ALFA ROMEO GIULIA

TIMELESS DESIGN, TIMELESS EMOTIONS

Revisited in depth, the new Giulia revives the passion and the Alfa Romeo spirit to make your unique daily life without losing its essential characteristics.

Its timeless Italian style now combines with safety and infotainment systems the most recent: Giulia has everything you dream of for your shortest journeys as well as for your long trips. The Alfa Romeo philosophy remains unchanged: shaping automobiles that deliver unparalleled experiences and emotions.

SECURITY

DRIVER ASSISTANCE SYSTEMS 1/2

ACTIVE DETECTION BLIND SPOTS

The system constantly monitors invisible areas rear on both sides of the vehicle and warns when a vehicle arrives in the car's blind spots. In addition of the alert, if necessary, the system makes a correction on the steering to avoid any risk of collision.

ASSISTANCE DRIVING SEMI-AUTONOMOUS

Thanks to a camera and multiple sensors combined to adaptive cruise control, the system allows to stay in the lane and maintain a distance safety with the vehicle in front, in circulation dense like on the highway.

MAINTENANCE AID OF THE TRAJECTORY

The system helps you stay on track. If the car begins to deviate from its trajectory, the system intervenes actively.

SECURITY

DRIVER ASSISTANCE SYSTEMS 2/2

REGULATOR OF SPEED ADAPTIVE

It allows you to maintain a constant speed, without having to press the accelerator, and also adapts the distance to the vehicle in front.

ACKNOWLEDGEMENT SIGNS

Giulia is equipped with an intelligent system that automatically recognizes the main traffic signs in order to help the driver respect speed limits and overtaking bans. If the cruise control adaptive is activated, the speed is automatically adjusted by touching the steering wheel controls.

DETECTION OF FATIGUE OF THE DRIVER

Driver Attention Assist detects any signs of fatigue in the person behind the wheel, monitoring their style of driving and the duration of his journey, and warns him by means of audible warning signals and a cup symbol on the screen TFT.
