ENCORE

The new 2017 Buick Encore is a modern
expression of Buick's beautiful aesthetics. Sleek and sculpted and offering you flexible
room for up to five, Encore is where **LIFE MEETS STYLE.**

With its advanced technology, refined comfort, spacious storage and
nimble manoeuvrability, Encore is luxury that's easy to move with.

REFINED

WHAT SETS ENCORE APART IS
SOMETHING YOU CAN FEEL.

Walk up to the new Encore and you'll see how its beautifully sculpted shape flows smoothly from the grille to the rear, giving this crossover a fluid, contemporary look. As you approach Encore, it recognizes you. Sensing the key fob in your pocket or purse, the new Keyless Open feature unlocks the doors so you don't have to fumble for your keys—just simply open the doors.

Now get inside, press the push-button start and drive. That's when you'll discover what premium feels like. Each sensation adds to the impression that what you're driving has been crafted with meticulous attention to every detail. And whether you're glancing at a gauge, touching a switch or enjoying the responsive, efficient performance, what's likely to impress you most is how quiet things are inside Encore. That's Buick QuietTuning™ and Bose® Active Noise Cancellation working behind the scenes.

- The newly designed front appearance provides a modern expression of luxury.
- LED daytime running lamps on Encore feature Buick's unique signature lighting, while LED tail lamps echo the front's sculptural design. You'll see and be seen in the best light.
- The 18-inch 10-spoke wheels complement Encore's brand-new styling and are sure to leave a lasting impression.

Your schedule is hectic, with an appointment calendar filled
from your early a.m. trips to the gym all the way through to those dinner dates with
someone special. But **THERE'S ONE PLACE**
YOU KNOW YOU CAN RELAX: your Buick Encore.

With its agile size and advanced smartphone integration, Encore makes
getting around town feel effortless.

BLACK CHERRY METALLIC
shown with Premium Group and optional equipment.

The feeling of refinement starts the moment your hands brush the raised stitching of the leather-trimmed steering wheel—your first encounter with Encore's soft-touch premium materials. Turn on the available heated driver and front-passenger seats and **A SENSE OF WELL-BEING ENVELOPS YOU.** Available leather-appointed seats add another layer of luxury. Now look around you: A 107 mm diagonal Driver Information Centre and a 203 mm diagonal colour touch-screen display give you complete control and information at a glance.

CAPACITY

ENCORE CAN SPORT FIVE PEOPLE AROUND TOWN IN STYLE, HAUL LOADS OF CARGO WITH EASE—OR DO A BIT OF BOTH.

You live life on the go. One evening you're piloting everyone to the concert venue. The next morning you're up early to hunt for vintage furniture at the antique swap meet. That's why with the 60/40 split rear seat folded flat, the 2017 Encore offers up to 1371 litres of storage space.¹ So whether you need to seat your friends in spacious comfort or load new furniture into the functional cargo area, Encore easily adapts. Need to carry extra-long items? The front-passenger seat folds flat to accommodate cargo up to 2.4 metres long.¹

¹Cargo and load capacity limited by weight and distribution.

SCULPTED

THE ENCORE INTERIOR IS SOPHISTICATED IN LOOK,
PREMIUM IN FEEL AND PRECISE IN ITS EXECUTION.

Encore's available leather-wrapped heated steering wheel is a clear indication you've entered a world where premium materials, carefully sculpted appointments and a quiet, surprisingly spacious cabin make every drive worthwhile.

The instrument panel and centre console forms are artfully sculpted and offer an effortless interface with the infotainment technologies. All of this creates a first-class cabin experience. Available heated driver and front-passenger seats are perfect for those brisk mornings. You can even start your Encore from a distance, thanks to the available remote vehicle starter system that also lets you activate the climate-control system.

- A fully integrated instrument panel flows across the interior and incorporates a new gauge cluster with a 107 mm diagonal colour Driver Information Centre.
- The centre console blends with the instrument panel to offer more intuitive access to controls for the audio and climate systems, along with the frameless 203 mm diagonal colour touch-screen.
- Buick's QuietTuning and Bose Active Noise Cancellation technologies help keep the cabin quiet enough for relaxed conversations.
- Use your voice to play your favourite music or make hands-free calls on the Buick IntelliLink¹ system.

INTUITIVE

LET YOUR VOICE BE HEARD. IT'S ALL YOU NEED TO ACTIVATE FEATURES OF ENCORE'S ADVANCED AUDIO AND INTEGRATED SMARTPHONE SYSTEMS.

