INSPIRATION

FOR THOSE WHO DRIVE THE WORLD

EXTERIOR DESIGN

ELEGANT SILHOUETTE

On the side, the vertical Air breather emphasises the presence of the BMW 7 Series. From here, a Chrome trim down the side, beginning vertically and extending beyond the rear wheel arch. It also underlines the elongated, elegant side view of the BMW 7 Series.

A NEW HORIZON

A thin light strip positioned below the Chrome band stretches across the entire width seamlessly connecting the tail lights. This gives the vehicle a highly distinctive and modern appearance.

SLIM DESIGN, MAXIMUM EFFECT: THE HEADLIGHTS

The precisely designed front headlights extend into a clearly flattened curve towards the Kidney grille. Decorative lines on the sides of the standard BMW Icon Adaptive Headlights emphasise their depth and high quality.

WIDE STANCE, EXCEPTIONAL PRESENCE

The rear of the BMW 7 Series is extremely wide and self-confident on the road. A Chrome trim around the tailpipes with horizontal connection creates a particularly elegant appearance, while the sharp contouring of the sides emphasises the sportiness of the vehicle.

INTERIOR DESIGN

EXECUTIVE LOUNGE SEATING

The Executive Lounge Seating, available as optional equipment, provides the passenger seated behind the front passenger with a high degree of comfort thanks to maximised leg room. The seat and backrest angle can be adjusted to create a comfortable relaxation position. An electrically extending footrest on the front passenger backrest increases comfort even further. For even more space in the rear of the vehicle, the front passenger seat can be moved up to 90mm forward and the headrest tilted forward to allow an unobstructed view to the front. Only available on long wheelbase models with the Rear Seat Comfort Plus package. For the M760Li xDrive model, this feature is only available in combination with Massage function, rear.

SKY LOUNGE PANORAMIC GLASS SUNROOF

The Sky Lounge Panoramic glass sunroof, available as optional equipment for long wheelbase models, has integrated LED light graphics that provide a colourful, atmospheric and luxurious light setting. Six pre-defined colours can be selected, as per the ambient light colour setting selected in the iDrive menu, to create an atmospheric mood at night. The graphic surfaces are barely visible in daylight. Standard for M760Li xDrive.

ELECTRIC SUNBLINDS FOR REAR WINDSCREEN AND REAR SIDE WINDOWS

The optional Electric sunblinds for the rear windscreens and rear side windows provide protection from direct sunlight and help to keep the interior from heating up too quickly. An ambient highlight in White is also included in the rear doors. Light intensity can be controlled via a capacitive touch sensor or via the light setting in the optional BMW Touch Command, this function is exclusively available for long wheelbase models. Only available with the electric sunblind for the rear windscreens. Standard for M760Li xDrive.

DRIVER ASSISTANCE HIGHLIGHTS

PARKING ASSISTANT PLUS

Parking Assistant Plus, available as standard, makes parking the vehicle easier. The Rear View camera provides a clearer view behind the vehicle. Active Park Distance Control offers increased protection against damage caused by parking. Parking Assistant parks the vehicle automatically, parallel or perpendicular to the street, and leaves parallel parking spaces. The Reversing Assistant supports you when reversing, e.g. in narrow lanes.

DRIVING ASSISTANT PROFESSIONAL

Optional Driving Assistant Professional offers optimum comfort and maximum safety during critical or monotonous traffic situations. It includes a Steering and Lane Control Assistant, Automatic Speed Limit Assist, Lane Keeping Assistant with active side collision protection, Crossing Traffic Warning (front), Evasion Aid, Crossroads Warning with city braking function, Wrong-way Warning and Lane Change Assistant. Only available with the Technology package. Standard for M760Li xDrive.

SPEED LIMIT ASSIST

The Automatic Speed Limit Assist adapts the Active Cruise control dynamically to upcoming speed limits. These are determined along the probable route by the navigation system and checked by the camera. The information provided is continuously updated by the entire fleet. Available as part of optional Driving Assistant Professional.

CONNECTIVITY AND INFOTAINMENT HIGHLIGHTS

BMW LIVE COCKPIT PROFESSIONAL

The BMW Live Cockpit Professional includes a high-quality display cluster consisting of a 12.3" Control Display and a fully digital 12.3" instrument display.

BMW INTELLIGENT PERSONAL ASSISTANT

Communicate with your vehicle using the BMW Intelligent Personal Assistant. It knows you, gets better every day and helps out whatever the situation. You can assign your own personal activation word. It can explain everything about your car and helps you to get to know your BMW even better. Active and available for three years. Renewable thereafter.

CONNECTED NAVIGATION

Connected Navigation offers customers an unrivalled navigation experience on their off-board touchpoints as well as a unique in-car experience. Get proactive suggestions based on your behaviour and share locations from other apps including Google and Apple maps. Part of the Connected Package Professional. Available on a three-year subscription. Renewable thereafter.

REMOTE SOFTWARE UPGRADE

With BMW Connected you can easily download available vehicle software via your smartphone. Upgrades are installed over-the-air, just as they are for your smartphone. In this way, other functions in your vehicle can also be initiated. Active and available for three years. Renewable thereafter.

