# THE FIRST BMW iX: PIONEER OF A NEW ERA.

Born from a vision. Created for electric mobility. Thanks to efficient BMW eDrive technology and its fully electric all-wheel drive, the BMW iX achieves an exceptional range and delivers powerful acceleration from a standstill. The intelligent BMW Operating System 8 always keeps itself up to date and can be operated completely intuitively.

Power/Torque	385 kW / 765 Nm

**Price incl. GST \$ 207,800**

Clean Car Programme (Estimated Rebate / Fee)\* **cost neutral**

# THE iX HIGHLIGHTS

## LIVING SPACE ON WHEELS

The interior of the BMW iX is a unique place to unwind with an architecture inspired by modern interior design. Its elements – such as the flat dashboard with the large BMW Curved Display and the slim seats – all resemble pieces of furniture with their high-quality choice of colours and materials.

## MINIMALIST DESIGN

The interior showcases modern design at its best. This is exemplified by the glass iDrive Controller on the centre console, which is framed by an elegant control panel made of FSC-certified wood.

## PANORAMA GLASS ROOF

The Sky Lounge end-to-end panoramic glass roof can be electrochromatically shaded to protect against direct sunlight, while offering privacy when needed.

## DYNAMIC SHAPE

The front of the BMW iX looks to the future with bold elements and clean lines. An intelligent kidney grille reinterprets classic BMW design while housing sensors, cameras, and radar. The elegant silhouette speaks to graceful movement with its long wheelbase and four frameless doors.

## BMW CURVED DISPLAY

The 12.3" Information Display merges with the 14.9" Control Display to create a single curved display unit. It takes driver centric controls to the next level.

Clean Car Programme (Estimated Rebate / Fee)\* **cost neutral**

# THE iX M60 HIGHLIGHTS

## DYNAMIC DRIVETRAIN

The high-performance drivetrain of the iX M60 with two high-performance BMW M eDrive engines guarantees fast power delivery. The rear-biased setup of the all-wheel drive and an emotional sound highlight the sporty character. A large high-voltage battery with a high range ensures driving pleasure even on longer tours.

## ADAPTIVE AGILITY

The adaptive 2-axle air suspension with automatic level control and M specific design of the stabilisers among other features, ensures extremely comfortable driving with great driving dynamics. It keeps the vehicle height the same under any load and adjusts it automatically depending on the drive mode. For greater comfort, agility, stability and safety when driving.

## STEERING STABILITY

Integral Active Steering combines support that varies based on the steering angle on the front axle, and rear wheels that also contribute to steering. At speeds below 60 km/h, the rear wheels steer in opposite directions and ensure greater manoeuvrability and agility. Beginning around 60 to 80 km/h, the rear wheels turn parallel to the front wheels to increase driving stability and comfort.

## HONoured HERITAGE

The M60 model badge on the right side of the tailgate is an indication of the vehicle's extraordinarily high driving dynamic potential.

## SUSTAINABLE SPLENDOR

The exclusive olive leaf tanned natural leather of the interior design Suite Amido on the instrument panel, door trim panels, centre console and seats creates a modern ambience of sustainable luxury. The elaborate quilting seams make the upholstery luxurious and comfortable. The accent components in Gold Bronze in the headrest also match.

# CHARGE FASTER

The BMW iX boasts impressive charging performance, allowing you to recharge up to 150 km\* range in just 10 minutes for the BMW iX xDrive50 and M60 (BMW iX xDrive40: over 95 km\* in 10 minutes) or the entire range in less than 40 minutes at public High Power Charging stations. \* The values refer to an initial state of charge of 10%.

# BMW INDIVIDUAL

The expression of personality.

Accentuate your own character with genuine exclusivity: this is precisely what BMW Individual aspires to. Whether you are seeking a special colour or exclusive materials, you can provide a perfect figure for your inspirations. With an automobile that matches your preferences precisely, down to the finest detail. BMW Individual – an expression of personality.

## LIMITLESS.

From Dakar Yellow to Nardo Grey: BMW Individual offers you a wide range of exclusive paint finishes to choose from. More than 120 different colours are available, allowing every character to find its own personal expression. Matt paint finishes by BMW Individual boldly emphasise the powerful design language of every BMW.

## UNMISTAKABLE.

In designing the details of the interior with immaculate fine-grain Merino leather, BMW Individual leaves you a completely free hand. From the choice of colours to the composition of impressive leather coverings in Bicolour and contrasting stitching, everything is possible. Personalised signs and monograms form highlights of individualisation.