New for 2017, Encore now offers Apple CarPlay™ and Android Audio™ compatibility.¹ With Apple CarPlay,™ select apps you love on your iPhone® come alive through Siri® or the built-in display. And Buick IntelliLink² includes available audio features that can be managed three ways: using the 203 mm diagonal Colour Touch Radio screen, steering-wheel-mounted controls or intuitive enhanced language voice commands. Your voice commands come through clearly, too, thanks to QuietTuning, our exclusive process that keeps cabin noise to a minimum.

HOME PAGE PERSONALIZATION

keeps the Buick IntelliLink² features you use most front and centre for access by simply reconfiguring its customizable home page using the colour touch-screen.

BUICK INTELLILINK² offers the

entertainment of SiriusXM Satellite Radio³ with Travel Link, with more than 120 channels, including commercial-free music, plus talk, sports, news, weather and more. Access to Internet radio⁴ is also available, while IntelliLink's customizable app tray allows you to organize the home screen according to your preferences.

¹Vehicle user interfaces are products of Apple® and Google® and their terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. ²Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit intellilink.buick.ca for more details. ³Available in 10 Canadian provinces, three territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca. ⁴Data plan rates apply.

Encore has carved its niche by offering the premium features typically associated with larger luxury SUVs but with greater manoeuvrability. Its size, tight turning radius and standard features such as a Rear Vision Camera mean Encore is ideal for those who live life in the city.

WHITE FROST METALLIC

PROTECT

ENCORE SURROUNDS YOU AND YOUR PASSENGERS
WITH AVAILABLE ADVANCED SAFETY TECHNOLOGIES.

Encore has its priorities in the right place: everywhere. In the new centre-mounted 203 mm diagonal colour touch-screen display, the standard Rear Vision Camera helps you see what's behind your Encore, and available Rear Cross Traffic Alert helps detect oncoming traffic when backing up. Other available confidence-enhancing safety technologies include Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert.

These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

◆ SIDE BLIND ZONE ALERT

■ LANE DEPARTURE WARNING

◆ **SIDE BLIND ZONE ALERT¹** Using radar technology to help you avoid a collision, available Side Blind Zone Alert warns you when vehicles entering your blind zone are detected on either side of your Encore. A warning icon appears in your exterior rear-view mirror.

■ **FORWARD COLLISION ALERT**
When you're approaching a vehicle ahead of you too quickly, available Forward Collision Alert lets you know with both an audio and visual warning. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

■ **LANE DEPARTURE WARNING**
Available Lane Departure Warning provides both an audio and visual alert should the system detect your Encore drifting out of its lane without you first having activated your turn signal.

¹Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

■ **FORWARD COLLISION ALERT**

CONNECT

THE ONSTAR 4G LTE WITH WI-FI® HOTSPOT¹
PROVIDES A POWERFUL CONNECTION.

OnStar 4G LTE with Wi-Fi¹ now travels with you. Stay connected and move effortlessly from home to work to just about anywhere without losing touch. Stream movies and TV on the go, using your favourite apps on your Wi-Fi devices.

The built-in OnStar 4G LTE with Wi-Fi hotspot¹ supports up to seven devices,² so everyone can surf, scan, create, post and game their way through any journey.

Our strong signal means you have a fast and reliable connection. And because the built-in Wi-Fi hotspot is powered by your vehicle, you're not adding to the demand on your mobile device battery.

Your first 3 months or 3 GB of data (whichever comes first) is included with your new Buick. After that, select a data plan from OnStar that's right for you.

¹Visit onstar.ca for coverage maps, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar service and data plan. Data plans provided by AT&T.[®] Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. ²Devices must be WPA2-compliant with an active OnStar service plan and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations.

STANDARD FOR 6 MONTHS, THE ONSTAR GUIDANCE PLAN (TRIAL EXCLUDES HANDS-FREE CALLING MINUTES) LETS YOU CONNECT TO AN ONSTAR ADVISOR JUST BY PUSHING THE BLUE ONSTAR BUTTON IN YOUR ENCORE.

EMERGENCY

Automatic Crash Response²

Depending on the severity of the crash, built-in sensors may automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can't ask for it.

Emergency Services One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

Crisis Assist In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

Roadside Assistance³ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

SECURITY

Stolen Vehicle Assistance⁴ If your vehicle is stolen, once it's been reported, Advisors can work with authorities and can use GPS technology to help pinpoint its location, slow the vehicle if conditions are safe and even prevent it from being restarted. And with Theft Alarm Notification,⁵ if your vehicle alarm sounds, we'll let you know via text, email and/or a phone call. Once you report your vehicle stolen to the police, one simple call puts a team into action to help recover your vehicle quickly and safely.

