LUXURY

WHAT MAKES A GREAT LUXURY SEDAN? IT'S A
FEELING OF INSPIRED ELEGANCE AND A SPIRIT
OF CRAFTSMANSHIP THAT ACCEPTS NOTHING
LESS THAN THE BEST. IT'S A COMPELLING SENSE
OF STYLE—AND STRICT ATTENTION TO THE
SMALLEST DETAIL, FROM THE FEEL OF SOFT
LEATHER TO THE RICH LOOK OF WARM WOOD.

COMFORT 8 - 9

AMENITIES 10 - 11

AUDIO SYSTEM 12 - 13

COLOR AND TRIM 30

IT'S BEEN A LONG DAY
AT THE OFFICE. FINALLY,
AFTER EVERYONE ELSE
IS GONE, THE OFFICE
DOOR IS LOCKED FOR
THE NIGHT. THE TL
FLASHES ITS LIGHTS
TO GREET ITS DRIVER.
THE SPACIOUS INTERIOR
ENVIRONMENT BECKONS.
THE **CLIMATE CONTROL**
AUTOMATICALLY
DELIVERS THE IDEAL
TEMPERATURE, WHILE
THE **HEATED, GLOVE-**
SOFT, LEATHER-TRIMMED
DRIVER'S SEAT OFFERS
WELCOME SUPPORT AS IT
SOOTHES TIRED MUSCLES.
WHO EVER THOUGHT
DAILY DRIVING COULD
FEEL THIS THERAPEUTIC?

SUPPLE, HAND-SELECTED LEATHER

The seating surfaces of the TL are trimmed in soft, hand-selected cowhide, specially treated to meet rigid Acura standards for consistent color, high durability and an elegant, matte surface finish.

THE MOST COMFORTABLE

PLACE YOU'VE EVER BEEN. From the supple, hand-selected, leather seating surfaces to the quiet, quick-cool Automatic Climate Control System, we took extraordinary care to make the TL feel exactly correct, from the first test drive through subsequent years of satisfying ownership.

Accomplishing this means striking a careful balance between unmitigated comfort and stimulating response, with every point of contact between the driver and the TL fine-tuned to create an engaging sense of harmony.

State-of-the-art vibration control, high-tech soundproofing

and advanced aerodynamics make the TL ride as silently as cars costing much more.

GENUINE WORKS OF

ERGONOMIC ART. An ingenious suspension system and precisely sculptured, multidensity foam cushions conform precisely to the human form, and an intuitive, easy-to-use control array quickly molds the 8-way power driver's seat to your favorite position.

AN AIR FILTER SYSTEM THAT REMOVES SOOT, POLLEN AND

EVEN BACTERIA. The Climate Control System does much more than control the temperature. Its micron air filtration system also removes diesel soot, allergy-causing pollen and disease-causing

bacteria as small as one millionth of an inch. In fact, the TL may also be one of the cleanest places you will ever visit.

ENOUGH AIR CONDITIONER

CAPACITY TO COOL A MID-SIZED

HOUSE. Nobody enjoys sweltering in a sun-soaked car on a hot summer day. The Acura TL is specifically designed to cool down rapidly from high interior temperatures—and that's why it is also equipped with special heat-rejecting green glass in the windshield, door and rear windows, to help keep solar radiation outside where it belongs.

When your neighbor's son says "cool car," he'll be right in more ways than one.

A NEW STANDARD IN
GRATIFYING COMFORT—
A RELAXING REFUGE OF
SAVVY CONVENIENCE.

SCULPTURED DRIVER'S SEAT

A seat so comfortable, you'll be tempted to put it in your living room.

A. CONTOURED HEADREST

Leather-trimmed for comfort; strong and fully height-adjustable for safety.

B. HEATED SEAT AND BACK

For cold winter mornings—or times when your muscles need a little warmth.

C. 8-WAY ADJUSTABLE

Intuitive, seat-mounted controls conform the seat to the contours of your body.

THE AMAZINGLY
WELL-EQUIPPED ACURA TL:
WHY NOT HAVE IT ALL?

**REMOTE CONTROL
HOMELINK® SYSTEM**

This standard system lets you open garage doors without fumbling for a separate "clicker." Using optional modules, it can also be used to turn on houselights from the comfort and safety of your TL.*