## EXPRESSIVE.

All trims have one thing in common: they are made of the highest quality materials. Whether they are made of aluminium mesh, carbon or precious wood – create exciting contrasts in the interior of your BMW M or achieve corresponding effects between the interior and accent trims and the leather upholstery.

# LOADED WITH PIONEERING TECHNOLOGY

Thanks to its new digital innovations, the BMW iX offers ultra-modern connectivity and is the very first vehicle with 5G as standard.

## COMFORT ACCESS

As soon as the driver approaches the BMW iX while carrying the vehicle key or a compatible iPhone, the vehicle automatically unlocks and plays a welcome light sequence. It also locks automatically when the driver walks away from the car.

## BMW iDRIVE

The new BMW iDrive immerses you in a completely new holistic interior experience and allows you to communicate with your BMW in a natural manner for the very first time. In addition to the haptics of the iDrive user interface, you control the infotainment system with the aid of its intelligent digital assistant, which reacts to your voice and gestures and makes your stay in the BMW iX as pleasant as possible.

## SHY TECH

A hidden world of interaction and functionality is at your fingertips in the First-Ever BMW iX. Shy Tech features are subtle, yet highly engaging – like the sound system cloaked by acoustic fabric, radiant heat in the dash and door panels, and haptic controls concealed by open-pore wood trim.

## DRIVING ASSISTANT

Advanced assistance systems for the BMW iX include the Parking Assistant and Driving Assistant. Parking Assistant Plus and Driving Assistant Professional are available to take safety and comfort to an even higher level.

