Just what makes a good friend?

To be a friend is to be a part of someone else's life, to share in all that is good and to help through the times when things get a little complicated. Most of all it takes dedication, a willingness to take the lead or to sometimes respect the other person's judgement, to just sit back and enjoy the ride. This is how a BMW sees the way ahead, one that is filled with promise, excitement and above all the comfort and devotion of friendship.