*Requires additional HomeLink Lighting accessory

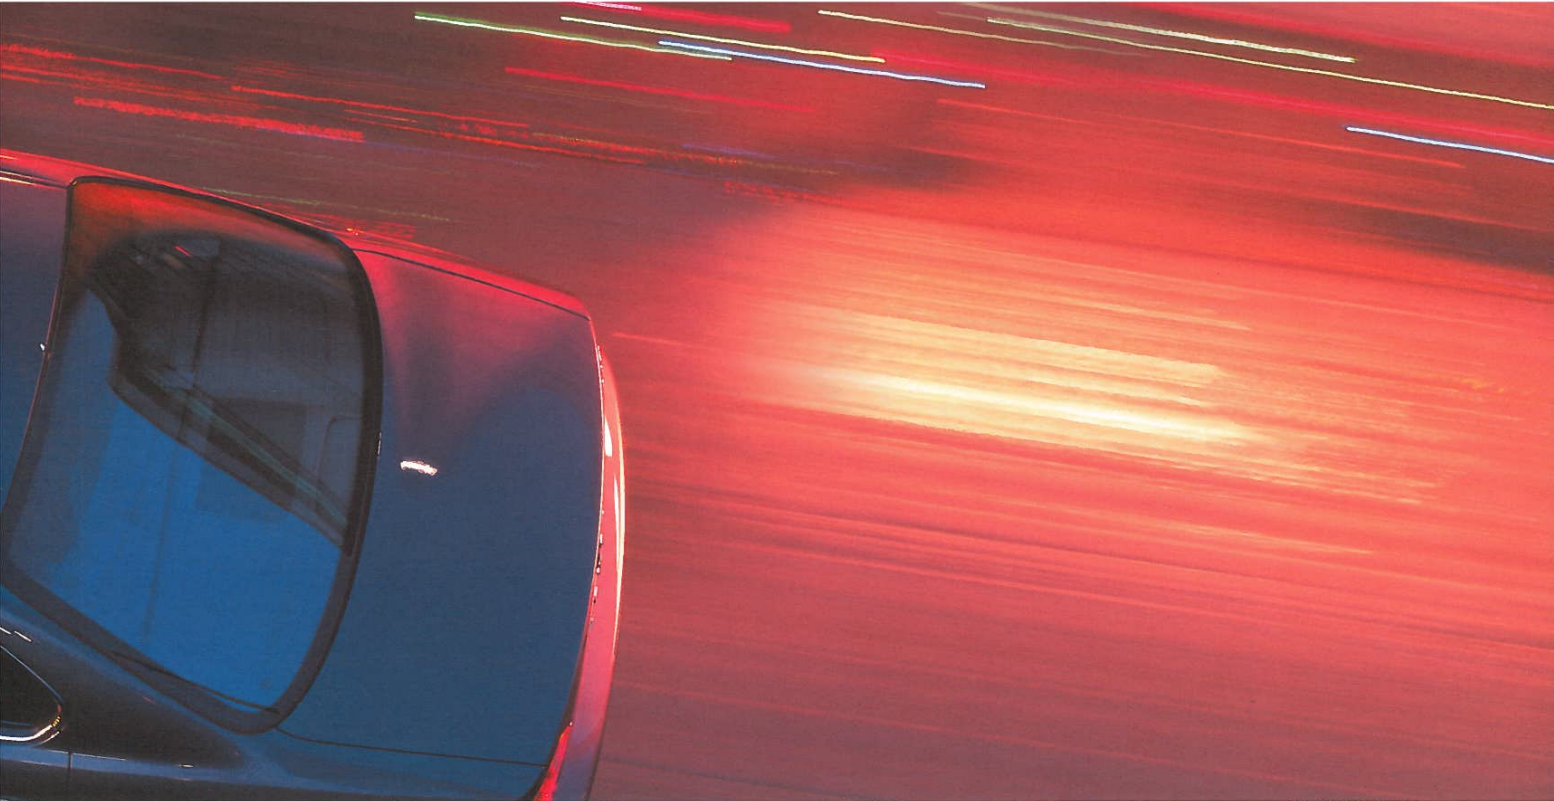

Other manufacturers of luxury sedans seem to consider luxury amenities as optional extras—features tacked on to a spartan “base” model, along with a rapidly growing price tag. That’s not how we do things at Acura.

**EVERY TL COMES RICHLY
EQUIPPED—WITH A COMPLETE
ARRAY OF LUXURY FEATURES.**

In designing the TL, we decided that every driver deserves the best, most comprehensive features

and technology we have to offer—not just a privileged few. From the standard power-operated moonroof to heated front seats, the immobilizer-equipped ignition system and the rich leather-appointed interior, we were determined to make every TL a showpiece of luxury, performance and convenience.

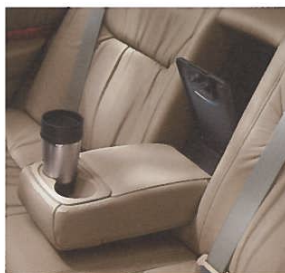

**THERE IS ONLY ONE FACTORY
OPTION: THE STATE-OF-THE-ART
ACURA NAVIGATION SYSTEM.**

Every TL comes with all the other features normally associated with a top-of-the-line luxury sedan, including Automatic Climate Control; leather-trimmed seating; power windows, door locks and heated mirrors; a heated, 8-way adjustable, power driver's seat and heated, 4-way adjustable, power front-passenger seat; heat-rejecting

green glass; rich wood-grained trim; auto-off headlights; comprehensive interior lighting, including a lighted glove box and cupholder-equipped center console; console-mounted auxiliary power socket for cellular phones or other accessories; and a host of other thoughtful touches too numerous to list. In short, the Acura TL is designed for people with simple needs. They simply need everything, all the time.

**REAR SEAT CUPHOLDER
AND TRUNK PASS-THROUGH**

In the TL, backseat passengers take a backseat to nobody. There's an abundance of leg room, shoulder room and head room, and a fold-down armrest incorporates a handy dual cupholder. A lockable trunk pass-through lets you carry skis with ease.

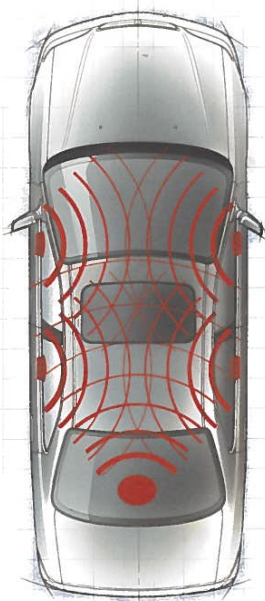

**ADJUSTABLE REAR SEAT
CLIMATE CONTROL**

Rear seat passengers can control their own environmental destiny with the adjustable vents of the rear seat climate-control console. A convenient, removable storage bin also makes life in the back more pleasant, keeping personal items organized and accessible.

**A POWERFUL ACURA/BOSE
MUSIC SYSTEM—FOR MUSICAL
PERFORMANCE AS EXCITING
AS THE TL IS TO DRIVE.**

**YOUR OWN CUSTOM-
DESIGNED MUSIC HALL**

The Acura/Bose® Music System, standard on the TL, has been engineered for the unique acoustics of the TL cabin, using such tools as special microphone-equipped mannequins and the most critical listening devices of all: human ears.

For a luxury performance sedan with the credentials of the TL, only the most advanced, custom-tailored music system would be appropriate.

MUSICAL PERFORMANCE

BETTER THAN MOST HOME SYSTEMS. A remarkably powerful, Nd™ woofer-equipped Acura/Bose Music System was designed specifically for the listening environment of the new TL. The system is carefully tested and adjusted to bring the music back alive, whether you're positioned in the driver's seat or relaxing in the spacious rear seating area.

A LUXURY SEDAN—OR A CONCERT HALL? The TL music system gives you the capability to

play music in any popular format, with a convenient, in-dash CD player; a Dolby-equipped cassette player; and full AM/FM stereo reception as well. The system is designed to be as easy to use as it is gratifying to listen to, with intuitive round knobs for radio tuning and volume adjustment.

AN ORCHESTRA AT YOUR FINGERTIPS. Standard steering wheel-mounted controls let you adjust volume or change musical programming without the distraction of taking your hands from the wheel.

A TRUNK SO ROOMY, IT CAN HOLD SIX OF YOUR FAVORITE PERFORMERS. For serious listeners, we recommend the

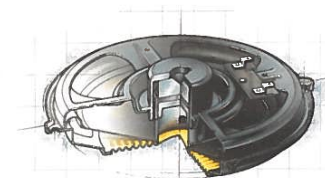

**A MUSIC SYSTEM
CUSTOM-TAILORED TO
THE TL INTERIOR**

The centerpiece of the TL Acura/Bose Music System is the advanced technology Bose Nd™ woofer located under the rear window. Using its own, separate, 100-watt Bose amplifier, it fills the TL cabin with rich, tightly controlled bass.

available six-disc, trunk-mounted CD changer, which gives you up to eight hours of uninterrupted digital sound, all controlled by the standard steering wheel and head-unit music controls.

