<sup>2</sup> = For course specific information please visit [www.bmw-drivingexperience.com](http://www.bmw-drivingexperience.com)

STANDARD & OPTIONAL EQUIPMENT HIGHLIGHTS.

The BMW Icon Adaptive LED Headlights are notable for a light distribution that automatically adjusts to the driving speed illuminating the road ahead. In addition to indicators and daytime running lights it includes the BMW Icon Adaptive Headlight function with variable city and motorway light distribution, cornering lights as well as BMW Selective Beam which automatically switches between the low and high-beam.

With High-gloss Shadowline exterior trim, various design elements come in High-gloss Black for a particularly elegant look. This includes the trim strips on the side frames as well as the window recess finishers, B-pillars, rear window guide rails, mirror frame and base.

M multi-functional seats for the driver and front passenger in exclusive design with illuminated M5 designation reflect the vehicle's athletic look. Lower seat bases and high side bolsters emphasise the shell-seat look and guarantee excellent lateral support. Accompanied by a comprehensive range of adjustment possibilities, maximum comfort is achieved.

The Bowers & Wilkins Diamond Surround Sound System with two diamond tweeters features outstanding studio-quality sound for every seat in the car. The 16 carefully positioned speakers ensure a mesmerising sound experience and are illuminated, visually emphasising the system's outstanding sound quality.

Side gills with M designation ensure optimal airflow around the wheel arches thanks to an integrated Air Breather. At the same time, the pronounced three-dimensional look underscores the M line's distinctive combination of technical perfection and breathtaking design.

Using the BMW M laptimer app, driving data from the racetrack can be recorded accurately and then analysed. The recorded information can be shared as a snapshot on social media while the data, including accelerator position, steering angle, G-force and best lap time, can be sent by email. A GoPro interface is also incorporated.

The outstanding harman/kardon loudspeaker system features a 600W digital amplifier, nine channels and 16 speakers. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

Automatic air conditioning allows the driver and front passenger to set separate air volume and temperature preferences. Includes rear air vents, microfilter, active carbon filter, Automatic Air Recirculation (AAR), fogging sensor, maximum cooling and auxiliary ventilation function.

The high-performance M Sport brakes are distinguished by exclusive Blue brake calipers with M designation and outstanding braking performance.

The M Carbon ceramic brakes deliver braking power more directly. It is non-corrosive, very resistant to abrasion, tolerates more heat and contributes to a lower vehicle weight, which has a positive impact on agility, dynamics and acceleration.

The rear temperature can be individually controlled via two additional vents in the B pillars by way of a separate control panel by rear passengers with standard automatic air conditioning with four-zone control.

Driving Assistant Plus offers greater comfort and security during monotonous or complex driving situations. These can include traffic jams, stop-and-go traffic or long journeys through the city, on country roads or motorways, along with navigating junctions and lane changes.

# The BMW Connected App. Your personal mobility assistant.

The BMW Connected App learns your mobility routines, reads your calendar and knows when you need to leave, providing you with a personal experience that is integrated into your everyday life. The App allows you to fully unleash the capabilities of BMW's innovative technologies intuitively through your smartphone.

## ■ BMW LIVE COCKPIT PROFESSIONAL.

The infotainment, navigation and multimedia system (BMW Operating System 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features touch-capable, high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services below:

■ **Apps** makes it possible to operate smartphone apps, such as BMW Connected and web radio conveniently and securely via the iDrive Controller and Control Display.<sup>1</sup>

■ **BMW Emergency Call** automatically establishes a direct link to the local emergency services and sends details of your vehicle location and severity of the accident.<sup>2</sup>

■ **BMW TeleServices** transmits vehicle-specific service data and supports the processing of servicing appointments. It can also help you request help in the event of a breakdown.<sup>2</sup>

■ **Map Updates** – Automatically update maps in your BMW by downloading Over-the-Air via the on-board sim card or upload from a USB.<sup>1</sup>

■ **Intelligent Voice Control** understands natural speech as well as linguistic varieties and dialects thanks to off-board voice processing.<sup>1</sup>

## ■ CONNECTED PACKAGE PROFESSIONAL.

■ **Remote Services** allows you to remain connected to your vehicle wherever you are, send destinations, find your vehicle as well as locking and unlocking your doors.<sup>1</sup>

■ **Concierge Services** connects the driver to a BMW Call Centre agent who is available as their around-the-clock personal assistant.<sup>1</sup>

■ **Real Time Traffic Information** supplies details about the location and duration of delays, also includes Hazard Preview and On-street Parking Information.<sup>1</sup>

■ **Apple CarPlay® preparation** enables wireless usage of your iPhone® in your vehicle via Apple CarPlay® and is operated via the vehicle's user interface.<sup>2</sup>

■ Thanks to **Connected Music**, you can experience unlimited streaming of millions of songs from BMW's music partners Spotify, Deezer or Napster via the SIM card in the vehicle.<sup>1</sup>

■ **Connected Navigation** makes route planning easier, anticipates road conditions and provides estimated time of arrival, plus multiple map views with split screen options.<sup>1</sup>

## ■ CONNECTED TEASER.

Available with Connected Package Professional and offers a three month trial of the following services:

