

A SPECIAL HOMAGE  
AND A SPECIAL ASTON MARTIN  
TO BE WON

Aston Martin Cambridge is supporting the Royal Air Force Benevolent Fund with a unique tribute. Designed in partnership with the Red Arrows, the Vantage S Red Arrows brings together two iconic names to celebrate British engineering, whilst raising money for the RAF's leading welfare charity. And you could win one of these limited edition cars.

ASTON MARTIN CAMBRIDGE

## THE BEST OF BRITISH TAKES FLIGHT

Vanquish S Red Arrows is one of the most exclusive Aston Martins ever. Only 10 cars are built, and each is painted in a unique Eclat red pearlescent colour – a custom shade incorporating gold flakes.

Side skirts feature trademark blue and white 'smoke trails' with a Union Jack tail fin motif and engine plaque etched with the Red Arrows logo, signed by a team member.

## FLY WITHOUT LEAVING THE GROUND

Taking design inspiration from the Red Arrows Hawk jet, with features such as switches bearing the RAF roundel, the Aston Martin Vanquish S Red Arrows car goes beyond aesthetics.

Featuring a 6.0 litre 595bhp V12 engine and carbon fibre bodyshell, the Vanquish S Red Arrows edition completes a 0-62 mph sprint in just 3.5 seconds to a top flight speed of 201mph.

ASTON MARTIN VANQUISH S  
ROYAL AIR FORCE  
RED ARROWS

## BE PART OF THE CELEBRATION

All 10 Aston Martin Vanquish S Red Arrows cars will be handed over at a special ceremony at RAF Scampton, home of the Red Arrows. And you could be there to win the final edition of this thrilling car.