The elegant design of the TL system is also visible from the outside: The AM/FM antenna is actually printed into the rear window, for reduced drag, enhanced reliability and a cleaner look.

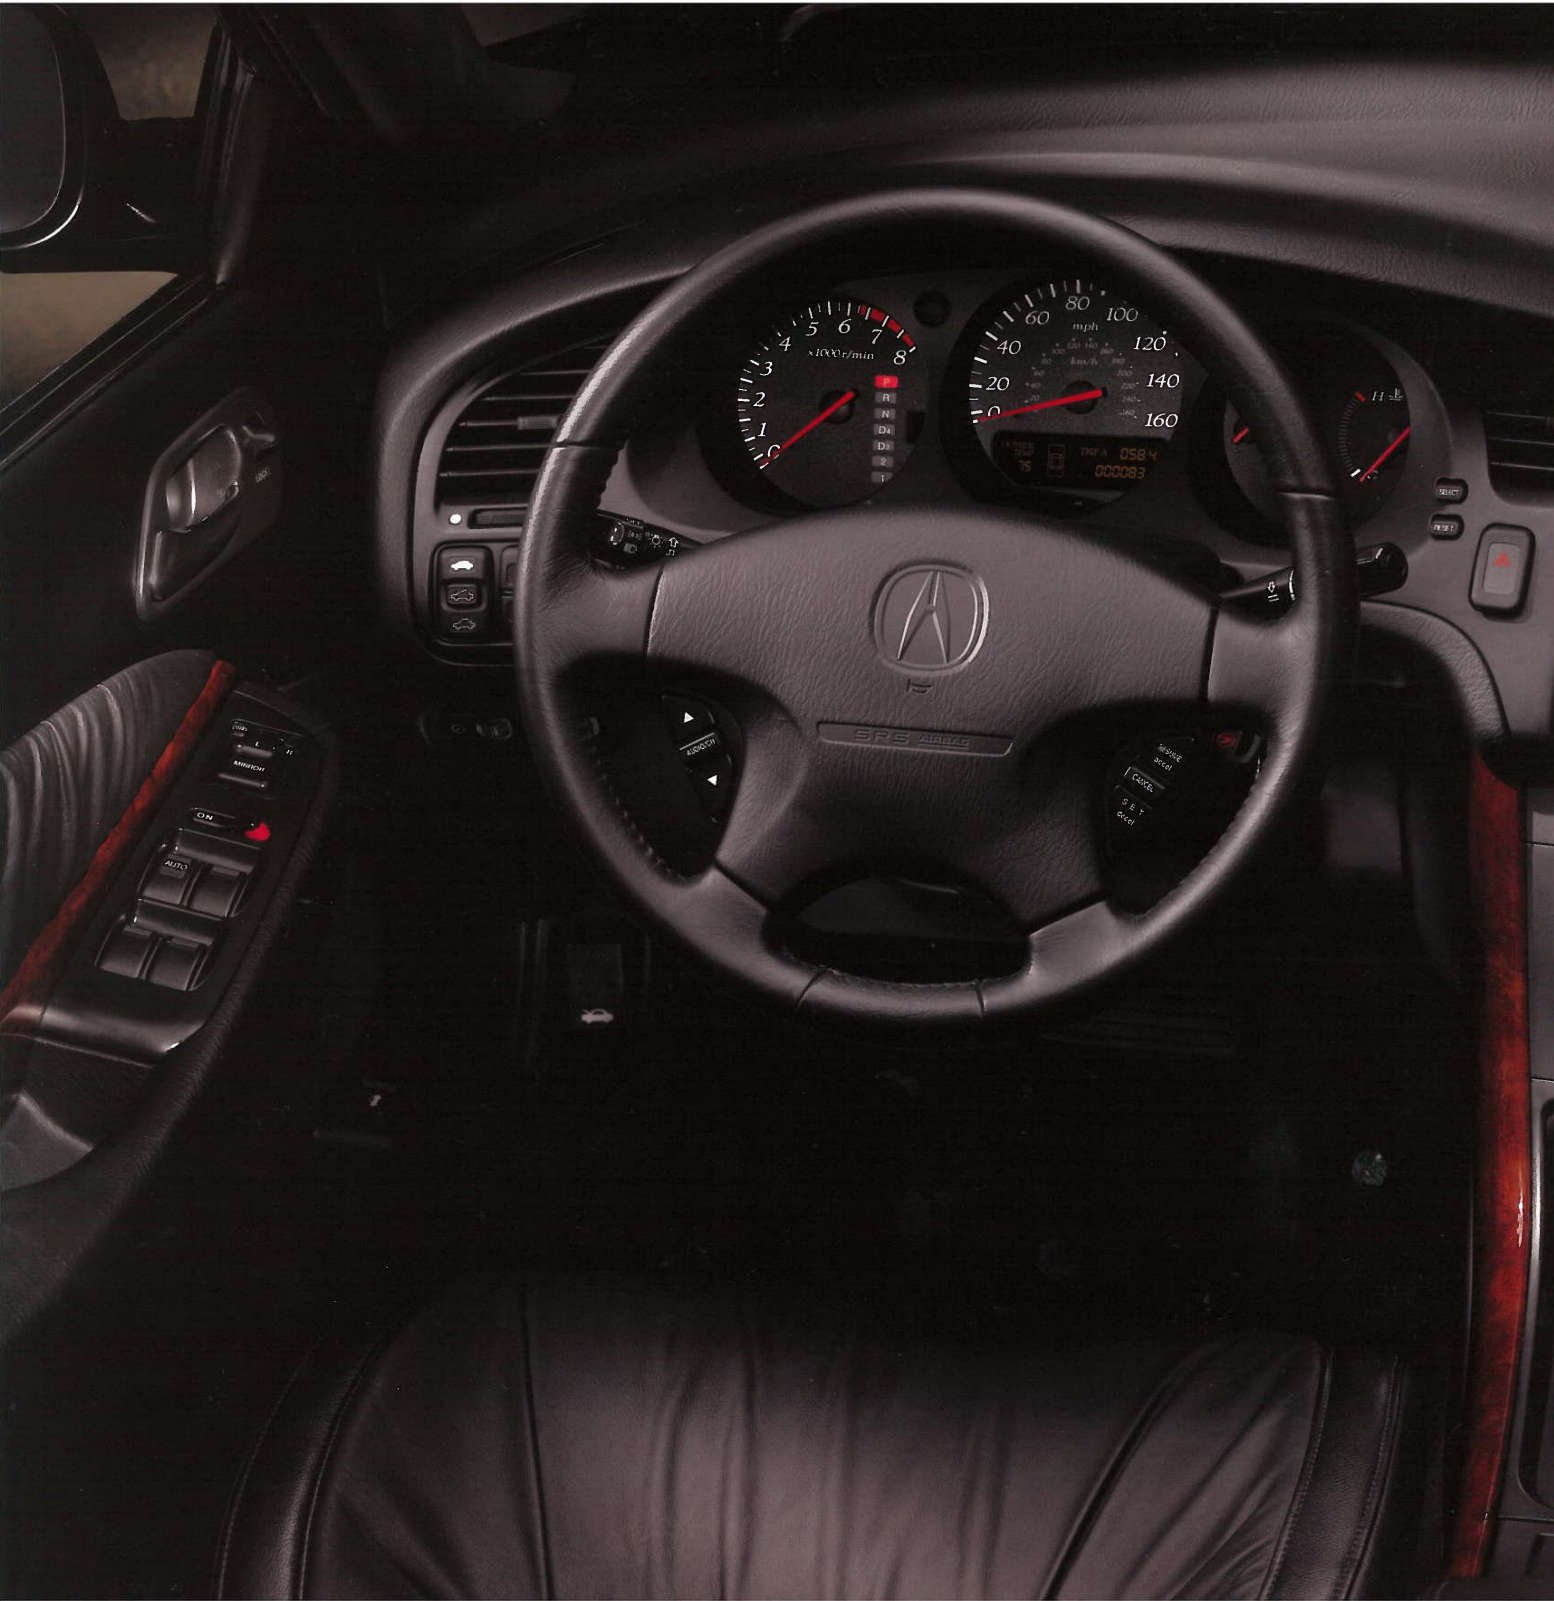

BOSE® Nd WOOFER

The round, nine-inch Nd™ woofer distributes rich, concert-quality bass throughout the Acura TL cabin.

IT'S A BEAUTIFUL DRIVE
UP THE COAST, THE
STEERING WHEEL ALIVE
IN THE DRIVER'S HANDS
AS THE TL WINDS OVER
