THE Z4

ENJOY EVERY EDGE. BMW Z4

Open, flat and designed for performance. With its wide front, large wheels, elongated bonnet and many details inspired by motorsport, the BMW Z4 M40i Roadster proves to be a pulse accelerator at a glance. On the road, it unfolds its sporty character right down the line: a roadster that turns the urge for freedom into pure driving pleasure.

- M Sport seats for driver and front passenger

Consumption	7.5 l / 100km
0-100km/h	4.1 sec
Engine	6-cylinder
CO2	171 g / km1*
Transmission	8-speed Sport automatic
Power/Torque	285kW / 500 Nm

Price incl. GST **\$144,800**

Clean Car Programme (Estimated Rebate / Fee)* **cost neutral**

* To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC. For more information on the New Zealand Clean Car Programme, please [click here](#).

THE Z4 HIGHLIGHTS

SCULPTED BONNET.

The precise contours of the unique "clam shell" bonnet on the Z4 are a distinct reference to the power that lies beneath. It combines with the dominant front air intakes to reinforce the car's powerful appearance and athletic capabilities.

KIDNEY GRILLE.

Inspired by classic race cars, the grille is finished in a unique mesh pattern that creates a three-dimensional, honeycomb effect. Its design adds to the dynamic presence of the Z4 Roadster.

POWERFUL PERFECTION.

The Z4 is powered by a six-cylinder petrol engine. A raft of individual measures have been employed to improve the power units' efficiency and performance characteristics.

SOFT TOUCH.

Complementing its dynamic lines, the soft-top roof blends harmoniously into the silhouette of the Z4. At the push of a button, it opens or closes in under 10 seconds and can be operated at speeds up to 45km/h. The adoption of a fabric roof not only saves weight but also ensures better balance when reclined and enables extra storage in the boot.

INTUITIVE MULTIMEDIA.

In your BMW Z4 Roadster you can expect ultimate flexibility and freedom at your fingertips, thanks to BMW ConnectedDrive. Offering a suite of class-leading technologies and connectivity features, your BMW ensures you have everything you need before, during and after your journey.

THE BMW CONNECTED DRIVE

DIGITAL KEY

Why put your key in the ignition if you have your Android smartphone with you? The Digital Key3, 4, 5 allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the My BMW app and shared with family and friends. The term is one year.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space.

CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

THE BMW LIVE COCKPIT

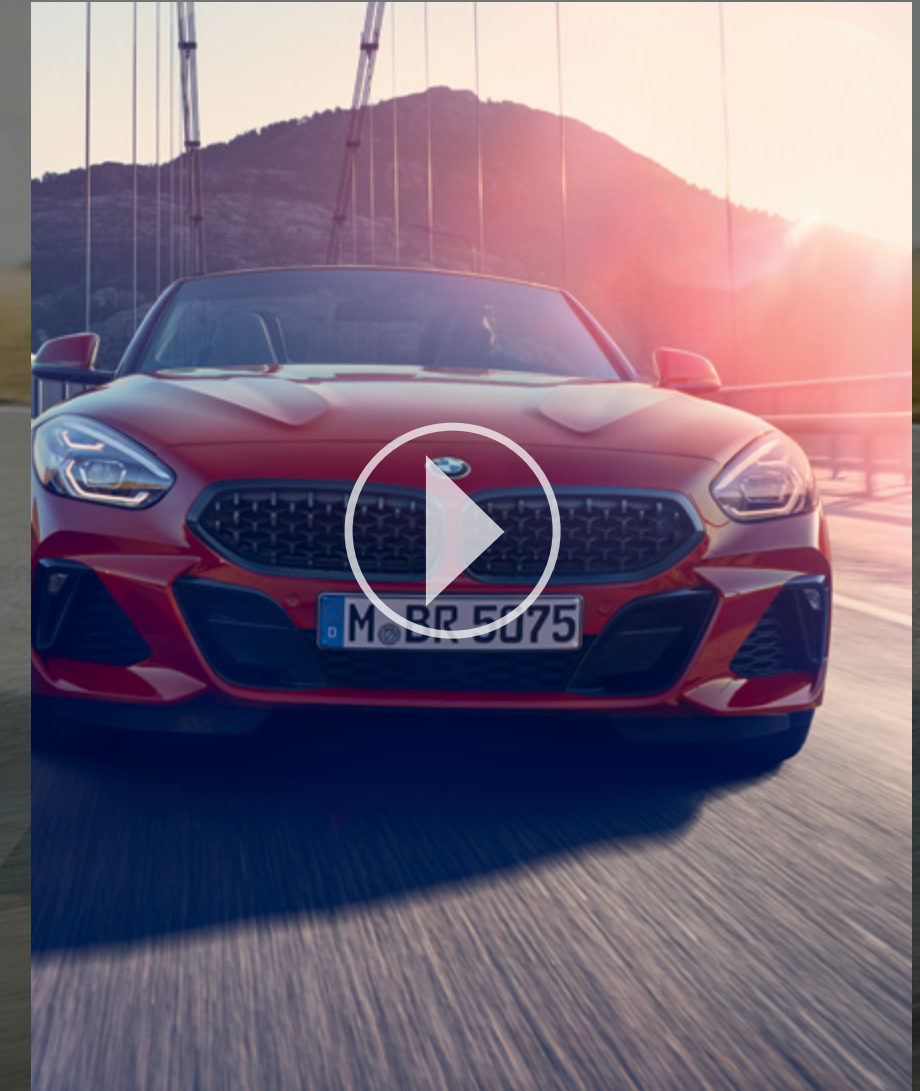

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features touch-capable, high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

