# DESIGN, HIGH SPEED. THE X4

The BMW X4 M40i offers outstanding precision and agility. The dynamic lateral and longitudinal characteristics are increased, and intensive driving pleasure assured, thanks to the comprehensive new calibration of the suspension, the M specific calibration of the variable sport steering, the standard M Sport brake and a BMW xDrive all-wheel drive system with emphasis on the rear wheels incl. M Sport differential.

## MODEL HIGHLIGHTS

- 21" M light alloy wheels Double-spoke style 718 M
- Adaptive M Suspension
- Instrument panel in Sensatec
- BMW Live Cockpit Professional
- Head-Up Display
- M Aerodynamics package
- Driving Assistant
- M Sport Brakes
- BMW Laserlights
- Ambient Lighting
- Lumbar support, driver

Consumption	8.9 l / 100km <sup>[1]</sup>
0-100km/h	4.8 sec
Engine	6-Cylinder
CO2	204 g / km <sup>[1]</sup> *
Transmission	8-speed Sport Automatic
Power/Torque	285 kW / 500 Nm

Price incl. GST **\$145,100**

Clean Car Programme (Estimated Rebate / Fee)\* **\$2,070 (fee)**

# THE X4 HIGHLIGHTS

## NEW BMW KIDNEY

Featuring a completely reinterpreted front, the BMW X4 has a more progressive presence than ever. The especially angular kidney grille, a redesigned bumper with vertical air inlets and full LED headlights lowered by 10 mm lend it a maximum degree of modernity and athleticism from every angle.

## DRIVING DYNAMICS

Thanks to its especially low centre of gravity, Adaptive M suspension and firm sports steering, the BMW X4 masters every assignment with consistent stability, maximum precision and unique handling.

## FULL-LED REAR LIGHTS

The rear of the BMW X4 sends out a signal of authority and sportiness. Full LED rear lights in a new styling ensure even greater presence, while broad, flush, free-form tailpipes emphasise the modernity of the progressive Sports Activity Coupé.

## X INTERIOR

Deeply appealing in terms of the feel and design: the instrument panel covered with Sensatec adds a high quality touch to the interior of the vehicle. The individually adjustable sports seats for driver and front passenger offers numerous adjustment possibilities

## INTELLIGENT DRIVING

Innovative technologies such as smartphone integration, BMW Maps, as well as ultra-modern driver assistance systems further enhance the driving experience and safety in the BMW X4.

# THE BMW CONNECTED DRIVE

## DIGITAL KEY

Why put your key in the ignition if you have your smartphone with you? The Digital Key allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your smartphone using the My BMW app and shared with family and friends.

## CONNECTED NAVIGATION

The My BMW app can import appointments and addresses from your smartphone straight into the navigation system to begin route guidance. The system also calculates the optimum departure time based on real-time traffic information and informs the driver with an app notification on their smartphone.

## CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

## DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situations with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

