# VERANO

What's it feel like to drive the 2017 Buick Verano? The answer may shatter your expectations. After all, Verano is **A SEDAN DESIGNED TO SURPRISE** you with its premium features and refined finishes.

And with its responsive power and nimble handling, Verano is simply fun to drive.

So what are you waiting for? It's time to experience Verano for yourself.

shown with Leather Group and optional equipment.

How do you judge design?

**ONE LOOK IS ALL IT TAKES.** Just a glimpse of Verano tells you everything you need to know. Bold design cues such as the distinctly sculpted body let you know spirited performance awaits you. Projector-beam headlamps and a signature black chrome waterfall grille showcase the meticulous attention to detail you can expect throughout the rest of Verano.

EBONY TWILIGHT METALLIC  
shown with Leather Group and optional equipment.

With Verano, every detail of its aerodynamic design helps create a premium character that elevates your experience above the ordinary. And the amenities inside make Verano a luxury sedan you'll look forward to driving, every time.

# REFINED

SMOOTH, QUIET AND CONFIDENT: THAT'S THE RESPONSE YOU'LL GET FROM THE VERANO ENGINE.

Here's what happens when you take Verano's compact power into your own hands. With Verano's standard 2.4L engine, the responsiveness of 180 hp is matched by offering 7.6 L/100 km highway<sup>1</sup> fuel efficiency. And when the road curves or city streets become congested, Verano responds with nimble handling, confident braking and agile parking manoeuvres.

- A 6-speed automatic transmission with Driver Shift Control lets you make the most of the Verano engine's 180 hp.
- Verano's standard 2.4L is smooth and quiet. One reason: An additional layer of lubricant sprayed directly on each piston helps reduce noise.
- Advanced Diagnostics<sup>2</sup> from OnStar can check your vehicle's key systems and send you a monthly diagnostics report or real-time alerts by email or text.

<sup>1</sup>Fuel-consumption estimates based on GM preliminary testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary. <sup>2</sup>Availability and capabilities vary by model. Visit onstar.ca for details and system limitations. Message and data rates may apply. Requires an active OnStar service plan, email address on file and enrolment in Advanced Diagnostics. Diagnostic Alerts are designed to help provide the status of key systems based on information collected from the vehicle. Other factors may affect vehicle performance. Not all issues will deliver alerts. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Diagnostic Alerts.

## TACTILE

IN VERANO, DRIVING A LUXURY SEDAN  
IS A SENSORY EXPERIENCE.

Slide behind the steering wheel and feel the refinement. Treat your senses to the luxury of the finest materials. Soft-touch surfaces, available supple leather-appointed seats, ribbon fabrics, warm wood tones and tasteful metallic accents all create an ambiance that's unmistakably premium.

Designed to help reduce noise, Buick's exclusive QuietTuning™ blocks and absorbs sound and dampens vibrations. The Verano cabin's remarkable level of quietness is a function of many refinements, including acoustic laminated windshield and front glass, triple door seals and precisely tuned chassis dynamics. Even Verano's available 18-inch tires are specially designed to help minimize road noise.

- The available leather-appointed seats are soft to the touch with highly supportive cushioning.
- Available features include a heated, leather-wrapped steering wheel, heated eight-way power driver's seat and heated front-passenger seat—all of which offer a warm welcome.
- The available touch-screen-activated IntelliLink<sup>1</sup> with Navigation<sup>2</sup> provides more than 9.6 million km of North American roads mapped out for you to explore.

<sup>1</sup>Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. Visit [intellilink.buick.ca](http://intellilink.buick.ca) for more details. <sup>2</sup>At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

# INTELLILINK

AVAILABLE INTELLILINK<sup>1</sup> PUTS A HOST OF COMMUNICATION AND INFOTAINMENT OPTIONS ON A HIGH-RESOLUTION, FULL-COLOUR TOUCH-SCREEN.

The latest edition of voice-recognition and available touch-screen technology is seamlessly integrated into Verano, thanks to the available Buick IntelliLink<sup>1</sup> infotainment system.

Accessing your phone book, making calls or playing your favourite music is simple: All you have to do is ask for them.

For iPhone<sup>®</sup> owners, there's Siri Eyes Free,<sup>®</sup> Apple's<sup>®</sup> voice-activated digital assistant.

This available feature allows hands-free interaction when you need it the most. Simply pair your iPhone<sup>®</sup> with the available Bluetooth-enabled<sup>2</sup> Buick IntelliLink system, then use the steering-wheel-mounted voice-command button to activate it. You can make calls, compose text or email messages to stored contacts and access other iPhone<sup>®</sup> functions, all without taking your hands off the wheel or your eyes off the road.

