VISIBILITY PACKAGE.

- ☐ Laserlights including BMW Selective Beam

STANDARD & OPTIONAL EQUIPMENT HIGHLIGHTS.

☐ The BMW Iconic Glow Kidney grille visually highlights the front of the vehicle, especially in the dark. LED fibre technology illuminates the radiator grille, which is so characteristic of BMW. The feature can also be used whilst driving. Also available in combination with the M Sport Plus package as a package alternative.

In laser high-beam mode, the Laserlights, featured in a unique X design, illuminates a range of up to 500m, nearly twice as far as that of conventional headlights. Better visibility in the dark significantly increases safety. The Blue X signature and the “BMW Laserlight” lettering underline the vehicle’s technological standards. Only available as part of Visibility package.

☐ The Bowers & Wilkins Diamond Surround Sound System features a 1,475 watt output and outstanding studio-quality sound for all seats in the vehicle. Only with Technology Package.

The temperature-controlled cupholders in the centre console can individually cool or keep stored beverages warm. The temperature control is activated via buttons on the left and right. The ambient lighting also indicates the function (blue for cooling or red for heating). Only available with Comfort or Comfort Plus Packages.

☐ The M Carbon mirror caps emphasise the powerful, sporty design of the vehicle. Only available for M Sport, M50i and M50d models.

☐ BMW Individual High-gloss Shadowline with extended contents includes the BMW Kidney grille as well as the tailpipe trims in High-gloss Black.

☐ The M Carbon rear spoiler emphasises the vehicle’s powerful, sporty design and reduces aerodynamic uplift. Optional for M Sport, M50i and M50d models.

The Comfort seats for the driver and front passenger can be adjusted electrically in a variety of ways and provide a perfect seating position for a relaxed arrival. Only available as part of Comfort or Comfort Plus Packages.

☐ The Welcome Light Carpet function projects an ambient light design in front of the vehicle doors and creates a surrounding welcome ambience right at the entrance. The light carpet also makes getting out in the dark even more comfortable.

☐ The CraftedClarity glass application comprises handmade glass elements that visually enhance the interior. The details of the gear selector, Volume control, iDrive Controller and Start/Stop button are made of polished glass elements.

☐ The BMW Drive Recorder allows you to record a video of the vehicle’s surroundings and play back on the Central Information display, or even on the CE device via USB export. Important vehicle information such as speed and GPS position are saved in sync with the video. Exclusively available as part of the Technology Package.

The Sky Lounge Panoramic glass sunroof creates a generous sense of space during the day, while at night it lends an atmospheric mood with a light design consisting of more than 15,000 light elements. The light design can be switched between six predefined Ambient light colours.

The BMW Connected App. Your personal mobility assistant.

The BMW Connected App learns your mobility routines, reads your calendar and knows when you need to leave, providing you with a personal experience that is integrated into your everyday life. The App allows you to fully unleash the capabilities of BMW's innovative technologies intuitively through your smartphone.

■ BMW LIVE COCKPIT PROFESSIONAL.

VED RATES

Annual VED (second year onwards) for cars costing over £40,000 is payable for five years. VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The new BMW X6 models fall into one of the categories listed below:

CO ₂ emissions (g/km)	1-50	51-75	76-90	91-100	101-110	111-130	131-150	151-170	171-190	191-225	226-255	Over 255
First year VED (petrol and RDE2 diesel)	£10	£25	£110	£135	£155	£175	£215	£540	£870	£1,305	£1,850	£2,175

Insurance group figures refer to 50 Group Rating System.
* = Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive keeps driver and vehicle connected with the outside world. Digital services, driver-focused technologies and driver assistance systems provide more comfort, more entertainment and more safety. Increase your driving pleasure – with BMW ConnectedDrive.

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see: www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Friday 8am – 7pm and Saturday to Sunday 9am – 5pm.

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as “BMW”) provides the customer with certain vehicle-related information and assistance functions (hereinafter called “Services”) under the name of “BMW ConnectedDrive”. BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice The Services are provided by means of a SIM card installed in the vehicle.

BMW CONNECTED DRIVE SERVICES DURATION

BMW Music	3 month trial

BMW Emergency Call	Active without runtime limitations
BMW TeleServices	Active without runtime limitations

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via “My BMW ConnectedDrive”.

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle’s built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