MY BMW APP

STAY IN THE DRIVER'S SEAT,
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**
Lock and unlock your BMW from wherever you are.
- **Location location location**
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

SUSTAINABILITY AT BMW

ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

THE EQUIPMENT

STANDARD EQUIPMENT

M40i ROADSTER

ENGINE, POWERTRAIN AND TECHNOLOGY

- BMW M Performance TwinPower Turbo inline 6-cylinder petrol engine with Valvetronic, Double VANOS and High Precision Injection
- M Sport Differential, electronically controlled limited slip differential
- Adaptive M Suspension
- 8-Speed Steptronic Sport automatic transmission with gearshift paddles
- Driving Experience Control with SPORT, COMFORT, ECO PRO and ADAPTIVE modes
- Auto Start/Stop function
- Brake pad wear indicator
- Electric power steering with Servotronic
- Fuel tank capacity 52 litres
- Launch Control
- Performance tyres

EXTERIOR DESIGN AND EQUIPMENT

- 19" M light alloy wheels Double-spoke style 800 M Bicolour Cerium Grey with performance tyres
- Exterior trim in Cerium Grey: BMW Kidney grille frame, front air intake inserts, mirror upper housing, rollover bars, model designation badges, tailpipe finishers

- BMW Individual High-gloss Shadow Line, includes the mirror frame and lower housing, window recess cover, rollover protection bars and air breather in high-gloss black
- Kidney frame and tailpipe finishers in high-gloss chrome
- M Aerodynamics package with front apron, side sills and rear apron in body colour with diffuser insert in Dark Shadow metallic
- Automatic folding soft top, black
- Wind Deflectors and side

LIGHT AND SIGHT

- Ambient Interior Lighting
- Adaptive LED headlights
- High-Beam Assistant
- Exterior handle area lighting and interior welcome lights
- Interior and driver's side exterior mirror with automatic anti-dazzle function. Exterior mirrors electrically adjustable and heated, with electric fold-in function and passenger side with automatic parking dipping function
- Heat protection glazing
- Rain sensor
- Follow-me-home function, if the headlight flasher is activated after the ignition is shut off, the low-beam headlights continue to shine for a set time

SAFETY

- Active Protection
- M Sport Brakes
- Rollover protection system
- Airbags, 4 in total: front airbags for driver and passenger, body protection side airbags deployed from the seat backrests for driver and passenger
- Side protection system
- Central locking with electronic immobiliser
- Dynamic braking lights
- Dynamic Stability Control (DSC), Anti-lock Braking System (ABS), Braking Assistant, Cornering Brake Control (CBC), Dynamic Traction Control (DTC)
- Warning triangle and first aid kit

CONNECTEDDRIVE FEATURES

- Intelligent Emergency Call
- TeleServices
- ConnectedDrive Services* incl. BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather)
- Connected Package Professional incl. Remote Services*, Real Time Traffic Information (RTTI)* and Apple CarPlay
- Connectivity via in-built SIM card, 4G LTE network compatible

*3 year subscription

STANDARD EQUIPMENT

ENTERTAINMENT, COMMUNICATION AND INFORMATION

- BMW Live cockpit Professional* with 12.3" instrument display and high-resolution (1920x1080) 10.25" Control Display with 32 GB hard drive storage incl. split screen function and BMW Intelligent Personal Assistant
- DAB+ digital radio
- Extended Bluetooth connectivity
- Harmon/Kardon surround sound system
- Personal Profile, customised control functions can be saved into the keys
- Storage for wireless smartphone charging

ENTERTAINMENT, COMMUNICATION AND INFORMATION

- 1 x 12V power socket, in front storage compartment
- 2 x USB ports:
- 1 x Type A / 1.5A in the front console area
- 1 x Type C / 3.0A inside centre console armrest
- Automatic climate control, 2-zone control
- Comfort Access, keyless entry to all doors
- Door sill finishers with 'M' designation, illuminated
- Electric seat adjustment for driver and passenger with memory function
- Floor mats
- Instrument panel and door upper trim in Sensatec
- Interior trim, Aluminium Tetragon

- Luggage capacity 281 litres, with roof open or closed
- Lumbar support for driver and passenger, electric
- M leather steering wheel with multifunction buttons
- M Sport seats for driver and front passenger with integrated headrests
- Seat heating, driver and passenger
- Through-loading system
- Upholstery, Leather 'Vernasca'
- Vehicle Key with 'M' designation

DRIVER ASSISTANCE

- BMW Head-Up Display
- Active Cruise Control with Stop&Go Function
- Driving Assistant, includes:
- Lane Departure Warning
- Lane Change Warning
- Front Collision Warning with brake intervention
- Crossing Traffic Warning rear
- Rear Collision Prevention
- Speed Limit Info
- Rear View Camera
- Parking Assistant
- Lateral Parking Aid
- Speed limiter
- Tyre Repair kit

OPTIONAL EQUIPMENT

FURTHER INFORMATION ON CO₂ DATA

The values of fuel consumptions, CO₂ emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO₂ efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO₂ values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicted in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO₂ figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit www.nzta.govt.nz/vehicles/clean-car-programme