---

TEXT MESSAGE ALERTS Available IntelliLink<sup>1</sup> provides alerts of incoming text messages. You can configure the system to have incoming text messages read out loud. In addition, with select smartphones, you can respond to the text messages with your preprogrammed responses.

HOME PAGE CUSTOMIZATION Customize your available Buick IntelliLink<sup>1</sup> home page using the colour touch-screen to gain quick access to frequently used features and up to six pages of preferred settings.

MUSIC ON DEMAND With the ease of advanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps on your phone.

# COMMAND

PRESS VERANO'S AVAILABLE PUSH-BUTTON START, AND ALL THAT FOLLOWS IS DESIGNED TO ENHANCE YOUR SENSE OF WELL-BEING.

Verano is what a luxury car should be: not merely a way to get from one place to another, but a destination itself. Consider the climate. With its dual automatic climate-control system, the driver and front passenger can choose separate temperature settings, which the system will automatically maintain. And with the available factory-installed remote-start feature, you can use the myBuick mobile app<sup>1</sup> to activate the climate-control system remotely, so your Verano cabin heats up or cools down to your preset levels before you arrive.

<sup>1</sup>Available on select Apple,<sup>®</sup> Android,<sup>™</sup> BlackBerry,<sup>®</sup> and Windows,<sup>®</sup> devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Data rates may apply. Please visit [onstar.ca](http://onstar.ca) for vehicle availability, system limitations, geographical and technical restrictions and further details.

#### HEATED STEERING WHEEL

Grip the steering wheel—available leather-wrapped and heated, if you like—and your thumbs naturally find themselves resting on control switches for the audio, phone and cruise-control systems. It's a degree of control over your environment that makes Verano an extension of you.

#### DRIVER INFORMATION CENTRE

Located in the centre of the instrument panel cluster, the Driver Information Centre shows the status of many vehicle systems, including the available Forward Collision Alert.

#### BOSE® AUDIO ENGINEERING

Verano is the perfect setting for music lovers to enjoy their favourite recordings on the road. To create Verano's available seven-channel, nine-speaker Bose premium sound system, Bose engineers recorded system frequencies for each seating position, using 10 different microphone readings for each speaker—collecting hundreds of initial

measurements—so the audio equalization settings are specific to Verano's unique acoustical environment. Music is reproduced with tonal balance and detail, and minimal distortion, even when the system is played loudly. Front and back bass sources are controlled by a proprietary algorithm for performance that captures more of the power and emotion intended by the artist.

# PROTECTED

VERANO HAS ITS PRIORITIES IN  
THE RIGHT PLACE: EVERYWHERE.

Verano literally surrounds you with available security features. The available Rear Vision Camera helps you see what's behind your Verano, displaying what the camera captures on the centre high-mounted information screen. The available Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. And below, you can read about available safety features such as Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert.<sup>1</sup>

