2016 BUICK

ENCLAVE

WHEN WILL YOUR EXPECTATIONS BE SHATTERED?

When you experience the 2016 Buick Enclave. That's when everything you thought you knew about Buick begins to change. With its sculpted lines flowing seamlessly from front to rear, it's clear that Enclave is no ordinary SUV. Signature LED-accented headlamps and taillamps hint at the powerful technology that awaits you within.

SPARKLING SILVER METALLIC

WHEN YOU ENJOY A WARM WELCOME

Enter its spacious, richly appointed interior and let the Enclave's soft-touch materials, distinctive wood tones, chrome accents and ice-blue ambient lighting reward your senses. Enclave even offers you the warm touch of a heated steering wheel. And both driver and front-passenger seats are heated with available cooling functions.

WHEN ALL THREE ROWS
ARE FIRST CLASS

CHOCACHINO INTERIOR

The standard seven-person Enclave features three rows of premium seating. A pair of leather-appointed captain's chairs in the second row is easy to access, with rear doors that open wide. The third row is easily accessible, thanks to a wide pass-through between the captain's chairs. The convenient Smart Slide feature makes moving the second-row seats gently forward simple, so passengers of all ages can manoeuvre easily into the third row.

WHEN 4G LTE WI-FI CONNECTS YOU

In the 2016 Enclave, OnStar¹ with 4G LTE and a built-in Wi-Fi[®] hotspot turn your Enclave into a reliable mobile hub, with great signal quality and bandwidth. This technology provides a fast way for your passengers to tap into available high-speed wireless Internet. They can connect up to seven mobile devices² to browse websites, stream movies, send e-mails and more.

CONNECTIONS

OnStar with 4G LTE Connection¹ With powerful 4G LTE connectivity built right into your vehicle, you have your very own mobile command centre that provides fast service delivery and lets you stay connected on the go.

Available Wi-Fi Hotspot Now your car has its own Wi-Fi hotspot for connecting up to seven tablets, laptops or mobile devices² at great speeds, so the content you crave is always headed where you are. Requires a data plan after the 3-month or 3 GB trial period (whichever comes first).

Remote Services³ A simple call to an OnStar Advisor can send a signal to unlock your doors or honk the horn and flash the lights. It's technology hard at work to get you back on the road.

Hands-Free Calling⁴ Your car has built-in Hands-Free Calling to help keep you safely connected when your cell phone isn't available. Choose from minute bundles or a minutes-per-month plan.

OnStar RemoteLink Mobile App⁵ You can remotely start your vehicle from virtually any distance, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights. With RemoteLink, you can control your car from anywhere you can get a signal.

AtYourService⁶ OnStar AtYourService is a new way to discover value in the places you go. You get special offers delivered directly to your RemoteLink mobile app or through a simple press of the blue OnStar button. AtYourService makes where you go and what you do more rewarding.

¹Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ²Devices must be WPA2-compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ³Visit onstar.ca for coverage maps, details and system limitations. Services vary by model and conditions. Unlock feature requires automatic locks. Remote start requires factory-installed and -enabled remote start system. ⁴OnStar Hands-Free Calling requires an existing OnStar service plan and available prepaid minutes. Not available in certain markets. Calls may be made to the U.S. and Canada only. Minutes good for the specified term or until service plan expires, whichever comes first. Visit onstar.ca for coverage maps, details and system limitations (including geographic and technical restrictions). ⁵Available on select Apple[®], Android[™], BlackBerry[®] and Windows[®] devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Please visit onstar.ca for vehicle availability, system limitations, geographical and technical restrictions and further details. ⁶Third-party trademarks are the property of their respective third-party owners, used under agreement.

WHEN THE ROAD IS CALLING

Use your voice to control the Buick IntelliLink¹ interactive audio system or have the optional Navigation System² guide you to what you're looking for. Your compatible smartphone connects via Bluetooth^{®3} to Enclave's high-resolution, 165 mm diagonal colour touch-screen. You're doing all of this while keeping your hands on the wheel and eyes squarely on the road.

MUSIC ON DEMAND

With the ease of enhanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps on your phone such as Stitcher SmartRadio.^{®4}

SIRIUSXM

Enclave comes with a 3-month trial of SiriusXM Satellite Radio.⁵ You'll hear with digital clarity 120+ channels of commercial-free music from every genre, live play-by-play sports, the biggest news and talk and the hottest entertainment at your fingertips, 24/7.

STAY IN CONTACT

IntelliLink¹ automatically stores your phone contacts for quick access. Simply tell it which of your contacts you want to call, and it dials the number.

USB PORT

Enclave comes standard with three USB ports³ and offers an available 120-volt outlet to connect your other electronic devices. So your digital home life moves seamlessly with you on the road.

