# LACROSSE

# WHEN WILL YOUR EXPECTATIONS BE SHATTERED?

When you experience the 2016 Buick LaCrosse. What sets it apart from other luxury sedans is how LaCrosse blends comfort, technology and performance innovations to create a car of exceptional substance and style. Advanced available safety features—including Lane Change Alert, Lane Departure Warning, Forward Collision Alert and the Safety Alert Seat—surround you with security. An available All-Wheel-Drive (AWD) system heightens your confidence.

## WHEN YOU'RE IN CONTROL

Settle into the available premium leather-appointed seating. Ice-blue ambient lighting and the soft-touch instrument panel surround you to make your ride more comfortable and enjoyable. Below the centre screen, the dual-zone climate controls and available heated and ventilated front seats can be easily controlled by using intuitive capacitive touch controls, meaning fewer buttons and putting every control just where you need it.

LIGHT NEUTRAL LEATHER-APPOINTED SEATING

## WHEN THE MOOD IS RELAXED

Your passengers' comfort isn't left to chance, either. In fact, our engineers designed first-class rear seating in this luxury sedan to have more rear leg room than even the Lexus ES 350, Acura TLX and Infiniti Q70 sedans. Settle into a place where the noise of the world falls away and you can enjoy hearing the sounds you prefer—a favourite song, a good conversation or simply the smooth acceleration of the engine.

# WHEN 4G LTE WI-FI CONNECTS YOU

In the 2016 LaCrosse, OnStar<sup>1</sup> with 4G LTE and a built-in Wi-Fi<sup>®</sup> hotspot turn your LaCrosse into a reliable mobile hub, with great signal quality and bandwidth. This technology provides a fast way for your passengers to tap into available high-speed wireless Internet. They can connect up to seven mobile devices<sup>2</sup> to browse websites, stream movies, send e-mails and more.

## CONNECTIONS

**OnStar with 4G LTE Connection<sup>1</sup>** With powerful 4G LTE connectivity built right into your vehicle, you have your very own mobile command centre that provides fast service delivery and lets you stay connected on the go.

**Available Wi-Fi Hotspot** Now your car has its own Wi-Fi hotspot for connecting up to seven tablets, laptops or mobile devices<sup>2</sup> at great speeds, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3 GB trial period (whichever comes first).

**Remote Services<sup>3</sup>** A simple call to an OnStar Advisor can send a signal to unlock your doors or honk the horn and flash the lights. It's technology hard at work to get you back on the road.

**Hands-Free Calling<sup>4</sup>** Your car has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn't available. Choose from minute bundles or a minutes-per-month plan.

**OnStar RemoteLink Mobile App<sup>5</sup>** You can remotely start your vehicle from virtually any distance, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights. With RemoteLink, you can control your car from anywhere you can get a signal.

**AtYourService<sup>6</sup>** OnStar AtYourService is a new way to discover value in the places you go. You get special offers delivered directly to your RemoteLink mobile app or through a simple press of the blue OnStar button. AtYourService makes where you go and what you do more rewarding.

## WHEN IT'S MUSIC TO YOUR EARS

With Bluetooth®<sup>1</sup> and USB connectivity,<sup>1</sup> LaCrosse lets you use your smartphone to access your favourite available music apps,<sup>2</sup> such as Stitcher SmarRadio®, and play music you've downloaded and stored on your phone. And you can hear it all through an available Bose® 11-speaker sound system. Engineered specifically for the LaCrosse cabin, music sounds full and detailed.

# WHEN THE ROAD IS CALLING

Use your voice to control the Buick IntelliLink<sup>1</sup> interactive audio system or have the optional Navigation System<sup>2</sup> guide you to what you're looking for. Your compatible smartphone connects via Bluetooth<sup>3</sup> to LaCrosse's high-resolution, 203 mm diagonal LCD screen. You're doing all of this while keeping your hands on the wheel and eyes squarely on the road.

---

#### MUSIC ON DEMAND

With the ease of enhanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps<sup>4</sup> on your phone such as Stitcher SmartRadio.<sup>®</sup>

---

#### SIRIUSXM

LaCrosse comes with a 3-month trial of SiriusXM Satellite Radio.<sup>5</sup> You'll hear with digital clarity 120+ channels of commercial-free music from every genre, live play-by-play sports, the biggest news and talk and the hottest entertainment at your fingertips, 24/7.

---

#### STAY IN CONTACT

IntelliLink<sup>1</sup> automatically stores your phone contacts for quick access. Simply tell it which of your contacts you want to call, and it dials the number.

---

#### APPLE CARPLAY<sup>™</sup>

New for 2016 is support for Apple CarPlay.<sup>™6</sup> It's a smart way to use your iPhone<sup>®</sup> inside your LaCrosse. Now many of the functions you use your phone for—entertainment, communication and directions—appear on the LaCrosse LCD screen.

<sup>1</sup>Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit [intellilink.buick.ca](http://intellilink.buick.ca) for more details. <sup>2</sup>At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. <sup>3</sup>Not compatible with all devices. <sup>4</sup>Data plan rates apply. <sup>5</sup>Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at [siriusxm.ca](http://siriusxm.ca). <sup>6</sup>Vehicle user interface is a product of Apple<sup>®</sup> and Apple's<sup>®</sup> terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply.

# WHEN PROTECTION HAS YOU SURROUNDED

LaCrosse has its priorities in the right place: everywhere. In the centre-mounted information screen, the standard Rear Vision Camera helps you see what's behind your LaCrosse, and available Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. And on the opposite page, you can read about available safety features such as Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert. These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

#### FORWARD COLLISION ALERT

When you're approaching a vehicle ahead too quickly, Forward Collision Alert lets you know with audio and visual warnings, plus a gentle vibration of the driver's seat. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

#### REAR CROSS TRAFFIC ALERT

A camera in the rear captures a view behind the car, while radar sensors detect vehicles approaching from the left or right within 20 metres. The system alerts you audibly and by flashing a warning signal on the Rear Vision Camera screen. And if equipped with the Safety Alert Seat, the left or right side of the driver's seat bottom will vibrate.

#### SIDE BLIND ZONE ALERT

Using radar technology to help you avoid a collision, Side Blind Zone Alert<sup>1</sup> warns you when vehicles entering your blind zone are detected by sensors on either side of your LaCrosse. A warning icon appears in your outside rearview mirror.

#### LANE DEPARTURE WARNING

Lane Departure Warning provides both an audio and visual alert should your LaCrosse drift out of its lane without you first having activated your turn signal.

<sup>1</sup>Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

## WHEN POWER MEETS POISE

LaCrosse is available with an ALL-WHEEL-DRIVE (AWD) system that offers enhanced traction. Combined with an electronic limited-slip differential, AWD helps maximize traction by sending power to the wheel(s) with the most grip. In low-traction situations—such as rain, sleet or snow—it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel. And on dry roads, the benefits include enhanced acceleration, providing torque to all four wheels.

Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. <sup>7</sup>Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. <sup>8</sup>At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. <sup>9</sup>Fuel-consumption ratings based on GM testing in accordance with Government of Canada approved test methods.