## THE BMW LIVE COCKPIT

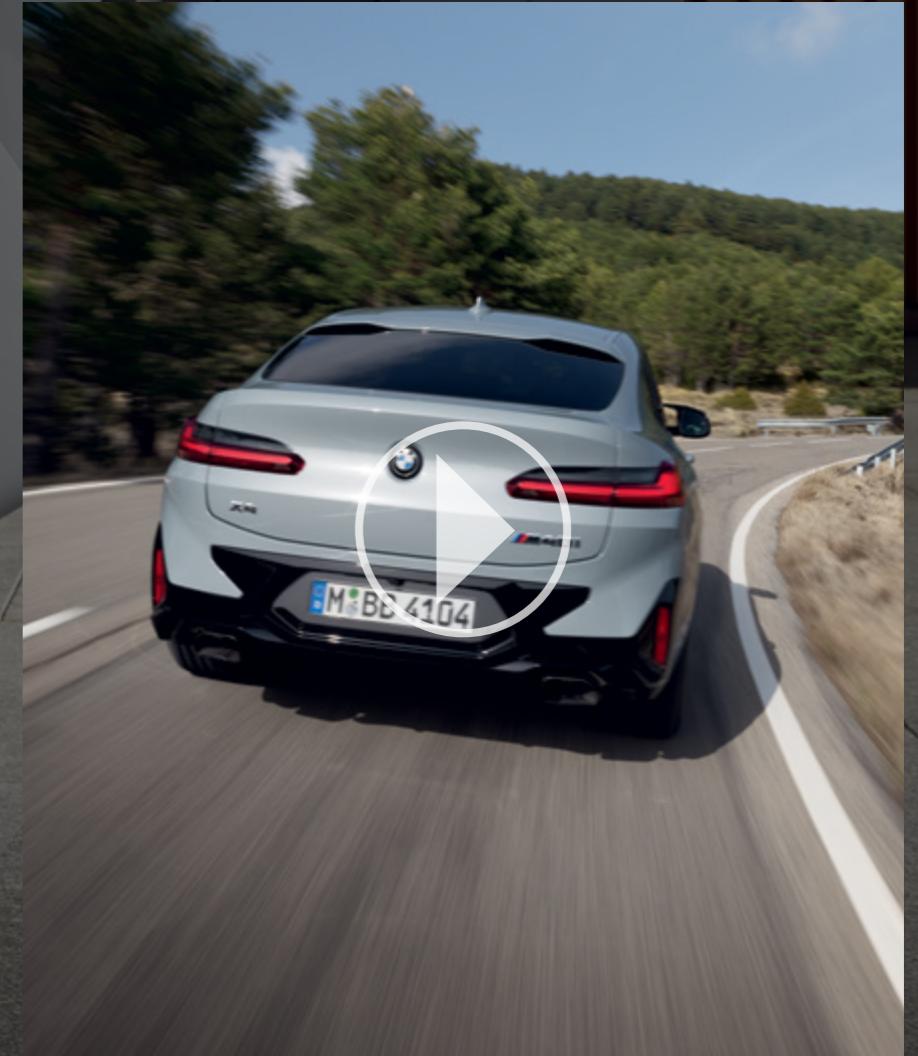

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

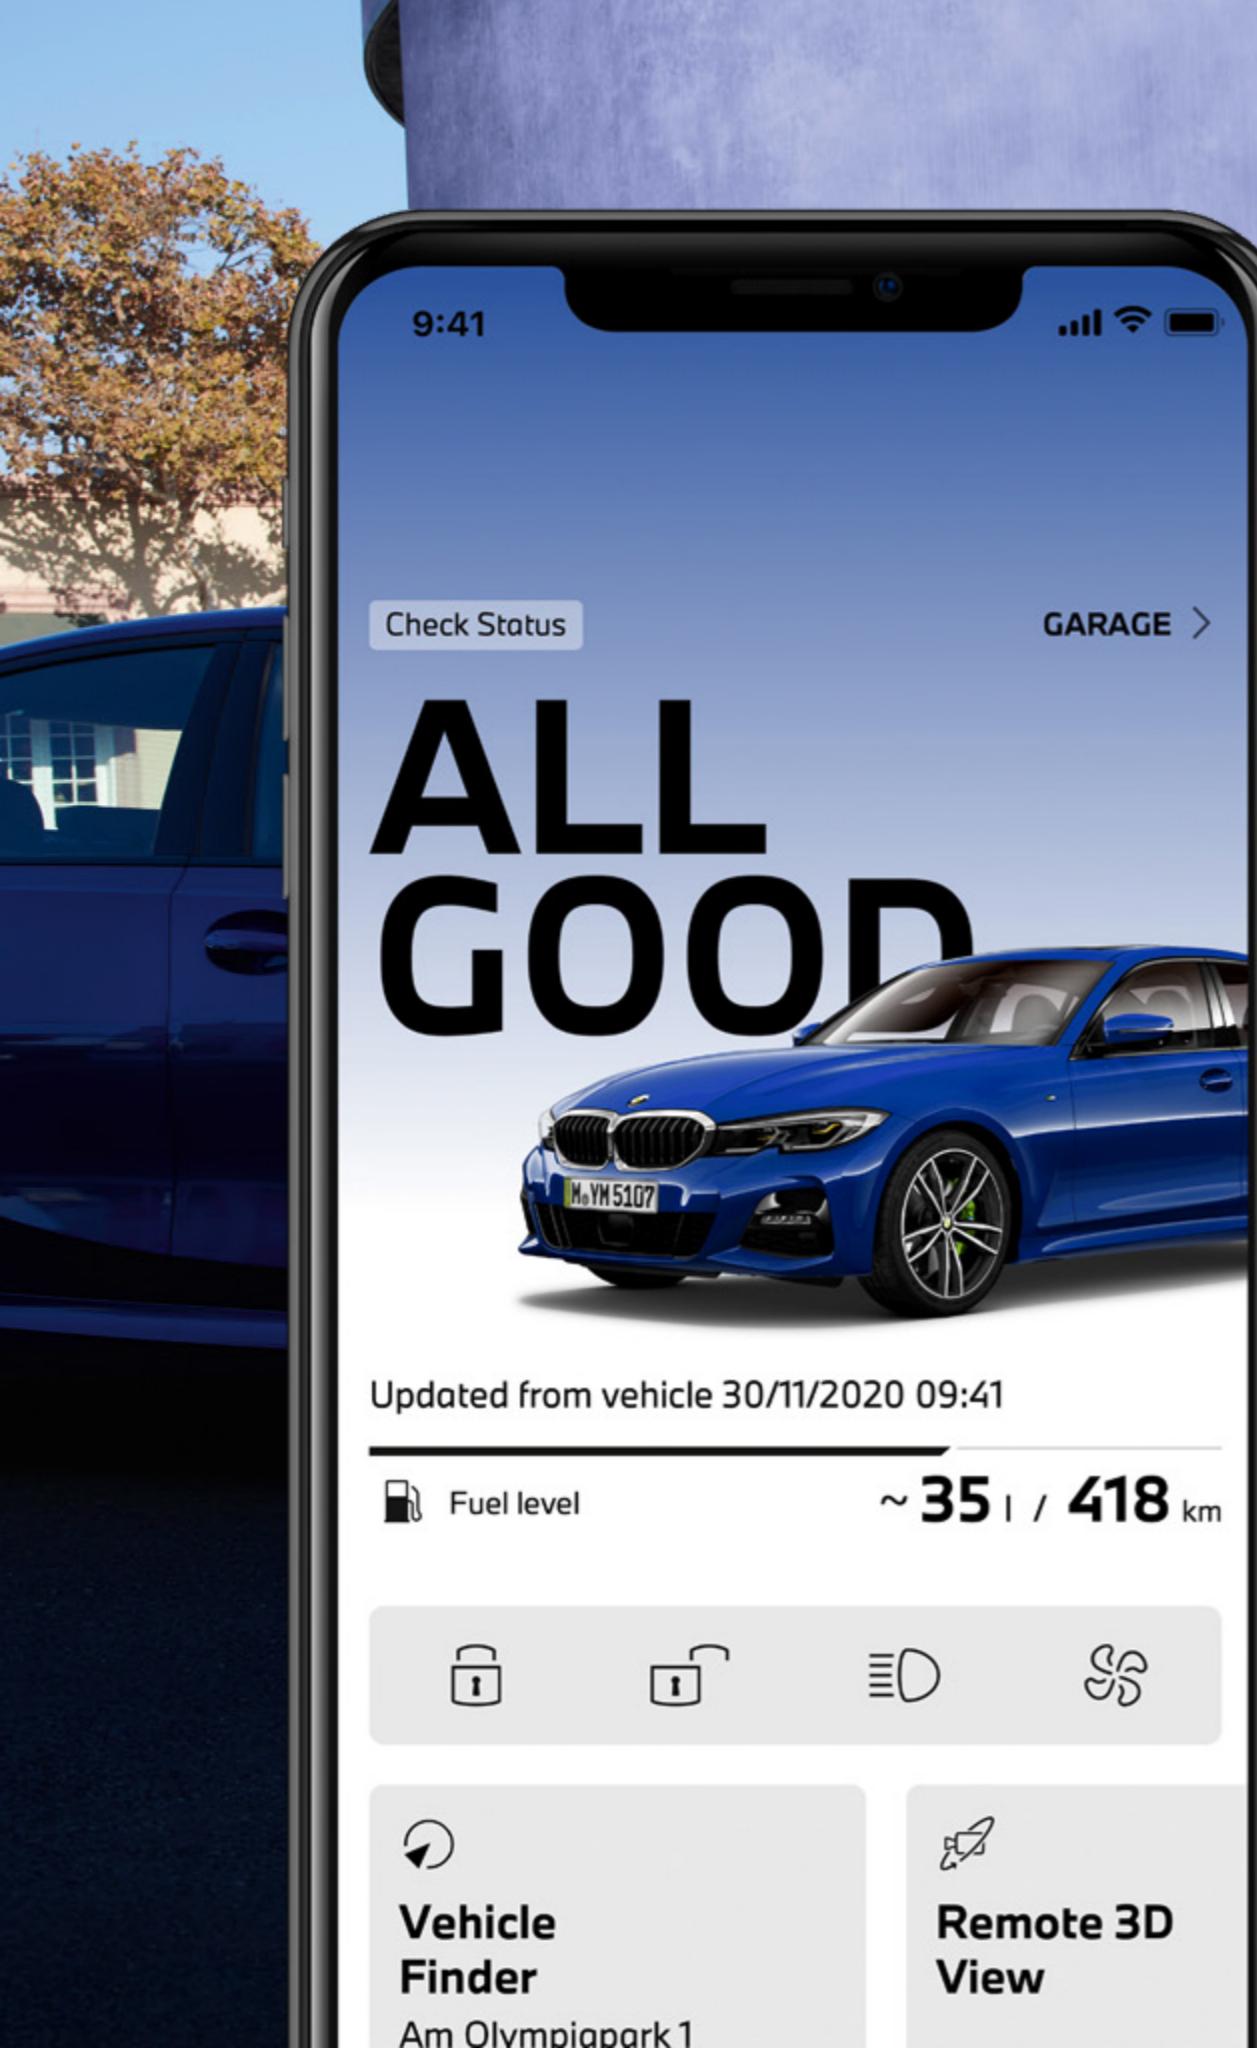

# BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

THE INTELLIGENT  
ALL-WHEEL DRIVE SYSTEM  
FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

# MY BMW APP

STAY IN THE DRIVER'S SEAT,  
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**  
Lock and unlock your BMW from wherever you are.
- **Location location location**  
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**  
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**  
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**  
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

# SUSTAINABILITY AT BMW

## ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

## MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

THE  