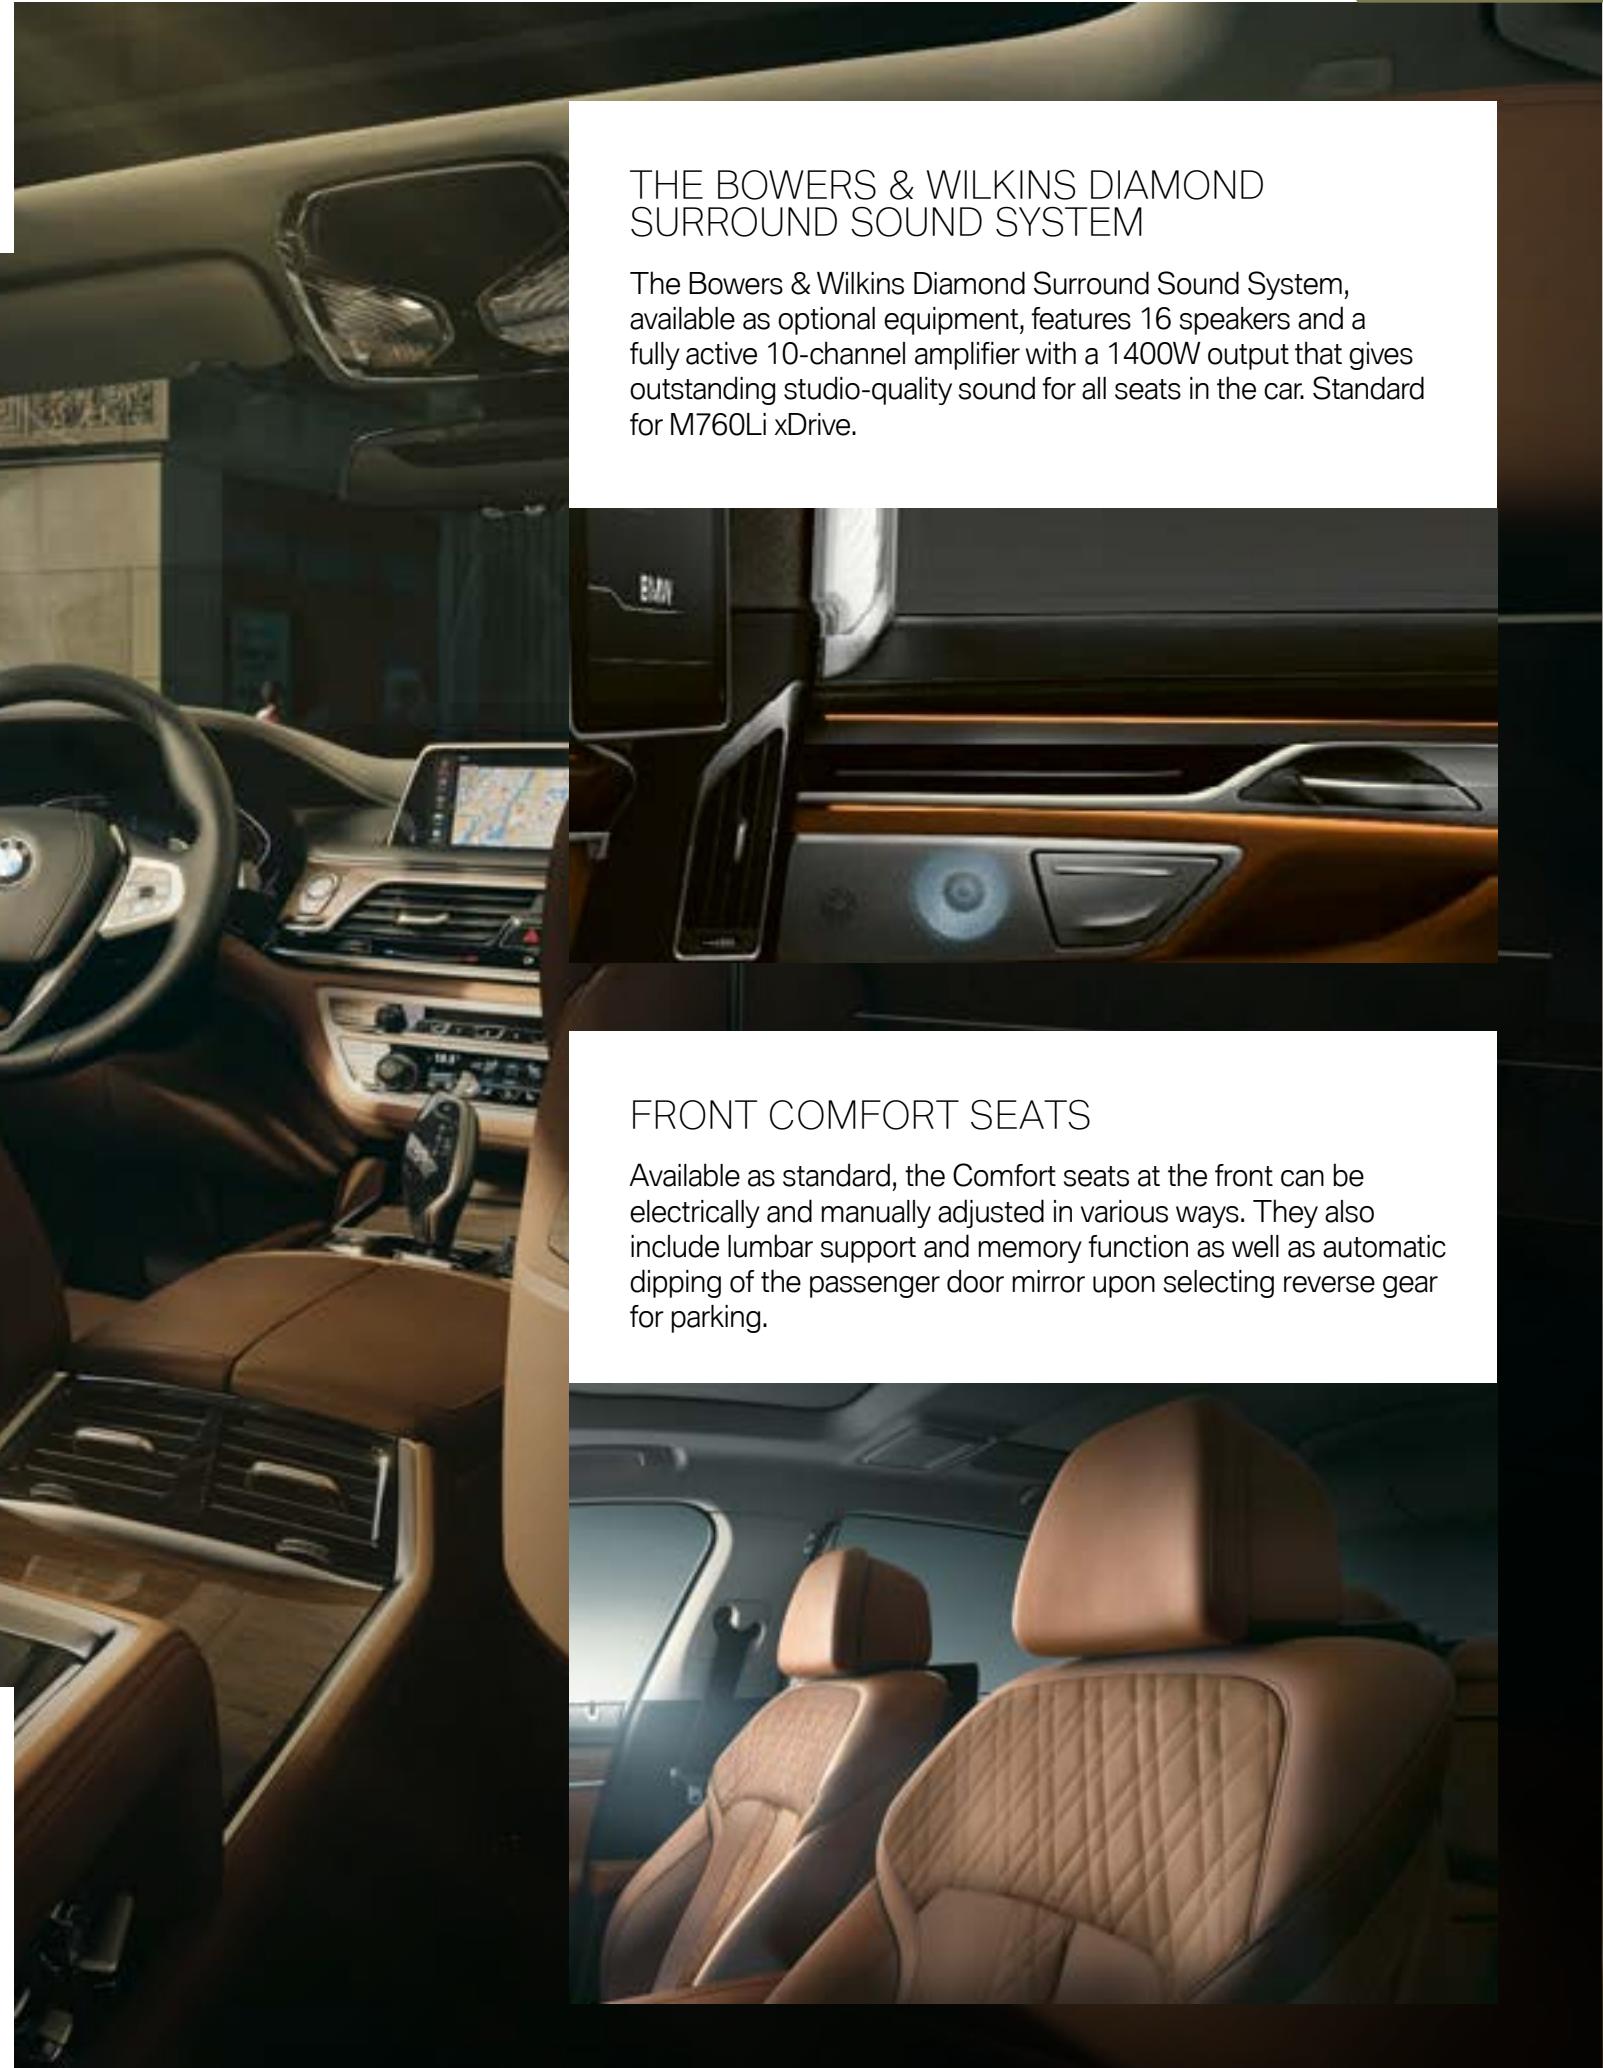

COMFORT AND FUNCTIONALITY

REAR-SEAT ENTERTAINMENT EXPERIENCE WITH BMW TOUCH COMMAND

The optional Rear-seat entertainment Experience with BMW Touch Command has two tiltable 10" screens in the rear with Blu-ray drive. It includes separate connection options (HDMI, MHL and USB) to provide the best in entertainment for the rear seats. The system is operated via a touch function on the screen and a 7" tablet (BMW Touch Command). Standard for M760Li xDrive.