**BMW Music**, powered by Napster, brings your favourite music to your BMW. Get access to millions of songs and thousands of audio books with a single click.<sup>3</sup>

# BMW PAY MONTHLY SERVICING & TRACKSTAR.

## SERVICING MADE SIMPLE.

Planning for the road ahead has never been easier. With the BMW Pay Monthly Service Plan<sup>1</sup> you can remove the uncertainty often associated with car servicing costs by spreading them monthly, much like you would your household bills. Our Pay Monthly service plan covers two services and any unused credit can be transferred to another BMW if you decide to switch unexpectedly. As part of the Pay Monthly plan you will also receive a number of added extras including:

- Fluid top ups
- An MOT
- A Wash & Vac each time you visit
- Seasonal health checks
- Sat Nav Map updates

Get the quality service and parts you expect from BMW with a fixed monthly payment. Give your BMW the care and attention it deserves from the experts that made it.

**Price (inc. running in service): £45 per month for 36 months**

**Price (without running in service): £35 per month for 36 months**

Please contact your preferred BMW Centre for further information.

## BMW TRACKSTAR.

Locate and recover your vehicle if it is stolen with BMW Trackstar or BMW Trackstar Advance. Benefits include:

- 24/7 Trackstar Monitoring Centre
- Thatcham accredited
- Integrated motion sensor
- Pan-European protection

**BMW Trackstar S7 price from: £399<sup>2</sup>**

**BMW Trackstar S5 price from £549<sup>2</sup>**

**BMW Trackstar S5 Advance price from: £649<sup>2</sup>**

<sup>1</sup> = Participating Retailers only. Two services must be claimed within four years or 40,000 miles, whichever occurs soonest.

<sup>2</sup> = Price excludes subscription. Please consult your preferred BMW Centre for further details.

PRICING INFORMATION.

Model	Power output (hp)	0-62mph (secs)	Fuel consumption – combined (mpg / l/100km)*	CO <sub>2</sub> emissions – combined (g/km)*	Model
M5 Competition	625	3.3	25.2-25.7 / 11.2-11.0	255-251	M5 Competition

PRICES AND SPECIFICATIONS

BMW (UK) Limited reserves the right to alter prices and specifications without notice. BMW (UK) Limited has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions.

VED RATES

Annual VED (second year onwards) for cars costing over £40,000 is payable for five years. VED rates for brand new cars are determined by their CO<sub>2</sub> emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The BMW M5 Competition models fall into one of the categories listed below:

CO <sub>2</sub> emissions (g/km)	1-50	51-75	76-90	91-100	101-110	111-130	131-150	151-170	171-190	191-225	226-255	Over 255
First year VED (petrol and RDE2 diesel)	£10	£25	£110	£135	£155	£175	£215	£540	£870	£1,305	£1,850	£2,175
Annual VED – second year onwards (standard rate for petrol and diesel)	£150	£150	£150	£150	£150	£150	£150	£150	£150	£150	£150	£150
Annual VED – second year onwards (petrol and diesel cars over £40,000)	£475	£475	£475	£475	£475	£475	£475	£475	£475	£475	£475	£475

\* = Figures shown are for comparability purposes. Only compare fuel consumption, CO<sub>2</sub> and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO<sub>2</sub> figures have been determined according to the WLTP test. WLTP has been used as the applicable CO<sub>2</sub> figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO<sub>2</sub> figures were previously based on the NEDC equivalent. Insurance group figures refer to 50 Group Rating System.

ON THE ROAD PRICE

The recommended on the road price includes:

Delivery and BMW Emergency Service	£825
Number plates	£25
Vehicle first registration fee	£55

Not with = these options are not available for ordering together      <sup>1</sup> = Dependent on conditions and usage, features specific to the materials used can lead to operational noises particularly in wet conditions just before the vehicles comes to a halt. The impact of moisture and road salt can cause the braking action to be equivalent to a conventional brake system. This can for a short time be experienced as a reduction in braking action and can be balanced out by greater pressure on the pedal where necessary.

# BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive keeps driver and vehicle connected with the outside world. Digital services, driver-focused technologies and driver assistance systems provide more comfort, more entertainment and more safety. Increase your driving pleasure – with BMW ConnectedDrive.

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see: [www.bmw.co.uk/connecteddrive-information](http://www.bmw.co.uk/connecteddrive-information)

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Friday 8am – 7pm and Saturday to Sunday 9am – 5pm.

## GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as “BMW”) provides the customer with certain vehicle-related information and assistance functions (hereinafter called “Services”) under the name of “BMW ConnectedDrive”. BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

## CONNECTED DRIVE SERVICES DURATION

BMW Music	3 month trial
Apps	3 years
BMW Online Services	3 years
Concierge Services	3 years
Connected Music	3 years
Connected Navigation	3 years
Intelligent Voice Control	3 years
Map Updates	3 years
Real Time Traffic Information	3 years
Remote Services	3 years
Apple CarPlay® Preparation	Active without runtime limitations
BMW Emergency Call	Active without runtime limitations
BMW TeleServices	Active without runtime limitations

## DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via “My BMW ConnectedDrive”.

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle’s built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
