant covers a distance of 300 kms every day in this week-long motoring event that measures approximately 1800 kms.

Maruti Suzuki SX4 has been participating in the rally and has been a winner in the Adventure Trial version for two consecutive years.
