STANDARD EQUIPMENT HIGHLIGHTS.

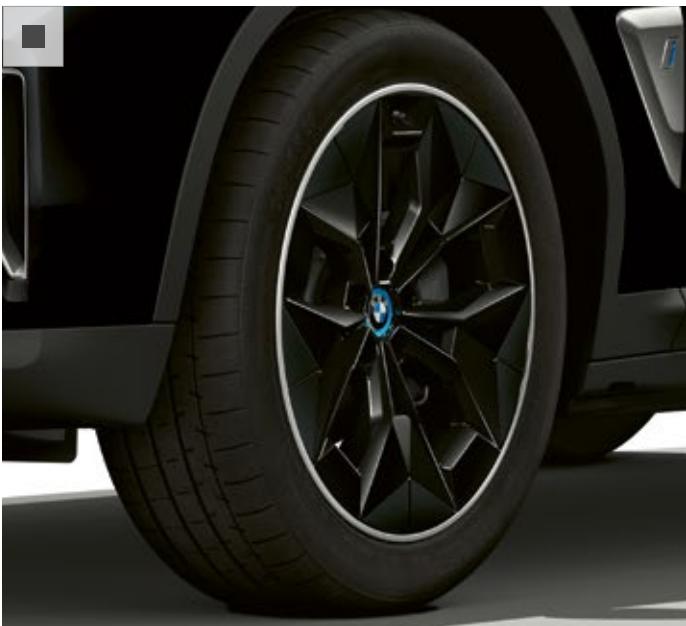

PANORAMIC GLASS SUNROOF.

Providing the most mesmerising views, the two-part electric Panoramic glass sunroof allows a great deal of light into the interior, lending it a particularly spacious and open ambience. It is electrically operated and features sun protection glass and a floating headlining. It can also be conveniently opened and closed with the vehicle key.

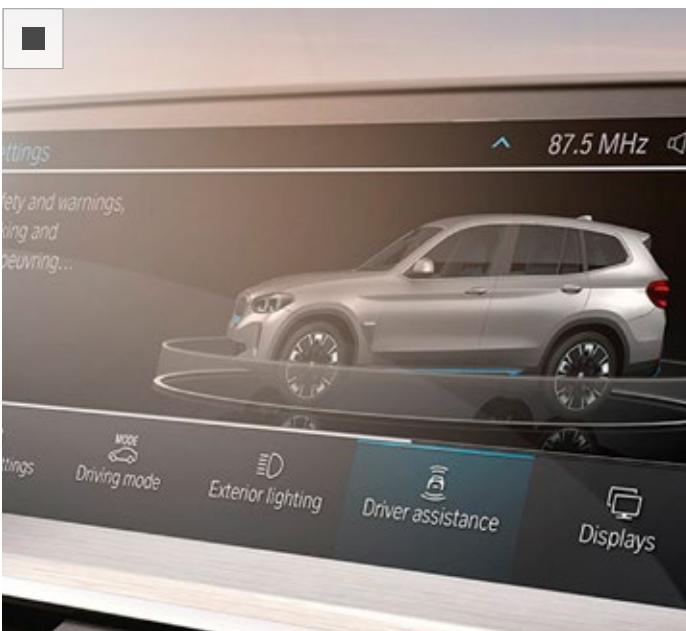

AERODYNAMIC WHEELS.

Expanding the capabilities of design and efficiency, the new aerodynamic alloy wheel design is standard for iX3 Premier Edition and Premier Edition Pro. As well as delivering enhanced performance, the 20" wheels also extend the range by up to 6 miles, this is thanks to a 15% weight reduction against conventional alloys.

DRIVING ASSISTANT PROFESSIONAL.

Driving Assistant Professional offers optimum comfort and safety during monotonous or complex driving situations. It includes numerous functions to make your journey even safer and more enjoyable. Features include Active Cruise Control with approach control, Steering and Lane Control Assistant, Automatic Speed Limit Assistant (SLA), Lane Keeping Assistant with active side collision protection and Active Lane Guidance.