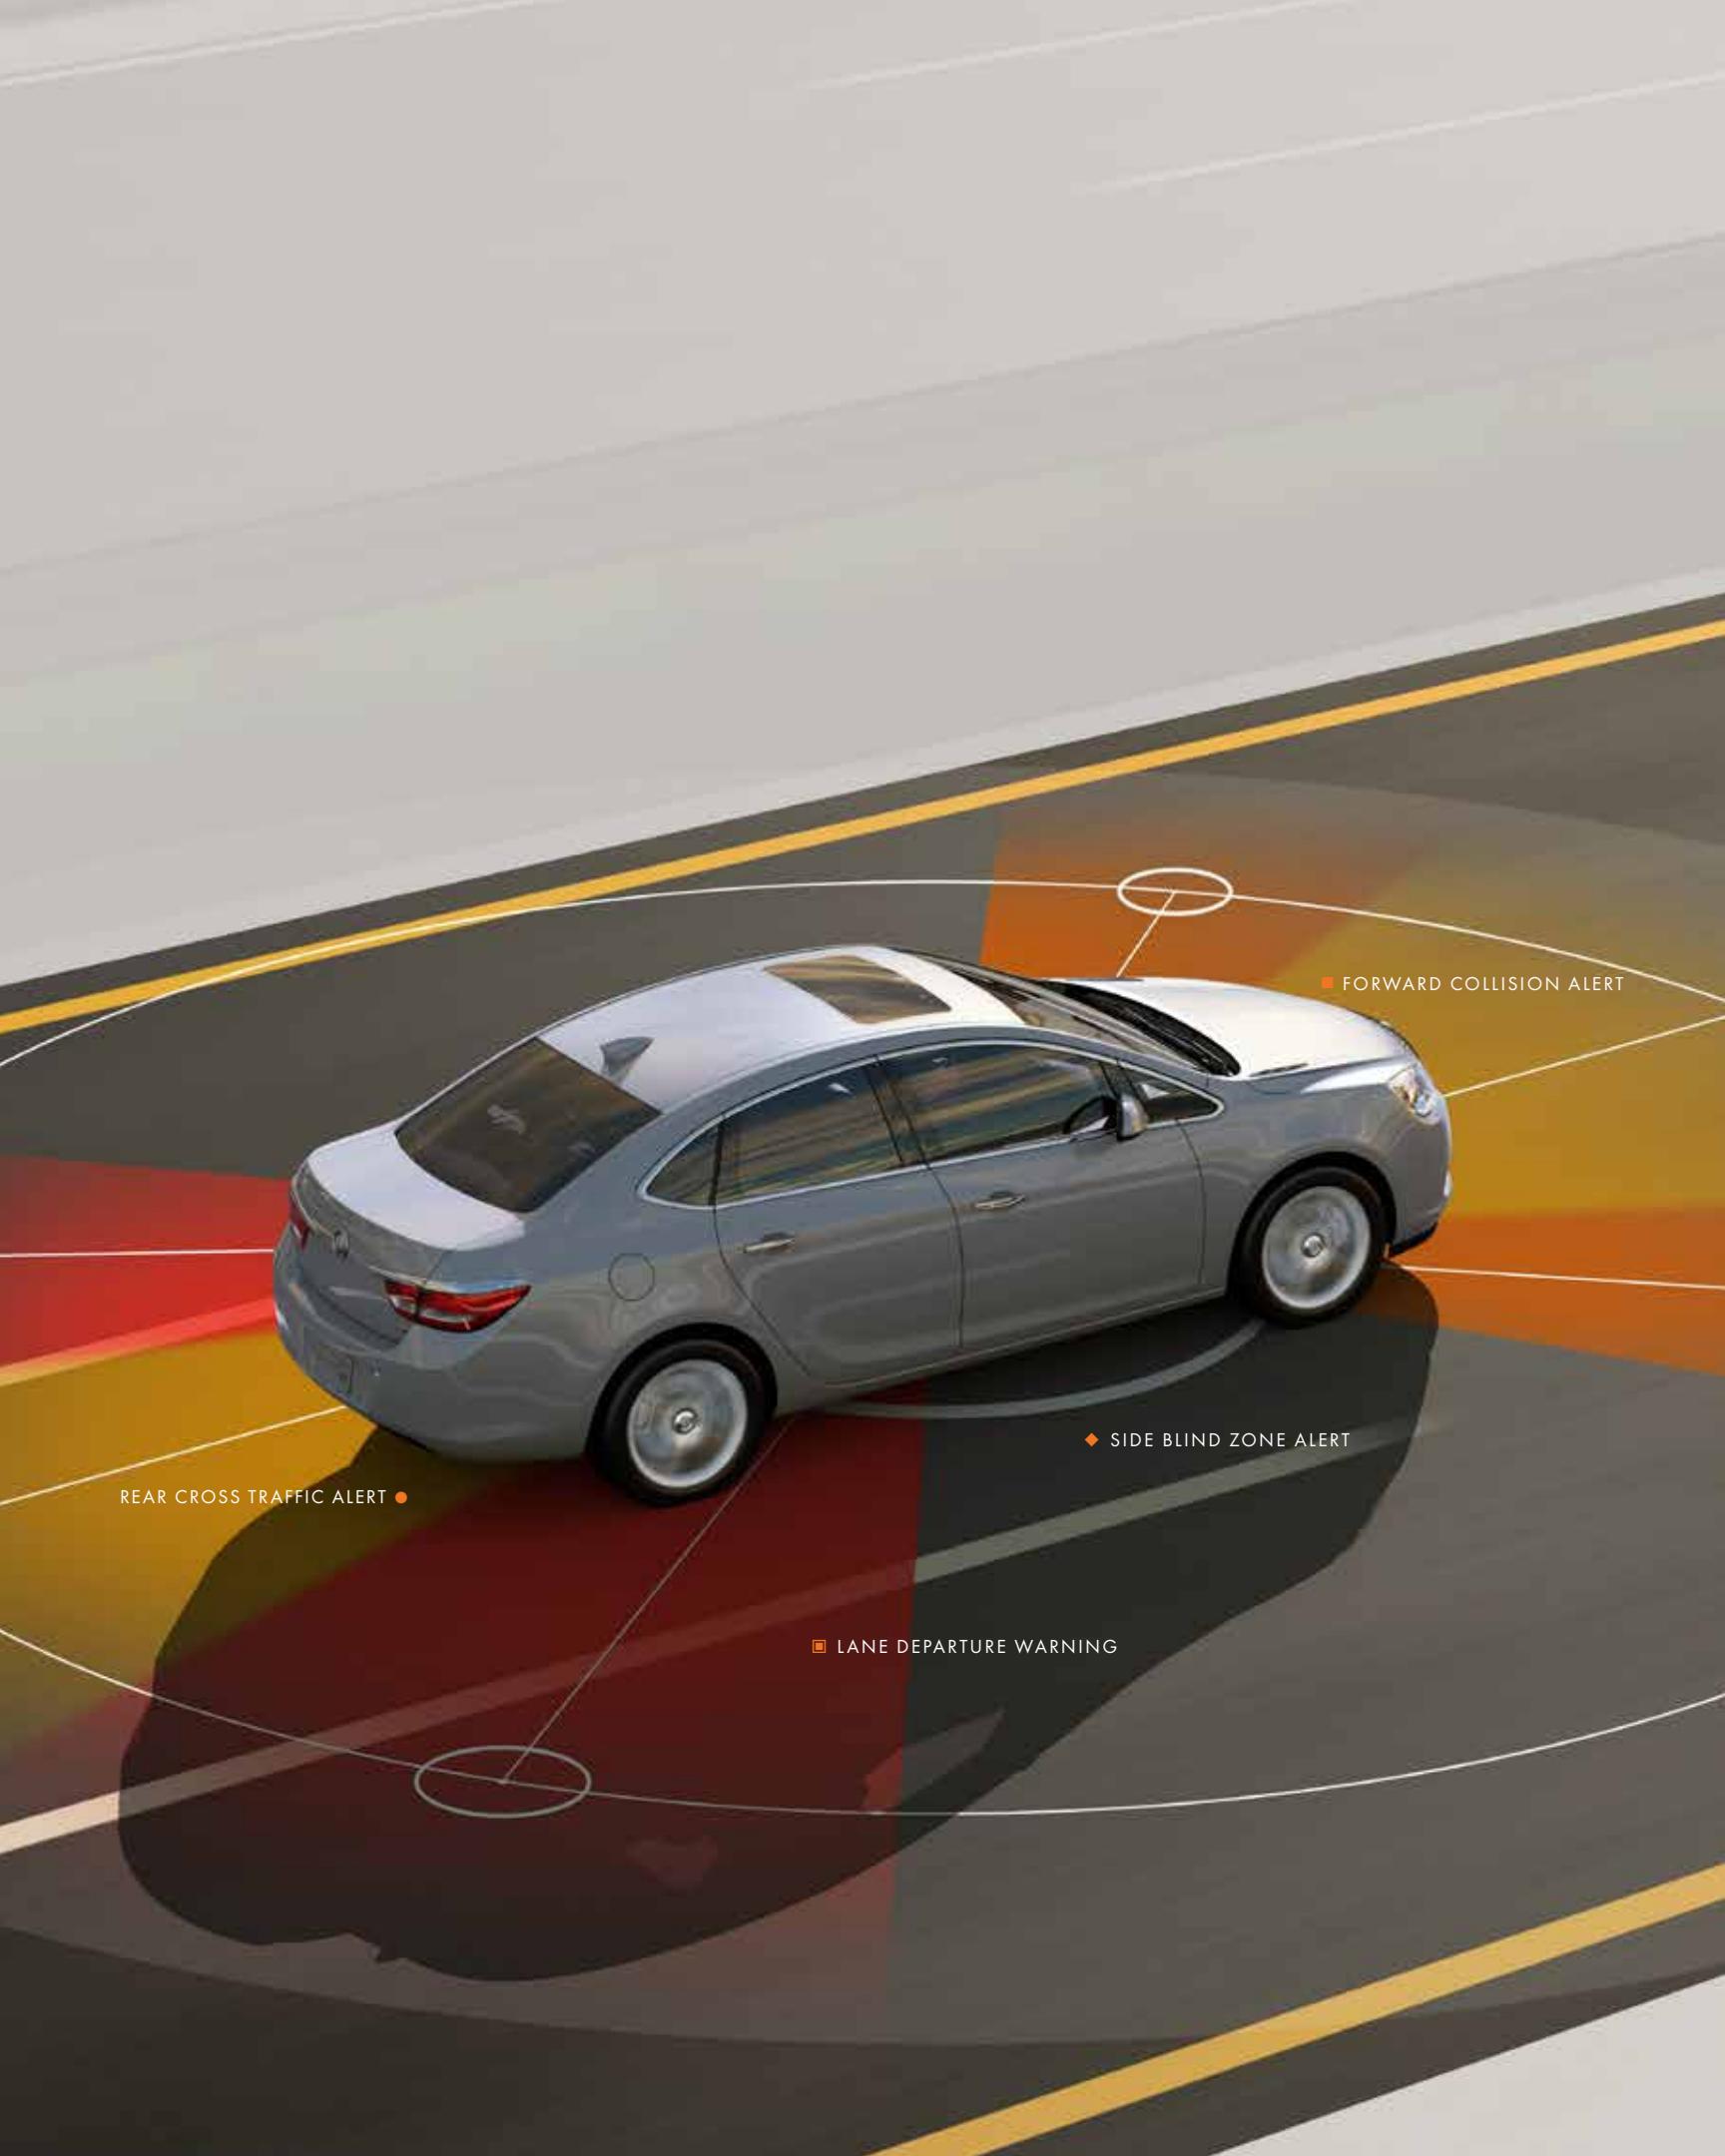

These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

■ **FORWARD COLLISION ALERT** When the camera detects that you're approaching a vehicle ahead too quickly, available Forward Collision Alert lets you know with audio and visual warnings. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

◆ **SIDE BLIND ZONE ALERT** Using radar technology to help you avoid a collision, available Side Blind Zone Alert<sup>1</sup> warns you when vehicles entering your blind zone are detected by sensors on either side of your Verano. A warning icon appears in your outside rear-view mirror.

● **REAR CROSS TRAFFIC ALERT** A camera in the rear captures a view behind the car, while radar sensors detect vehicles approaching from the left or right within 20 metres of the sensors. The available system alerts you audibly and by flashing a warning signal on the Rear Vision Camera screen.

□ **LANE DEPARTURE WARNING** Available Lane Departure Warning provides both an audio and visual alert should your Verano drift out of its lane without you first having activated your turn signal.

# CONNECT

THE ONSTAR 4G LTE WITH WI-FI® HOTSPOT<sup>1</sup> PROVIDES A POWERFUL CONNECTION.