MIST-DAMPENED
PAVEMENT. THE MUSIC IS
PERFECT, TOO, THANKS
TO THE VARIETY OF
CHOICES OFFERED BY
THE AVAILABLE **SIX-DISC,
TRUNK-MOUNTED CD
CHANGER**. THE DRIVE
DEMANDS COMPLETE
CONCENTRATION—BUT
WITH **STEERING WHEEL-
MOUNTED CONTROLS**,
THE MUSICAL PROGRAM
CAN BE DIRECTED WITH-
OUT EVER DIVERTING THE
DRIVER'S ATTENTION
FROM THE ROAD AHEAD.

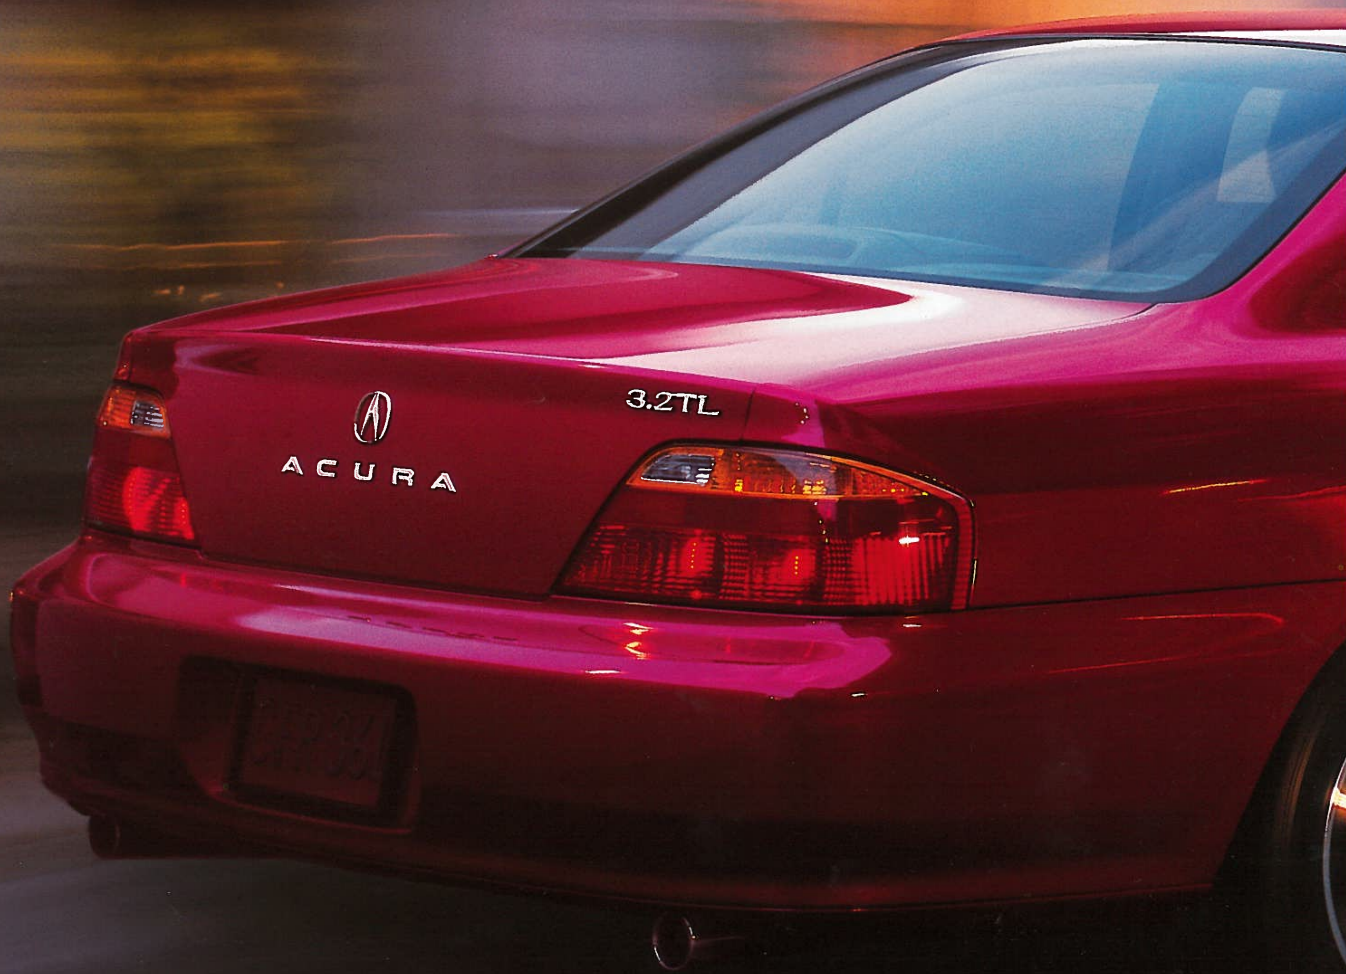

ACURA TL shown with Ebony leather-appointed interior.

