ENCLAVE

The sculpted lines flow seamlessly from
front to rear, letting you know this is no ordinary SUV. This is Buick Enclave,
and it's time to **DISCOVER THE
EXTRAORDINARY** story behind it—
and experience for yourself how effortlessly it balances luxury and utility.

ENCLAVE INTERIOR SHOWN IN CHOCCACHINO WITH COCOA ACCENTS AND OPTIONAL EQUIPMENT

HARMONY

THE COMFORT OF ENCLAVE COMES NOT ONLY FROM ITS SUMPTUOUS CABIN, BUT FROM THE CONFIDENT RESPONSE OF ITS PERFORMANCE FEATURES.

Enter its spacious, richly appointed interior and let the Enclave's soft-touch materials, distinctive wood tones, chrome accents and ice-blue ambient lighting reward your senses.

Ready to enjoy the drive? Enclave delivers a powerfully moving performance, thanks to a 3.6L V6 engine with Direct Injection, Variable Valve Timing, 288 hp and 270 lb.-ft. of torque. It's paired with a smooth-shifting electronic 6-speed automatic transmission designed to optimize power and efficiency.

Your power to tame rough roads comes from dual-flow dampers in the suspension system that create a smooth, quiet ride while preserving a precise handling feel. Enclave engages its advanced StabiliTrak technology to help reduce wheel spin and control traction.

- Enclave offers you the warm touch of a heated steering wheel.
- Both driver and front-passenger seats are heated, with available cooling functions.
- The 3.6L V6 engine delivers smooth, robust power for confident response when merging or passing.
- StabiliTrak provides sure-footed traction control during acceleration.

DARK PLUM ACCENTS AND OPTIONAL EQUIPMENT

ACCESS

IN ENCLAVE, THREE ROWS LET
YOU TRAVEL IN FIRST CLASS.

The standard seven-person Enclave features three rows of premium seating. A pair of leather-appointed captain's chairs in the second row are easy to access, with rear doors that open wide. The third row is easily accessible, thanks to a wide pass-through between the captain's chairs. The convenient Smart Slide feature makes moving the second-row seats gently forward simple, so passengers of all ages can manoeuvre easily into the third row.

LISTEN

ENCLAVE LITERALLY RESPONDS
TO THE SOUND OF YOUR VOICE.

Need your Enclave to do something for you? Just ask. Your voice can control the Buick IntelliLink¹ interactive audio system. And speaking naturally, you can command the optional Navigation System² to find what you're looking for—all while keeping your hands on the wheel and eyes on the road.

IntelliLink asks you if you'd like to store your phone contacts for quick access. Then, simply tell it which of your contacts you want to call, and it dials the number.

Your compatible smartphone connects via Bluetooth^{®3} to Enclave's high-resolution, 165 mm diagonal colour touch-screen.

MUSIC ON DEMAND With the ease of enhanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps⁴ on your phone such as Internet radio or Stitcher SmartRadio.^{®4}

SIRIUSXM Enclave includes a 3-month trial of SiriusXM Satellite Radio.⁵ You'll hear with digital clarity 130+ channels of commercial-free music from every genre, live play-by-play sports, the biggest news and talk and the hottest entertainment at your fingertips, 24/7.

USB PORT Enclave comes standard with three USB ports³ and offers an available 120-volt outlet to connect your other electronic devices. So, your digital home life moves seamlessly with you on the road.

¹Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit intellilink.buick.ca for more details. ²At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ³Not compatible with all devices. ⁴Data plan rates apply. ⁵Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca.

A woman with long, wavy brown hair is sitting in a car seat, looking out the window. She is wearing a teal dress and a wide, textured silver bracelet on her right wrist. The car's interior is dark, and the lighting is soft, coming from the window. The text is overlaid on the upper part of the image.

With Bluetooth¹ and USB connectivity,¹ Enclave lets you
USE YOUR COMPATIBLE SMARTPHONE to access

your favourite available music apps² and play music you've downloaded and stored on your phone.

You can hear it all through an available Bose® 10-speaker sound system. Engineered specifically for the Enclave cabin, music sounds full and speech sounds natural.

CONNECT

THE ONSTAR 4G LTE WITH WI-FI® HOTSPOT¹
PROVIDES A POWERFUL CONNECTION.

4G LTE Wi-Fi now travels with you. Stay connected and move effortlessly from home to work without losing touch. Stream movies and TV on the go, using your favourite apps.

The built-in Wi-Fi hotspot¹ supports up to seven devices,² so everyone can surf, scan, create, post and game their way through any journey.

Our strong signal means you have a fast and reliable connection. And because the built-in Wi-Fi hotspot is powered by your vehicle, you're not adding to the demand on your mobile device battery.

Your first 3 months or 3 GB of data (whichever comes first) is included with your new Buick. After that, select a plan from OnStar that's right for you.

¹Visit onstar.ca for coverage maps, details and system limitations. Available Wi-Fi requires compatible mobile device, active OnStar service and data plan. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ²Devices must be WPA2-compliant with an active OnStar service plan and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations.

PROTECT

ENCLAVE SURROUNDS YOU AND YOUR PASSENGERS
WITH AVAILABLE ADVANCED SAFETY TECHNOLOGIES.