OnStar 4G LTE with Wi-Fi<sup>1</sup> now travels with you. Stay connected and move effortlessly from home to work to just about anywhere without losing touch. Stream movies and TV on the go, using your favourite apps on your Wi-Fi devices.

The built-in OnStar 4G LTE with Wi-Fi hotspot<sup>1</sup> supports up to seven devices<sup>2</sup> so everyone can surf, scan, create, post and game their way through any journey.

Our strong signal means you have a fast and reliable connection. And because the built-in Wi-Fi hotspot is powered by your vehicle, you're not adding to the demand on your mobile device battery.

Your first 3 months or 3 GB of data (whichever comes first) is included with your new Buick. After that, select a data plan from OnStar that's right for you.

<sup>1</sup>Visit [onstar.ca](http://onstar.ca) for coverage maps, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar service and data plan. Data plans provided by AT&T.® Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. <sup>2</sup>Devices must be WPA2-compliant with an active OnStar service plan and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit [onstar.ca](http://onstar.ca) for system details and limitations.

STANDARD FOR 6 MONTHS, THE ONSTAR GUIDANCE PLAN (TRIAL EXCLUDES HANDS-FREE CALLING MINUTES) LETS YOU CONNECT TO AN ONSTAR ADVISOR JUST BY PUSHING THE BLUE ONSTAR BUTTON IN YOUR VERANO.

## EMERGENCY

### Automatic Crash Response<sup>2</sup>

Depending on the severity of the crash, built-in sensors may automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can't ask for it.

**Emergency Services** One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

**Crisis Assist** In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

**Roadside Assistance<sup>3</sup>** If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

## SECURITY

**Stolen Vehicle Assistance<sup>4</sup>** If your vehicle is stolen, once it's been reported, Advisors can work with authorities and can use GPS technology to help pinpoint its location, slow the vehicle if conditions are safe and even prevent it from being restarted. And with Theft Alarm Notification,<sup>5</sup> if your vehicle alarm sounds, we'll let you know via text, email and/or a phone call. Once you report your vehicle stolen to the police, one simple call puts a team into action to help recover your vehicle quickly and safely.