## THE BMW LIVE COCKPIT

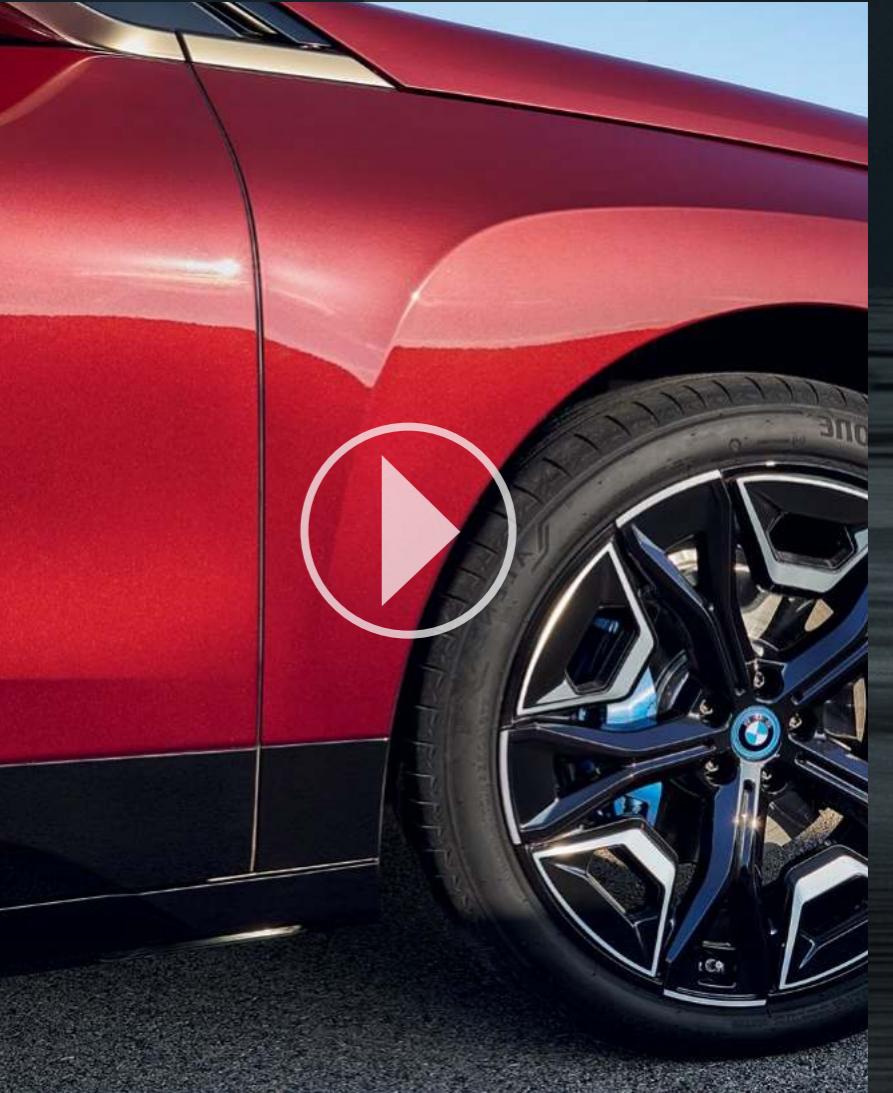

BMW Live Cockpit Professional include the high-resolution, fully digital BMW Curved Display and a new user interface and menu structure with individually configurable widgets. The extended BMW Head-Up Display also offers ways of adapting its layout and contents to match personal preferences. The iDrive Controller is now known as the BMW Controller.

# BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

## THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

# BMW WALLBOX

Stay charged and ready to go with the BMW Wallbox Gen 3. With its safe and high-charging capacity of up to 22kW\*, start charging any vehicle as soon as it's connected. Featuring clever compact design and easy to use cable management, the Wallbox connects directly to the power supply, so you always have the power you need for the journey ahead. BMW Wallbox's are suitable for all fully electric and hybrid vehicles that have a type 2 charging socket.

**To discover more about how the BMW Wallbox works  
please click to watch a quick information video.**

Each BMW 3rd Generation Wallbox package includes all mounting hardware and fixings including the Wallbox itself, installation instructions, the operating manual and drilling template. The BMW Wallbox is designed for indoor and outdoor use. When selecting the installation site, consider access from the charging socket to the vehicle and the direction in which the vehicle is normally parked.