ACURA TL shown with Ebony leather-appointed interior.

ACURA TL shown in Firepepper Red Pearl.

THE THROTTLE OPENS
ALL THE WAY. IN A
FRACTION OF A SECOND
THE **ELECTRONICALLY
CONTROLLED, FOUR-
SPEED AUTOMATIC
SPORTSHIFT
TRANSMISSION** DOWN-
SHIFTS FOR MAXIMUM
RESPONSE. THE TL
SURGES FORWARD AS
THE **225-HORSEPOWER,
RACING-INSPIRED V-6**
LAUNCHES IT PAST
THE TRUCK AHEAD.
PRESENTLY, THE TL IS
BACK IN ITS LANE. THE
ENGINE SETTLES BACK
TO CRUISING RPM—
THE SLOWER TRAFFIC
NOW FAR BEHIND.

**RACING-INSPIRED,
4-VALVE-PER-CYLINDER DESIGN**

The impressive new TL engine uses technology tested at over 240 mph—a state-of-the-art, multivalve design proven on racetracks from Monaco to Michigan International.

In creating the new TL powerplant, our world-class engineers drew upon years of experience earned on the Grand Prix racetracks of Europe and the 240-plus-mph superspeedways of American Champ car racing.

ENJOY A 225-HORSEPOWER, 24-VALVE, VTEC V-6. The engine that propels the new TL is tuned for amazingly smooth operation, effortless high-speed cruising and virtually instant response in high-performance driving, passing and merging onto freeways.

VTEC TECHNOLOGY—FIRST INTRODUCED ON THE LEGENDARY ACURA NSX. To give the new TL the best possible combination of

prodigious low-end torque and exhilarating high-rpm thrust, the designers incorporated the latest generation of the VTEC (Variable Valve Timing and Lift Electronic Control) system. The VTEC system automatically switches between two separate camshaft profiles, tailoring engine breathing for enhanced throttle response and impressive fuel efficiency in normal driving, and race-car-like peak power as the tach needle sweeps toward the redline.

Like the NSX, the TL uses the latest in advanced electronic engine-management systems, including computer-controlled PGM-FI fuel injection and a computerized direct ignition

system that optimizes spark timing for the individual cylinders.

**THE PERFORMANCE OF AN
ATHLETE—THE MANNERS OF A**

MAÎTRE D'. The sophisticated powertrain of the Acura TL is a worthy partner to its nearly silent, amazingly smooth powerplant.

**GRAND PRIX-INSPIRED
SPORTSHIFT TRANSMISSION.**

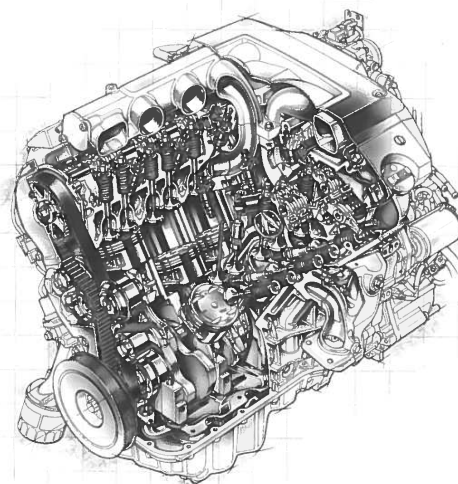

The 4-speed automatic transmission utilizes sophisticated computer controls, and a standard, quick-reacting SportShift system gives you the immediate control of a Formula One-style auto-manual gearbox with the smoothness and convenience of a sophisticated automatic transmission.

BRED FOR UNFORGETTABLE
PERFORMANCE, THE ACURA TL
IS DESIGNED TO LEAVE YOU
STIRRED, NOT SHAKEN.

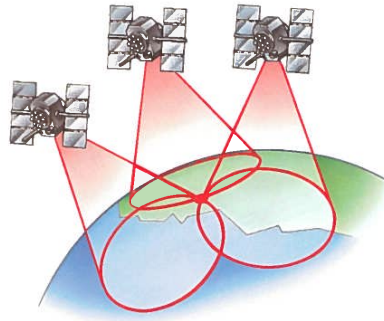

**A 225-HORSEPOWER
MASTERPIECE**

*The 3.2-liter, 24-valve, all-aluminum V-6 includes technology proven on racetracks all over the world. Delivering impressive smoothness, immediate response and best-in-class power output.**

*Import luxury nameplate, near-luxury class.

TAKE COMPLETE CONTROL OF
YOUR DRIVING EXPERIENCE WITH
THE STATE-OF-THE-ART ACURA
NAVIGATION SYSTEM.

**GLOBAL POSITIONING
SYSTEM GUIDANCE**

Using technology developed for the U.S. military, the Acura Navigation System tracks up to eight orbiting satellites, interpreting their radio signals to guide you with amazing accuracy.

**NEVER ASK FOR
DIRECTIONS AGAIN.**

Using the simple, intuitive joystick or the advanced, color-touchscreen dash display, you quickly zoom in or out, viewing a map of a neighborhood—or an entire city—to pinpoint your location or destination.

**TECHNOLOGY SO ADVANCED,
IT MAKES ROUTE-FINDING EASY.**

Driving a world-class sedan such as the TL is a sure indication that you've truly arrived. And with the available in-dash Acura Navigation System, your TL can help show you the way. The system can direct you to virtually any business or residential address, guiding you with clear, easy-to-follow voice and visual directions.

