

REGAL

2015 BUICK

WHEN CURVES ARE YOUR CRAVING

Design, performance, technology and safety: In the highly competitive world of sport sedans, you've got to deliver across the board. In Buick Regal, you'll sense an intensity reflected in the available LED illumination of its wraparound headlamps and taillamps. Regal GS and Regal Turbo models are available with All-Wheel Drive (AWD). Combined with an electronic limited-slip differential, AWD helps maximize traction by sending power to the wheel(s) with the most grip. And on Regal GS, put its class-exclusive¹ Interactive Drive Control System in GS or Sport mode, and Regal GS adapts its available AWD to send more of its torque to the rear wheels, enhancing the performance driving characteristics expected from a GS.

WHEN PRECISION PROPELS YOU

A 259-hp 2.0L Turbo DOHC DI 4-cylinder engine delivers 90 percent of its 295-lb.-ft. peak torque from 3000 rpm to 4000 rpm for power on demand. It's the kind of low-rpm punch that makes pulling away from stoplights a guilty pleasure. Need to accelerate up a freeway on-ramp and merge into the traffic flow? The engine's twin-scroll turbo design pours on the torque as you reach highway cruising speeds.

WHEN ELECTRICITY ASSISTS YOU

eAssist is a fuel-saving engine technology available on Regal. As the name implies, it uses a compact electric motor/generator and an advanced lithium-ion battery to assist Regal and its 2.4L DOHC DI four-cylinder gasoline engine by conserving fuel in certain situations. When Regal brakes to a stop, such as at a red light, eAssist switches its power source from the gasoline engine to the electric motor. It returns to gas power the instant the driver's foot leaves the brake pedal. eAssist also captures and stores energy in the battery as you coast or brake. This energy is used to run accessories when Regal is stopped with the engine in auto stop mode. When needed, the stored energy also powers the electric motor, increasing the horsepower and torque of the 2.4L engine for enviable fuel efficiency of 6.5 L/100 km highway.¹

WHEN THE FOCUS IS SHARP

Slip behind the wheel of a Regal GS and you'll quickly realize this is a driver's car. You'll notice buttons centred atop the dash marked GS and Sport. They're part of the Interactive Drive Control System, available on Regal GS. Two driver-selectable modes — Sport or GS — adapt the ride and handling of Regal GS to your driving style in real time. At high speeds, steering, suspension and transmission adjust to optimize stability during sweeping curves. In GS mode, the system tightens handling response even further.

WHEN YOUR
WORD IS A
COMMAND

The Buick IntelliLink¹ infotainment system keeps drivers' eyes on the road and their hands on the wheel. Control audio and available navigation² with IntelliLink via voice commands or the 203 mm (8") diagonal colour touch-screen display. Enhanced voice recognition allows for intuitive commands, such as "Call my office." Or to navigate content, you simply use touch, drag and swipe gestures. With app tray customization, you can keep your frequently used features at your fingertips. Keep tabs on your favourites with 60 presets of music, equalizer settings, contacts and destinations.

¹Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. Visit intellilink.buick.ca for more details.

²At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

ONSTAR 4G LTE

WHEN LIFE
GOES MOBILE

The next generation of OnStar brings you 4G LTE.¹ The all-new available technology provides your Regal with a fast, reliable available Wi-Fi hotspot. Passengers can tap into available high-speed wireless Internet and connect up to seven mobile devices to browse Web sites, stream movies, send e-mails and more. OnStar with 4G LTE and a built-in Wi-Fi hotspot turn your vehicle into a reliable mobile hub, with great signal quality and bandwidth.

¹Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms).

WHEN MUSIC IS YOUR ESCAPE

We know how much your music means to you. That's why Regal gives you so many ways to enjoy it. You can save up to 60 presets of your favourite music, listen to selections from your MP3 music library or stream available Internet radio from your compatible smartphone.¹ Plus the built-in Bluetooth² lets you play music wirelessly. And since Regal is available with Bose premium audio, the music you choose will sound especially rich, reproduced with deep bass, complex midrange and clean, crisp highs.

¹Data plan rates apply. ²Not compatible with all devices.

SAFETY

WHEN SAFETY IS YOUR PRIORITY

Regal offers a full suite of safety innovations. Available FORWARD COLLISION ALERT notifies the driver of a potential collision with a vehicle ahead. If necessary, available FRONT AUTOMATIC BRAKING can even automatically apply the brakes if it detects you may not be reacting quickly enough to this threat. The available ADAPTIVE CRUISE CONTROL automatically adjusts the vehicle speed to maintain a driver-selected following gap to vehicles ahead, even in stop-and-go traffic. LANE CHANGE ALERT is an available feature included with SIDE BLIND ZONE ALERT. Together, they warn you of vehicles in the next lane approaching fast from behind and of vehicles in your side blind zones. And to help you avoid unintentional slow lane drifts, available LANE DEPARTURE WARNING reads the lane markings at speeds above 56 km/h (35 mph). If you haven't put on your turn signal and the system senses your car departs its lane, it flashes a yellow icon to alert you. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

WHEN YOUR BACK IS COVERED

Available REAR CROSS TRAFFIC ALERT helps you know something is headed your way when backing up. A camera in the rear captures a view behind the car, while radar sensors detect vehicles approaching from the left or right within 19.8 m (65 ft.). The system alerts you with an audible “beep” and by flashing a warning signal on the REAR VISION CAMERA screen.

WHEN APPS LINK YOU

The 2015 Regal comes with a 5-year OnStar Basic Plan.¹ This standard plan gives you access to the RemoteLink Key Fob Services,¹ which let you lock and unlock your car doors, activate the horn and lights and even start your Regal remotely from your smartphone or tablet. Plus, get OnStar Vehicle Diagnostics and Dealer Maintenance Notification to make service scheduling simple. Along with the 5-year OnStar Basic Plan, you'll also receive a 6-month trial of the Directions & Connections Plan² that includes Automatic Crash Response, Emergency Services, Stolen Vehicle Assistance, Live Advisor Assistance and available Hands-Free Calling.

¹Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any Emergency Services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, or if your vehicle is sold, you must contact OnStar at 1.888.4.ONSTAR (1.888.466.7827). Subsequent owners will be able to activate the remaining term. ²Visit onstar.ca for coverage maps, details and system limitations. After complimentary trial period, an active OnStar service plan is required.

¹ IntelliLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit intellilink.buick.ca for more details. ² Not compatible with all devices. ³ Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca. ⁴ Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms). ⁵ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and child safety seat instructions for more safety information. ⁶ Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required. ⁷ At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁸ 2015 Regal fuel consumption estimates based on GM preliminary testing in accordance with new 2015 model-year Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary. ⁹ Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details. ¹⁰ Cargo and load capacity limited by weight and distribution.
