

# BMW Performance Accessories

# Style, safety and performance

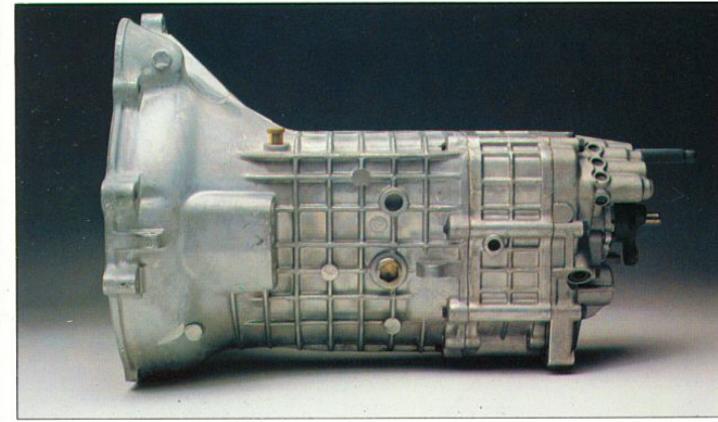

BMW have a long and successful history in motor racing. Every BMW incorporates design features which have been developed and proved on the track. The exhilarating feeling you get when driving a BMW is a result of this 'controlled power'. To enhance this feeling we offer you a series of accessories designed to complement your BMW for performance and safety, whilst adding to the already considerable style.

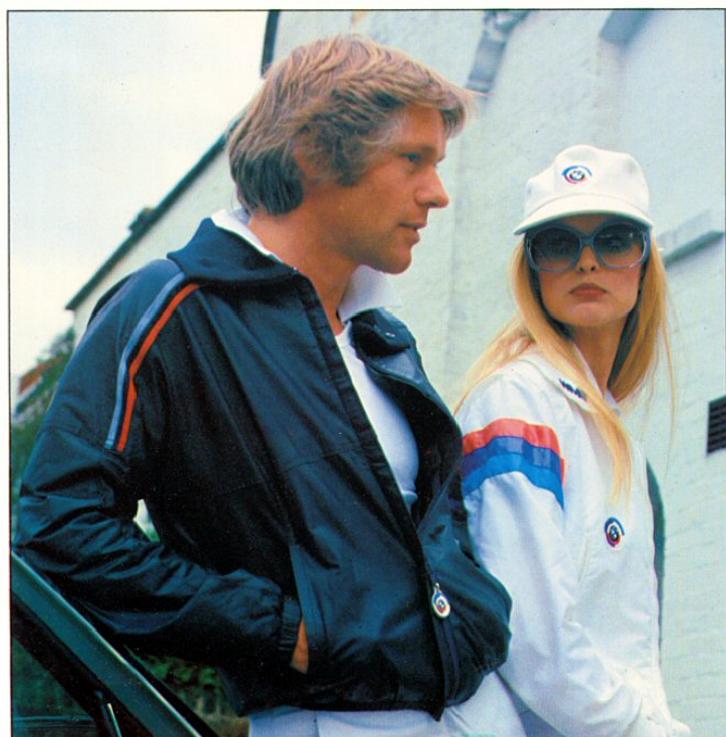

**BMW Motorsport livery** seen on the 3 Series (top) and the 5 Series sets off the lines of the cars perfectly whilst adding a distinctive yet discreet appearance. Easy to apply decal kits, offering narrow or broad stripes.

**Below left.** The **5-speed gearbox** minimises the gaps between gear ratios and thus enables even more effective use to be made of engine output.

**Below.** **Limited slip differential** transfers all available power on to the road by controlling wheelspin.

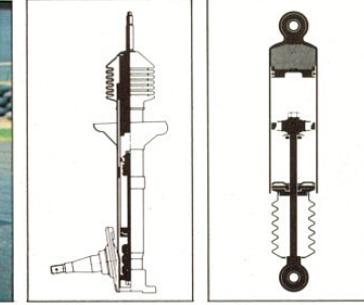

**Below.** **Suspension** is a balance between firmness and softness. If you want to adjust that balance to suit your driving style, we offer complete kits as well as individual, highly specialised parts.

**Above.** **Light alloy wheels.** The light alloy road-wheel has been designed for strength and appearance and has anodised finish for easy cleaning. The Motorsport roadwheel, developed by our motor racing team, is stringently x-rayed before factory release.

**Left.** A complete range of **Motorsport fashion accessories**. Featured here: Black, ultra-soft leather jacket, lightweight anorak and cap, by Head.

Left. Tough **fibreglass spoilers** have been developed in a wind tunnel for greatly improved performance and high speed stability. Front spoiler reduces drag co-efficient, rear spoiler exerts downward thrust at speed. (Front spoiler only illustrated.)

**Light alloy steering wheel** with thick leather rim. Two integral horn push buttons and detachable padded centre. Available in 350mm and 380mm diameters.

Ergonomically designed **Motorsport seats** offer comfort and safety. Fully reclining with extendable squab. Fabric finished in Motorsport colours or in black. Made to BMW specifications by Recaro.

**Credit Cards.** Many BMW Centres now accept the major credit cards.

**For the joy of motoring**

BMW Concessionaires (GB) Ltd., 991 Great West Road, Brentford, Middlesex. Telephone: 01-568 9155.