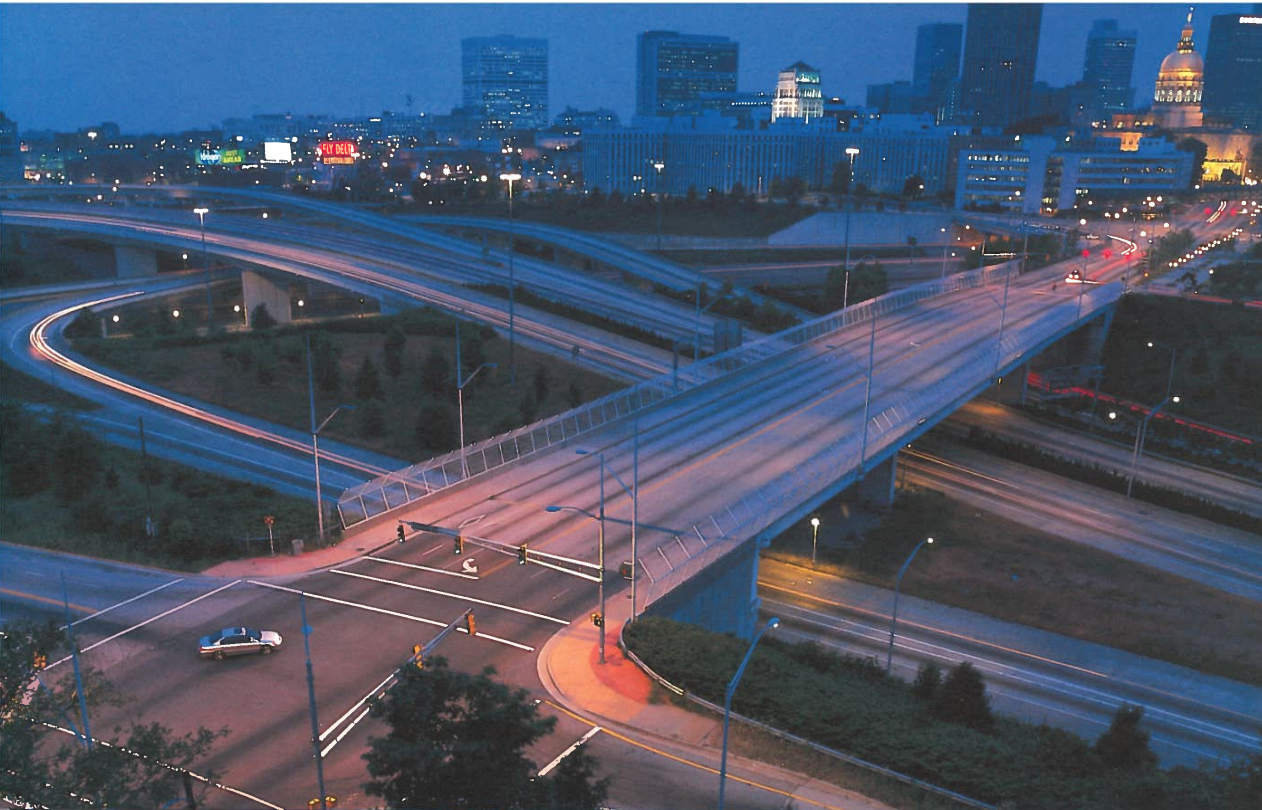

WHERE'S THE NEAREST ITALIAN RESTAURANT? JUST LOOK AT THE MENU. The hard-disc memory contains a wealth of navigational data, including banks, ATMs, gas stations, airports and restaurants. Using convenient

menus displayed on the wide-screen, touchscreen display, you simply select a destination or address and the Navigation System does the rest. And points of interest, such as restaurants, can be located simply by inputting their phone numbers.

YOU CAN GO YOUR OWN WAY. Once a destination has been selected, the system computer calculates the most efficient route, depending on your personal driving preferences. Select the shortest route or the easiest route, or opt to avoid expressways if you prefer—the choices are left up to you. If traffic conditions or a detour interrupt your trip, the system can quickly recalculate a

new route in a matter of seconds. The system shows and tells you the way, allowing plenty of time to prepare for expressway exits and crucial turns. It's so accurate, it often guides you right to a specific driveway.

HOW DOES IT KNOW? It takes three advanced navigation inputs to make a system this accurate. Global Positioning System input is matched with data from a gyroscopic inertial guidance system, along with motion data gathered from the vehicle speed sensor. Your TL can take you almost anywhere. And with the Acura Navigation System, it can even help you find your way back.

WHERE, EXACTLY, IS THAT
HOTEL THAT'S HOLDING
YOUR ROOM? YOU CAN
BE SURE YOUR TL
KNOWS THE WAY. TOUCH
"HOTEL/MOTEL" ON THE
TOUCHSCREEN MENU,
AND IN SECONDS A
SELECTION OF LODGING
PLACES, FROM ELEGANT
TO ECONOMICAL,
SCROLLS DOWN. ONE
MORE QUICK TOUCH
AND THE TL IS ON
ITS WAY, GUIDED BY
SIGNALS FROM SPACE.

OFFRAMPS, RIGHT TO
THE CURB OF THE WAIT-
ING HOTEL DOORMAN.

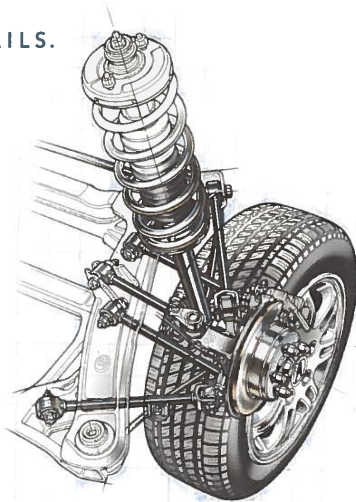

A FEELING OF GLIDING ON
VELVET—AND THE GRIP OF
CORNERING ON RAILS.

**ADVANCED, MULTILINK,
DOUBLE-WISHBONE,
REAR SUSPENSION SYSTEM**

The all-new TL rear suspension uses five rigid, tubular-steel links to position the rear wheels with utter precision. All five links attach to a high-precision subframe, eliminating road noise and vibration while enhancing high-speed handling.

SETTING THE GOALS FOR THE NEW ACURA TL WAS DECEPTIVELY SIMPLE. We evaluated the best luxury and sport sedans from Germany, Sweden, England, Japan and the United States. And then endeavored to exceed their performance in every category, from acceleration and top speed to vibration control, interior comfort, wind noise, handling response and braking.

The TL is based on a rigid,

steel-reinforced, unit-body structure that yields a quiet ride and a strong, solid feel in high-speed maneuvers. A 4-wheel independent, double-wishbone front and a multilink double-wishbone rear suspension absorb road irregularities with ease while imparting a sense of intuitive road feel and authoritative control.

THE ENHANCED TRACTION OF FRONT-WHEEL DRIVE. This adds an extra measure of stability

and predictable, surefooted handling when driving in rain, snow or other challenging conditions.