**MEDIUM SUV**

**7.5 Hours to charge 0-100%<sup>^</sup>  
55% charged in 4 hours**

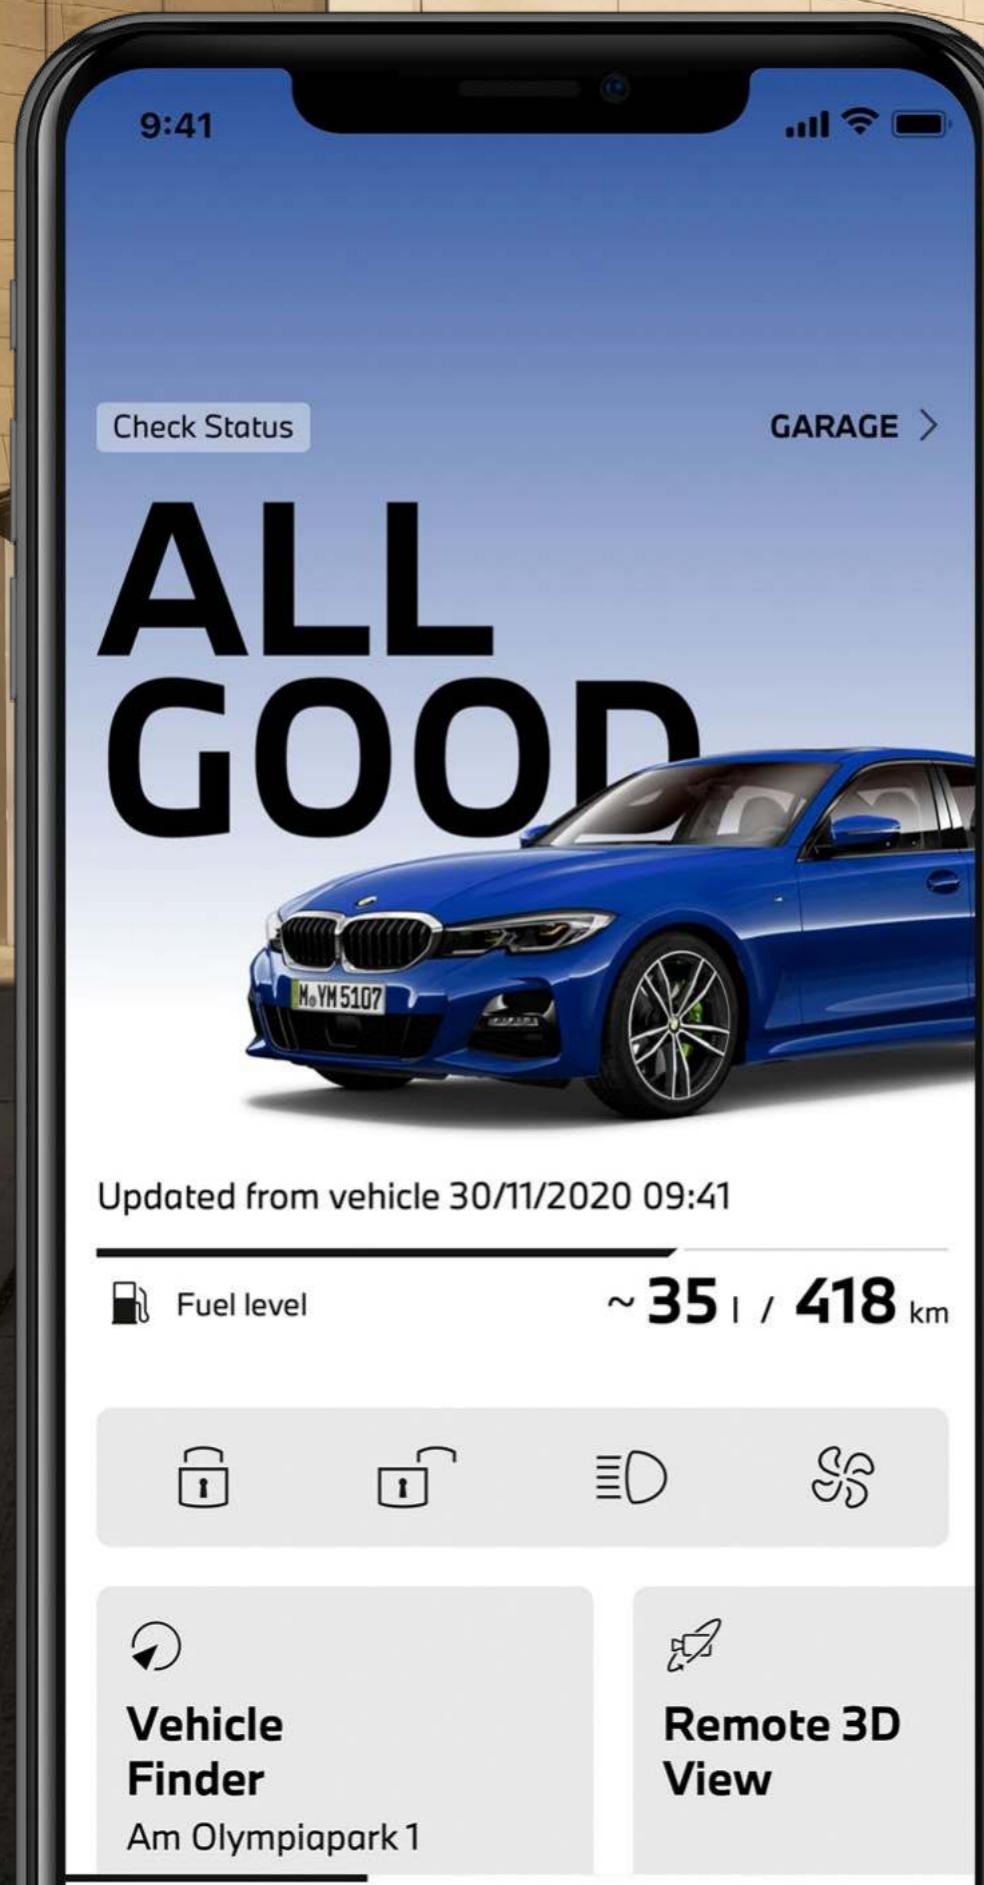

**LARGE SUV**

**7.15 Hours to charge 0-100%<sup>^</sup>  
56% charged in 4 hours**

<sup>^</sup>The calculation takes into account consumption and charging performance. Values refer to 29-33 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consumers such as seat heating, displays, air conditioning. Individual consumption may vary (depending on e.g. driving profile, temperature, ambient conditions) as well as the individually achievable charging performance (depending on e.g. battery state of charge, vehicle air conditioning). Charging performance is based on the maximum possible charging performance (depending on charging type and vehicle).

