

# 2014 BUICK ENCORE

LUXURY THAT FITS YOUR LIFE.  
ALL IN A SIZE THAT FITS YOU.

Vehicles shown may contain optional equipment.

WHITE PEARL TRICOAT

# THE NEXT BIG THING IN LUXURY IS SMALL.

With you as inspiration, Buick created Encore. It's not only sized to fit tight spaces and crowded streets, but your life as well. A versatile crossover that's as adaptable as you are. Quickly discover how it turns "nimble" into an active verb, giving you luxury, utility and comfort without all the bulk. Making Encore the travel companion you've always wanted.

## THE FAMILY RESEMBLANCE IS QUITE STRIKING.

Encore has Buick signature design cues like a waterfall grille, ice-blue-accented projector-beam headlamps and chrome portholes. From sketch to sheet metal, Encore carves out its own blend of Buick style and confidence in a decidedly efficient package. Large 18" aluminum wheels are standard, or there are optional chrome wheels. Either way, this is a new style of luxury designed to fit almost anywhere. Enjoy.

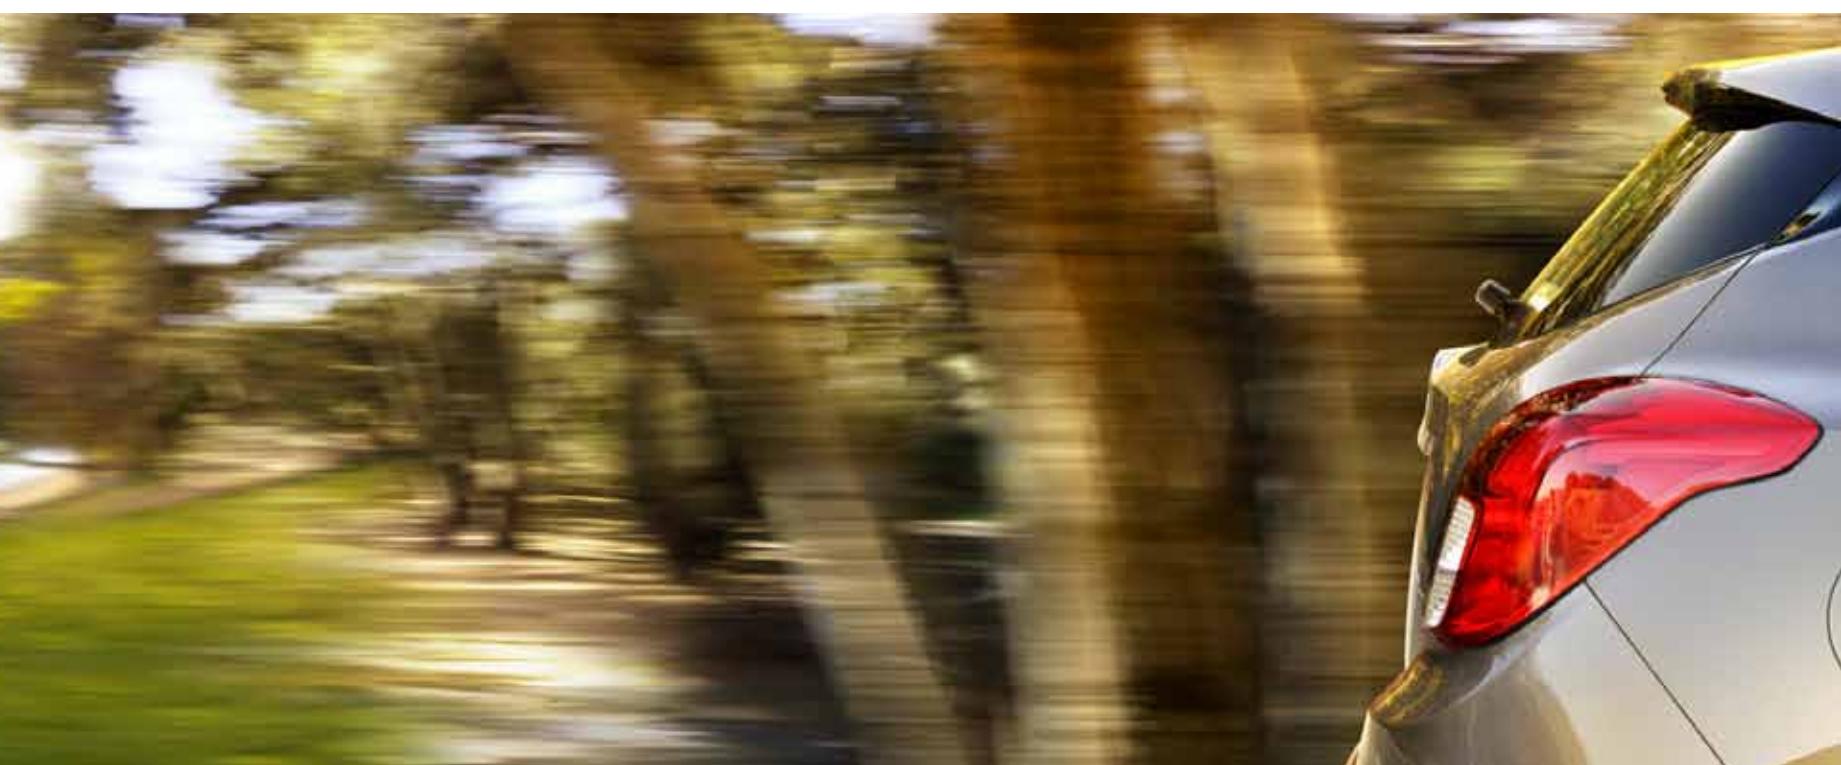

WHITE PEARL TRICOAT

## IT'S AMAZING WHAT YOU CAN DO WHEN ALL WHEELS COLLABORATE.

Encore's available All-Wheel Drive (AWD) system doesn't ask you to push buttons. It constantly monitors traction, and whenever it detects slip, AWD is automatically activated. Power is delivered to the front or rear wheels with the best grip. To help maneuver city streets and winding country roads, Encore's handling is beyond nimble. Its 36.7-foot turning diameter and variable-effort electronic power steering enable quick, precise moves. Its 100.6-inch wheelbase and broad 60.6-inch stance also provide a confident driving feel, while a solid structure enables a refined, quiet ride.

# EIGHT LUXURIOUS COLORS. ONE STYLISH CROSSOVER.

Your Encore should reflect your personality and style. So, go ahead.

Open the fold and select the color and wheels that speak to you.