NAVIGATION

Turn-by-Turn Navigation⁶ Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your vehicle, and a voice calls out every turn. An Advisor can also help you with a database of more than 1 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the myBuick mobile app.⁷

ATYOURSERVICE⁸ Life just got easier and more affordable with the personalized connection of AtYourService. By simply pressing the blue OnStar button, our trusted Advisors can help you locate hotels and even book your room through Priceline.[®] AtYourService offers can be accessed from your vehicle's radio touch-screen, through your myBuick mobile app⁷ or an OnStar Advisor.

VEHICLE MANAGER

Advanced Diagnostics⁹ This feature can alert you when something's going on under the hood. After running a check on your vehicle's key systems, it can send you a monthly Diagnostics Report email or real-time alerts available by email or text, detailing its findings. And with Proactive Alerts (if available), you can get a warning about potential issues with key components such as the battery, fuel pump, fuel pressure sensor and starter motor before they become a problem.

MYBUICK MOBILE APP⁷ Enjoy the ultimate ownership experience through convenient control and management of your vehicle. You can use your compatible smartphone to remotely start your vehicle from virtually any distance, lock or unlock your doors, honk your horn and flash your lights. The services of the myBuick mobile app are included for 5 years on new vehicles at no additional charge. To download the myBuick mobile app to your smartphone, go to the App Store.

REMOTE ACCESS¹⁰ With Remote Access, an OnStar Advisor can send a remote signal to lock or unlock your doors or honk your horn and flash your lights. You can even use your myBuick mobile app⁷ to remote-start the vehicle from virtually anywhere.

ONSTAR HANDS-FREE CALLING¹¹

This available feature is a wireless service built into your vehicle so you can purchase calling minutes to easily make and receive calls from the road.

¹Visit onstar.ca for coverage maps, details and system limitations. Available 4G LTE Wi-Fi requires compatible mobile device, active OnStar service and data plan. Data plans provided by AT&T. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. ²OnStar acts as a link to emergency service providers. Not all vehicles can transmit all crash data. ³Roadside service provided by Allstate Roadside Services. Restrictions apply. ⁴Services vary by model, conditions and geographical and technical restrictions. Visit onstar.ca for details and system limitations. Stolen Vehicle Slowdown and Remote Ignition Block are only available on select 2009 and newer GM vehicles. ⁵Requires an active factory-installed theft-deterrent system, the Security or Guidance Plan and selected notification preference(s). Capability varies by model. Message and data rates may apply. Your vehicle's electrical systems and your smartphone (or other device) must be operative and sending/receiving data via wireless services and GPS satellite signals for the Theft Alarm Notification service to function properly. Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Theft Alarm Notifications are sent only to you. OnStar does not notify police of a Theft Alarm Notification. The Theft Alarm Notification service may alert you to a theft in progress. Always use caution and good judgement. Do not approach the vehicle unless you are certain the situation is safe. OnStar is not responsible for the acts of third parties. See OnStar User Terms and onstar.ca for system limitations. ⁶Requires ABS and Guidance Plan. Visit onstar.ca for coverage maps. Services vary by model. ⁷Available on select Apple,[®] Android, BlackBerry[®] and Windows[®] devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Data rates may apply. Please visit onstar.ca for vehicle availability, system limitations, geographical and technical restrictions and further details. ⁸PRICELINE is a service mark of priceline.com LLC. ⁹Availability and capabilities vary by model. Visit onstar.ca for details and system limitations. Message and data rates may apply. Requires an active OnStar service plan, email address on file and enrolment in Advanced Diagnostics. Diagnostic Alerts are designed to help provide the status of key systems based on information collected from the vehicle. Proactive Alerts are designed to help predict specific types of issues based on information collected from the vehicle. Other factors may affect vehicle performance. Not all issues will deliver alerts. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Diagnostic and Proactive Alerts. ¹⁰Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. Unlock feature requires automatic locks. Remote Start requires a factory-installed and enabled remote-start system. ¹¹OnStar Hands-Free Calling requires an existing OnStar service plan and available prepaid minutes. Not available in certain markets. Calls may be made to the U.S. and Canada only. Minutes good for the specified term or until service plan is terminated, whichever comes first. Visit onstar.ca for coverage maps, details and system limitations (including geographic and technical restrictions).

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.