X4  
EQUIPMENT

# STANDARD EQUIPMENT

## X4 M40i

### POWERTRAIN AND TECHNOLOGY

- TwinPower Turbo inline 6-cylinder petrol engine with twin-scroll turbocharger
- Adaptive M Suspension
- M Sport differential
- 8-speed automatic transmission, Steptronic with gearshift paddles and Auto Hold function
- Auto Start/Stop function
- Brake Energy Regeneration
- Brake-pad wear indicator
- Driving Experience Control incl. ECO PRO with Adaptive Mode
- Electric power steering with Servotronic and Variable Sport Steering
- Hill Descent Control (HDC) with electromechanical parking brake
- Performance control, optimal torque is distributed to the individual wheels depending on the driving situation
- Start/Stop button
- xDrive, permanent all-wheel drive system with fully variable torque split

### SAFETY

- Active Protection
- Airbags for driver and front passenger, head and side airbags with seat occupancy detection for driver's and passenger side, knee airbag for driver
- Inner-vented front and rear disc brakes
- Central locking with electronic immobiliser
- Dynamic braking lights
- Dynamic Stability Control (DSC), Anti-lock Braking System (ABS) and Dynamic Traction Control (DTC)
- Runflat safety tyres incl. runflat indicator
- Warning triangle and first aid kit

### DRIVER ASSISTANCE

- BMW Head-Up Display
- Cruise Control with braking function
- Speed Limiter
- Driving Assistant incl. Approach Control Warning, Lane Departure Warning, Lane Change Warning and Speed Limit Info
- Parking Assistant Plus incl. Rear View Camera, Fully automated parking assistant with Active Park Distance Control (PDC), Surround View, Panorama View, 3D View