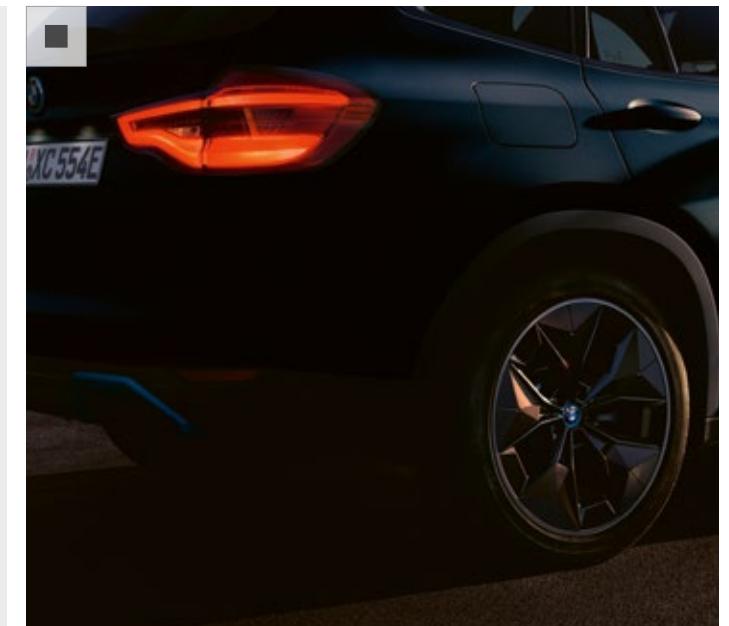

BMW LIVE COCKPIT PROFESSIONAL.

Enjoy the latest BMW multimedia and Navigation system. BMW Live Cockpit Professional features variable, configurable widgets that display information in real time. Functioning on the BMW Operating System 7.0, the high-resolution 10.25" Control Display, as well as the fully digital 12.3" Cockpit display, include intuitive operating options that help you to stay more connected than ever before.

ADAPTIVE SUSPENSION.

Improve driving dynamics, agility and comfort. The Adaptive suspension is a variable, electronically controlled shock absorber adjustment system. It features sensors in the vehicle that permanently measure body and wheel acceleration and lateral/longitudinal acceleration. The driving speed and the position of the steering wheel calculate the control commands for the electromagnetic valves in the shock absorbers for each individual wheel.

PARKING ASSISTANT PLUS.

Parking Assistant makes parking easier with Park Distance Control (PDC), Parking assistant, Reversing Assistant, Lateral Parking Aid and the Rear view camera. Parking assistant makes parking in parallel and lateral parking spaces easier as well as leaving a parking space parallel to the road.

■ Standard equipment □ Optional equipment

BMW CONNECTED DRIVE.

BMW ConnectedDrive enables you to remain connected to the outside world from the comfort of your BMW.

■ BMW LIVE COCKPIT PROFESSIONAL

■ **BMW Apps** makes it possible to operate apps such as BMW Connected.

■ **BMW Emergency Call** automatically creates a direct link to the local emergency services.

■ **BMW Intelligent Personal Assistant** understands natural speech. It interacts with your BMW and has the ability to learn driver preferences.

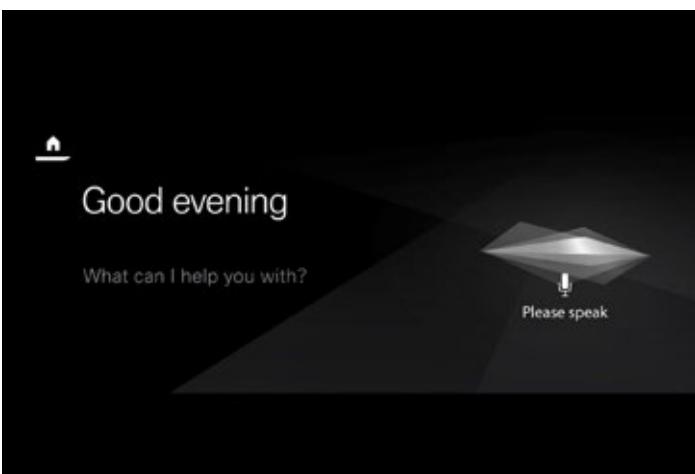

■ **BMW Online Services** provides a seamless integration of personalised BMW Connected mobility-related services.

■ **BMW Teleservices** supports the processing of servicing appointments and sends vehicle-specific service data to BMW.

■ **Intelligent Functionalities** creates customised rules and learns the driver's habits to enable greater comfort on every journey.

■ **Last State Call** transfers vehicle-based data to the BMW Connected App, allowing you to view current mileage, fuel status and other features from your phone.

■ **Map updates** automatically updates the maps in your BMW by downloading them over the air.

■ CONNECTED PACKAGE PROFESSIONAL.