# THE **iX** EQUIPMENT

# STANDARD EQUIPMENT

## iX xDRIVE40

### ELECTRIC MOTORS, BATTERY, POWERTRAIN AND TECHNOLOGY

- 2 x current-excited synchronous motors, one front, one rear
- High voltage battery, 77 kWh gross, 71 kWh net
- High voltage battery certificate, 8-year / 160,000 km warranty
- BMW xDrive all-wheel drive
- Domestic socket charging cable, Mode 2, 5m with max. power at 1.8 kW
- My Modes with PERSONAL, SPORT and EFFICIENT modes
- Brake energy regeneration
- Brake pad wear indicator
- Electric power steering with Servotronic
- Tyres non-Runflat, includes tyre repair kit

### SAFETY

- Active Protection
- 6 Airbags: front airbags for driver and passenger, side airbags for driver and front passenger, side curtain airbags for 1st and 2nd row
- Central locking with electronic immobiliser
- Dynamic braking lights
- Dynamic Stability Control (DSC), Anti-lock Braking System (ABS), Cornering Brake Control (CBC), Dynamic Traction Control (DTC),

Electronic Differential Lock Control (EDLC), Automatic Stability Control (ASC), Dynamic Brake Control (DBC)

- Warning triangle and first aid kit
- Acoustic protection for pedestrians
- Alarm system

### DRIVER ASSISTANCE

- BMW Head-Up Display
- BMW Live Cockpit Professional, 12.3" curved digital instrument display
- Driving Assistant Professional, includes Active Cruise Control, Lane Keeping Assistant with Active Side Collision Prevention, Steering and Lane Control Assistant, Lane Change Warning, Lane Change Assistant, Lane Departure Warning, Front Collision Warning with brake intervention, Pedestrian Warning with city brake intervention, Crossing Traffic Warning, front and rear with brake intervention, Rear Collision Prevention, Automatic Speed Limit Assist, Evasion Assistant, Speed Limit Info
- Parking Assistant, includes Rear View Camera, Parking Assistant, Reversing Assistant, Active Park Distance Control, Lateral Parking Aid
- Speed limiter
- BMW Iconic Sounds Electric

### LIGHT AND SIGHT

- LED headlights
- High-Beam Assistant
- Dark design of the lights
- Exterior handle area lighting and interior welcome lights
- Interior and driver's side exterior mirror with automatic anti-dazzle function. Exterior mirrors electrically adjustable and heated, with electric fold-in function and passenger side with automatic parking dipping function
- Rain sensor
- Follow-me function, if the headlight flasher is activated after the vehicle is shut off, the low-beam headlights continue to shine for a set time

### EXTERIOR DESIGN AND EQUIPMENT

- Radiator grille graphic in chrome
- Air curtain in the front apron
- 22" light alloy wheels, aerodynamic 1020 Bicolour 3D polished buff (1LD)
- Shadow Line, front bumper and rear diffuser inserts in high-gloss black
- Radiator grille graphic in chrome
- Front and rear bumper covers in sport design
- Metallic paintwork
- Stream Flow design, C pillar, with embossed 'iX' signet
- Integrated door handles

# STANDARD EQUIPMENT

- BMW Kidney Grille with self-healing ability against light scratches, heating and cleaning system
- Front and rear camera parking camera cleaning system, via auto water spray
- Frameless doors

## INTERIOR DESIGN, COMFORT AND EQUIPMENT

- Interior Design 'Suite' upholstery, olive-tanned natural leather
- USB ports, 2xType C in front console, 2xType C behind front seat backrests
- 2 x 12V power sockets: in centre console and luggage compartment
- Automatic climate control, 4-zone
- Multifunctional seat for driver, incl. memory function and lumbar support for driver
- Massage function, for driver: 3 programmes / 3 intensity levels / 3 speeds
- Seat heating, driver and passenger
- Floor mats, sustainably made from recycled fishing nets
- Auxiliary heating and air-conditioning
- Comfort Access, keyless entry to all doors and BMW Digital Key via NFC card
- Instrument panel in Sensatec
- Hexagonal steering wheel
- Headliner anthracite
- Through-loading system with 40:20:40 split
- Luggage capacity 500 litres, expandable to 1,750 litres
- Luggage compartment separating net

## BMW CONNECTEDDRIVE

- Intelligent Emergency Call
- BMW TeleServices
- Wireless smartphone integration of Apple CarPlay and Android Auto
- Vehicles apps (News and Weather)\*
- BMW Intelligent Personal Assistant\*

- Parking Assistant Professional
- Bowers & Wilkins Diamond Surround Sound System