Enclave has its priorities in the right place: everywhere. In the centre-mounted information screen, the standard Rear Vision Camera helps you see what's behind your Enclave, and Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. In the High-Intensity Discharge Xenon headlamps, an available articulating feature helps you see around corners. Other available safety features include Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert.

These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

SIDE BLIND ZONE ALERT Using radar technology to help you avoid a collision, Side Blind Zone Alert¹ warns you when vehicles entering your blind zone are detected on either side of your Enclave. A warning icon appears in your exterior rear-view mirror.

FORWARD COLLISION ALERT When you're approaching a vehicle ahead of you too quickly, available Forward Collision Alert lets you know with both an audio and visual warning. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

LANE DEPARTURE WARNING Available Lane Departure Warning provides both an audio and visual alert should your Enclave drift out of its lane without you first having activated your turn signal.

FRONT CENTRE AIRBAG Among Enclave's seven standard airbags² is the industry's first front centre airbag. It offers a new level of confidence to both you and your front passenger alike.

■ FORWARD COLLISION ALERT

¹Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards and start the turn signal. ²Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information.

Rain, sleet or snow?

No problem. An **AVAILABLE ALL-WHEEL-DRIVE SYSTEM** (AWD) constantly monitors traction at all four wheels. If the AWD detects that a wheel is slipping, it redirects power to the wheel(s) with the best grip. In low-traction situations, it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel.

And what if the roads are dry? Even then, you'll feel the performance and handling benefits of the available AWD system.

EDITIONS

FOR 2017, ENCLAVE BRONZE EDITION AND ENCLAVE SPORT TOURING OFFER TWO DISTINCT EXPRESSIONS OF BUICK LUXURY.

While every Enclave is designed to make you feel special, the Bronze Edition and Sport Touring create a sense of premium luxury that's unique.

BRONZE EDITION The Bronze Edition is available exclusively with premium paint choices White Frost Tricoat, Dark Chocolate Metallic or Ebony Twilight Metallic. The Enclave Bronze Edition includes 20-inch chrome-clad wheels with bronze pockets, a waterfall grille clad in bronze and an available power sunroof with rear fixed skylight.

SPORT TOURING Luxury and sport come together perfectly in the Enclave Sport Touring. We gave Enclave a satin black ice waterfall grille and 20-inch chrome-clad wheels with satin black ice pockets to transform what is anything but an ordinary SUV into an extraordinary one—the new Enclave Sport Touring.

STANDARD FOR 6 MONTHS, THE ONSTAR GUIDANCE PLAN (TRIAL EXCLUDES HANDS-FREE CALLING MINUTES) LETS YOU CONNECT TO AN ONSTAR ADVISOR JUST BY PUSHING THE BLUE ONSTAR BUTTON IN YOUR ENCLAVE.

EMERGENCY

Automatic Crash Response²

Depending on the severity of the crash, built-in sensors may automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can't ask for it.

Emergency Services One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

Crisis Assist In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

Roadside Assistance³ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

SECURITY

Stolen Vehicle Assistance⁴ If your car is stolen, once it's been reported, Advisors can work with authorities and use GPS technology to pinpoint its location, slow the vehicle if conditions are safe and even prevent it from being restarted. And with Theft Alarm Notification,⁵ if your car alarm sounds, we'll let you know via text, email and/or a phone call. One simple call puts a team into action to help recover your car quickly and safely.

NAVIGATION

Turn-by-Turn Navigation⁶ Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of more than 1 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the myBuick mobile app.⁷

AT YOUR SERVICE⁸

Life just got easier and more affordable with the personalized connection of AtYourService. By simply pressing the blue OnStar button, our trusted Advisors can help you locate hotels and even book your room through Priceline.⁹ AtYourService offers can be accessed from your vehicle's radio touch-screen, through your myBuick mobile app⁷ or an OnStar Advisor.

VEHICLE MANAGER

Advanced Diagnostics⁹ This feature can alert you when something's going on under the hood. After running a check on your vehicle's key systems, it can send you a monthly Diagnostics Report email or real-time alerts available by email or text, detailing its findings. And with Proactive Alerts (if available), you can get a warning about potential issues with key components such as the battery, fuel pump, fuel pressure sensor and starter motor before they become a problem.

MYBUICK MOBILE APP⁷

Enjoy the ultimate ownership experience through convenient control and management of your vehicle. You can remotely start your vehicle from virtually any distance, lock or unlock your doors, honk your horn and flash your lights. The services of the myBuick mobile app are included for 5 years on new vehicles at no additional charge. To download the myBuick mobile app to your smartphone, go to the App Store.

REMOTE ACCESS¹⁰ With Remote Access, an OnStar Advisor can send a remote signal to lock or unlock your doors or honk your horn and flash your lights. You can even use your myBuick mobile app⁷ to remote-start the vehicle from virtually anywhere.

ONSTAR HANDS-FREE CALLING¹¹

This feature is a wireless service built-in to your vehicle so you can easily make and receive calls from the road.

¹Visit onstar.ca for coverage maps, details and system limitations. Available Wi-Fi requires compatible mobile device, active OnStar service and data plan. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets.