■ **BMW Maps** makes route planning easier, anticipates road conditions and provides an estimated time of arrival.

■ **Concierge Services** connects the driver to a BMW Call Centre agent around-the-clock.

■ **Connected Charging** enables the search and display of charging points, as well as the display of range and charging features.

■ **Connected Music** offers unlimited streaming of millions of songs in the vehicle from Spotify.

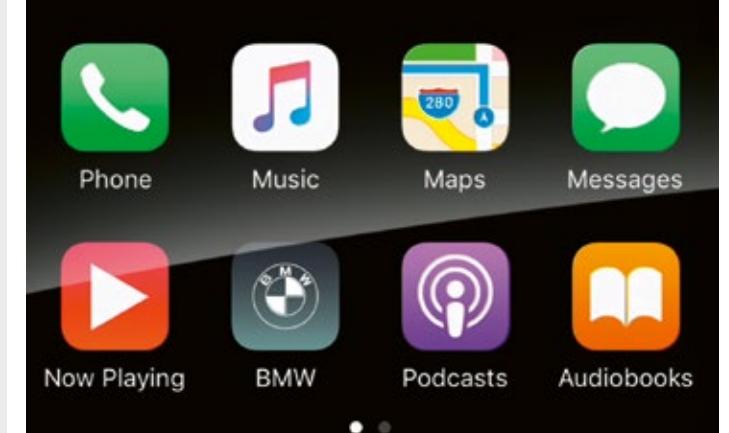

■ **Connected Parking** offers multi-story and on-street parking information in selected cities in the UK and Europe.

■ **In-Car Experiences** takes care of you and adapts the interior ambience to suit your mood.

■ **Real Time Traffic Information** supplies details about the location and duration of traffic delays.

■ **Remote Services** allows you to remain connected to your vehicle from your phone.

■ With **Smartphone Integration**, your vehicle supports Apple CarPlay® and Android Auto®. This way you can access your usual apps in the vehicle.

■ CONNECTED TEASER.

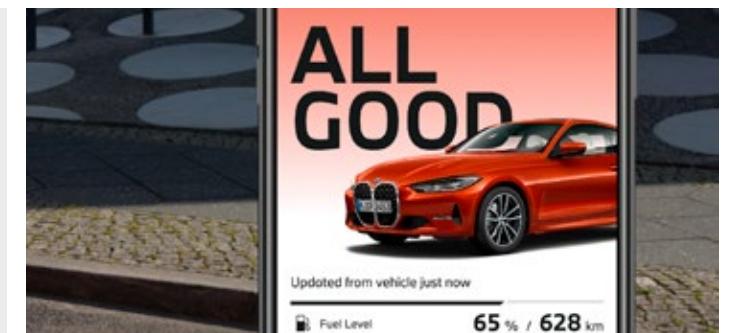

Three month trial of the following service:

■ **BMW Music** brings your favourite soundtrack to your BMW.

MY BMW APP.

The My BMW App is the direct connection inside and outside your BMW. Plan your next trip, check the status of your vehicle or use one of the remote service functions – all conveniently from your smartphone.

ELECTRIC DRIVING & CHARGING.

Soon after purchasing an electric car, you'll find that charging becomes more of an intuitive routine than a specific operation. Thanks to the portfolio of Products and Services available from BMW, which provide easy and convenient charging solutions, you can always rely on your new BMW iX3.

Using the cables provided, you can charge the high voltage battery via a conventional¹ 3-pin plug socket, or at any one of the extensive UK network of public charging stations. However, for regular fast charging BMW recommends that a dedicated private charging station (Wallbox) be installed. This ensures a faster and more convenient home charging experience.

Our official installation partner, bp pulse, guarantee a reliable solution from a single source, including consultation, delivery, installation and start-up. Please speak to your BMW Centre for more information.

eDRIVE TECHNOLOGY.

Encompassing a range of innovative elements, the fifth-generation BMW eDrive technology includes a drive unit with electric engine, power electronics and automatic transmission integrated together in a central housing unit. The new approach focuses on using recyclable and reusable materials for production, thus reducing global emissions.

SPECIFICATION & APPROXIMATE CHARGING TIME.

