

4C SPIDER | GIULIA | STELVIO

Alfa Romeo

It is a badge born over one hundred years ago that still stands for something totally original today: the Alfa Romeo marque represents a passion for motoring unlike any other. With racetrack wins at Mille Miglia, 24 Hours of Le Mans, Targa Florio and countless milestones along the way, a century-long motorsport history comes through loud and clear on any vehicle produced by this iconic brand.

Alfa Romeo design has always taken a unique and innovative approach: it is the point of convergence between a love for the most cutting-edge technology and a strong instinct to inspire emotions. Today, Alfa Romeo is writing a new chapter in its history, introducing a future where, once again, the driver is at the centre of the design.

Stelvio: an SUV only Alfa Romeo can create

It is a story of breathtaking speed, rooted in Stelvio Pass. With a series of 48 hairpin turns at 2,743 metres (9,000 feet) above sea level, this iconic Northern Italy roadway thrills and disciplines the brave motorists who accept its challenge. In turn, it lends its name to only the most daring of vehicles: the Alfa Romeo Stelvio.

STELVIO QUADRIFOGLIO shown in Rosso Competizione Tri-Coat.

STELVIO QUADRIFOGLIO For those who are rarely satisfied, Stelvio Quadrifoglio delivers Best-in-Class 505 horsepower,¹ 4-mode Alfa DNA Pro Drive Mode Selector with Race mode and a twin-clutch rear differential that optimizes traction. Drivers of Stelvio will make the most of every turn, thanks to the standard 8-speed automatic transmission and steering column-mounted aluminum paddle shifters that allow for shifting in less than 100 milliseconds. The view from inside the cockpit offers a natural leather landscape accented with finely crafted stitching; outside offers a unique rear fascia and a dual-mode quad exhaust.

STELVIO Ti LUSSO

STELVIO Ti LUSSO The Ti Lusso takes Stelvio to a more expressive and personalized place, allowing drivers to opt for luxury amenities. It adds rare refinement with either genuine Dark Grey Oak or Light Walnut wood interior trim, leather-wrapped dash and upper door trim, a luxury leather-wrapped steering wheel, 19-inch Bright 10-spoke aluminum wheels, and 12-way power front seats including 4-way lumbar support and luxury leather seats with Cannelloni design. Shown with optional 20-inch Sport aluminum wheels.

STELVIO Ti SPORT

STELVIO Ti SPORT Sharing much of what the well-appointed Stelvio offers, Ti Sport takes measures to assert its unique performance talents. The Ti Sport revs things up with 20-inch Sport aluminum wheels with 255/45R20 all-season tires, sport-tuned suspension, Gloss Black window surrounds and Black roof rails, and your choice of premium painted brake calipers (Black/Yellow/Red).

STELVIO Q4

STELVIO features the Q4 All-Wheel-Drive (AWD) system, which transfers up to 60% of the torque to the front axle for ultimate responsiveness and stability. This all-weather confidence begins with the Chassis Domain Control (CDC), which integrates all the active systems while the Active Transfer Case (ATC) continuously monitors road conditions. Performance is further enhanced with an Integrated Brake System (IBS), Electronic Stability Control (ESC)⁶ and Stop/Start technology.

NERO EDIZIONE

NERO EDIZIONE This special edition Stelvio offers seductive accents that capture its dark side, like 20-inch Miron Black Sport aluminum wheels (Quadrifoglio: Dark 5-hole), Dark Miron V-Scudetto grille surround, Dark Miron exterior mirror caps and exterior badging. Custom-painted brake calipers (Black/Yellow/Red), Dark exhaust tips, a Dark Miron rear fascia appliqué, Gloss Black roof rails and window surrounds, and monochromatic wheel caps with the Alfa Romeo logo add even more drama.

APPLE CARPLAY COMPATIBILITY⁴

This is smarter iPhone® integration, so you will experience your favourite features through your dashboard. With Siri® all you have to do is ask — catch up on calls and messages, get directions from Apple Maps, or request a song through Apple Music. The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps helps predict where you're headed. Standard.

Apple CarPlay screen shown.

ANDROID AUTO™ INTEGRATION⁵

For those who know and love Android™, Google™ goes with you via navigation³ and "OK Google" voice detection. You'll hear your favourite Google Play music and get voice-guided navigation³ from Google Maps. Stay focused and productive while on the road with voice controls⁸ that allow you to make calendar appointments, set timers, reply to emails and messages — and more. Standard.