## HEAR WHAT QUIET SOUNDS LIKE.

Encore's QuietTuning technology reduces, blocks and absorbs noise—helping to keep the quiet in and the noise out. A laminated windshield, triple door seals and tight body panel tolerances make it all possible. But we didn't stop there. Bose® Active Noise Cancellation is standard. Unwanted sounds fade into the background, thanks to technology also found in noise-cancelling headphones. This way you can hear yourself think, chat and, of course, enjoy the available Bose premium seven-speaker audio system that fills Encore with the kind of sounds you love to listen to.

## TURN ENCORE INTO YOUR MOBILE ENTERTAINMENT CENTER. JUST SAY THE WORD.

Use your voice to control the Buick IntelliLink<sup>1</sup> interactive audio system, or tell the optional Navigation System<sup>2</sup> what you're looking for. Your compatible smartphone connects via Bluetooth<sup>3</sup> to Encore's high-resolution, 7-inch diagonal LCD screen. With the ease of advanced voice recognition (or steering-wheel-mounted controls), you have access to audio apps on your phone such as Pandora<sup>®</sup> internet radio or Stitcher<sup>™</sup> SmartRadio and SiriusXM Satellite Radio<sup>4</sup> (with 3-month trial). IntelliLink also automatically stores your phone contacts for quick access. There's even a USB port<sup>5</sup> and an available 120-volt outlet to connect your other electronic devices. You're doing all of this while keeping your hands on the wheel and eyes squarely on the road.

<sup>1</sup>Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. <sup>2</sup>Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, Canada and Mexico. <sup>3</sup>Go to [gmtotalconnect.com](http://gmtotalconnect.com) to find out which phones are compatible with the vehicle. <sup>4</sup>If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at [siriusxm.com](http://siriusxm.com). Other fees and taxes will apply. All fees and programming subject to change. <sup>5</sup>Not compatible with all devices.