INSTRUMENTS DESIGNED TO BE READ AT A GLANCE

We consider driving a serious business—that's why we steer clear of gimmicky readouts and hard-to-decipher digital displays. Clear, simple, analog gauges deliver information almost intuitively, and luminescent gauge needles aid readability.

AN ADVANCED TRACTION

CONTROL SYSTEM. Enhanced low-speed control on ice, snow and rain-slick streets is achieved by automatically slowing the proper driving wheel if impending wheelspin is detected.

A BRAKING SYSTEM AS

SOPHISTICATED AS THE SUPERB POWERTRAIN. The TL 4-wheel disc-brake system is designed to give the solid feel, linear response and fade-resistant performance

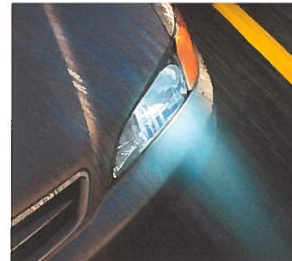

of a great racing car. And an advanced, computer-controlled, Acura-designed Anti-Lock Braking System (ABS) helps to retain effective steering control, even when braking on slippery surfaces.

THE STABILITY AND TRACTION OF FRONT-WHEEL DRIVE

It's simple physics. To get enhanced traction and control in tough driving situations, we put the weight of the powertrain over the driving wheels, pulling the car forward instead of pushing it from behind.

ONE IMPORTANT FEATURE
BUILT INTO EVERY ACURA TL:
A WELL-FOUNDED FEELING OF
SAFETY AND SECURITY.

**HIGH-INTENSITY
DISCHARGE (HID)
HEADLIGHTS**

The brilliant blue-white light of HID headlights gives you dramatically enhanced vision, increased energy efficiency and improved lamp durability.

**ONE AREA WHERE OUR ENGINEERS
WERE HAPPY TO PLAY IT SAFE**

The rigid, steel-reinforced, TL unit-body structure—carefully designed to help protect its passengers from harm.

A. FRONT CRUMPLE ZONE *The front section is designed to absorb energy progressively, dissipating force before it can affect the rigid passenger cabin.*

B. DRIVER AND FRONT PASSENGER AIR BAGS *Dual air bags, triggered through gold-plated connectors, inflate to cushion front seat passengers in a severe frontal collision.*

C. DUAL FRONT SIDE-IMPACT DOOR BEAMS *For added protection in a possible lateral collision, each front door contains two high-strength, tubular door beams, as well as two special, energy-absorbing hip and shoulder pads.*

D. REAR CRUMPLE ZONE *Like the front section, the rear of the TL is designed to absorb energy to protect the vital passenger cabin.*

E. ADVANCED HEAD PROTECTION *The center pillar and roof rail are specially padded, helping to dissipate energy in a possible side impact.*

We believe it's impossible to feel truly at ease unless you feel confident and secure. Which is why we worked so hard on the advanced safety systems designed into the new Acura TL.

**FRONT-WHEEL DRIVE—
BECAUSE THE SAFEST CAR IS
ONE THAT AVOIDS AN ACCIDENT.**

In normal driving, it is difficult for even a skilled driver to determine whether a car is driven at the front or the rear. But in an emergency, or when driving in rain, ice or snow, the front-wheel-drive layout of the TL enhances traction and stability.

**DESIGNING THE ACURA TL
STRUCTURE: IT ACTUALLY IS
ROCKET SCIENCE.** The steel-

reinforced structure of the TL was designed using the NASTRAN finite-element-analysis computer program—originally written to help NASA design rocket boosters. The result is a stiff, strong cabin, designed to absorb the effects of a possible collision before they can affect the passengers within.

TCS, ABS—PUT THEM ALL TOGETHER, AND THEY SPELL CONFIDENCE. For enhanced control in rain, ice and snow, the TL has a standard Traction Control System that automatically transfers torque to the drive wheel with the better grip at any speed under 25 mph. And the 4-wheel Anti-Lock Braking System enhances steering control, even during hard braking.

THE STANDARD TRACTION

CONTROL SYSTEM

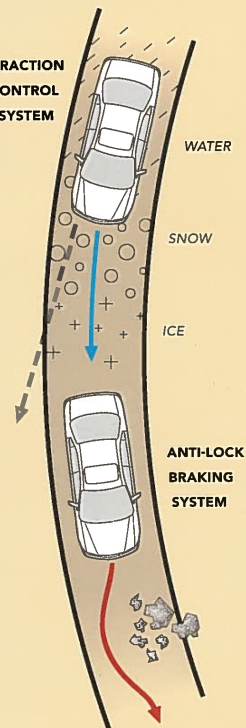

PROVIDES ADDED GRIP

IN RAIN, SNOW, ICE OR

OTHER REDUCED-

TRACTION SITUATIONS.

**TRACTION
CONTROL
SYSTEM**

**ANTI-LOCK
BRAKING
SYSTEM**

MODEL, THE TL ALSO

FEATURES AN ADVANCED

4-WHEEL **ANTI-LOCK**

BRAKING SYSTEM (ABS)

FOR ADDED CONTROL.

ACURA TOTAL LUXURY CARE™

24-HOUR ROADSIDE ASSISTANCE BENEFITS
Any time of the day or night, anywhere in the U.S., we're on call if you need help.

24-HOUR EMERGENCY AUTO TOWING
If your Acura suffers from a mechanical problem, we'll tow you to the nearest Acura dealer or authorized facility.

ACURA CONCIERGE SERVICE
A list of additional services—from booking hotels to tour planning—to help make each trip as pleasant as possible.

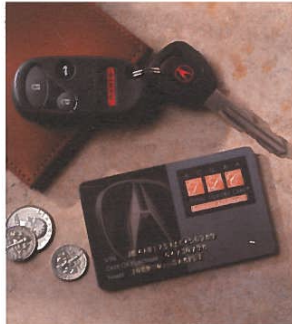

TRIP-INTERRUPTION BENEFITS & EXPENSE REIMBURSEMENT
If a warranty-covered problem interrupts your trip, Acura will reimburse you for any reasonable additional expenses you incur.

COMPUTERIZED TRIP-ROUTING/MAP SERVICES
Acura will even plan your trip for you, using our extensive database of over 160,000 cities, towns and points of special interest.

EMERGENCY VEHICLE-LOCKOUT SERVICE
It can happen to anybody, and if it should happen to you, we'll help you get a replacement key or have your vehicle unlocked.

See your Acura dealer for details about the privileges of ownership, which include Total Luxury Care™ (TLC), Acura Roadside Assistance and Concierge Service. Total Luxury Care is a trademark of Honda Motor Co., Ltd.