AC Charging – BMW Wallbox / Public	AC Charging – Public	DC Rapid Charging – Public	DC High-Power Charging – Public
AC Type 2 / Mode 3 / up to 7.4kW / 32Amps	AC Type 2 / Mode 3 / up to 11kW / 3 x 16Amps	DC Combo 2 / Mode 4 / up to 50kW	DC Combo 2 / Mode 4 / up to 150kW
<11.5 hours for 0-100% State of Charge	<7.5 hours for 0-100% State of Charge	<1.3 hours for 0-80% State of Charge	<34 minutes for 0-80% State of Charge

PUBLIC CHARGING.

ChargeNow is a service from BMW which, in partnership with bp pulse, enables customers in the UK to access the largest network of public charging points nationwide with a single card – the BMW ChargeNow charging card. Charging points are displayed directly in the navigation system, making it especially quick and easy to find and use public charging points. For a monthly fee of £7.85 and pay-as-you-charge access, payment is simple and cashless. You will receive a detailed itemised statement once a month and can access your account information online. Please speak to your BMW Centre for more information.

The design of the charging cable may vary from images shown.

CONNECTED CHARGING.

Thanks to the digital services available as part of Connected Charging, you can ensure that you get the best out of the electric range of the new BMW iX3. As soon as you start planning your trip, the system points you to the nearest public charging stations on your route and informs you in advance of their availability and the charging currents offered. To get the most out of the charging time, you will also be shown nearby points of interest, such as a café or restaurant.

CHARGING CABLE.

An essential for any journey, the Mode 3 charging cable allows you to conveniently charge the vehicle battery at public charging stations. It can be used for charging with up to 22kW charging capacity and is 5 metres in length. most out of the charging time, you will also be shown nearby points of interest, such as a café or restaurant.

PRICES AND SPECIFICATIONS

BMW (UK) Limited reserves the right to alter prices and specifications without notice. BMW (UK) Limited has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions.

To find out more about the benefits of owning an ultra low emission vehicle, including the Government's grants for vehicles and chargepoints, visit www.GoUltraLow.com

VED RATES

Annual VED (second year onwards), for cars costing over £40,000, is payable for five years. VED rates for brand cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The new BMW iX3 falls into the category below:

CO ₂ emissions – combined (g/km)	0
First year VED	£0
Annual VED – second year onwards (standard rate for electric vehicles)	£0
Annual VED – second year onwards (electric vehicles over £40,000)	£325

ON THE ROAD PRICE

The recommended on the road price includes:

Delivery and BMW Emergency Service	£825
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

These figures were obtained after the battery had been fully charged. The new BMW iX3 is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO₂ and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. Insurance group figures refer to 50 Group Rating System.

BMW PAY MONTHLY SERVICING & TRACKSTAR.

SERVICING MADE SIMPLE.

Planning for the road ahead has never been easier. With the BMW Pay Monthly Service Plan¹ you can remove the uncertainty often associated with car servicing costs by spreading them monthly, much like you would your household bills. Our Pay Monthly service plan covers two services and any unused credit can be transferred to another BMW if you decide to switch unexpectedly. As part of the Pay Monthly plan you will also receive a number of added extras including:

- Fluid top ups
- An MOT
- A Wash & Vac each time you visit
- Seasonal health checks
- Sat Nav Map updates

Get the quality service and parts you expect from BMW with a fixed monthly payment. Give your BMW the care and attention it deserves from the experts that made it.

Price: TBC

Please contact your preferred BMW Centre for further information.

BMW TRACKSTAR.

Locate and recover your vehicle if it is stolen with BMW Trackstar or BMW Trackstar Advance. Benefits include:

- 24/7 Trackstar Monitoring Centre
- Thatcham accredited
- Integrated motion sensor
- Pan-European protection

BMW Trackstar S7 price from: TBC

BMW Trackstar S5 price from TBC

BMW Trackstar S5 Advance price from: TBC

¹ = Participating BMW Centres only. Two services must be claimed within four years or 40,000 miles, whichever occurs soonest.

² = Price excludes subscription. Please consult your preferred BMW Centre for further details.

Content correct at time of publishing. Prices subject to change.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive keeps driver and vehicle connected with the outside world. Digital services, driver-focused technologies and driver assistance systems provide more comfort, more entertainment and more safety. Increase your driving pleasure – with BMW ConnectedDrive.

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see: www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Friday 8am – 7pm and Saturday to Sunday 9am – 5pm.

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as "BMW") provides the customer with certain vehicle-related information and assistance functions (hereinafter called "Services") under the name of "BMW ConnectedDrive". BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via "My BMW ConnectedDrive".

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle's built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).

READY TO TAKE THE NEXT STEP?