## SO ALERT, IT'S LIKE HAVING YOUR OWN COPILOT.

New for 2014, the available **REAR CROSS TRAFFIC ALERT** makes you aware of approaching traffic when backing up, while the available **SIDE BLIND ZONE ALERT<sup>1</sup>** uses radar to warn you when a vehicle is in your side-mirror blind spot. Encore's available **FORWARD COLLISION ALERT<sup>2</sup>** and available **LANE DEPARTURE WARNING** use sophisticated digital imaging technology to help you avoid trouble before it happens. Forward Collision Alert provides audible and visual cues if you're quickly approaching another vehicle and the system senses a collision may occur. Lane Departure Warning lets you know if you happen to wander from your lane without using your turn signal. Available **FRONT AND REAR PARK ASSIST** is designed to help the driver park and avoid obstacles while maneuvering. Ultrasonic sensors detect objects in front of and behind the vehicle. When the system detects an object, it provides audible alerts through the Encore's speakers. Low-toned beeps from the rear speakers indicate an object at the rear; high-toned beeps from the front speakers indicate an object in front of Encore. The faster the beeps, the closer the object. And a standard **REARVIEW CAMERA SYSTEM<sup>3</sup>** helps you see objects while in reverse. We also gave Encore 10 standard air bags,<sup>2</sup> including dual front, head curtain side, front and outboard-mounted rear-seat side-impact air bags and even driver and front-passenger knee bags.

