

Designed with Purpose. Driven by Passion. The credo that fuels our engineering

philosophy. Our automobiles are designed to be extremely accommo-

dating but not superfluous.

place. It is this purposeful

what drivers truly desire in an automobile. So we're certain that you'll be

as passionate about driving an Acura as our engineers were in designing them.

Every function must earn its

approach that has taught us

Printed in U.S.A. 12/00.

ALL-LINE

2001 MDX

HIGHLIGHTS

- 3.5-litre, V6 VTEC engine, 240 hp*, 245lb/ft Torque
- 5-speed automatic transmission
- VTM-4, 4-wheel drive system
- 4-wheel disc brakes with ABS
- Dual front and side Air Bags (SRS)
- Front and rear Climate Control
- Leather-appointed interior
- Wood-print trim
- 2nd & 3rd row seats that fold flat
- Acura/Bose® Music System, 6 CD
- Homelink® remote control system

*(SAE net)

This year, the introduction of a luxury SUV has meant new territory for Acura. Likewise, it has meant new territory for the luxury SUV. Acura's all-new MDX does more than advance the category, it redefines it.

The 240-hp MDX serves up all the performance of our pulse-quickening automobiles. Yet at the same time, it is the only SUV designed to meet California's stringent Ultra Low Emission

Vehicle (ULEV) standard. Equally impressive

is its all-terrain capability, courtesy of Acura's

unique Variable Torque Management 4-wheel

drive system (VTM-4).

Innovation is no less apparent on the inside.

The MDX easily transforms from a cavernous cargo

hauler to a passenger carrier of unparalleled

luxury. With innovations like these, we are certain

that you'll enjoy finding your own new territory.

2001 EL

When we first introduced this European-inspired sedan, it was praised for its contemporary sophistication, sporty handling and generous refinements. This year, after a complete redesign, the bar has been raised even higher. The result is an entry level luxury automobile that truly lives up to its Acura name.

2001 INTEGRA

Over ten years ago, Acura had a vision. To take years of experience from the world's most demanding racetracks and create a sports coupe with unprecedented performance and grace. That automobile was the Acura Integra. And today, it continues to be the pace-setting car in its class.

2001 TL

By combining race-inspired performance with all the conveniences of an executive automobile, our engineers have designed a highly sophisticated sports sedan. It is the Acura TL. A performance sedan that sets the benchmark in its class, offering as much driving excitement as it does luxury and comfort.

2001 CL

The CL was designed to awaken your passion for driving. You will feel it in the thrust of its VTEC engine. You will sense it in its precise control through turns. And you will appreciate how this engineering prowess can be enjoyed from a cockpit of uncommon luxury and style.

2001 RL

2001 RL

We have set new standards of refinement with the Acura RL. From its beautiful exterior to its interior oasis, this breathtaking sedan exudes sophistication. It is also a fitting example of our commitment to purposeful engineering. And as such, it rightly takes its place as the luxury flagship of our division.

2001 NSX-T

The Acura NSX-T is one of the most exhilarating exotic sports cars ever created. Combining an impressive array of race-bred features, it delivers a breathtaking driving experience. Yet its dazzling performance has not come at the expense of luxury. With an unheard-of standard of sports car comfort, the NSX-T runs in class all its own.

HIGHLIGHTS

- 1.7-litre, VTEC engine, 127hp*
- 4-wheel disc brakes with ABS
- Dual front and side Air Bags (SRS)
- CFC-Free air conditioning
- Wood-print trim with chrome accents
- Leather-wrapped steering wheel
- AM/FM stereo with in-dash CD
- Power door locks and windows
- Keyless entry with security system
- Driver's seat manual height adjustment
- Premium adds: Leather-trimmed interior, Heated front seats, Moonroof

*SAE net

HIGHLIGHTS

- 3.2-litre, V6 VTEC engine, 225 hp*
- 5-speed automatic transmission with "Sequential SportShift"®
- 4-wheel double-wishbone suspension
- Traction Control System (TCS)
- 4-wheel disc brakes with ABS
- Dual front and side Air Bags (SRS)
- Leather-trimmed interior with 8-way power driver and 4-way power passenger seats
- Florentine burled wood-print trim
- Acura/Bose® Music System, CD
- Homelink® remote control system
- Power moonroof
- Keyless entry with security system