## NAVIGATION

**Turn-by-Turn Navigation<sup>6</sup>** Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your vehicle, and a voice calls out every turn. An Advisor can also help you with a database of more than 1 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the myBuick mobile app.<sup>7</sup>

## ATYOURSERVICE<sup>8</sup>

Life just got easier and more affordable with the personalized connection of AtYourService. By simply pressing the blue OnStar button, our trusted Advisors can help you locate hotels and even book your room through Priceline.<sup>®</sup> AtYourService offers can be accessed from your vehicle's radio touch-screen, through your myBuick mobile app<sup>7</sup> or an OnStar Advisor.

## VEHICLE MANAGER

**Advanced Diagnostics<sup>9</sup>** This feature can alert you when something's going on under the hood. After running a check on your vehicle's key systems, it can send you a monthly Diagnostics Report email or real-time alerts available by email or text, detailing its findings.

## MYBUICK MOBILE APP<sup>7</sup>

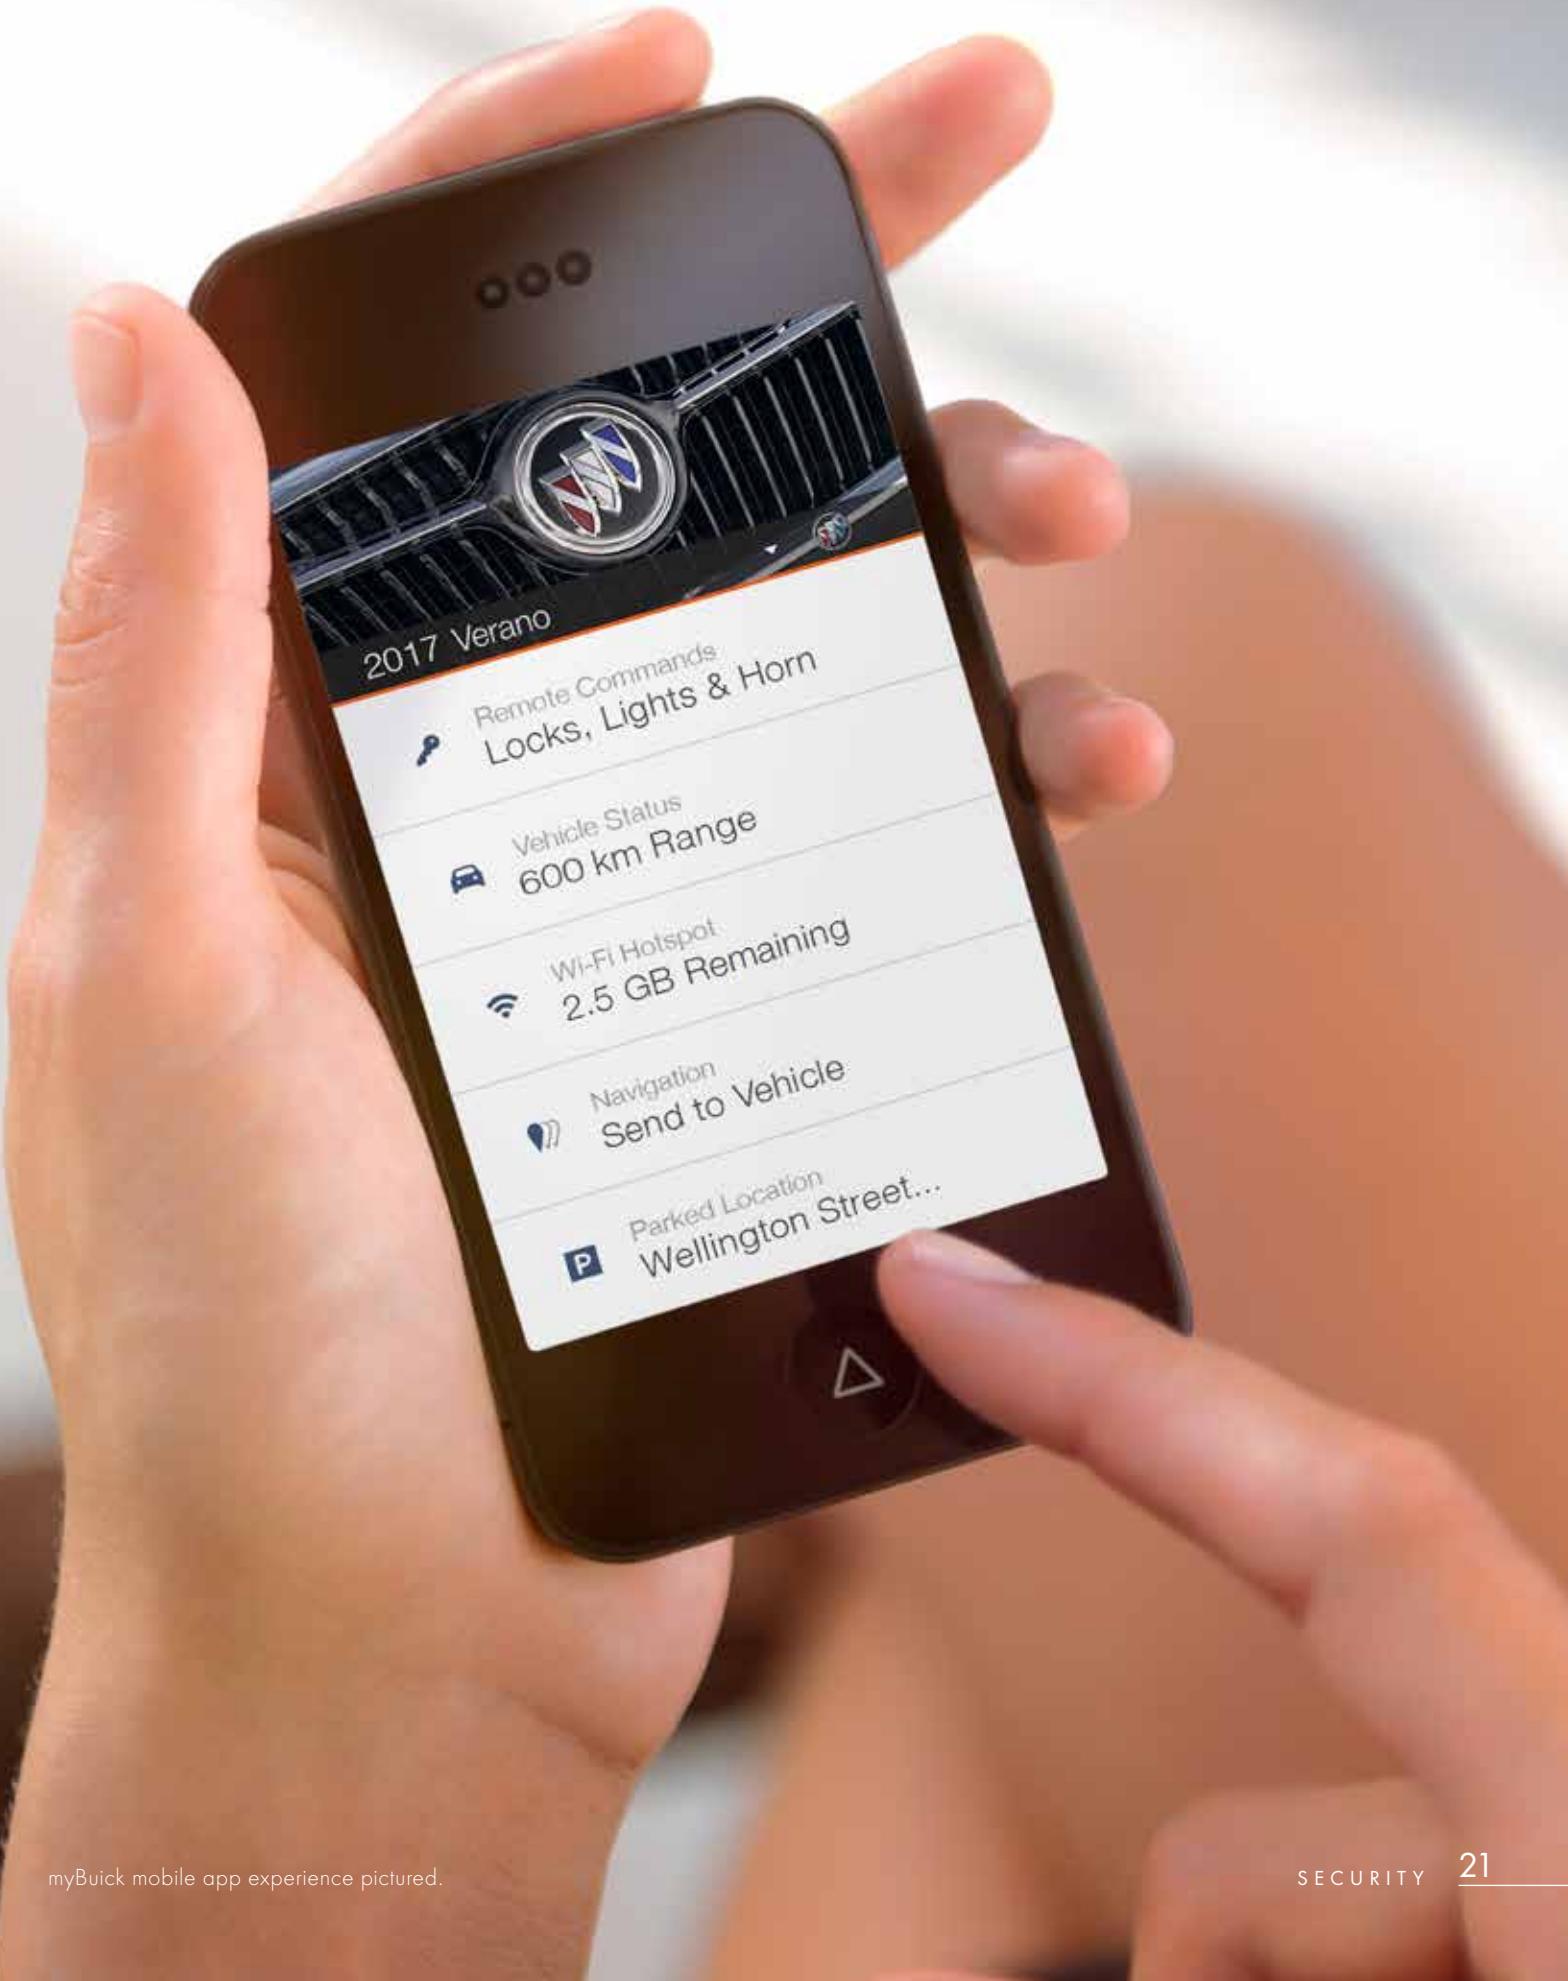

Enjoy the ultimate ownership experience through convenient control and management of your vehicle. You can use your compatible smartphone to remotely start your vehicle from virtually any distance, lock or unlock your doors, honk your horn and flash your lights. The services of the myBuick mobile app are included for 5 years on new vehicles at no additional charge. To download the myBuick mobile app to your smartphone, go to the App Store.

