

# THE NEW X6

**July 2023**  
Production

The model shown in the imagery in this brochure is the M60i petrol model and is for information only. This model is not available to purchase in New Zealand.

# DISCOVER THE BMW X6

The BMW X6 blends the agile and versatile driving properties of a Sports Activity Vehicle with the head-turning looks of a coupe. The third-generation X6 employs a clean, exclusive design language to underscore its confident and commanding appearance. And advanced powertrain and chassis technology teams up with a wealth of innovations to deliver a uniquely sporting yet also luxurious driving experience.

- Panorama glass sunroof

Consumption	7.9l / 100km <sup>[1]</sup>
0-100km/h	6.1 sec
Engine	6-cylinder
CO2	209g / km <sup>[1]</sup> *
Transmission	8-speed sport automatic
Power/Torque	210kW / 650Nm

Price incl. GST **\$ 161,900**

Clean Car Programme (Estimated Rebate / Fee)\* **TBC**

\* To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC. For more information on the New Zealand Clean Car Programme, please [click here](#).

# X6 HIGHLIGHTS

## SPORTINESS REFINED

The visual update focuses on the redesign of the headlights and front apron, which underscore the striking appearance of the new BMW X6. The flanks and rear section remain unchanged. To further express its pronounced sportiness.

## PRESTIGIOUS POWER

Upgrades to the six-cylinder in-line diesel engine in the new BMW X6 xDrive30d have also yielded improvements to its fuel economy and emissions. Combined with the 48V mild hybrid technology to produce even sharper power delivery. The drive system develops a maximum 219 kW and peak torque of 670 Nm, which translates into a 0 to 100 km/h acceleration time of 6.1 seconds.

## PANORAMIC VISTAS

The Panorama Glass Roof Sky Lounge enthralls and delights with a newly designed light show using light threads backlit by LED units. This structure replicates the pattern of the quilting on the seat surfaces, and the colour world of the light effects takes their cues from the activated My Mode, and can also be selected independently.

## INNOVATIVE APPEARANCE

The cockpit of the new BMW X6 and has been completely updated. The new elegant BMW instrument panel with BMW Curved Display acts as the main eye-catcher. The BMW Curved Display underlines the high level of digitalisation and lends the cockpit a very modern appeal. The instrument panel has a clear structure and is focused on the essentials. This amplifies the particularly sleek and sophisticated ambience.

## INTELLIGENT ASSITANCE

Customers have access to the most advanced range of standard and optional BMW driver assistance systems. They enhance comfort and reduce stress, for even more safety on the road. These are complemented by the Parking Assistant with functions such as the Reversing Assistant, Lateral Parking Aid, Parking Start-up Monitoring, Trailer Assist and the Reversing Assist Camera with panoramic view.

# BMW INDIVIDUAL

The expression of personality.

Accentuate your own character with genuine exclusivity: this is precisely what BMW Individual aspires to. Whether you are seeking a special colour or exclusive materials, you can provide a perfect figure for your inspirations. With an automobile that matches your preferences precisely, down to the finest detail. BMW Individual – an expression of personality.

## LIMITLESS.

From Dakar Yellow to Nardo Grey: BMW Individual offers you a wide range of exclusive paint finishes to choose from. More than 120 different colours are available, allowing every character to find its own personal expression. Matt paint finishes by BMW Individual boldly emphasise the powerful design language of every BMW.

## UNMISTAKABLE.

In designing the details of the interior with immaculate fine-grain Merino leather, BMW Individual leaves you a completely free hand. From the choice of colours to the composition of impressive leather coverings in Bicolour, everything is possible. Masterly contrasting stitching produces an exclusive character. Personalised signets and monograms form highlights of individualisation.

## LIMITLESS.

All trims have one thing in common: they are made of the highest quality materials. Whether they are made of aluminium mesh, carbon or precious wood - create exciting contrasts in the interior of your BMW M or achieve corresponding effects between the interior and accent trims and the leather upholstery.