Acura Care provides coverage beyond the initial warranty period. This includes 24-hour Roadside Assistance, in addition to other plan benefits. Ask your dealer for details.

TOTAL LUXURY CARE OWNER BENEFITS
Your owner's portfolio includes an Acura key fob, a TLC Roadside Assistance card, a guide to the TLC program and a complete listing of Acura dealers.

THE ACURA EXPERIENCE: MUCH MORE THAN DRIVING A FINE AUTOMOBILE. Many automakers consider their job over when a car rolls off the showroom floor. At Acura, we know our job is just beginning. We believe that the experience of owning a world-class automobile should involve much more than driving—it should also include the best of luxury care.

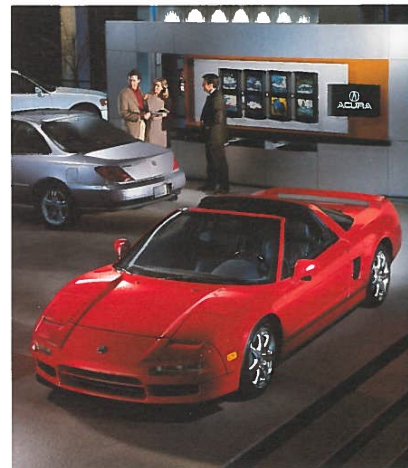

FROM EVERY ACURA DEALER—A SPIRIT OF COURTESY AND COMMITMENT. Every new Acura is covered by a 4-year or 50,000-mile limited warranty*; the optional Acura Care Program can provide additional service and repair coverage beyond the initial warranty period. With either

warranty coverage, a loaner vehicle will be provided to you, free of charge, whenever possible, if it should ever prove necessary for your Acura automobile to remain overnight for warranty service.

TOTAL LUXURY CARE: A WELCOMING WORLD OF SPECIAL OWNER BENEFITS. The Total Luxury Care (TLC) card you receive with your new Acura opens up a world of owner benefits. From the peace of mind of 24-hour Roadside Assistance to the convenience of map planning, trip-routing services and special Concierge Service, TLC makes owning an Acura a uniquely pleasurable experience.

*See dealer for warranty details.

RECEIVE UNMATCHED
CARE FROM ACURA
CUSTOMER SERVICE.

ACURA-TRAINED SERVICE PERSONNEL
Acura service personnel are specially trained to maintain the advanced systems of your Acura. A computerized parts network can rush a needed part to your dealer in remarkably short order.

SAFETY FEATURES

- ▶ 3-point adjustable-height seat belts (front)
- ▶ 3-point seat belts (rear)
- ▶ 4-wheel Anti-Lock Braking System (ABS)
- ▶ Traction Control System (TCS)
- ▶ High-intensity discharge (HID) headlights
- ▶ Impact-absorption crumple zones (front/rear)
- ▶ Dual front side-impact door beams
- ▶ 5-mph bumpers (front/rear)
- ▶ Sunvisors with side extensions
- ▶ Automatic day/night rearview mirror
- ▶ Breakaway inside rearview mirror
- ▶ Heated door mirrors
- ▶ Nonprotruding switches and controls
- ▶ Collapsible steering column
- ▶ Impact-absorbing interior surfaces
- ▶ Automatic transmission interlock feature
- ▶ All-Season steel-belted radial tires
- ▶ Driver's and front passenger's air bag Supplemental Restraint System (SRS)
- ▶ Center high-mount brakelight
- ▶ All-around visibility: 289.3°
- ▶ Rear window defroster
- ▶ Front side-window defoggers
- ▶ Tinted upper windshield
- ▶ Childproof rear door locks
- ▶ Rear seat headrests
- ▶ Safety glass
- ▶ Windshield and front side-window defoggers

COMFORT & CONVENIENCE

- ▶ Power-operated moonroof with tilt feature and sliding shade
- ▶ Acura/Bose® Music System with five speakers, AM/FM stereo/cassette, in-dash CD player, Dolby Noise Reduction® (DNR) and anti-theft feature
- ▶ Steering wheel-mounted audio controls
- ▶ Lighted trunk, ashtray, lower console, driver's door switches, ignition switch and glove box
- ▶ Keyless entry system
- ▶ Automatic Climate Control System
- ▶ Power windows and door locks
- ▶ Driver window one-touch down
- ▶ Auto-off headlights
- ▶ Front door storage
- ▶ Cruise control
- ▶ Theft-deterrent system
- ▶ HomeLink® System
- ▶ Tilt steering column
- ▶ Front window defoggers
- ▶ Sunglasses holder
- ▶ Dual overhead map lights
- ▶ Remote trunk/fuel-filler-door releases
- ▶ Speed-sensitive windshield wipers
- ▶ Dual illuminated vanity mirrors
- ▶ Dual beverage holders/front and rear
- ▶ Digital quartz clock
- ▶ Outside temperature gauge
- ▶ Cargo net
- ▶ Dual 12V power ports

SEATING & TRIM

- ▶ Leather-trimmed seats and door panels
- ▶ Driver's 8-way power seat with adjustable lumbar support
- ▶ Leather-wrapped steering wheel
- ▶ Simulated wood-grained console and door trim
- ▶ Front passenger's 4-way power seat
- ▶ Heated front seats
- ▶ Adjustable front seat headrests
- ▶ Rear seat headrests
- ▶ Rear seat center armrest with locking trunk pass-through and dual beverage holders
- ▶ Front center console with adjustable armrest
- ▶ Driver's and passenger's seatback pockets

EXTERIOR FEATURES

- ▶ High-intensity discharge (HID) headlights
- ▶ Heat-rejecting, solar green-tinted glass
- ▶ Protective body-colored side moldings
- ▶ Rear window defroster with timer
- ▶ Galvanized body panels
- ▶ 2-coat, 1-bake paint process
- ▶ Body-colored front and rear bumpers
- ▶ Radio antenna printed in rear glass
- ▶ Dual-outlet exhaust
- ▶ Machine-finished alloy wheels
- ▶ Heated, body-colored, power-operated, dual outside mirrors

FUEL ECONOMY

RECOMMENDED FUEL – Premium unleaded; 91 octane*

EPA-ESTIMATED FUEL MILEAGE, CITY/HIGHWAY† – 19/27

* Gasoline with an octane number lower than 91 may be used, with reduced performance.
† Use for comparison purposes only. California figures are the same. Your mileage may vary.
Factory estimates. EPA figures not available at time of printing.

The Acura TL shown with accessory Gold Emblem kit, in Monterey Blue Pearl.