- Driving Assistant Professional, incl. Active Cruise Control with Stop&Go function, Cross traffic warning on the front & rear, Steering & Lane Control Assistant and Lane keeping assistant with Side Collision Warning, Crossroads warning and Evasion Aid

### LIGHT AND SIGHT

- Adaptive LED headlights with High-beam Assistant and BMW Selective Beam. Daytime driving lights with LED technology.
- Ambient light, 6 pre-defined selectable light designs in various colours with contour and mood lighting
- Electric fold-in side mirrors
- Interior rear-view mirror and heated exterior side mirrors with anti-dazzle function for drivers side and auto-dipping function on passenger side.
- Lights package, incl. lights in footwell, door exits, reading lights and vanity mirrors
- Rain sensor incl. automatic headlight activation
- Rear LED taillights

# STANDARD EQUIPMENT

## EXTERIOR DESIGN AND EQUIPMENT

- M high gloss Shadow Line window décor
- Exhaust pipe, dual system left and right with free form exhaust tip finisher
- 21" M light alloy wheels Double-spoke style 718 M with Runflat tyres
- Panorama glass sunroof
- Signature BMW ornamental kidney grille with M double rods and surround in high gloss Black
- M specific exterior mirrors finished in Black

## INTERIOR DESIGN, COMFORT AND EQUIPMENT

- Upholstery, leather 'Vernasca'
- Side bolster adjustment for driver's seat
- M headliner anthracite
- Automatic tailgate operation
- Automatic air conditioning, 3-zone with digital display front and rear, Microfilter and active carbon filter
- Comfort Access system, keyless access and contactless operation of tailgate
- Door sill finishers with 'M' designation, front
- Electric seat adjustment front with memory function for driver
- Floor mats in velour
- M interior trim finishers Aluminium Rhombical Dark with highlight trim finishers Pearl Chrome

- Galvanic embellishers for controls
- M Leather steering wheel with multifunction buttons
- Sport seats for driver and front passenger
- Storage compartment package incl. nets on the back of the front seats, floor rails with fastening points and tensioning straps in the luggage compartment and power socket in the rear centre console (12 volts)
- Through loading system with 40:20:40 backrest split
- Door sill finishers with 'M40i' designation, front
- Instrument panel in Sensatec
- Seat heating for driver and front passenger

## BMW CONNECTEDDRIVE

- Intelligent Emergency Call
- TeleServices
- Remote Software Updates
- Wireless smartphone integration for Apple CarPlay and Android Auto
- ConnectedDrive Services\* incl. BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather)
- BMW Intelligent Personal Assistant\*
- Connected Package Professional Incl. Remote Services\*, Real Time Traffic Information (RTTI)

## ENTERTAINMENT, COMMUNICATION AND INFORMATION

- harman/kardon Surround Sound system, 16 loudspeakers, 464W digital amplifier
- BMW Live Cockpit Professional with 12.3" instrument display and high-resolution (1920x720) 12.3" Control Display incl. navigation, split screen function and intelligent voice control, USB Map Updates\*
- USB connection
- DAB+ digital radio tuner
- Personal Profile, personalisation of important controls
- Stereo speaker system, 100W with 6 loudspeakers
- Wireless Charging for smartphones

\* 3 year subscription

# OPTIONAL EQUIPMENT

248	<b>Steering wheel heating</b>	<b>\$500</b>	<input type="radio"/>
	At the touch of a button, the steering wheel heating quickly warms up the steering wheel rim to a pleasant temperature.		
2VB	<b>Tyre pressure monitor</b>	<b>\$500</b>	<input type="radio"/>
	Electronic tyre pressure monitoring for each tyre. 3-stage tyre pressure warning with text and image in the instrument cluster.		
302	<b>Alarm system</b>	<b>\$1,200</b>	<input type="radio"/>
	For monitoring doors, engine-compartment lid and tailgate, including interior-movement sensor, tilt sensor and siren with emergency power supply.

# FURTHER INFORMATION ON CO<sub>2</sub> DATA

The values of fuel consumptions, CO2 emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO2 efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO2 values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicated in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit [www.nzta.govt.nz/vehicles/clean-car-programme](http://www.nzta.govt.nz/vehicles/clean-car-programme)