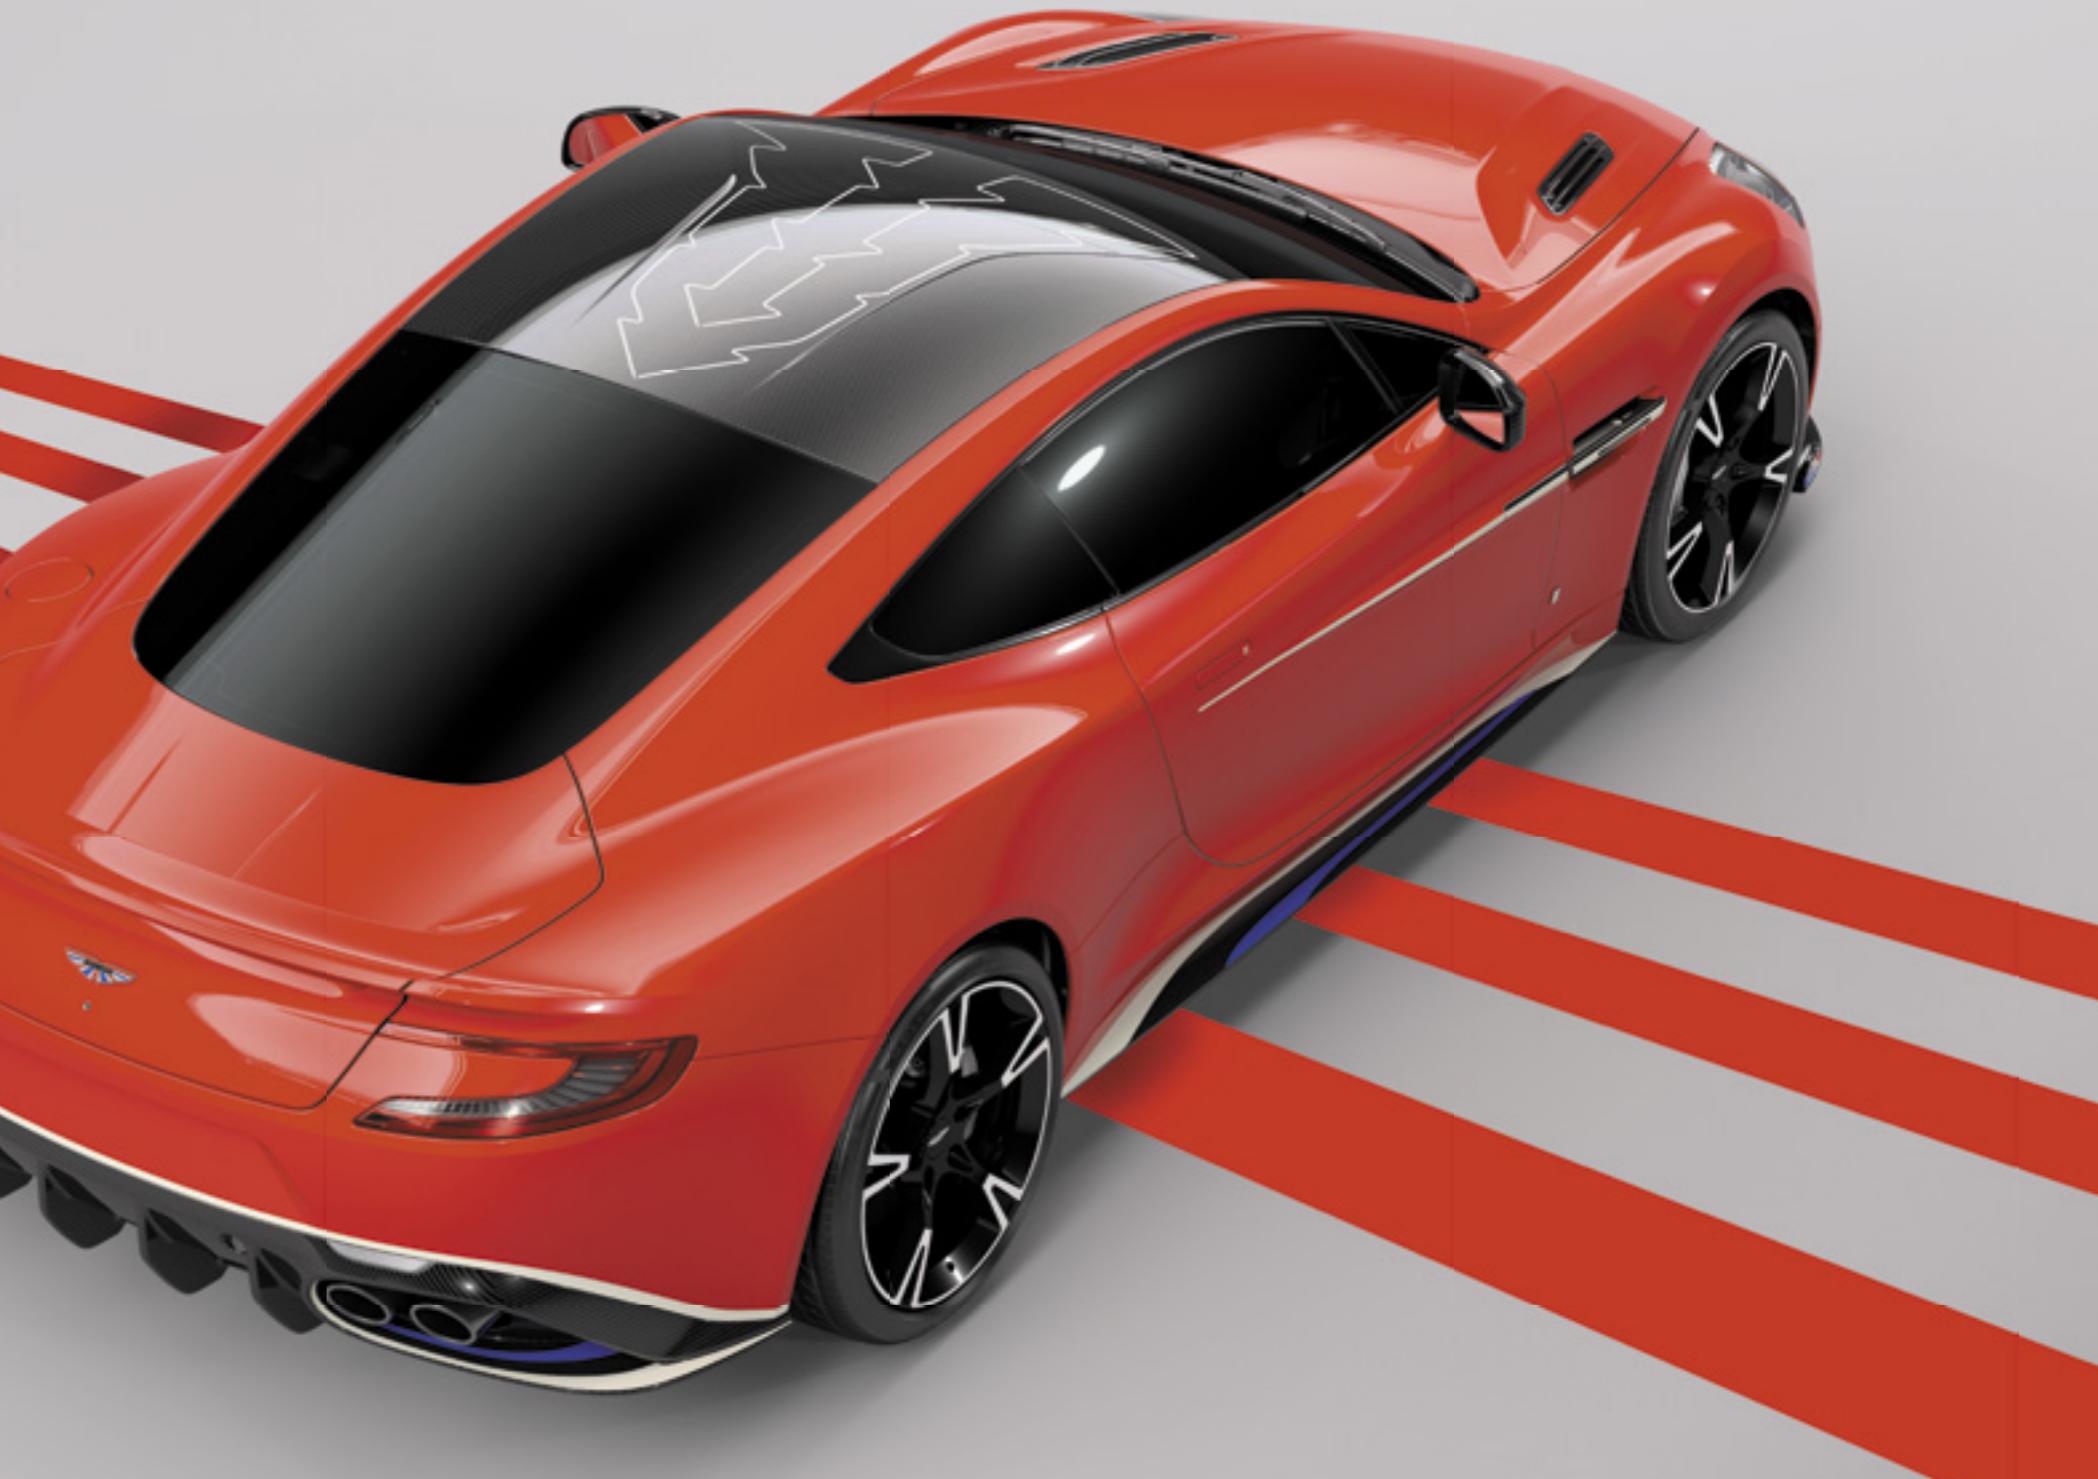

Aston Martin Cambridge is doing Red 0 – the tenth of the limited edition run of Vanquish S Red Arrow cars to be raffled by the Royal Air Force Benevolent Fund, which provides support to serving and former members of the RAF, as well as their partners and dependents.
