Power	390kW / 750 Nm
Engine	8-cylinder
Transmission	8-speed sport automatic
CO2:	243 g / km
Consumption	10.6 l / 100km

Price incl. GST **\$301,200**

Clean Car Programme (Estimated Rebate / Fee)\* **\$5,060 (fee)**

\* To obtain NZ CO2 figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC. For more information on the New Zealand Clean Car Programme, please [click here](#).

# THE 8 SERIES CONVERTIBLE HIGHLIGHTS

## SPORTY WITH NO COMPROMISES.

Dynamic sports convertible with character: the design language of the BMW 8 Series Convertible with its fascinating aesthetic is a new interpretation of the luxurious sports car. The athletic front and elegant convertible silhouette, distinctively defines the BMW 8 Series Convertible. The breathtaking design, precise contours and powerful proportions produces thrills from the very first moment.

## POWERFUL AGILITY.

The efficient BMW TwinPower Turbo petrol engines of the BMW 8 Series Convertible and the perfectly coordinated drivetrain and chassis components are a guarantee of unforgettable driving experiences. After all, this sports car is fast, powerful and extremely agile, reacts with absolute authority in every driving situation and always has reserves. Whether in urban traffic, on the highway or steering around winding roads, the BMW 8 Series Convertible has an answer to everything – and one that guarantees ultimate driving experience.

## ELEGENCE REFINED.

High quality meets dynamics: exceptional point finishes for the exterior and luxurious materials in the interior impressively showcase the progressive design language of the BMW 8 Series Convertible - thus creating a sporty and elegant character.

## TAILORED TO THRILL

Impressive down to the last thread. While outstanding point finishes bring out the appearance of the BMW 8 Series Convertible, luxurious materials with stylish contrast stitchings and classy decorative elements enhance the sporty interior – imbuing it with a particularly high-quality look. Combining top performance with the highest quality and creating an extremely sporty and elegant ambience in the interior.

# THE BMW CONNECTED DRIVE

## DIGITAL KEY

Why put your key in the ignition if you have your Android smartphone with you? The Digital Key3, 4, 5 allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the My BMW App and shared with family and friends. The term is one year.

## CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space.

## CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

## DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

## THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

# BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

## THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

# MY BMW APP

STAY IN THE DRIVER'S SEAT,  
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**  
Lock and unlock your BMW from wherever you are.
- **Location location location**  
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**  
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**  
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**  
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

# SUSTAINABILITY AT BMW

**WE ASPIRE TO BE THE MOST SUCCESSFUL AND SUSTAINABLE  
PREMIUM PRODUCER FOR INDIVIDUAL MOBILITY.**

Sustainability is not just a trend for us. We take responsibility – here and today – and we will be taking sustainability to a whole new level.

- Since 2020, the BMW Group only uses renewable energy sources – worldwide!
- The BMW Group lowered the energy consumption per produced vehicle by 55% since 2006.
- 99% of the annual production waste is recycled and used.
- The BMW Group aims to reduce supply chain CO2 emissions per vehicle by 20% from 2019 levels by 2030.
- In South Africa the electricity from a biogas plant covers 31% of the needs of the BMW Group plant in Rosslyn.
- In 2019, several million customers in Europe used the BMW Group's car sharing offer.
- As part of the "Health Initiative", so far 28,500 employees have taken part in health checks.
- Our plant in Regensburg has tested HGVs running on liquefied natural gas as an ideal alternative to diesel, especially over long distances.
- Since the beginning, the BMW Group has been participating in the Responsible Cobalt Initiative (RCI) in order to increase transparency and governance, and implement collective measures to overcome social and environmental risks in the cobalt supply chain.

## MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

# THE EQUIPMENT

# STANDARD EQUIPMENT

## M850i xDRIVE CONVERTIBLE.

### ENGINE, POWERTRAIN AND TECHNOLOGY

- M Performance TwinPower Turbo 8-cylinder petrol engine
- xDrive, permanent all-wheel drive system with fully variable torque split
- 8-Speed Steptronic Sport automatic transmission with gearshift paddles
- Sport exhaust system
- Adaptive M Suspension Professional, includes Adaptive M Suspension with active anti roll stabilisation for optimum driving stability and driving dynamics
- Integral Active Steering
- M Sport differential, electronically controlled limited slip differential
- Driving Experience Control with Adaptive mode, SPORT, COMFORT, ECO and ADAPTIVE modes
- Auto Start/Stop function
- Brake pad wear indicator
- Electric power steering with Servotronic
- BMW Carbon Core, consisting of centre tunnel with carbon elements
- BMW Active Air Stream kidney grille