# OPTIONAL EQUIPMENT

				BMW iX xDrive40	BMW iX xDrive50	BMW iXM60
248	<b>Steering Wheel Heating</b>		<b>\$600</b>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
	The heated steering wheel very quickly reaches a pleasant temperature.					
2VB	<b>Tyre Pressure monitor</b>		<b>\$500</b>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
	Electronic tyre pressure monitoring for each tyre					
323	<b>Soft-Close Function for Doors</b>		<b>\$1200</b>	<input type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>
	The soft-close function pulls the slightly-open door shut with minimum effort on your part, and no unpleasant noise.					
	Leaning the door against the lock automatically activates the soft-close function, closing and securing it completely.					
3AC	<b>Towbar</b>		<b>\$2,600</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
	The electrically adjustable towbar is operated by a switch in the luggage compartment.					
	It can be swivelled electrically until completely underneath the rear apron. Includes a trailer stabilisation monitor. The maximum Trailor load is 2,500kg (Does not include on-road costs)					
3L7	<b>BMW Individual Exterieur Line Titanium Bronze</b>		<b>NCO</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
	Kidney grille graphics, window sills, Stream Flow, door handles and model badge on the tailgate in Titanium Bronze					
	Note: for the iX xDrive40, additionally the front bumper inserts, side skirts and rear diffusers are also trimmed in Titanium Bronze.					
407	<b>Panorama Glass Roof Sky Lounge</b>		<b>\$5,800</b>	<input type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>
	The Sky Lounge panoramic glass sunroof, with its surface area of approximately two square metres, creates a generous feeling of space.					
	At the touch of a button, the glass becomes opaque or transparent. A privacy function is automatically activated when the car is parked.					
420	<b>Sun Protection Glazing</b>		<b>\$1,200</b>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
	The sun protection glass prevents the interior from heating up when exposed to direct sunlight.					
	The darker glass behind the B-pillars absorbs more sunlight. It does not hinder outward visibility, but offers more privacy in the rear.					

# OPTIONAL EQUIPMENT

BMW iX xDrive40  
BMW iX xDrive50  
BMW iXM60

42A	<b>Interior Application Clear&amp;Bold</b>	<b>\$2,000</b>	<input type="radio"/> <input type="radio"/> <input checked="" type="radio"/>
	Enhances the interior with switches made of real crystal glass and decorative elements made of open-pored wood in the centre console. The switches in the wood centre console with their faceting are truly sculptural and fit perfectly into the luxurious feel of the interior.		
453	<b>Active Seat Ventilation</b>	<b>\$1,500</b>	<input type="radio"/> <input checked="" type="radio"/> <input type="radio"/>
	Especially in warm weather, the ventilated front seats provide a pleasant seat temperature, resulting in a more comfortable driving experience.		
4HC	<b>Heat Comfort Package</b>	<b>\$2,100</b>	<input type="radio"/> <input type="radio"/> <input checked="" type="radio"/>
	The front and rear heat comfort system uses the electrical energy on board to efficiently generate cosy warmth. It includes heated armrests and steering wheel as well as infrared panel heating of the front/rear door trim panels and lower instrument panel.		
4FG	<b>BMW i Blue Seat Belts</b>	<b>\$550</b>	<input type="radio"/> <input type="radio"/> <input type="radio"/>
	The Blue seat belts fitted on all five seats emphasise the vehicle's innovative overall concept.		
5AZ	<b>BMW Laser Lights</b>	<b>\$3,500</b>	<input type="radio"/> <input checked="" type="radio"/> <input checked="" type="radio"/>
	For improved illumination in the dark, Laserlights combine Adaptive headlights, LED cornering lights and BMW Selective Beam for a substantially higher light intensity which leads to greater safety.		
6F1	<b>Bowers &amp; Wilkins Diamond Surround Sound System</b>	<b>\$8,500</b>	<input type="radio"/> <input type="radio"/> <input checked="" type="radio"/>
	The careful positioning of the speakers guarantees that driver and passengers always enjoy the best possible sound, no matter where they are sitting. A total of 30 loudspeakers with a total output of 1,615 watt provide a fascinating listening experience, enhanced by the shy-tech design: They are hidden behind fabric and do not obtrude the eye. Only their sound can be heard.		

# SUSTAINABILITY AT BMW

## ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO<sub>2</sub> emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

## MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

# BMW OFFERS & SERVICES.

## BMW GROUP FINANCIAL SERVICES

BMW Group Financial Services is your one stop shop for all your Finance, Leasing and Insurance needs.

Each BMW dealership has a dedicated Business Manager who can put together a tailored finance and insurance package, to make getting into your next BMW even easier.

Speak to your Business Manager today about our Finance and Insurance products.

## GENUINE BMW SERVICE

Quality and safety are the essence of a Genuine BMW Service. When you buy a BMW, you can look forward to superb service and comprehensive customer care.