Giulia: carrying on a century-long winning streak

With every milestone, respect for Alfa Romeo has grown exponentially over its 100+ year history. The original Giulia was introduced in 1962, ushering in a revolutionary street version of Alfa Romeo's successful racetrack formula. It combined extreme power with lightweight technology. Today's Giulia elevates this legacy in every respect, perhaps most notably with Giulia's performance at Nürburgring, one of the most demanding tracks in the world. Clocking in at 7:32, the Giulia Quadrifoglio completed one of the fastest laps ever recorded by a four-door production sedan.

Giulia Quadrifoglio 2.9L Twin-Turbocharged V6 Engine

505 443

horsepower

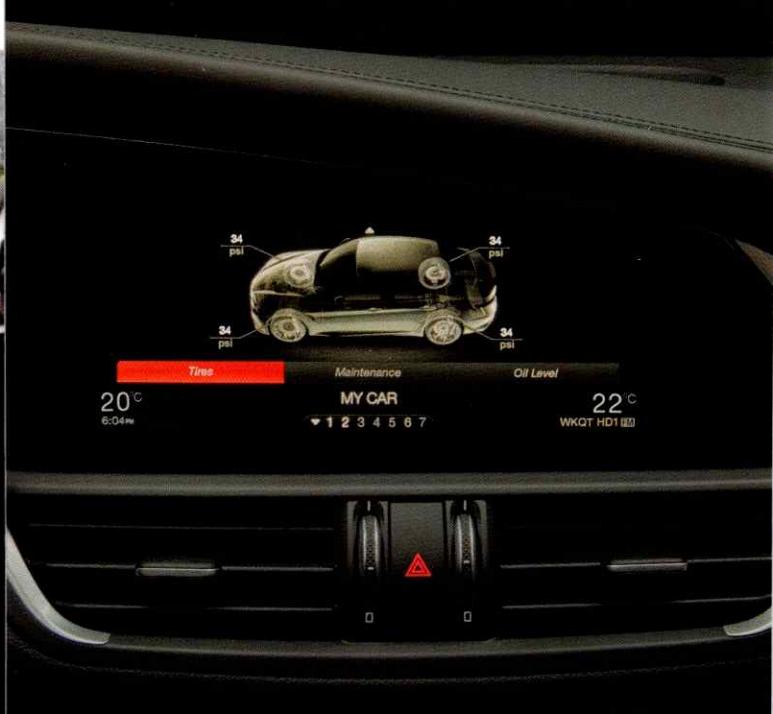

lb-ft of torque between
2,500 and 5,500 rpm

3.8 seconds

0 - 60 mph

307 km/h (191 mph)

top speed

GIULIA QUADRIFOGLIO The revered cloverleaf on the sculpted fender serves notice of the Giulia Quadrifoglio's status; its endless driver-centric details bring out the competitive best in both machine and operator. Performance leather/Alcantara® seats, Quadrifoglio leather-wrapped steering wheel with Red push-button start, 19-inch aluminum wheels, a carbon fibre rear spoiler and an active aero front splitter all help to create the unique, exhilarating Giulia Quadrifoglio experience. A generous 8.8-inch integrated widescreen Information and Entertainment System is intuitively navigated with the central display rotary controller and steering wheel-mounted controls.

GIULIA Ti LUSSO

GIULIA SPORT

GIULIA Ti LUSSO steps up its Italian propensity for high style. This is a performance sedan that's competitively luxurious. A leather-wrapped dash and upper door trim and genuine Dark Grey Oak or Light Walnut wood interior trim graciously greet drivers and passengers. The luxury leather-wrapped steering wheel and luxury leather seats with Cannelloni design help ensure that every sense is rewarded.

GIULIA SPORT stirs up adrenaline with athletic talents that reward drivers at every turn. Its flat-out performance exceeds the high expectations its fierce cladding suggests: aggressive Sport front and rear fascias, Gloss Black window surrounds, standard 18-inch Sport aluminum wheels and coloured brake calipers play to the crowd. The flat-bottom steering wheel with Black push-button start puts high performance in hand.

Ti Lusso interior shown with Crema luxury leather with Cannelloni design.

1. Alfa Romeo Premium Import High-Performance Mid-size SUV Segment. 2. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 3. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 4. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 (Lollipop) or higher. Data plan rates may apply. 5. Requires SiriusXM Radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 6. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 7. The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 8. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone.
