

THE M3 CS

March 2023
Production

TORQUE
UNLEASHED

EXTRAORDINARY

PERFORMANCE

THE ORIGINAL THRILL.

The motorsport affinity of the BMW CS is already apparent from the letters added to its name, which are short for "Competition Sport". But that's the start. Numerous vehicle components made of carbon-fibre-reinforced plastic, such as the bonnet, the front splitter and the rear spoiler enforce this vehicle's exclusive and emphatically sporty character even further. With more power, the M3 CS takes just 3.4 seconds to sprint from 0-100km/h and weighing less by using carbon details and M Carbon bucket seats – add to the exclusivity of this limited production run model.

MODEL HIGHLIGHTS

- 19/20" M light alloy wheels
- Active M Differential
- BMW M Head-Up Display
- BMW Laserlights with yellow icons
- BMW Live Cockpit Professional
- Driving Assistant
- Harman / Kardon surround sound system
- Parking Assistant
- M Drive Professional
- M xDrive

Consumption 10.4/ 100km

0-100km/h 3.4 sec

Engine M TwinPower Turbo inline 6-cylinder

CO2 234g / km*

Transmission 8-speed M Steptronic with Drivelogic

Power/Torque 405kW / 650 Nm

Price incl. GST \$268,900

Clean Car Programme (Estimated Rebate / Fee)* **TBC**

• Standard ◊ Optional **NCO** No Cost Option

Product features, specifications, models and prices are subject to change without notice. The general information in these materials should always be read in conjunction with other specific materials and information available from BMW Group New Zealand. E&OE Effective from 1st March 2023. *Additional ordering time frames apply for BMW Individual. Please contact BMW Group New Zealand.

* To obtain NZ Fuel Consumption and Emission figures for vehicles imported by BMW Group New Zealand you will need to contact your preferred dealer. In relation to the NZ Clean Car discount or "FeeBate" the WLTP3 Emission and Consumption figures converted by the NZ government will differ from the WLTP4 figures listed in BMW owner's handbook and reported figures. For more information on the New Zealand Clean Car Programme, please [click here](#).

M3 CS HIGHLIGHTS

COMPELLING PERFORMANCE

The engine under the bonnet of the new BMW M3 CS therefore also boasts a wealth of technological details derived directly from the race-car unit. The considerable upgrade potential paved the way for a 30 kW/40 hp hike in peak output, resulting in 405 kW/550 hp. This increase in power was achieved courtesy of targeted revisions to M TwinPower Turbo technology and required no concessions in terms of stability or durability.

PERFORMING PIPES

delivery through to the upper echelons of the rev range. This is accompanied by the emotionally stirring soundtrack produced by the dual-branch exhaust system featuring electrically controlled flaps, a titanium rear silencer with weight-minimising design and in customary M fashion two pairs of tailpipes painted in matt Black.

M COMPOUND BRAKE

Thanks to the use of various materials, M Compound brakes achieve outstanding deceleration values, are extremely stable and weigh less. The brake callipers in Red high-gloss with M lettering lend this high-performance brake system a distinctively sporty appearance.

M CARBON SEATS

The driver and front passenger are welcomed by M Carbon bucket seats in a model-specific design. Fully electric and heated, they feature integral head restraints along with an illuminated model badge, resulting in a unique blend of racing flair and long-distance comfort. The use of CFRP in the structural elements of the seat cushion and backrest as well are testimony to the seats' weight-minimising construction.

INTELLIGENT DRIVING

The new BMW M3 CS boasts the latest-generation BMW iDrive vehicle experience based on BMW Operating System 8, which includes the BMW Curved Display for the cockpit. The information display's graphical layout and the M-style content shown there lend themselves to a focused, performance-led driving experience.

BMW INDIVIDUAL

The expression of personality.

Accentuate your own character with genuine exclusivity: this is precisely what BMW Individual aspires to. Whether you are seeking a special colour or exclusive materials, you can provide a perfect figure for your inspirations. With an automobile that matches your preferences precisely, down to the finest detail. BMW Individual – an expression of personality.

LIMITLESS.

From Dakar Yellow to Nardo Grey: BMW Individual offers you a wide range of exclusive paint finishes to choose from. More than 120 different colours are available, allowing every character to find its own personal expression. Matt paint finishes by BMW Individual boldly emphasise the powerful design language of every BMW.

UNMISTAKABLE.

In designing the details of the interior with immaculate fine-grain Merino leather, BMW Individual leaves you a completely free hand. From the choice of colours to the composition of impressive leather coverings in Bicolour and contrasting stitching, everything is possible. Personalised signs and monograms form highlights of individualisation.

EXPRESSIVE.

