Compartment**

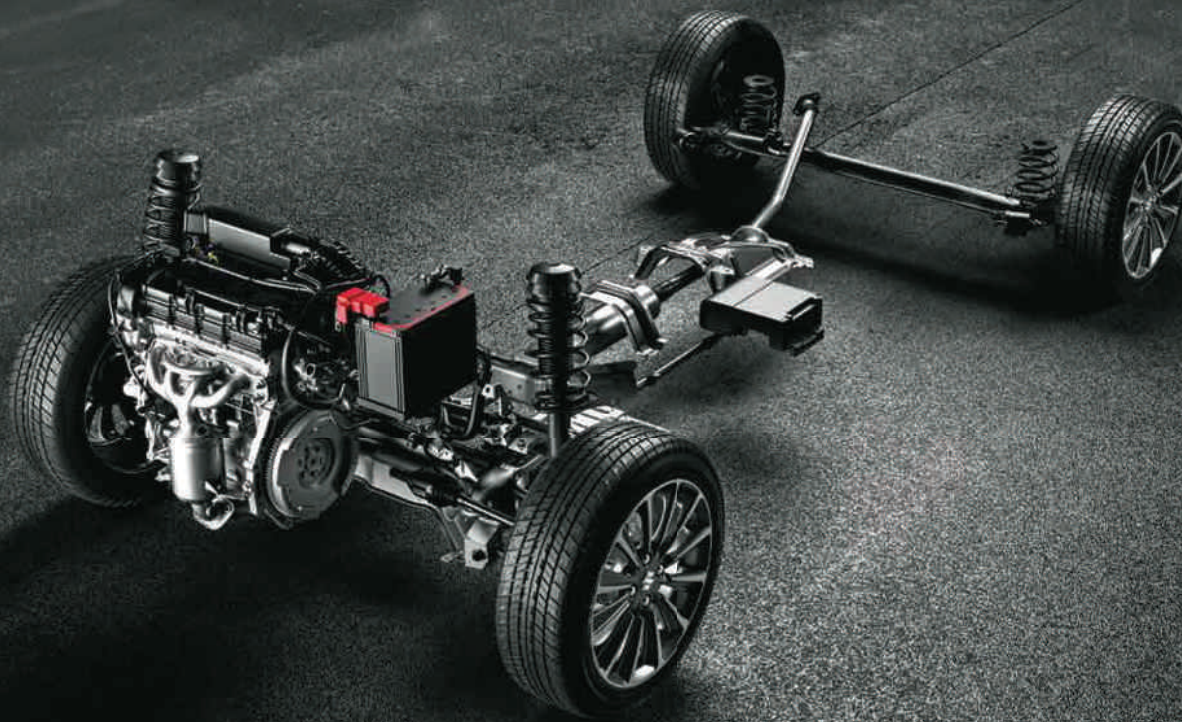

**Flexible Luggage Space**

**2nd Row Adjustable AC**

#### PROGRESSIVE NEXT GENERATION SMART HYBRID

- **IDLE START STOP**  
The engine automatically stops when idle and silently starts when the optimal conditions are in manual and automatic transmissions. This is in increasing the fuel efficiency.
- **BRAKE ENERGY REGENERATION**  
Braking charges the special high capacity batteries, which in return assist the engine's idle start stop and the torque assist functions.
- **TORQUE ASSIST FUNCTION**  
The energy stored in the Lithium-ion battery assists during acceleration. This helps the engine in providing optimal acceleration and performance.

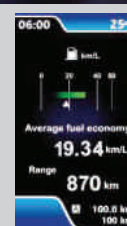

#### K15 Petrol Engine

The Ertiga comes with a 10.67 cm TFT Multi-Information Colour Display that makes it convenient for you to keep a track of your car's vital information. It also hosts a futuristic 17.8 cm SmartPlay Infotainment System which ensures that you and your friends are always connected and entertained through every drive.