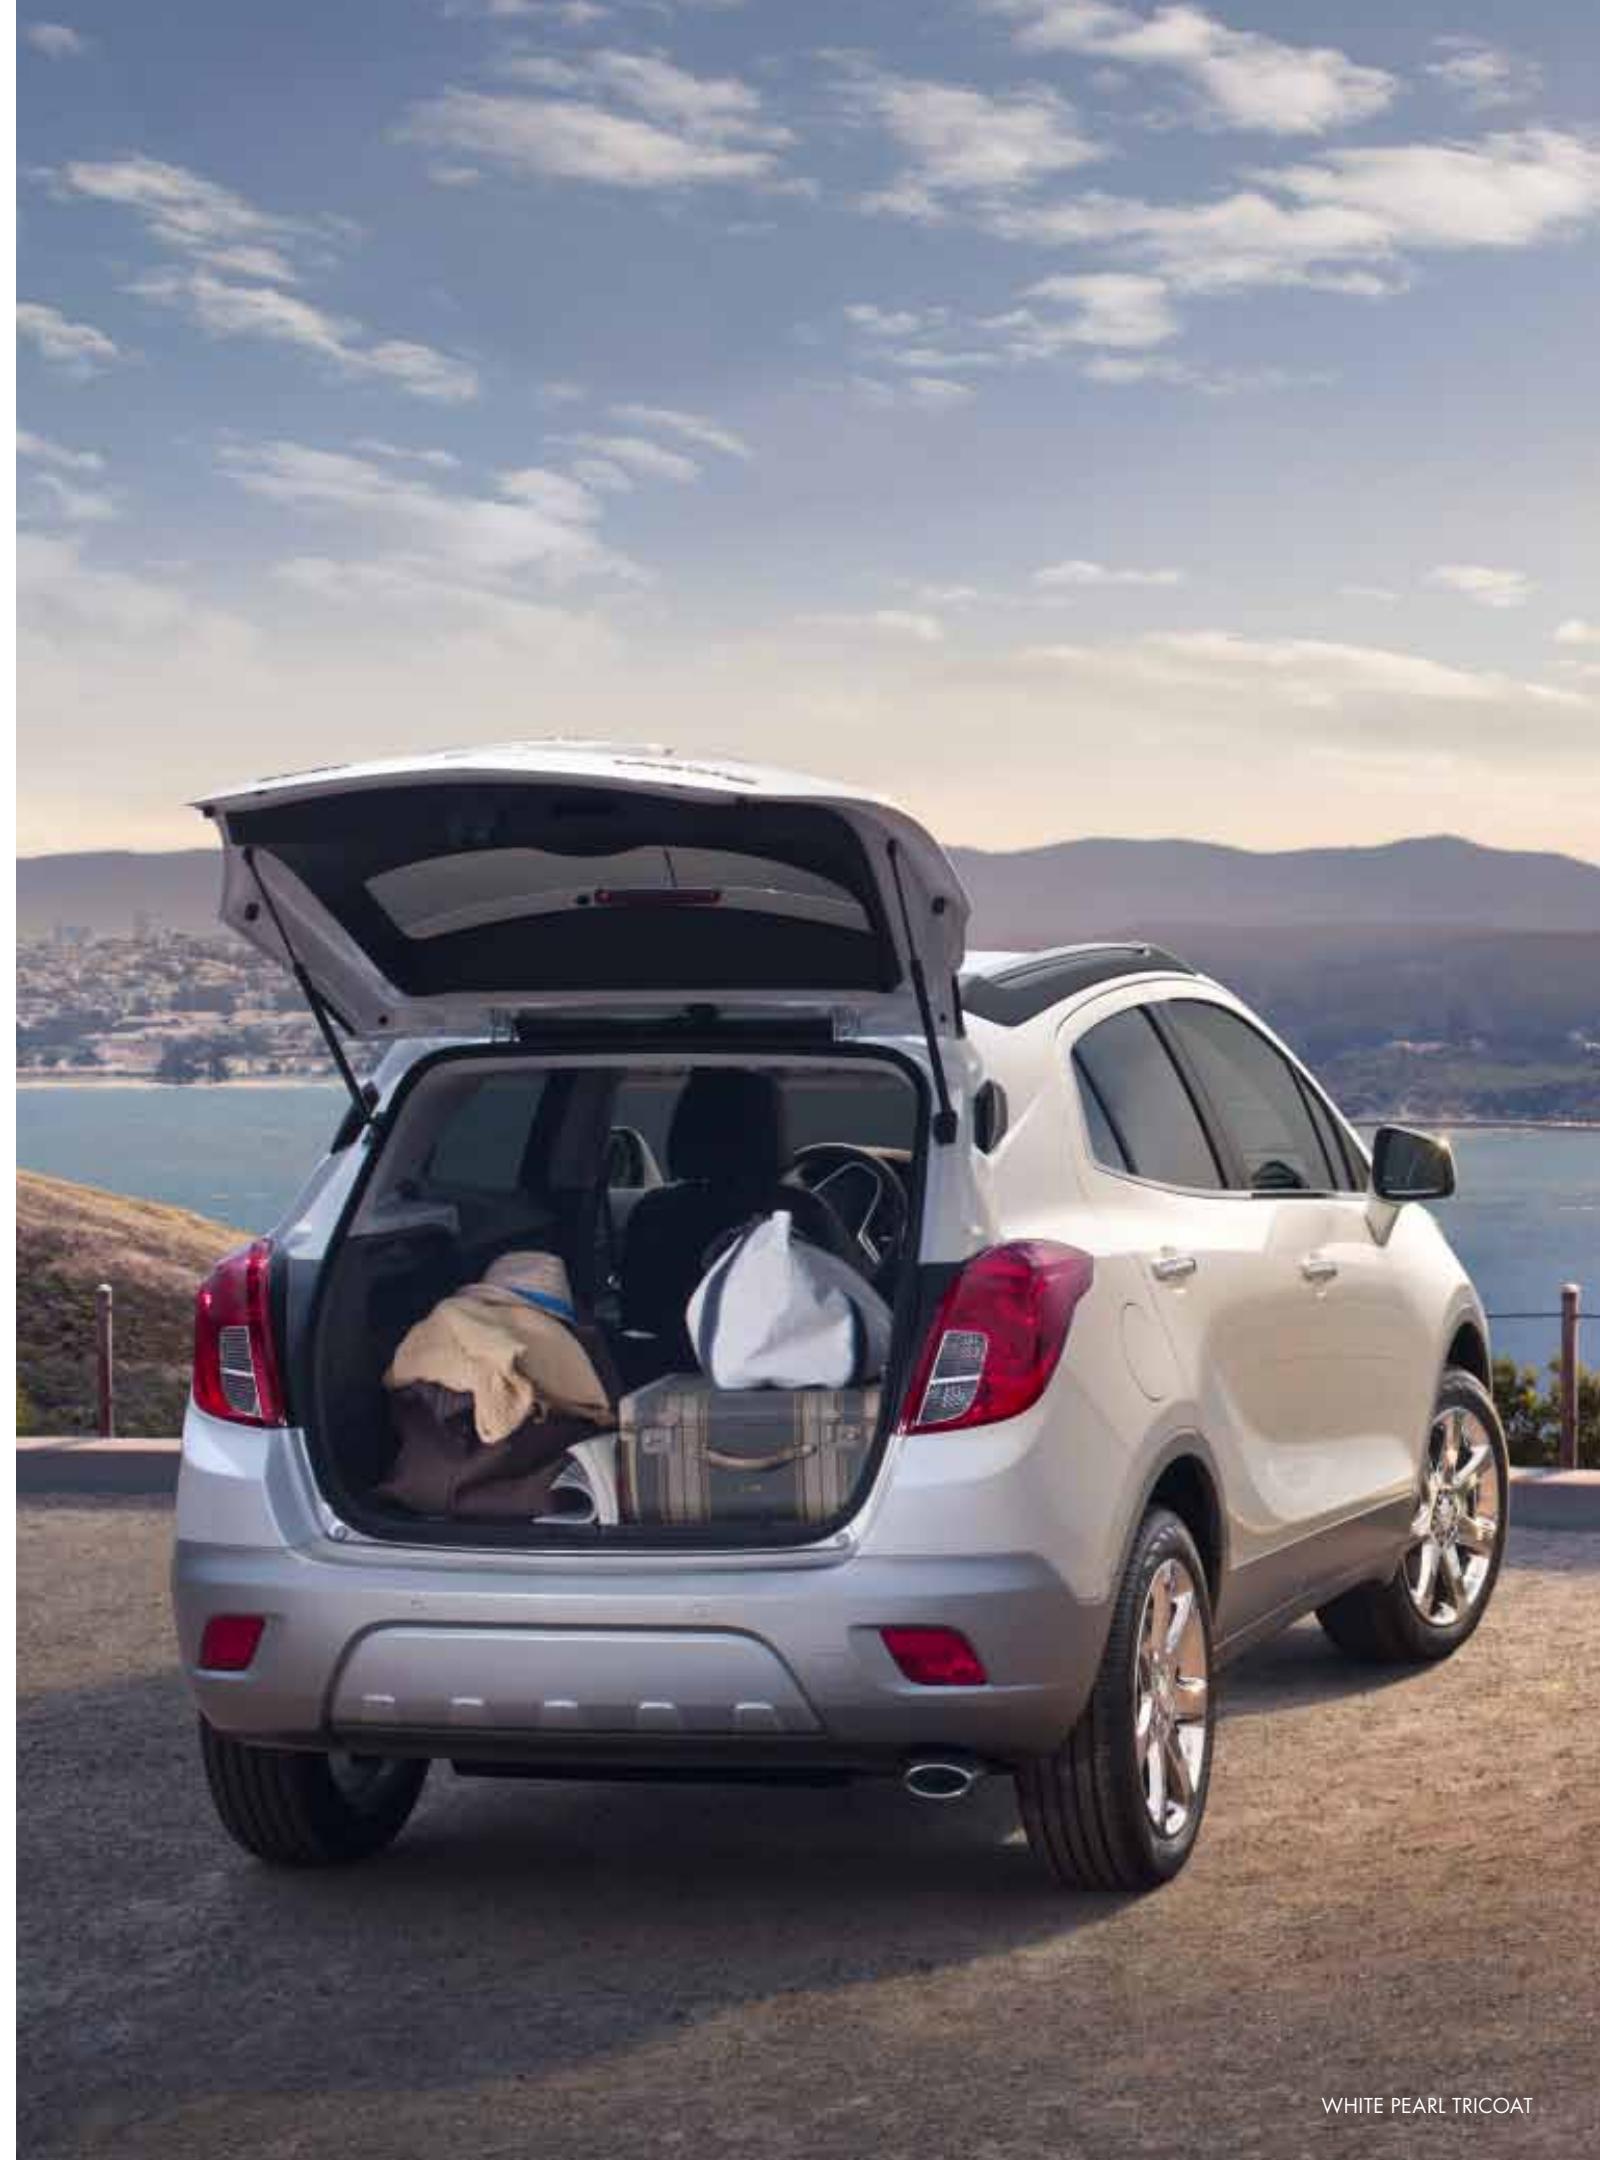

And with the **ONSTAR DIRECTIONS & CONNECTIONS PLAN<sup>3</sup>** standard for 6 months, Automatic Crash Response can get you help fast even if you can't ask for it. Plus, with the **ONSTAR REMOTELINK<sup>4</sup>** smartphone app, you have access to real-time info (fuel level, remaining oil life, tire pressure,<sup>5</sup> etc.) about your Encore.