¹Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit intellilink.buick.ca for more details. ²At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ³Not compatible with all devices. ⁴Data plan rates apply. ⁵Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca.

WHEN IT'S MUSIC TO YOUR EARS

With Bluetooth¹ and USB connectivity,¹ Enclave lets you use your smartphone to access your favourite available apps and play music you've downloaded and stored on your phone. You can hear it all through an available Bose® 10-speaker sound system. Engineered specifically for the Enclave cabin, music sounds full and detailed, speech sounds natural and the system even approaches live performance levels without distortion.

¹Not compatible with all devices.

WHEN POWER IS IN YOUR GRIP

Enclave's available All-Wheel Drive (AWD) constantly monitors traction at all four wheels. If it detects slip, power is delivered to the wheel(s) with the best grip. In low-traction situations—such as rain, sleet or snow—it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel. On dry roads, performance and handling benefits such as enhanced acceleration and torque reach all four wheels.

WHEN PROTECTION HAS YOU SURROUNDED

Enclave has its priorities in the right place: everywhere. In the centre-mounted information screen, the standard Rear Vision Camera helps you see what's behind your Enclave, and Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. In the High-Intensity Discharge Xenon headlamps, where an available articulating feature helps you see better around corners. And on the opposite page, you can read about Side Blind Zone Alert and available safety features such as Forward Collision Alert and Lane Departure Warning. These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

FORWARD COLLISION ALERT

When you're approaching a vehicle ahead too quickly, Forward Collision Alert lets you know with both audio and visual warnings, plus a gentle vibration of the driver's seat. Consider it a high-tech way of reminding you to slow down and enjoy the ride.

FRONT CENTRE AIRBAG

Among Enclave's seven standard airbags¹ is the industry's first front centre airbag. It offers a new level of confidence to both you and your front passenger alike.

SIDE BLIND ZONE ALERT

Using radar technology to help you avoid a collision, Side Blind Zone Alert² warns you when vehicles entering your blind zone are detected by sensors on either side of your Enclave. A warning icon appears in your outside rearview mirror.

LANE DEPARTURE WARNING

Lane Departure Warning provides both an audio and visual alert should your Enclave drift out of its lane without you first having activated your turn signal.

¹Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. ²Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

WHEN YOU'RE FEELING SPONTANEOUS

Enclave offers the space and versatility to adapt to whatever's next. The standard power liftgate makes it easy to load Enclave's cargo area with everything you and your crew need for an extended adventure. If it's just the two of you getting away for the weekend, simply flip the third row down, lower the second row and you've created a cavernous 3263 litres of level storage capacity.¹

Need to carry more? Enclave offers a 2041 kg towing² capacity with an optional trailering package that includes a heavy-duty cooling system and a 51 mm receiver hitch for mounting a bike rack or towing a trailer.

WHITE FROST TRICOAT
shown with Premium Group and optional equipment.

¹Cargo and load capacity limited by weight and distribution. ²Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

BRONZE EDITION

2016 ENCLAVE BRONZE EDITION

Introducing the Enclave Bronze Edition. Available exclusively with premium paint choices White Frost Tricoat, Dark Chocolate Metallic or Ebony Twilight Metallic, the Enclave Bronze Edition includes 20" chrome-clad cast-aluminum wheels with bronze pockets, a waterfall grille clad in bronze and an available power sunroof with rear fixed skylight.

DARK CHOCOLATE METALLIC

WHEN CONVERSATION IS AN ART

CHOCACHINO INTERIOR

AND QUIET IS A SCIENCE

Close the doors of Enclave behind you and enter a hushed sanctuary that helps keep the noisy world outside at bay. Buick engineered Enclave using QuietTuning, a technology that helps reduce, block and absorb noise and vibration in the cabin, so it's the ideal environment for good conversation. Prefer to enjoy music, instead? The available Bose 10-speaker sound system was tuned to the acoustics of the Enclave interior. You'll feel like you're seated in a concert hall.

WHITE FROST TRICOAT

WHEN DAYS ARE SEIZED

Enclave delivers a powerfully moving performance, thanks to a 3.6L V6 engine with Direct Injection, Variable Valve Timing, 288 hp and 270 lb.-ft. of torque. It's paired with a smooth-shifting electronic 6-speed automatic transmission designed to optimize power and efficiency.

Your power to tame rough roads comes from dual-flow dampers in the suspension system that create a smooth, quiet ride while preserving a precise handling feel. Enclave engages its advanced StabiliTrak technology to help reduce wheel spin and control traction to help keep you on course when the going gets slippery.

WHEN YOU MAKE ENCLAVE YOURS

Order your Enclave with Buick accessories designed and crafted to meet Buick's high standards—and yours. Be sure to consider the Roof Rack Cross Rail Package. The cross rails—available in Black or Bright Anodized, each with chrome end caps—are an essential component for many of the accessories featured below.