BMW Service Inclusive is complimentary with all BMW's sold new in New Zealand for a period of 3 years, so you don't have to waste a moment thinking about the cost of maintenance for your vehicle.

## BMW DRIVING EXPERIENCE

If you've ever wondered why a BMW is the Ultimate Driving Machine, a BMW Driving Experience course is for you. Sign up for a BMW Driving Experience course and you will learn what these remarkable vehicles can really do. More importantly, you will also acquire essential skills that will enhance your driving ability and safety.

For more information, call 0508 BMW DRIVE (0508 269374) or email [BMW@tracktime.co.nz](mailto:BMW@tracktime.co.nz)

# COST OF OWNERSHIP

PEACE OF MIND, SO YOU CAN GET ON WITH THE JOY OF DRIVING.

5 YEAR  
WARRANTY\*

- BMW NZ factory-supported warranty programme.
- Covers manufacturing defects.
- Transferable to the next owner.
- Valid for 5 years/100,000 kms.
- No claims excess.

5 YEAR  
ROADSIDE ASSIST\*

- Emergency Hotline, 24/7, 365 days a year.
- Includes onward travel and accommodation.
- Includes lock-out or lost key assistance.
- Includes tow to emergency charging.
- Valid for 5 years/unlimited kms.

3 YEAR  
FREE SERVICING\*

- Includes scheduled servicing and maintenance tailored to the NZ market.
- Includes all warrant of fitness checks.
- Includes oil top-ups and wiper blades.
- Valid for 3 years/unlimited kms.

3 YEAR CONNECTED  
DRIVE SERVICES \*

- BMW Connected App for iOS and Android.
- Includes free map updates.
- Real-time traffic information.

# EVERY GREAT REVOLUTION BEGINS WITH A CHARGE

ChargeNow, in cooperation with ChargeNet, enables BMW i customers in New Zealand to access the entire ChargeNet® network of public charging stations with a single ChargeNow membership.

BMW owners that join will receive FREE membership including ChargeNow key fob and 10% discount on all charging sessions used in the ChargeNow charging network for the first 24 months.

ChargeNow, makes everyday on-the-go charging a convenient and seamless part of owning a BMW i vehicle. Through ConnectedDrive, the in-vehicle BMW i navigation (through Navigation Professional) or by using the BMW i Remote app, BMW i drivers can easily locate the nearest public charging stations, with real time use status shown, if available.

All BMW i owners are provided 2 complimentary ChargeNow key fobs with each BMW i vehicle, for customer support and access to all public charging locations on ChargeNet's growing network - to plug in and charge the BMW i.

WHERE CAN I CHARGE MY CAR?