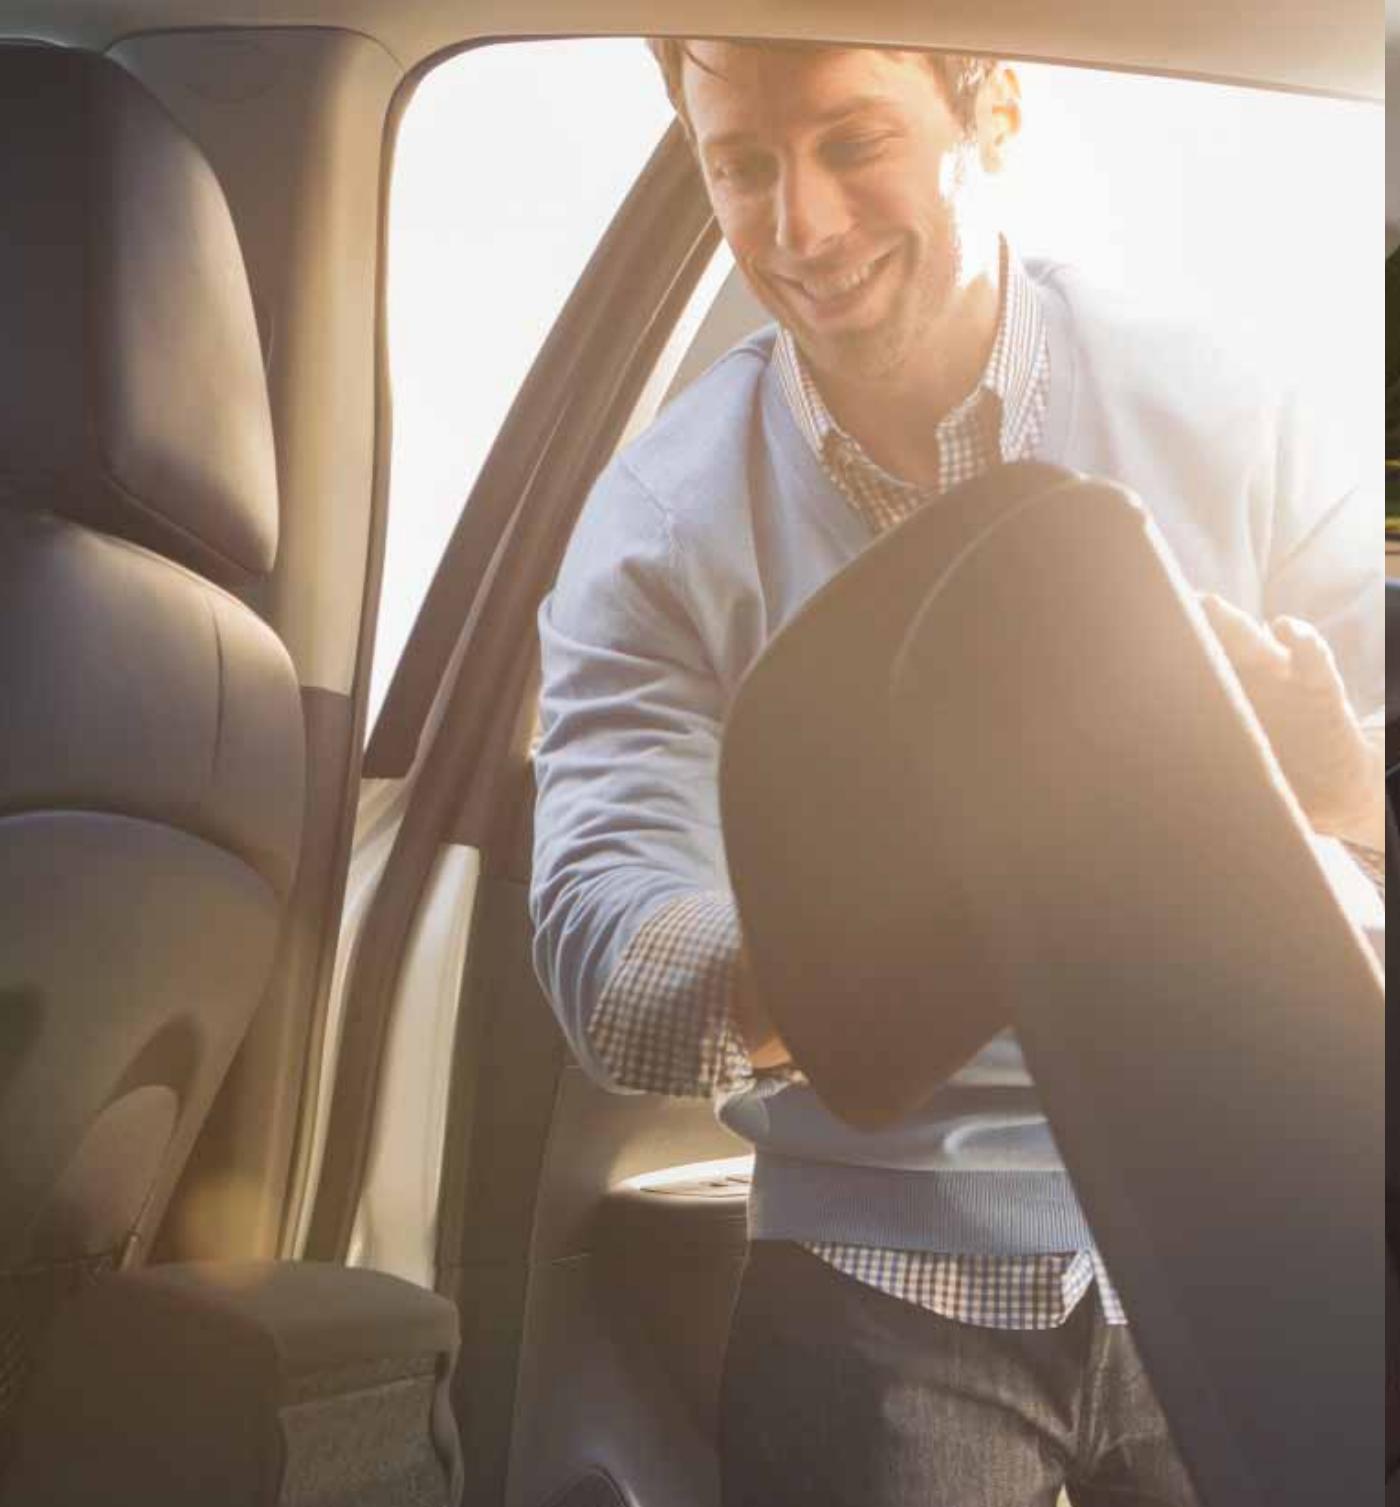

<sup>1</sup>Before making a lane change, always check the Side Blind Zone Alert display, check side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. <sup>2</sup>Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. <sup>3</sup>Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Services vary with conditions. <sup>4</sup>Requires active OnStar subscription, which is standard for 6 months, and select iPhone<sup>®</sup>, Android<sup>™</sup> or BlackBerry<sup>®</sup> platforms. <sup>5</sup>Does not apply to spare tire.

# INSIDE ENCORE, THERE'S ROOM FOR JUST ABOUT ANYTHING. INCLUDING YOUR NEXT TRIP.

You and your friends are planning to head out of town and hit the road. No worries. With available all-wheel drive, innate maneuverability and flexible space inside that adapts to almost anything, Encore can take you there. Today's luxury means having the versatility to move around town with ease during the week and the capacity to handle your weekend adventures without leaving anything behind. That's where Encore comes in.

WHITE PEARL TRICOAT

## FLIP. FOLD. REPEAT.

When you're out and about, wouldn't it be nice to easily adapt to whatever comes your way? Like being able to pick up all the supplies you'll need for a getaway? Or having plenty of seating so you can travel comfortably in style? The answer is yes. Encore's five-passenger seating easily transforms to cargo space with front-passenger and second-row seats that fold flat. Flip the second-row seats down and nearly 50 cubic feet is yours to play with! Even with the rear seats up, you have almost 20 cubic feet of room.<sup>1</sup>