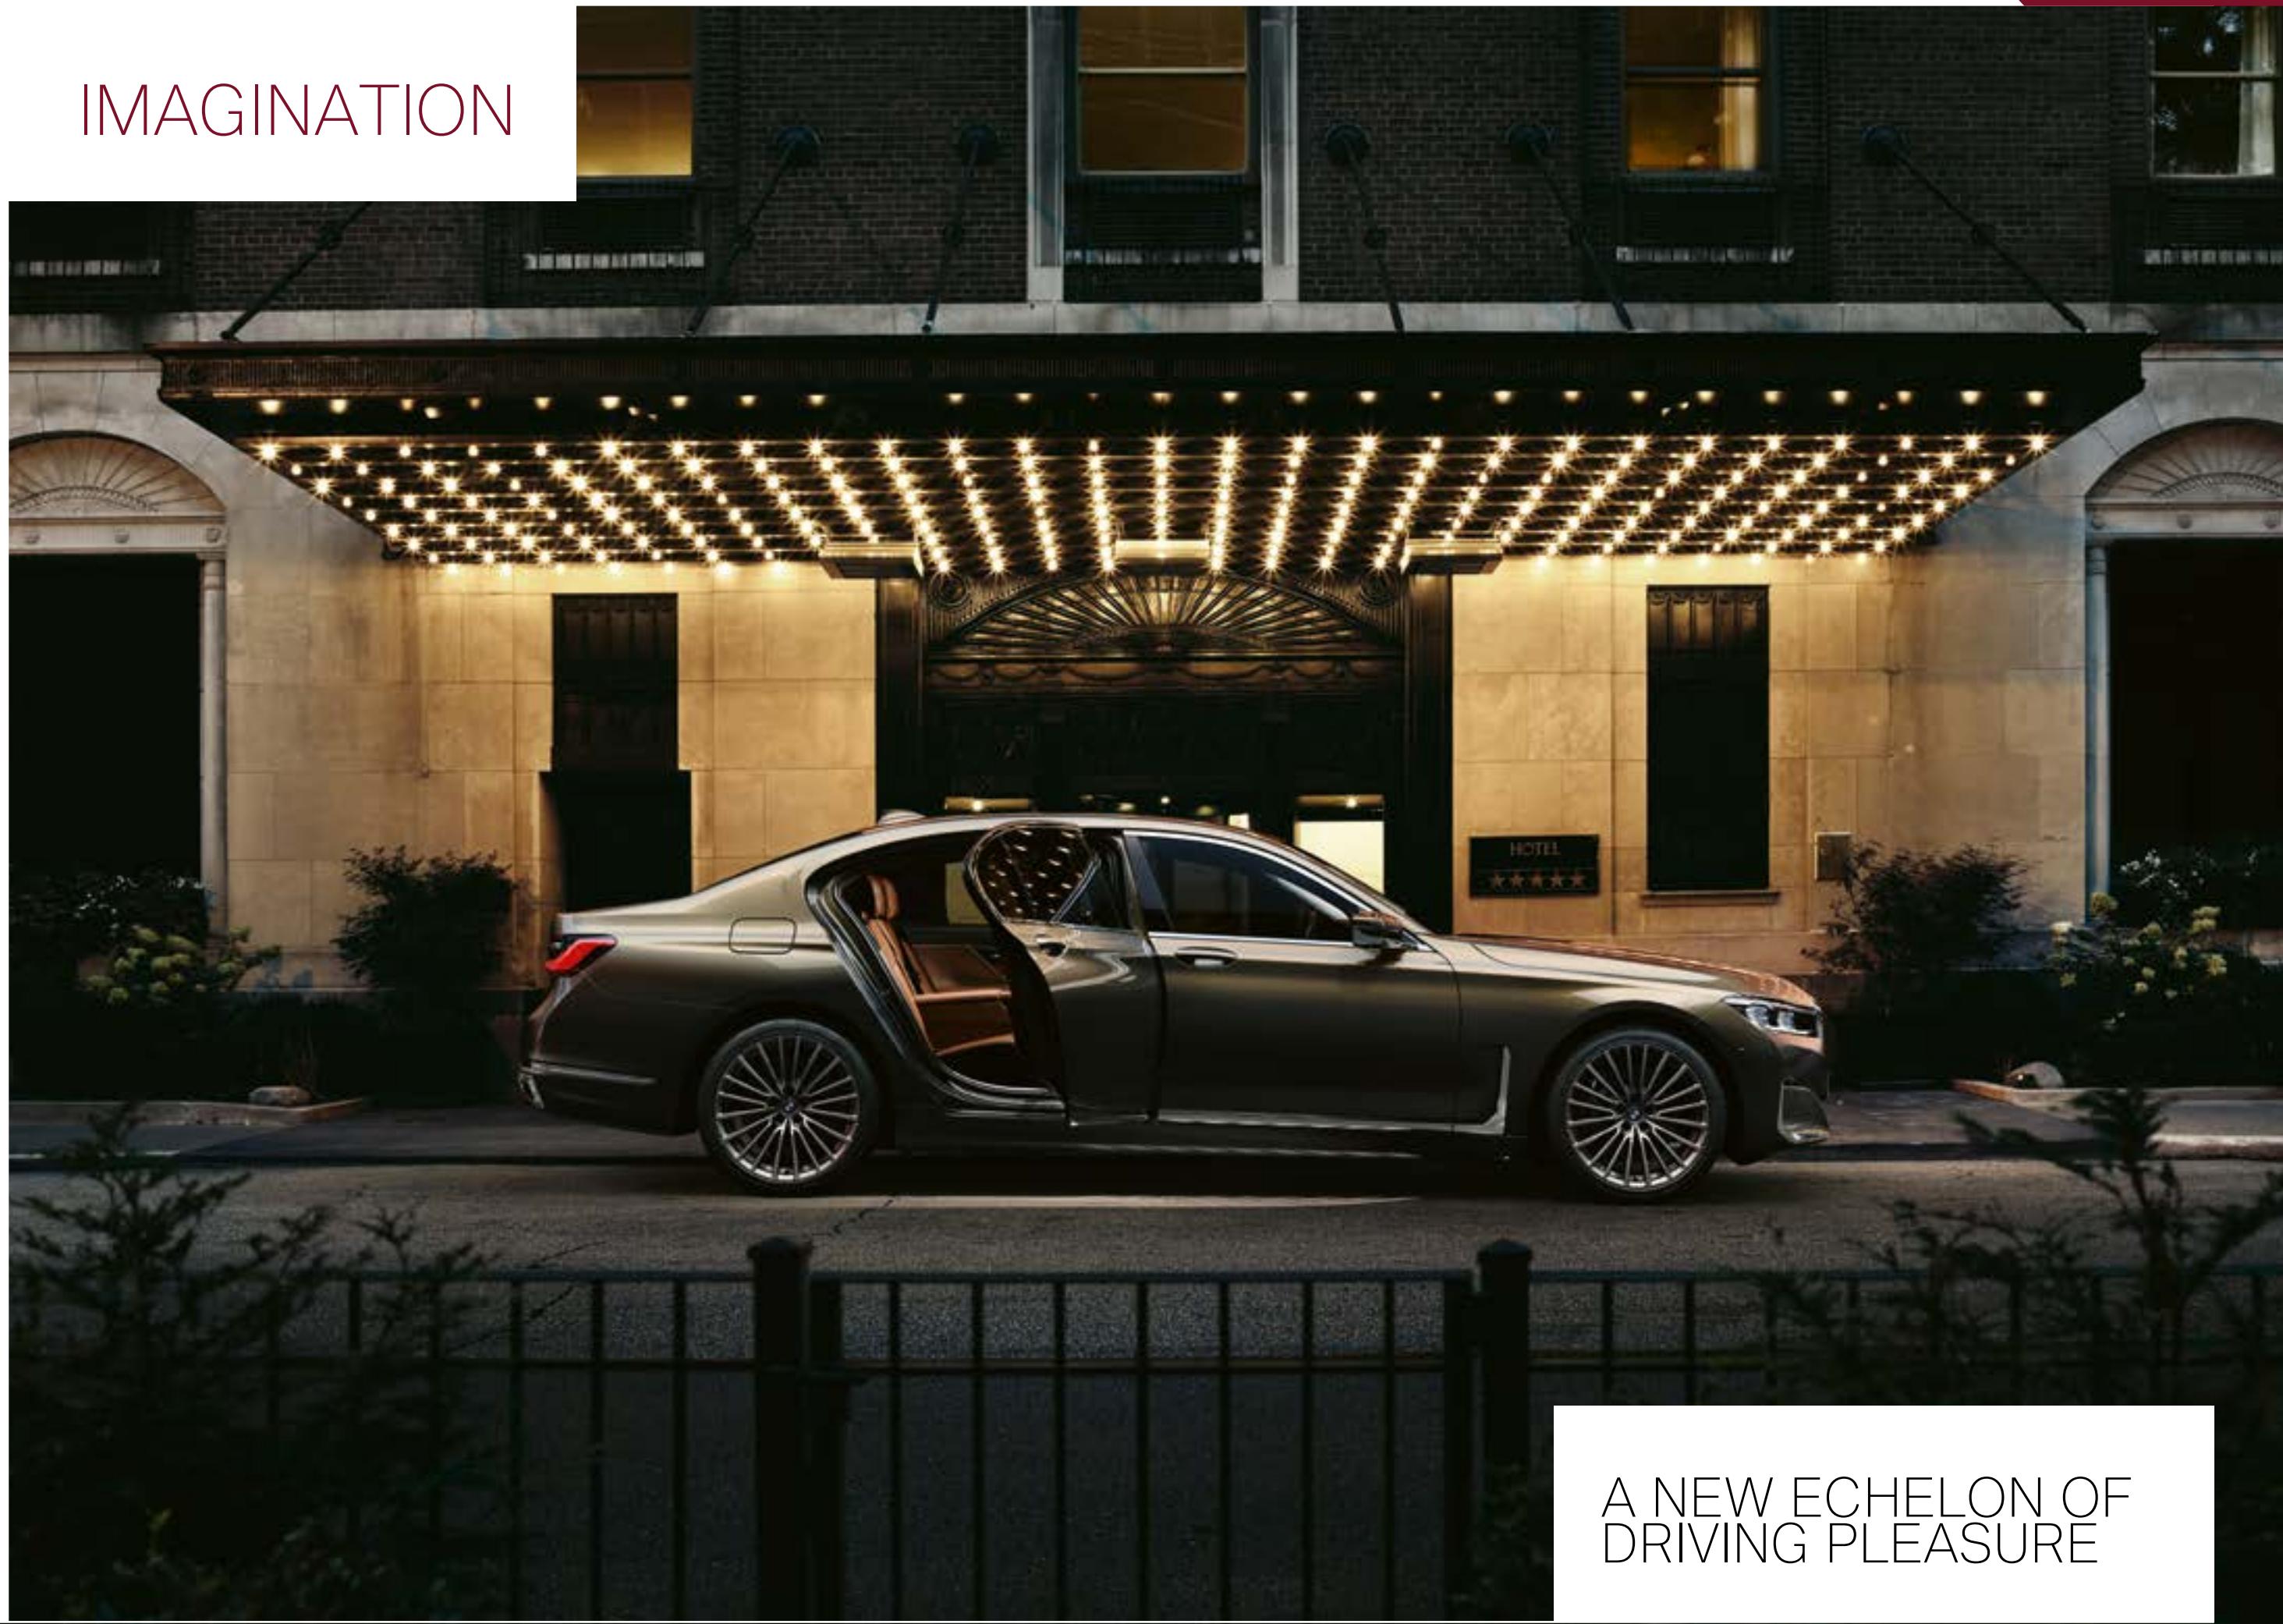

THE BOWERS & WILKINS DIAMOND SURROUND SOUND SYSTEM

The Bowers & Wilkins Diamond Surround Sound System, available as optional equipment, features 16 speakers and a fully active 10-channel amplifier with a 1400W output that gives outstanding studio-quality sound for all seats in the car. Standard for M760Li xDrive.

FRONT COMFORT SEATS

Available as standard, the Comfort seats at the front can be electrically and manually adjusted in various ways. They also include lumbar support and memory function as well as automatic dipping of the passenger door mirror upon selecting reverse gear for parking.

The optional BMW Individual Frozen paint finishes available for the BMW 7 Series stand out from the crowd with their silky sheen, characteristically recognisable at first glance. Shown here in BMW Individual Frozen Dark Silver, the silky matt surface is particularly expressive. Speak to your BMW Retailer for all available paint choices.