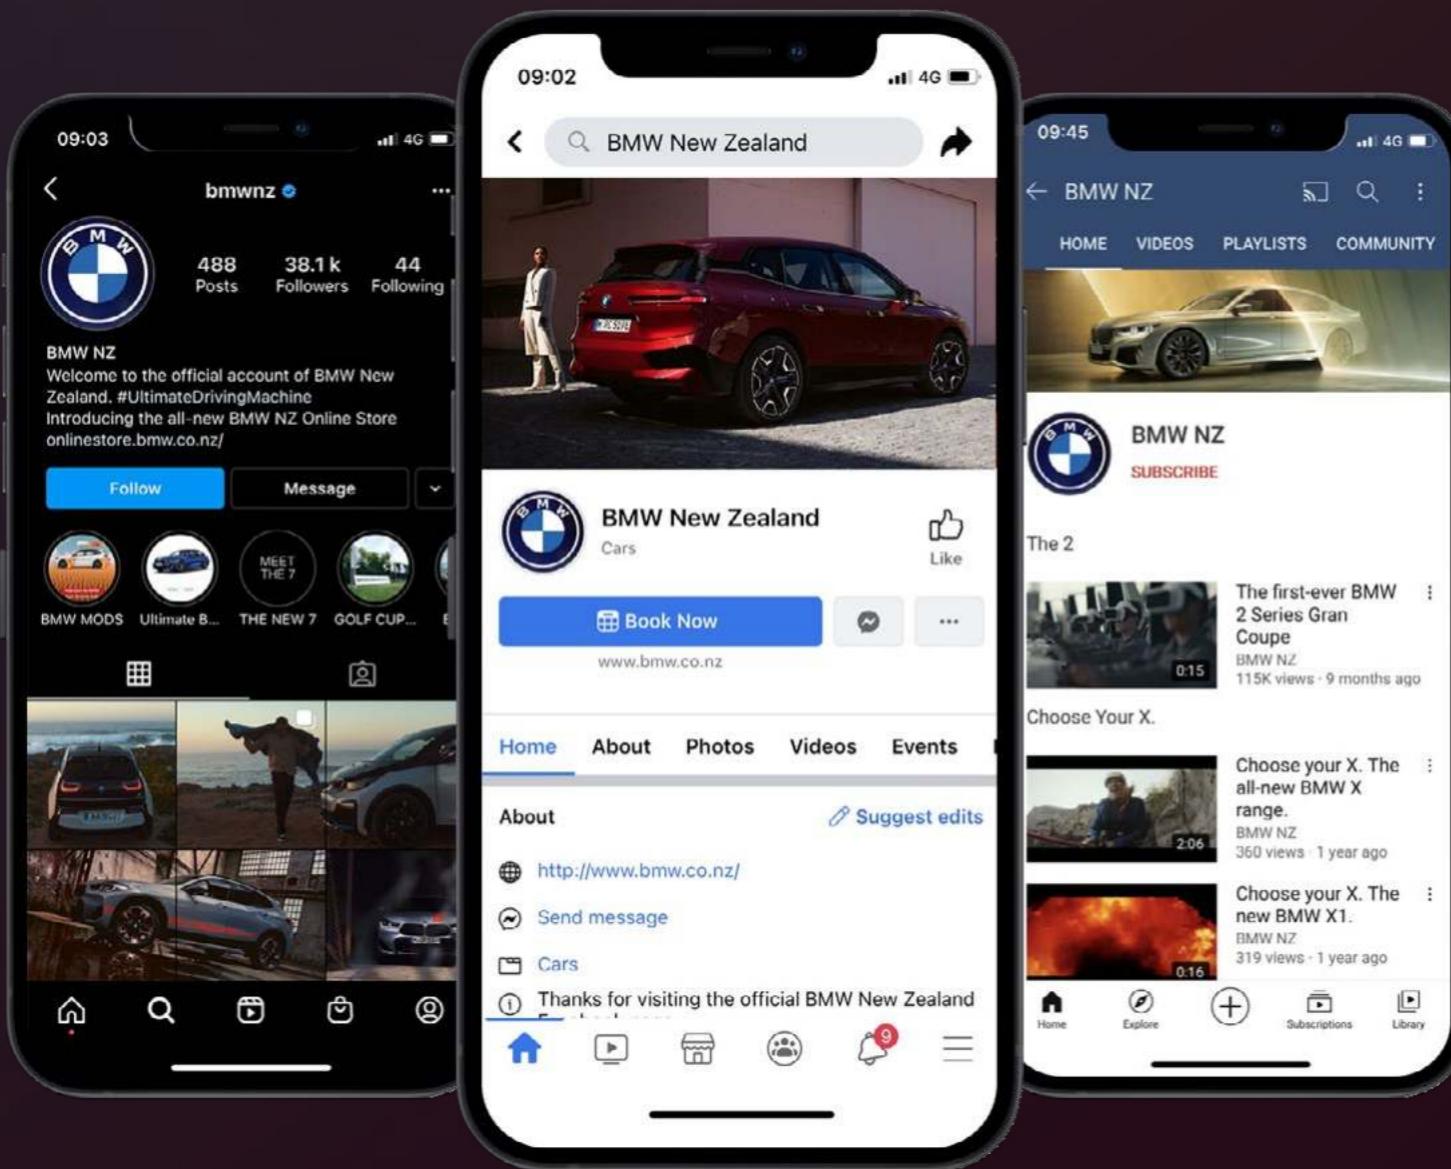

There are a growing number of stations across New Zealand and are expanding all the time. Find your favourite station in a certain location or quickly view recent charging stations.

THE BMW i REMOTE APP

Find public charging stations, check availability, and send their locations directly to your BMW i. Communicate directly with your BMW i vehicle, including car location, range, and battery levels. Set preconditioning, for optimal battery and cabin temperature. Locate points of interest.

 GET IT ON Google Play

 Download on the App Store

## FURTHER INFORMATION ON CO<sub>2</sub> DATA

The values of fuel consumptions, CO2 emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO2 efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO2 values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicated in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit [www.nzta.govt.nz/vehicles/clean-car-programme](http://www.nzta.govt.nz/vehicles/clean-car-programme)