All trims have one thing in common: they are made of the highest quality materials. Whether they are made of aluminium mesh, carbon or precious wood – create exciting contrasts in the interior of your BMW M or achieve corresponding effects between the interior and accent trims and the leather upholstery.

— THE BMW CONNECTED DRIVE —

DIGITAL KEY

Why put your key in the ignition if you have your Android smartphone with you? The Digital Key3, 4, 5 allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the BMW Connected app and shared with family and friends. The term is one year.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using PARK NOW. The term is three years.

CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situations with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

THE INTELLIGENT
ALL-WHEEL DRIVE SYSTEM
FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

MY BMW APP

STAY IN THE DRIVER'S SEAT,
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**
Lock and unlock your BMW from wherever you are.
- **Location location location**
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

STANDARD EQUIPMENT

ENGINE, POWERTRAIN AND TECHNOLOGY

- 8-Speed M Steptronic transmission with Drivelogic
- Active M Differential
- Adaptive M Suspension
- BMW M TwinPower Turbo 6-cylinder petrol engine
- M Drive Professional
- CS specific engine mounting
- M Driver's Package - 305km/h top speed and BMW M Advance II track course
- M xDrive

LIGHT AND SIGHT

- BMW Laserlight with yellow icons
- Follow-me-home function, if the headlight flasher is activated after the ignition is shut off, the low-beam headlights continue to shine for a set time
- High beam assistant
- Interior and exterior mirror package
- Rain sensor

EXTERIOR DESIGN AND EQUIPMENT

- 19"/20" M light alloy wheels star spoke 827M with Track or Sport tyres
- BMW Individual high-gloss Shadow Line with extended contents
- BMW Individual Lights Shadow Line
- Carbon Bonnet and Roof
- Carbon front splitter, blades & air intakes

- M Carbon exterior package
- M Compound brake, red high-gloss
- Metallic paintwork
- Titanium Exhaust with tail pipes in black matt

INTERIOR DESIGN, COMFORT AND EQUIPMENT

- 1 x USB ports Type A, 1 x USB Type C Automatic climate control, 3-zone control BMW Individual headliner Anthracite
- Comfort Access incl. BMW Digital Key Floor mats
- CS model specific Full Leather Merino upholstery
- Interior trim finishers 'Carbon Fibre'
- M Alcantara steering wheel
- M Carbon bucket seats, electric & heated
- Seat adjustment, electric with memory for driver's seat

SAFETY

- Active Protection
- Airbags, 8 in total: front airbags for driver and front passenger, side airbags for driver and front passenger integrated in the seat backrest bolsters, head airbags for all 4 outer seats
- Automatic Stability Control (ASC), Dynamic Stability Control (DSC), Dynamic Brake Control (DBC), Cornering Brake Control (CBC), dry braking, fading support, pullaway assistant
- Central locking with electronic immobiliser Dynamic braking lights
- Warning triangle and first aid kit

ENTERTAINMENT, COMMUNICATION AND INFORMATION

- BMW Live cockpit Professional* with 12.3" instrument display and high-resolution (1920x1080) 10.25" Control Display incl. split screen function and BMW Intelligent Personal Assistant
- DAB+ digital radio
- Extended Bluetooth connectivity
- harman / kardon Surround Sound System
- Storage for wireless smartphone charging

DRIVER ASSISTANCE

- BMW Head-Up Display
- Driving Assistant
- Parking Assistant
- Speed Limit Info
- Speed Limiter

CONNECTED DRIVE FEATURES

- Connected Package Professional incl. Remote Services*, Real Time Traffic Information (RTTI) and Apple CarPlay/Android Auto, ConnectedDrive Services* incl. BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather) Connectivity via in-built SIM card, 4G LTE network compatible
- Intelligent Emergency Call TeleServices (*3 year subscription)

ROADSIDE ASSIST

- Emergency Hotline, 24/7, 365 days a year.
- Includes onward travel and accommodation.
- Includes lock-out or lost key assistance.
- Includes emergency fuel.
- Valid for 5 years/unlimited kms.

3 YEAR
FREE SERVICING*

- Includes scheduled servicing and maintenance tailored to the NZ market.
- Includes all warrant of fitness checks.
- Includes oil top-ups and wiper blades.
- Valid for 3 years/unlimited kms.

3 YEAR CONNECTED
DRIVE SERVICES

- BMW Connected App for iOS and Android.
- Includes free map updates.
- Real-time traffic information.

SUSTAINABILITY AT BMW

ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

IMMERSE YOURSELF IN THE WORLD OF BMW.

Keeping up with the Ultimate Driving Machine has never been easier. Connect with us online and stay up to date with the latest from BMW.

FURTHER INFORMATION ON CO₂ DATA

The values of fuel consumptions, CO2 emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO2 efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO2 values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicated in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit www.nzta.govt.nz/vehicles/clean-car-programme