**REMOTE ACCESS<sup>10</sup>** With Remote Access, an OnStar Advisor can send a remote signal to lock or unlock your doors or honk your horn and flash your lights. You can even use your myBuick mobile app<sup>7</sup> to remote-start the vehicle from virtually anywhere.

## ONSTAR HANDS-FREE CALLING<sup>11</sup>

This available feature is a wireless service built into your vehicle so you can purchase calling minutes to easily make and receive calls from the road.

<sup>1</sup>Visit onstar.ca for coverage maps, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar service and data plan. Data plans provided by AT&T. Service varies by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. <sup>2</sup>OnStar acts as a link to existing emergency service providers. Not all vehicles can transmit all crash data. <sup>3</sup>Roadside service provided by Allstate Roadside Services. Restrictions apply. <sup>4</sup>Services vary by model, conditions and geographical and technical restrictions. Visit onstar.ca for details and system limitations. Stolen Vehicle Slowdown and Remote Ignition Block are only available on select 2009 and newer GM vehicles. <sup>5</sup>Requires an active factory-installed theft-deterrent system, the Security or Guidance Plan and selected notification preference(s). Capability varies by model. Message and data rates may apply. Your vehicle's electrical systems and your smartphone (or other device) must be operative and sending/receiving data via wireless services and GPS satellite signals for the Theft Alarm Notification service to function properly. Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Theft Alarm Notifications are sent only to you. OnStar does not notify police of a Theft Alarm Notification. The Theft Alarm Notification service may alert you to a theft in progress. Always use caution and good judgment. Do not approach the vehicle unless you are certain the situation is safe. OnStar is not responsible for the acts of third parties. See OnStar User Terms and onstar.ca for system limitations. <sup>6</sup>Requires ABS and Guidance Plan. Visit onstar.ca for coverage maps. Services vary by model. <sup>7</sup>Available on select Apple,<sup>®</sup> Android, BlackBerry and Windows devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Data rates may apply. Please visit onstar.ca for vehicle availability, system limitations, geographical and technical restrictions and further details. <sup>8</sup>PRICELINE is a service mark of priceline.com LLC. <sup>9</sup>Availability and capabilities vary by model. Visit onstar.ca for details and system limitations. Message and data rates may apply. Requires an active OnStar service plan, email address on file and enrolment in Advanced Diagnostics. Diagnostic Alerts are designed to help provide the status of key systems based on information collected from the vehicle. Other factors may affect vehicle performance. Not all issues will deliver alerts. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Diagnostic Alerts. <sup>10</sup>Visit onstar.ca for coverage map, details and system limitations. ## A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your GM dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

## A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.