### SAFETY

- Active Protection
- Airbags, 6 in total: front, full-length sides and head protection
- Alarm System
- Central locking with electronic immobiliser
- Dynamic braking lights
- Dynamic Stability Control (DSC), Anti-lock Braking System (ABS), Braking Assistant, Cornering Brake Control (CBC), Dynamic Traction Control (DTC)
- Warning triangle and first aid kit
- M Sport Brakes
- Rollover Protection System

### DRIVER ASSISTANCE

- BMW Head-Up Display
- BMW Display Key (Replaces one standard remote key)
- Driving Assistant Professional
- Parking Assistant Plus, incl. Parking Assistant with Active Park Distance Control rear, Reversing Assistant, Surround View, Panorama View, 3D View
- Speed limiter
- Speed Limit Info
- Tyre Pressure Indicator, including tyre temperature display
- Tyre Repair kit

### LIGHT AND SIGHT

- BMW Laser headlights including BMW Selective Beam
- High-Beam Assistant
- Ambient interior lighting with a selection of pre-defined – selectable light designs
- Exterior handle area lighting and door entry/exit lights
- Exterior mirrors with automatic anti-dazzle function electrically adjustable and heated, with electric fold-in function
- Rain sensor
- Follow-me-home function, if the headlight flasher is activated after the ignition is shut off, the low-beam headlights continue to shine for a set time

### EXTERIOR DESIGN AND EQUIPMENT

- 20" M light alloy wheels double-spoke style 895 M Bicolour with performance tyres
- BMW Individual High-gloss Shadow Line, window frame and air breather surround in black
- M Aerodynamics package, aerodynamic front and rear bumper trims, side sills
- Metallic paintwork
- Soft-top roof, anthracite silver effect

# STANDARD EQUIPMENT

## INTERIOR DESIGN, COMFORT AND EQUIPMENT

- 3 x USB Type C ports, 1 x USB Type A and 1 x 12V power socket
- Active seat ventilation, driver and front passenger
- Automatic climate control
- Automatic tailgate operation
- BMW CraftedClarity glass application, handmade glass elements in diamond cut: gear selector with illuminated '8', start/stop button, iDrive controller, volume control switch
- Comfort Access system, keyless entry to all doors
- Electric seat adjustment for driver and front passenger, incl. headrest adjustment and memory function for driver and front passenger
- Floor mats
- Heated armrests on front doors and front centre console
- Instrument panel and door upper trim in 'Walknappa' leather
- Interior trim finishers stainless steel fabric
- Lumbar support for driver
- M leather steering wheel with multifunction buttons, heated
- Multifunctional seats for driver and front passenger
- Seat heating, driver and front passenger
- Soft-close function for doors
- Through-loading system with 40:20:40 split
- Upholstery, BMW Individual Extended leather 'Merino'
- Air-Collar, for driver and front passenger

## BMW CONNECTEDDRIVE

- Intelligent Emergency Call
- Teleservices
- ConnectedDrive Services\* incl. BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather)
- Connected Package Professional incl. Remote Services\*, Real Time Traffic Information (RTTI)\* and Apple CarPlay
- Connectivity via in-built SIM card, 4G LTE network compatible

\* 3 year subscription

## ENTERTAINMENT, COMMUNICATION AND INFORMATION

- BMW Live cockpit Professional\* with 12.3" instrument display and high-resolution (1920x1080) 12.3" Control Display incl. split screen function and natural voice control
- DAB+ digital radio tuner
- Personal Profile, personalisation of important controls

# THE PACKAGES

# M CARBON EXTERIOR PACKAGE

**Content:**

- M Carbon Air Curtain intake, front left and right
- M Carbon mirror caps
- Rear diffuser insert
- Single-piece carbon finisher around the tailpipe Finishers

**\$7,000**

# FURTHER INFORMATION ON CO<sub>2</sub> DATA

The values of fuel consumptions, CO<sub>2</sub> emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO<sub>2</sub> efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO<sub>2</sub> values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicted in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO<sub>2</sub> figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit [www.nzta.govt.nz/vehicles/clean-car-programme](http://www.nzta.govt.nz/vehicles/clean-car-programme)