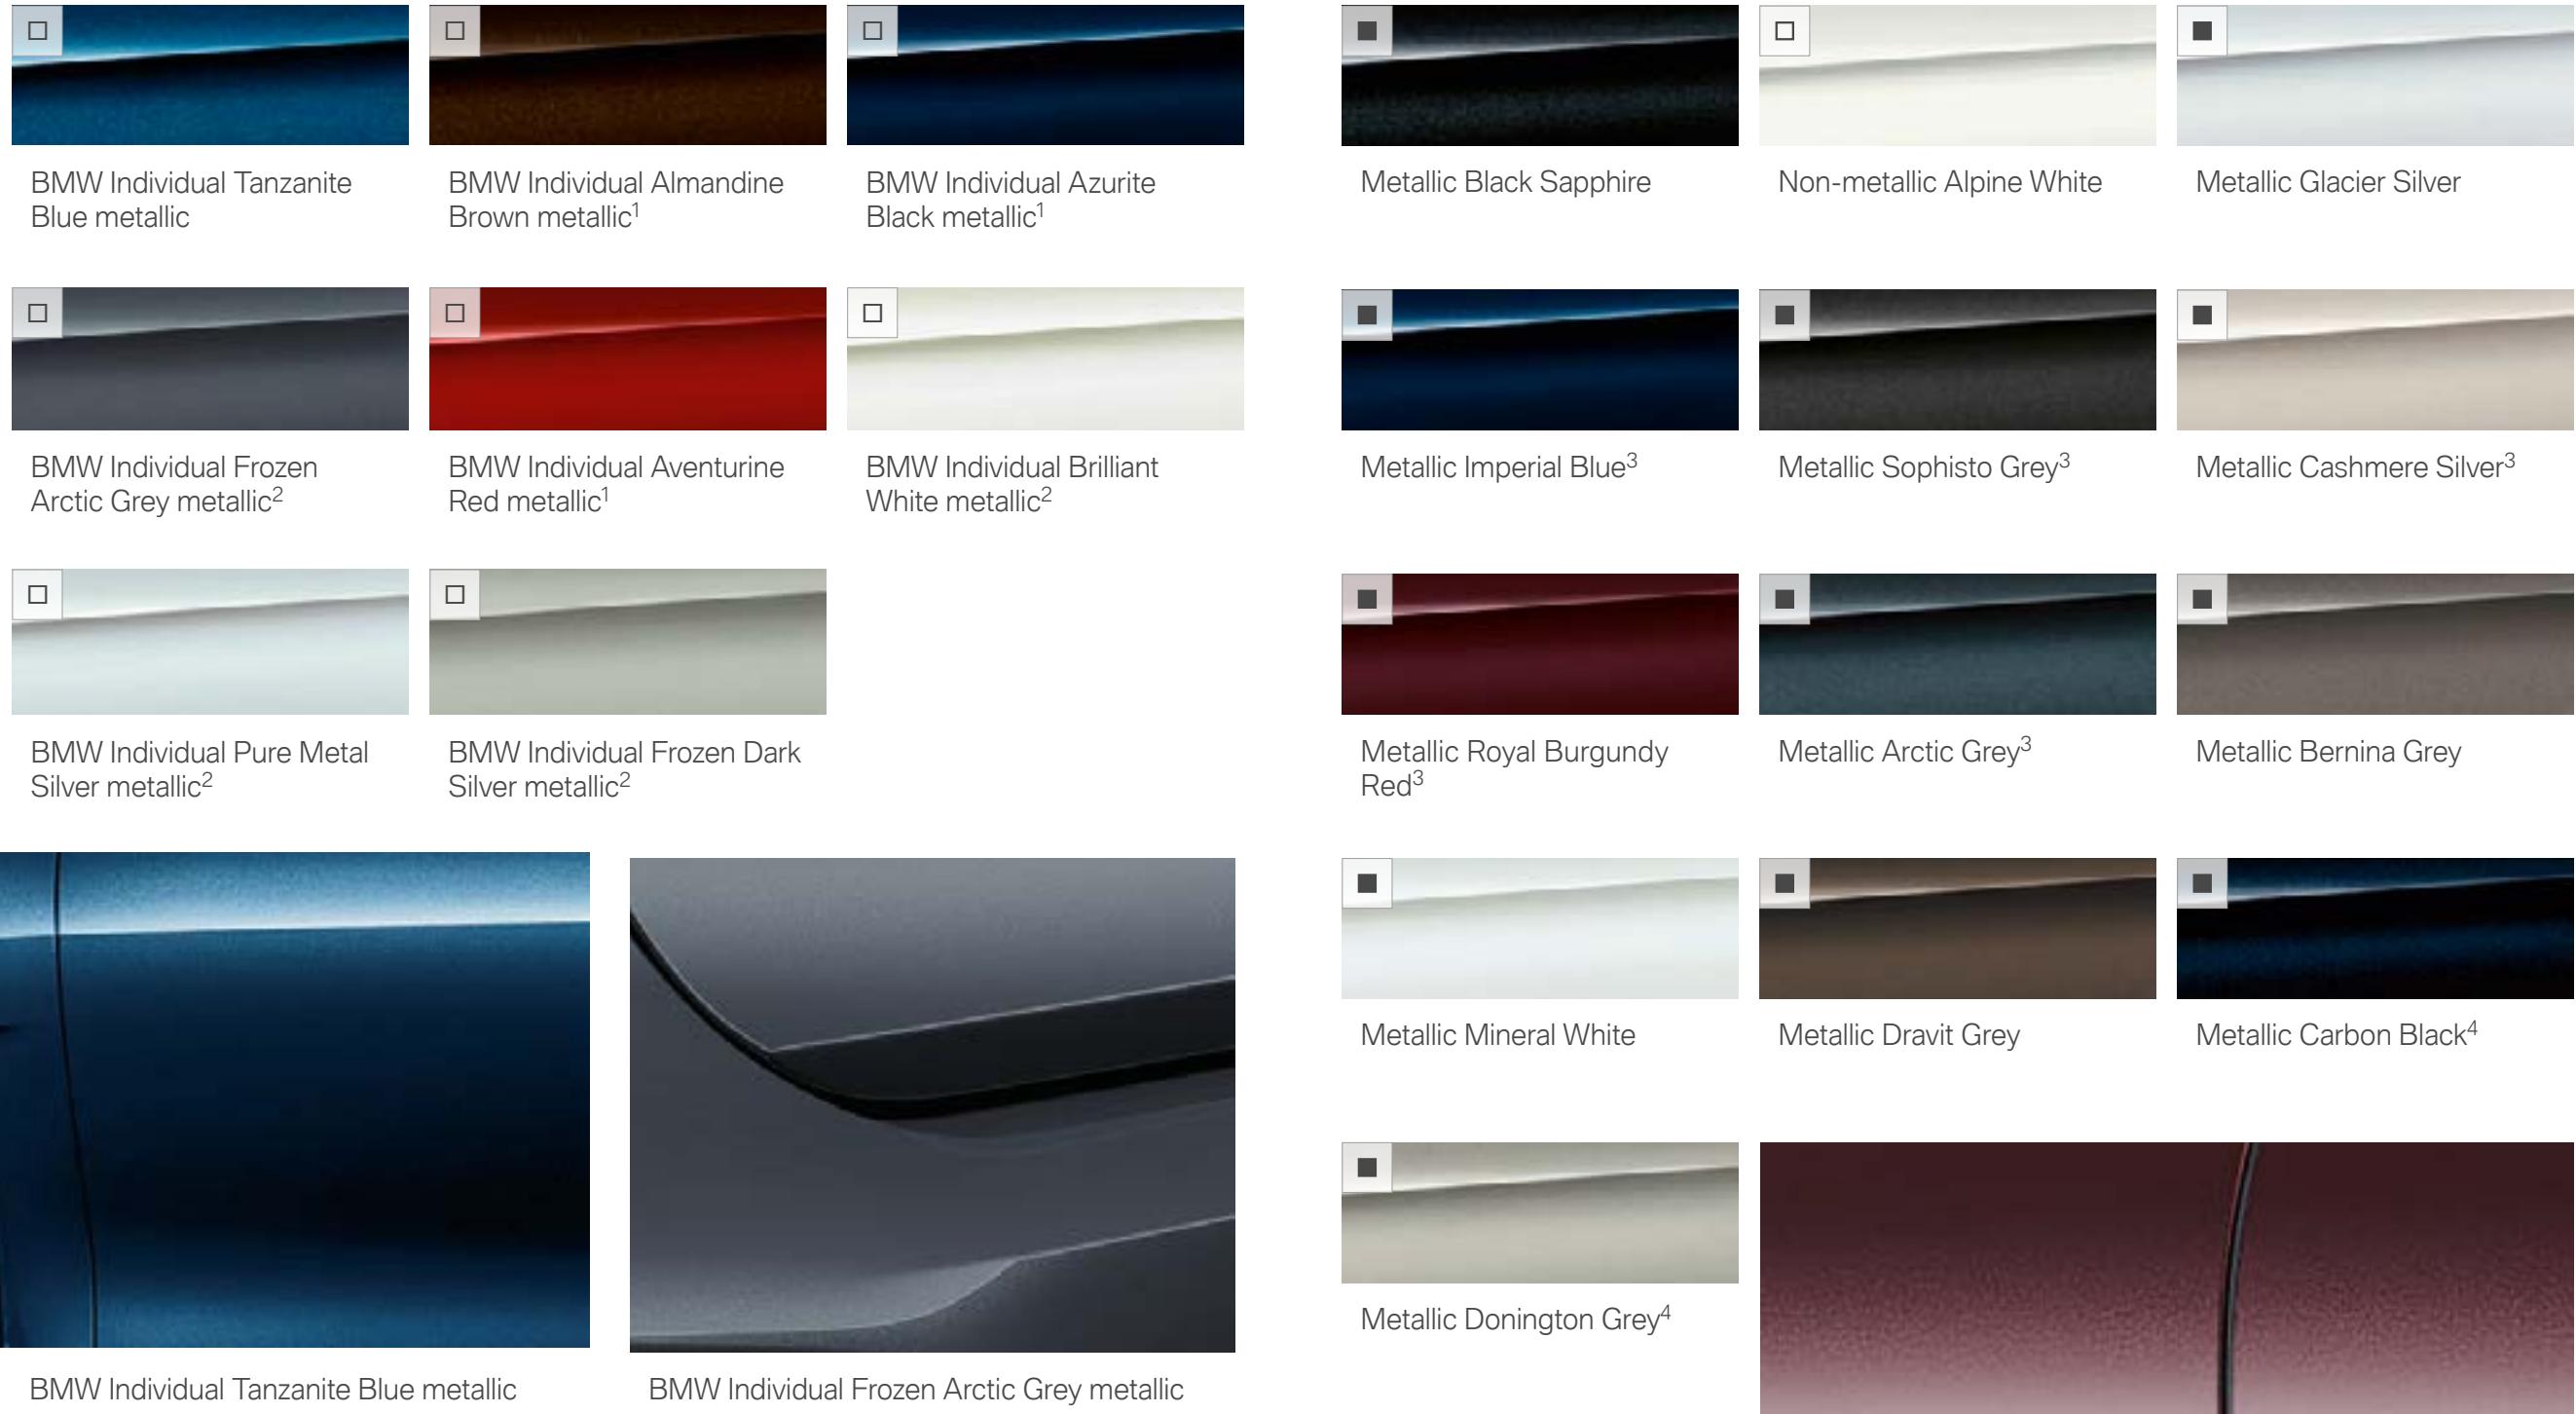

The optional BMW Individual Piano Black interior trim illustrates the exceptional nature of the materials selected for BMW Individual and their meticulous workmanship.

The door sill with BMW Individual lettering, available as optional equipment for non-M Sport models, already indicates the particularly selected taste when the doors are opened. In combination with the optional BMW Individual Full Merino leather upholstery, it also underlines the clear claim to excellence of BMW Individual.

EXTERIOR COLOURS

VED RATES

Annual VED (second year onwards) for cars costing over £40,000 is payable for five years. VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The BMW 7 Series models fall into one of the categories listed below:

CO ₂ emissions – combined (g/km)	1-50	51-75	76-90	91-100	101-110	111-130	131-150	151-170	171-190	191-225	226-255	Over 255

Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. Insurance group figures refer to 50 Group Rating System.

* = For Plug-in Hybrid Electric Vehicles these figures were obtained using a combination of battery power and fuel. Plug-in Hybrid Electric Vehicles require mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. ** = Figures are weighted combined.

BMW CONNECTED DRIVE SERVICES

BMW ConnectedDrive keeps driver and vehicle connected with the outside world. Digital services, driver-focused technologies and driver assistance systems provide more comfort, more entertainment and more safety. Increase your driving pleasure – with BMW ConnectedDrive.

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see: www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Friday 8am – 7pm and Saturday to Sunday 9am – 5pm.

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as "BMW") provides the customer with certain vehicle-related information and assistance functions (hereinafter called "Services") under the name of "BMW ConnectedDrive". BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via "My BMW ConnectedDrive".

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle's built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
