INTERIOR

DARK PLUM INTERIOR

Enjoy a warm welcome: For 2015, Enclave offers you the soothing touch of a heated steering wheel. And both driver and front-passenger seats are available with heating and cooling functions. So slide in and let the Enclave interior's soft-to-the-touch materials, distinctive wood tones, chrome accents and ice-blue ambient lighting reward your senses.

WHEN THE ROAD IS CALLING AND SO ARE YOUR FRIENDS

Enclave understands you want to stay connected when you're on the road. To help you keep your hands on the wheel and eyes on the road, Buick IntelliLink¹ lets you call up music, news, sports and other features — using only simple voice commands. IntelliLink easily stores your mobile phone contacts, and you can make hands-free calls. Bluetooth^{®2} connects your compatible smartphone to Enclave's high-resolution touch-screen. There's even a text-to-speech feature that takes the incoming texts to your phone and reads them back to you.

¹IntelliLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. IntelliLink on Enclave does not include Gracenote[®] functionality. Visit intellilink.buick.ca for more details. ²Not compatible with all devices.

Enclave helps you orchestrate your music, your way. Bluetooth¹ pairs Enclave's audio system with your compatible devices like smartphones or MP3 players. (There's also a USB port¹ to directly connect your devices.) With simple voice commands or steering-wheel-mounted controls, you can access available media apps on your smartphone such as Stitcher SmartRadio^{®2} and SiriusXM Satellite Radio³ (3-month trial included). Best of all, you can hear your selections played through the available Bose[®] performance-enhanced premium 10-speaker sound system. So you'll hear every note, maestro.

¹Not compatible with all devices. ²Data plan rates apply. ³Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details.

ALL-WHEEL DRIVE

WHEN POWER MEETS POISE

Enclave's available All-Wheel Drive (AWD) constantly monitors traction at all four wheels. If it detects slip, power is delivered to the wheel(s) with the best grip. In low-traction situations — like rain, sleet or snow — it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel. And on dry roads, performance and handling benefits such as enhanced acceleration and torque reach all four wheels. Enclave's power comes from a 3.6L V6 with Direct Injection, Variable Valve Timing, 288 hp and 270 lb.-ft. of torque. It's paired with an electronically controlled 6-speed automatic transmission that seamlessly shifts into the right gear for optimal performance and efficiency.

WHEN SAFETY
IS YOUR PRIORITY

Enclave has its priorities in the right place: In the centre-mounted information screen, where the standard Rear Vision Camera helps you see what's behind your Enclave, and Rear Cross Traffic Alert helps make you aware of oncoming traffic when backing up. In the High-Intensity Discharge Xenon headlamps, where an available articulating feature helps you see better around corners. And in the driver's seat, where an industry-first inboard seat-mounted side-impact air bag¹ adds another layer of protection in side impacts. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

¹A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

SIDE BLIND ZONE ALERT

DRIVER ALERT FEATURES

Enclave comes standard with Side Blind Zone Alert.¹ When it detects a vehicle in its side-mirror blind spot, it alerts drivers via a warning icon in the side mirror. The available Lane Departure Warning feature alerts drivers if they drift out of their lane unintentionally without the turn signal on. Also available: Forward Collision Alert, which warns drivers with a visual display if they are approaching a vehicle directly ahead too quickly.

¹Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

ONSTAR REMOTELINK APP¹

ONSTAR² SERVICES

The 2015 Enclave comes with a 5-year OnStar² Basic Plan. This standard service gives you access to the available RemoteLink Mobile App,¹ which lets you lock, unlock and even start your Enclave remotely from your smartphone or tablet. You'll also be able to stay tuned in to your vehicle's health with OnStar Vehicle Diagnostics and Dealer Maintenance Notification. Along with the 5-year OnStar Basic Plan, you'll also receive a 6-month trial period to the Directions & Connections Plan that includes Turn-by-Turn Navigation, Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, Live Advisor Service and Hands-Free Calling.³

¹Remote features will only work if vehicle has started within 5 days. Available on select Apple,® Android,™ BlackBerry® and Windows® devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan. ²Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. After the trial period, an active OnStar service plan is required. Customers will be able to access this service only if they accept the OnStar User Terms and Privacy Statement (including software terms). ³OnStar Hands-Free Calling requires an existing OnStar service plan and prepaid minutes. WHEN THREE ROWS
ARE FIRST CLASS

CARGO SPACE

WHEN DOORS OPEN NEW POSSIBILITIES

Some days you're spontaneous. Others, you have perfectly planned. Enclave offers the space and versatility to adapt to whatever's next. The standard power liftgate makes it easy to load Enclave's cargo area with everything you and your crew need for an extended adventure. And if it's just the two of you getting away for the weekend, simply flip the third row down, lower the second row and you've created a cavernous 3263 litres¹ (115.2 cu. ft.) of level storage capacity.

¹Cargo and load capacity limited by weight and distribution.

CHOCCACHINO INTERIOR

The standard seven-passenger Enclave features three rows of premium seating. A pair of leather-appointed captain's chairs in the second row is easy to access, thanks to rear doors that open wide. The third row is easily accessible by children as well as adults. Between the captain's chairs, there's a wide pass-through. And with the convenient Smart Slide feature, moving the second-row seats gently forward is simple, so passengers of all ages can manoeuvre easily into the third row.

QUIETTUNING

A woman with long, wavy hair is smiling and looking towards the camera while driving a car. A hand is resting on her shoulder from the side. The scene is lit with warm, golden sunlight coming through the car windows.

WHEN CONVERSATION
IS AN ART

AND QUIET IS A SCIENCE

Close the doors of Enclave behind you and enter a hushed sanctuary that keeps the noisy world outside at bay. Buick engineered Enclave using QuietTuning, a technology that helps reduce, block and absorb noise and vibration in the cabin, so it's the ideal environment for good conversation. Prefer to enjoy music, instead? The available Bose 10-speaker sound system was tuned to the acoustics of the Enclave interior. You'll feel like you're seated in a concert hall.