# THE BMW CONNECTED DRIVE

## DIGITAL KEY

Why put your key in the ignition if you have your smartphone with you? The Digital Key allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your smartphone using the My BMW app and shared with family and friends.

## CONNECTED NAVIGATION

The My BMW app can import appointments and addresses from your smartphone straight into the navigation system to begin route guidance. The system also calculates the optimum departure time based on real-time traffic information and informs the driver with an app notification on their smartphone.

## CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

## DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

## THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 8.5) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

# BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

The model shown in the imagery in this brochure is the M60i petrol model and is for information only. This model is not available to purchase in New Zealand.

## THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

# MY BMW APP

STAY IN THE DRIVER'S SEAT,  
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**  
Lock and unlock your BMW from wherever you are.
- **Location location location**  
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**  
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**  
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**  
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

- Electric seat adjustment front with memory function for driver
- Sport seats for driver and front passenger with side bolster adjustment

- Seat heating for driver and front passenger
- Lumbar support, for driver and front passenger
- Floor mats in velour
- Door sill finishers with 'M' designation, front
- Interior trim finish Fine-wood 'Fineline' Black with metal effect high-gloss
- Instrument panel finished in Verino, Black
- M Leather steering wheel
- Through loading system with 40:20:40 backrest split
- Luggage compartment separating net
- Cup holders in front centre console and rear centre armrest
- 12V power sockets in the front & rear centre console and luggage compartment

# OPTIONAL EQUIPMENT

Adaptive 2-axle air suspension  
(2VR)

- Manual raising up to 30 km/h by 40 mm (30 km/h to 55 km/h by 20 mm)
- Speed dependent automatic lowering
- Entire height adjustment travel of ±40 mm selectable on five levels via toggle switch on the centre console
- Vehicle can be lowered by 40 mm (for loading) via switch in bottom of tailgate.

\$2,500

Trailer tow hitch  
(3AC)

The towbar with electronically adjustable tow ball is extremely easy to fold under the rear apron, where it is not visible during rides without a trailer. This feature also includes trailer stability control. The maximum trailer load is 3,500kg.

Pricing does not include local fit safety bracket (Required, additional cost). Removes contactless tailgate opening.

\$2,500

M Roof rails high-gloss Shadow Line  
(3MC)

The M high-gloss Shadowline roof rails serve as the basis for the BMW roof rack unit which you can use to safely transport a roof box, bicycles or surfboards.

\$800

Luggage compartment package  
(418)

Extended storage includes an electronically-adjustable cover for the luggage compartment, automated sliding rails to assist with loading of cargo whilst stationary (rails are also anti-slip to help secure cargo when vehicle is in motion), a storage net in the luggage compartment together with a flex net.

\$800

Sun protection glazing  
(420)

The darkened, sun protection glass for the rear screen and rear side windows absorbs more of the sun's rays and reduces heat rise inside the passenger compartment when the car is in direct sunlight.

\$1,200

Bowers & Wilkins Diamond Surround sound system  
(6F1)

fully active 10-channel 1508W amplifier and 20 speakers with Stainless steel finishers with 'Fibonacci' hole pattern design and an optimum degree of efficiency for a pure sound experience.

\$8,000

[www.bmw.co.nz](http://www.bmw.co.nz)

# SUSTAINABILITY AT BMW

## ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMWi customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

## MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

# FURTHER INFORMATION ON CO<sub>2</sub> DATA

The values of fuel consumptions, CO<sub>2</sub> emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO<sub>2</sub> efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO<sub>2</sub> values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicted in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO<sub>2</sub> figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit [www.nzta.govt.nz/vehicles/clean-car-programme](http://www.nzta.govt.nz/vehicles/clean-car-programme)

The model shown in the imagery in this brochure is the M60i petrol model and is for information only. This model is not available to purchase in New Zealand.
